The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

Accessories Precautions
The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception. Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

WARNING
Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.
Certain on-screen controls are disabled when driving, however most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.
Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.
The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

System Limitations P. 130

NOTICE
This vehicle’s navigation display, if so equipped, includes mercury-containing components. Upon removal, please reuse, recycle, or dispose of as hazardous waste.
Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

* Store home address  P.18
  Register 1 home address.

* Store contacts  P.19
  Store locations to use as the destination.

* Enter destination  P.54
  Select your destination using several methods.

* Select route  P.75
  Set route preferences and select one of the available routes.

* Track route  P.77
  Follow your route in real-time with voice guidance.

* Traffic Information*  P.86
  View and avoid congestion and traffic incidents.

*: Available only in certain areas.

* Avoid certain areas  P.39
  Set streets and areas to detour around.

* Add waypoints  P.93
  Add “pit stops” along your route.
HOME Screen
The system displays various functions from the HOME screen. Press the (Home) icon at any time to return to the main HOME screen.

(Home)
Display the HOME screen.
VOL (Volume)
Increase or decrease the audio volume.
(Menu)
Display the map menu.
(Back)
Go back to the previous screen.
(Display Mode)
Switch between Day and Night modes manually.

Navigation Top Screen
Display the map screen and operate the navigation features. From the HOME screen, select MAP and then press the (Back) icon. The navigation top screen is displayed.

GPS signal strength (P.121)
Display the satellites’ status.
Where To? (P.54)
Select search methods to enter a destination for route guidance.
Apps (P.108)
Display the useful functions incorporated into the navigation system.

Navigation
Display the navigation feature that was used the last time. At start-up, the navigation top screen is displayed.

View Map (P.6)
Display the map screen.
Settings (P.15)
Change the settings for the navigation functions.
**Touchscreen Operation**

You can operate the system using your finger on the touchscreen. The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

**Tap**

Touch the screen lightly with your finger to select an option on the screen.

**Swipe**

Lightly sweep your finger side to side or up and down to scroll a list or map.

You can change the touchscreen sensitivity setting. Refer to the Owners Manual.

**Slide**

Move your finger slowly across the screen to scroll the map.

**Pinch In/Out**

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.
How to Enter Information

You can enter information (e.g., city names, street names, numbers, and symbols) when prompted on input screens.

**Using Voice Commands**
When you see 📞 in this manual, voice commands are available for that feature.

The system recognizes only certain commands.

Available navigation voice commands ➪ P. 138

- Press the 📞 (Talk) button, and say the letter, number, or symbol (e.g., say 📞 “1”).
- If a voice command is not recognized, a list is displayed with possible options.

   ![Voice Command Screen](image)

On list screens:
- Say the number of the list item (e.g., say 📞 “Three” to select item 3).
- Say 📞 “Main menu” to return to the voice command menu screen.
- Say 📞 “Back” to return to the previous screen.
- Say 📞 “Page Up” to scroll up one page.
- Say 📞 “Page Down” to scroll down one page.
- Say 📞 “Exit” to end the voice command function.

**Using the Touchscreen**
Select a character or icon on the screen to select it.

- Select 🗿 to remove the last entered character.
- Select ✗ to remove all entered characters.
- Select 🛋 to display upper/lower case characters.
- Select 🌞 to enter a space character.
- Select ☄ to display other types of characters.
- Select 🎨 to change the keypad language.

   ![Touchscreen Screens](image)

On input search screens, the suggested search terms are displayed. Select 📞 to display a list of possible entries.
Map Screen Legend
The color of the map is different depending on the selected Map Theme.

- Map scale (P.81)
- Map operation icons (P.81)
- Traffic incident icons
- Streets
- Current vehicle position
- Feature areas
- Map menu (P.82)
- Searching specific category (P.54)
- Landmark icons
- Map buttons (P.33)
- Traffic flow indicator
  - Traffic is flowing normally.
  - Traffic is slightly congested.
  - Traffic is heavily congested or stopped.
  - Traffic has not updated.
During Route Guidance

During route guidance, route information is displayed on the map screen. You can see the detailed information on the turn information screen.

Map Screen

- Next guidance indicator
- Distance to the next guidance point and street name of next guidance point.
- Waypoint
- Speed limit
- Cancel route
- Calculated route
- Scrolls key
- Select this key to scroll the display.

Guidance Screen

- Street name of next guidance point
- Estimated time to next guidance point
- Distance to next guidance point

Day or Night Mode

Press the (Display Mode) icon to manually switch between Day and Night modes.

Turn-by-Turn Directions

The next guidance point appears on the Multi-Information Display (MID).

- Remaining distance
- Street name of next guidance point
- Next driving maneuver is approaching.
Navigation—Home Addresses and Going Home

The “Home” feature automatically routes you to your home address from any location simply by selecting Go Home. You can store one home address. The order of the steps may change depending on the map data loaded on your system.

Storing Your Home Address

1. Select MAP.
2. Select 📌.
3. Press the Menu icon and then select Set Home Location.
4. Select Enter My Address.
5. Select Search All.
6. Enter a house number and then select Done.
7. Enter a street and then select Done.
8. Select a street from the list.
9. If the select city screen is displayed, select a city.
10. Select an address from the list.

Going Home

1. Select 📌.
2. Select 📌.
3. Select Go Home.

Alternatively, you can say “Navigation” and then “Go Home” from any screen.
**Navigation—Entering a Destination**

Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your system.

1. Select **MAP**.
2. Select **Search All**.
3. Select **Address**.
4. Enter the name of your destination street and select **Done**.
5. Select your destination street from the list.
6. Enter the house number and select **Done** if necessary.
7. Select an address from the list.
8. Select **Go!**.

Route guidance to the destination begins.

- **Routes**: Choose one of multiple routes.
- ****: Display your destination map and save a place.
Navigation—Changing Route or Destination

You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint (“Pit Stop”)
You can add waypoints along your route.  ▶ P. 93

1. Select MAP.
2. Select .
3. Select a search method.
4. Select the location to add to the destination list and select Go!.
5. Select Add to Active Route.

If necessary, edit the order of the destinations and select Done.

Changing Your Destination
There are several methods you can use to specify a new destination during route guidance.

- Searching nearby hospitals, police stations, or gas stations  ▶ P. 95
  Select the vehicle icon and select an option.
- Selecting an icon on the map  ▶ P. 94
  Select a place/landmark icon or a new area on the map twice.
- Entering a new destination  ▶ P. 97
  Select Where to? and then enter a new destination.

Canceling Your Route

1. Select .

Alternatively, you can say "Navigation" and then "Stop route" from any screen.

Help
This navigation system comes with help information, which tells you how to use this navigation.  ▶ P. 117

1. Press the Apps icon and then select MAP.
2. Press the (Back) icon.
3. Select Apps.
4. Select Help.
5. Select a help topic.

Select  to search help topics by keyword.
- You can also display a help topic to select on each menu screen.
Voice Control Operation

Voice Portal Screen

1. Press and release the \( \text{Talk} \) button.
   The system prompts you to say a voice command. Press and release the \( \text{Talk} \) button again to bypass this prompt.

   - The system beeps when ready for a command. Press the \( \text{Hang-Up/Back} \) button or the \( \text{Back} \) icon to cancel.

2. Say \( \text{Navigation} \).
   The Voice Command screen is displayed.
   After that, follow the voice prompt and say a voice command.

Voice Command Screen

1. After saying \( \text{Navigation} \) from the Voice Portal screen, the below screen appears.

2. Listen for the voice prompt, then say a voice command.
   - You do not need to press the \( \text{Talk} \) button again in the Navigation screen.
   - Available voice commands are highlighted on the screen.
Troubleshooting

Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?

This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Why does the “Arrival time” display sometimes increase even though I am getting closer to my destination?

The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “arrival time” may be calculated to be earlier or later.

Why does my clock frequently change the time forward and backward by one hour?

The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

How do I turn on the navigation system voice guidance?

1. Press the (Home) icon.
   Select Settings > System > Sound/Beep tab. Turn up Guidance Volume, if guidance volume is low.
2. Select (Map) and then press the (Back) icon. Select Settings > Navigation.
   Check that Voice Prompts is not set to off. For more details, see the Owner’s Manual.

How do I specify a destination when an entered city or street could not be found?

Try selecting the destination directly from the map.
How to Use This Manual
This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents  ➔ P.1
Two types of Tables of Contents help you find your desired information.

Table of Contents
First, find the general chapter related to what you are looking for (e.g., entering a destination from the Saved Places). Then, go to that chapter to view a more specific table of contents.

Chapter Contents
This more detailed table of contents shows you exactly what information is listed by section and title.

Searching the Index  ➔ P.141
Menu items displayed on the navigation screen (e.g., Saved) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

Select the item on the system control panel.

Select the menu option.

Select Saved.

After following the menu tree, step-by-step instructions explain how to achieve the desired result.

* Sample pages and images in this section may differ from the actual ones.
System Setup

This section describes the start-up procedure and the navigation and setup functions.
Start-up

The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

1. Select **OK**.
   - The HOME screen is displayed.
   - If you do not select **OK**, the system will automatically select **OK** after a certain period of time.
   - The system will automatically start up the feature that was used the last time.

2. Select **MAP**.
   - The map screen is displayed.
   - When you want to display the navigation top screen, you press the **BACK** (Back) icon.

Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped. Voice commands are still operable while the vehicle is in motion.
Voice Control System

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions. The voice control system uses the (Talk) and (Hang-Up/Back) buttons on the steering wheel and a microphone near the map lights on the ceiling. For details of the (Talk) button, (Hang-Up/Back) button and microphone position, see the Owner's Manual.

**Voice Recognition**

To achieve optimum voice recognition when using the navigation voice control system:

- Make sure the correct screen is displayed for the voice command that you are using.
- Close the windows and moonroof*.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak clearly in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

---

* Not available on all models
Personal Information

Setting Home Location

Use the personal information menu to set your home location.

1. Select Set Home Location.

2. Select an option.
   - Select Use Current Location to set home location.
   - Select Enter My Address or Recently Found, proceed to steps 3 and 4.

3. Select the home location.

4. Select Select.

The following options are available:
- Enter My Address: Sets the home location by entering the address.
- Use Current Location: Sets your current location as your home location.
- Recently Found: Sets the home location from a recently found location.

You can also display the same screen by selecting on the Where To? screen.

If you want to delete a shortcut(s), select Remove Shortcut(s).

Deleting Shortcuts P. 59

The home location can be overwritten.
Saved Locations

You can save locations so you can quickly find them and create routes to them.

### Saving a Saved Location

1. Select a search method.
   - Find a location that you want to save.
   - [Entering a Destination](#) P. 54

2. Select 📺.

3. Press the 🎮(Menu) icon or select 📚.

4. Select Save.
   - If necessary, enter a name and select Done.

5. Select OK.

---

*Continued*
Saving a Saved Location Manually

1. Select a destination from the map.
   Map Input P. 73
2. Select the destination name at the bottom of the map.
3. Press the (Menu) icon or select .
4. Select Save.
   ▶ On some places other than POI, you can edit the place name.
5. Select OK.
Saving Your Current Location

1. Select the vehicle icon.
2. Select Save.
3. Enter a name of the location.
4. Select Done.
5. Select OK.

Vehicle position may not be displayed when:
- The vehicle is traveling off-road.
- The vehicle position data cannot be updated.
## Editing a Saved Location

1. Select a saved location you want to edit.
2. Select 📅.
3. Press the 📅 (Menu) icon or select 📅.
4. Select Edit.
5. Select an option.

The following options are available:

- **Name**: Enters a new name for the location.
- **Phone Number**: Enters a phone number.
- **Categories**: Creates or changes the category in which this location is saved.
- **Change Map Symbol**: Select a new symbol.
Deleting a Saved Location

1. Select a saved location you want to delete.
2. Select .
3. Press the (Menu) icon or select .
4. Select Delete.
5. Select Yes.
Deleting Saved Locations

1. Press the (Menu) icon or select .
2. Select Delete Saved Places.
3. Select a saved location you want to delete.
   ▶ Select Select All to delete all saved locations.
4. Select Delete.
5. Select Yes.
Display Mode Settings

**Switching Display Mode Manually**

Set the screen brightness separately for Day and Night modes. Press the (Display Mode) icon to cycle through the display modes (Day to Night to Off).

1. Press the (Display Mode) icon.
   - The Brightness bar is displayed for a few seconds.
   - Select + or - to adjust the brightness.

2. You can also adjust the display brightness by sliding or swiping on the Brightness bar.

You can change the touchscreen sensitivity setting.

Refer to the Owners Manual.
Switching Display Mode Manually

### Illumination control

<table>
<thead>
<tr>
<th>Priority</th>
<th>Operation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Selects Day or Night display mode when the user wants to change the brightness of the display temporarily. <strong>Remember:</strong> This icon overrides all other display brightness adjustments either set automatically by the sunlight sensor or manually from the System settings screen.</td>
</tr>
<tr>
<td>2</td>
<td>If the sunlight sensor detects daylight and the headlights are turned on, the system automatically overrides the Night display and displays the Day display mode. <strong>Remember:</strong> If desired, use the (Display Mode) icon to override this automatic choice.</td>
</tr>
<tr>
<td>3</td>
<td>When the headlights are turned on, and you wish to have the Day display mode, adjust the illumination to the full brightness (beeps). <strong>Remember:</strong> Adjust the dash brightness back to midrange to allow auto switching by sensing the headlights are on or off.</td>
</tr>
<tr>
<td>4</td>
<td>When turned on, the display changes to Night display mode. The previous three controls listed above can “cancel” this function. <strong>Remember:</strong> Use the (Display Mode) icon, or adjust the dash illumination to full brightness, to set the display to your desired choice.</td>
</tr>
</tbody>
</table>

Sunlight sensor (see your Owner’s Manual for location)

Dash illumination adjustment buttons (see your Owner’s Manual for location)

Headlights (Auto/On/Off)
Map & Vehicle

Change the map settings.

Select an option.

The following options are available:

- **Vehicle**: Changes the icon to represent your position on the map.
  - **Vehicle** P. 29
- **Driving Map View**: Sets the perspective on the map.
  - **Driving Map View (Map Orientation)** P. 30
- **Map Detail**: Sets the level of detail on the map. More detail may cause the map to draw slower.
  - **Map Detail** P. 31
- **Map Theme**: Changes the color of the map data.
  - **Map Theme** P. 32
- **Map Buttons**: Sets which icons are included on the map. Up to three icons can be included on the map.
  - **Map Buttons** P. 33
- **Map Layers**: Sets the data that appears on the map.
  - **Map Layers** P. 34
- **Dashboards**: Sets the map dashboard layout.
  - **Dashboards** P. 34
• myMaps: Sets which installed maps the system uses. 

myMaps P. 35

Vehicle

You can choose your vehicle icon.

1. Select an option.
2. Select Save.
Driving Map View (Map Orientation)

Select the map orientation.

1. Select an option.
2. Select Save.

The following options are available:
- **Track Up**: Displays the map with your direction of travel facing upwards.
- **North Up**: Displays the map with north always pointing up.
- **3-D (factory default)**: Displays the map in 3D with your direction of travel facing upwards.
Map Detail

Sets the level of detail on the map.

1. Select an option.
2. Select Save.

The following options are available:
- **More**: Shows more detail on the map.
- **Normal** (factory default): Shows a standard amount of detail on the map.
- **Less**: Shows less detail on the map.
Map Theme

Changes the color of the map data.

1. Select an option.
2. Select Save.
Map Buttons

Sets up to three shortcuts that appear in the map tools menu.

1. Select 'x' if you want to delete a shortcut and then select OK.
2. Select '+' to add a new shortcut.
3. Select an option.
4. Select Save.

Reset to Defaults
Sets the settings to the factory defaults.
Map Layers

Sets the data that appears on the map screen.

1. Select an option(s).
2. Select Save.

Dashboards

Switches the dashboard layout at the bottom of the map.

1. Select ▲ or ▼.
2. Select Save.
myMaps

Sets which installed maps the system uses.

Select an option(s).
Navigation

Changes the navigation settings.

The following options are available:

• **Calculation Mode**: Sets route preference.
  - [Calculation Mode](#) P. 37
• **Avoidances**: Sets road features to avoid on a route.
  - [Avoidances](#) P. 38
• **Custom Avoidances**: Allows you to avoid specific roads or areas.
  - [Custom Avoidances](#) P. 39
• **Advanced Detours**: Sets the length of the detour.
• **Voice Prompts**: Turns the voice prompts on or off.
• **GPS Simulator**: Stops the system from receiving a GPS signal.

Advanced Detours and GPS Simulator are set to off as factory default.
Calculation Mode

Sets the route preference.

1. Select an option.
2. Select Save.

The following options are available:

- **Faster Time** (factory default): Calculates routes that are faster to drive but can be longer in distance.
- **Shorter Distance**: Calculates routes that are shorter in distance but can take more time to drive.
- **Less Fuel**: Calculates routes that could use less fuel than other routes.
Avoidances

Set preferences for route options to avoid.

1. Select an option(s).
2. Select Save.

The following options are available:
- **U-Turns**: Avoids u-turns.
- **Highways**: Avoids highways.
- **Tolls and Fees**: Avoids toll roads.
- **Ferries**: Avoids ferries.
- **Carpool Lanes**: Avoids car share lanes.
- **Unpaved Roads**: Avoids unpaved roads.

Highways, Tolls and Fees, and Ferries are set to off as factory default.
Custom Avoidances

Allows you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed.

Select an option.

- Select Add Avoidance if custom avoidances are already stored.

The following options are available:

- Add Avoid Area: Sets an area to avoid.
  - Adding an Avoid Area P. 40
- Add Avoid Road: Sets a road to avoid.
  - Adding an Avoid Road P. 41

Continued
Adding an Avoid Area

1. Select the upper-left (right) corner of the area to avoid. Select Next. ▶ The 🐝 icon is displayed on the map.

2. Select the lower-right (left) corner of the area to avoid. Select Next. ▶ The selected area is shaded on the map.
3. Select **Done**.

### Adding an Avoid Road

1. Select the starting point of the section of road to avoid. Select **Next**.
   - The  icon is displayed on the map.
Navigation ➤ Custom Avoidances

2. Select the ending point of the road section. Select Next.
   - The selected road color changes

3. Select Done.
1. Select the area or road to edit from the list.

2. Select  
   The menu screen is displayed.

3. Select an item.

The following items are available:
- **Rename**: Enters a new name.
- **Delete**: Deletes a selected area or road.
- **Disable**: Disables the avoidance.
Deleting Custom Avoidances

1. Select \( \times \).

2. Select options you want to delete. 
   - Select Select All for all options in the list.
3. Select Delete.
Traffic

Settings ▶ Traffic

Sets the traffic feature.

Select an option.

The following options are available:

- **Traffic**: Enables the traffic feature.
  - See *Traffic Information* on page 86
- **Current Provider**: Sets the traffic provider to use for traffic data.
- **Subscriptions**: Displays the lists of the current traffic subscriptions.
- **Optimize Route**: Sets whether to use optimized alternate routes *On Request* (factory default) or *Automatic*. 
Other Settings

Units

Set the units and display on the map of the navigation system.

1. Select an option.
2. Select Save.

The following options are available:

- **Miles** (factory default): Sets the units to miles.
- **Kilometers**: Sets the units to kilometers.
Language & Keyboard

Set the language for the unit and the keyboard layout.

Select an option.

The following options are available:

- **Voice Language**: Sets the language for voice prompts.
  - [Voice Language] P. 48
- **Keyboard Language**: Sets the language for your keyboard.
  - [Keyboard Language] P. 48
- **Keyboard Layout**: Sets the keyboard layout.
  - [Keyboard Layout] P. 49

When you select a language for the audio system, the language setting of the navigation system is automatically switched. See the Owner's Manual for instructions.
Other Settings ➤ Language & Keyboard

### Voice Language

1. Select an option.
2. Select Save.

### Keyboard Language

1. Select an option.
2. Select Save.
1. Select an option.
2. Select Save.

The following options are available:
- **QWERTY** (factory default): Sets the keyboard layout to QWERTY.
- **ABCDE**: Sets the keyboard layout to ABCDE.
Other Settings ➤ Device

Device

Select an option.

The following options are available:

- **About**: Displays the device information.
  
  ![About](#)

- **Travel History**: Allows the system to record information for suggested routes, previous routes and destinations, and Trip Log features.

- **Clear Travel History**: Deletes the recorded information.

- **Update Map**: Displays the description screen of map update.

  ![Update Map](#)

  ![Obtaining a Navigation Update](#)

Entering a Destination

This section describes how to enter a destination for route guidance. Select an option.

The following options are available:

- **Enter Search**: Sets a destination by entering a category, name, address, or city name.
  
  > Using the Search Bar P. 56

- **Searching near**: Selects the city to search near.
  
  > Changing the Search Area P. 57

- **Go Home**: Sets your home address as the destination.
  
  > Going Home P. 8

- **HONDA**: Sets a nearby Honda dealer as the destination.
  
  > HONDA P. 60

- **Places**: Launches HondaLink® to search for places.
  For more details, see the Owner’s Manual.

- **Address**: Sets a destination by entering an address.
  
  > Address P. 61

- **Categories**: Sets a destination by selecting a category.
  
  > Categories P. 66

The Display Audio system can only provide route guidance from one navigation system at a time. When setting a destination on one system, any active route guidance with the other system is canceled, and the system you are currently using will direct you to your destination.

To use HondaLink®, you must connect your smartphone to the system.
For more details about smartphone connection and how to use HondaLink®, see the Owner’s Manual.
• **Saved**: Sets a destination by selecting a place stored in the Saved list.  
  Saved P. 72

• **Recent**: Sets a destination by selecting a previous destination.  
  Recent P. 72

• **Add Shortcut**: Adds shortcuts to the Where To? menu.  
  Adding Shortcuts P. 58
Entering a Destination

### Using the Search Bar

You can use the search bar to search for locations by entering a category, name, address, company phone number, or city name.

1. Enter a search term.
   - The search history is displayed below the search bar.
   - Suggested search terms appear below the search bar as you type.
2. Select or a suggested search term.
3. Select your destination from the list.
4. Select Go! to set the route to your destination.

#### Using the Search Bar

**Using Voice Command**

You can say the names of popular, well-known locations.

From the Voice Portal screen, say "Navigation." Say "Find Place," then say a place name (e.g., "Honda"). Say the line number of screen (e.g., "1"). Say "Navigate" or "Yes" to set the route.

**Using Voice Commands** [P. 5]

**Voice Control Operation** [P. 11]

- To search for a type of business, enter a category name, such as “movie theaters.”
- To search for a business by name, enter all or part of the name.
- To search for an address near you, enter the street number and street name.
- To search for an address in another city, enter the street number, street name, city, and state.
- To search for a city, enter the city and state.

If you want to delete the search history, select Restore in the settings menu.

**Reset Factory Default Settings** [P. 52]
Entering a Destination

Navigation

Changing the Search Area

By default, your system finds locations closest to your current location. You can find a location near another city or location. Select an option.

The following options are available:

- **Where I Am Now**: Searches near your current location.
- **My Active Route**: Searches along your current route.
- **My Destination**: Searches near your current destination.
- **A Different City**: Searches near the city you enter.
- **Recent Destination**: Searches near a recent destination.
- **Saved Place**: Searches near a saved place.
Entering a Destination

Adding Shortcuts

Add Shortcut

Up to 36 shortcut icons can be stored. Select an option you want to add as a shortcut.
Deleting Shortcuts

1. Select a shortcut with if you want to delete it.

2. Select Touch to Remove.

3. Select Save.
Entering a Destination

HONDA

Find any Honda services to set as a destination.

1. Select the desired name from the list.
2. Select Go! to set the route to your destination.

Calculating the Route P. 74
Address

Enter an address to use as the destination. The state or country you are currently in is displayed.

The following options are available:
- **Spell City**: Selects your destination city.
  - [Selecting the City] P. 64
- **Enter Postal Code**: Selects your destination postal code.
  - [Selecting the Postal Code] P. 65
- **Search All**: Sets an address to use as the destination.
  - [Search All] P. 63
- **State or Country**: Selects the state or country.
  - [Selecting the State/Country] P. 62

Using Voice Command
You can say the entire address at once using voice commands.
- From the Voice Portal screen, say “Navigation.”
- Say “Find Address” on the voice command screen, then say the entire address (e.g., “1-2-3-4 Main Street, Los Angeles, California”).
- Say “Change Country” if you want to change the country.
- The system interprets the address.
- Say “Yes” or a line number of a screen if the destination list appears (e.g., “1”).
- Say “Navigate” or “Yes” to set the route.

- [Using Voice Commands] P. 5
- [Voice Control Operation] P. 11

**Quick Search screen**
After you have performed a search for a destination, certain categories display a Quick Search list that display several destinations you selected.
Entering a Destination ▶ Categories

Finding a Location by Intersections

Select the intersection of two streets as the destination.

1. Select Spell City.
   - If selecting Search All, proceed to step 4.
   - Select State or Country, if necessary.

2. Enter a city name. Select Done.
   - A list of matching hits is automatically displayed after you enter several letters with the closest match at the top of the list.

3. Select a city.

Finding a Location by Intersections

If there is more than one intersection, you are prompted to select the intersection.

Using Voice Command
You can find intersections by the street name using voice commands.
From the Voice Portal screen, say “Navigation.”
Say “Find Intersection” on the voice command screen and then say a city name.
Say a street name 1, then say a line number of a screen (e.g., "1").
Say a street name 2, then say a line number of a screen (e.g., "1").
Say “Navigate” or “Yes” to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11
4. Enter the street 1 name. Select Done.
   ▶ A list of matching hits is automatically displayed after you enter several letters with the closest match at the top of the list.
5. Select the street from the list.
   ▶ Repeat step 4 to enter the street 2 name.
6. Select the intersection.
7. Select Go! to set the route to your destination.

Calculating the Route P. 74
Entering a Destination

Finding a City

Selects your destination city.

1. Select a city.
   - Select Enter Search and enter a city name if you want to narrow down the number of matches.
2. Select Go! to set the route to your destination.

Finding a City

Using Voice Command
You can find a city by using voice commands. From the Voice Portal screen, say “Navigation.” Say “Find City” on the voice command screen, then say a city name. (e.g., “Los Angeles”)
Say a line number of a screen (e.g., “1”). Say “Navigate” or “Yes” to set the route.

Calculating the Route P. 74

Using Voice Commands P. 5
Voice Control Operation P. 11
Finding a Location Using Coordinates

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

1. Select the latitude coordinate.
2. Enter the new coordinate. Select Done.
3. Select the longitude coordinate.
4. Enter the new coordinate. Select Done.
5. Select View on Map.
6. Select Go! to set the route to your destination.

Viewing the Destination Map
P. 76

If you want to change the coordinate format, press the (Menu) icon or select and then select Format.
Entering a Destination

Saved

Select a saved location to use as the destination.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.

Recent

Select an address from a list of your 50 most recent destinations to use as the destination. The list is displayed with the most recent destination at the top.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.
Map Input

Scroll the map to manually select an icon or a location as the destination.

1. Select any point on the map, a street, intersection, or category icon.
   - Return to the current location when you press the 🔄 (Back) icon.
2. Select Go! to set the route to your destination.

Calculating the Route P. 74

Map Input

You can customize the map as you like using 🔄, 🏷️, 📅, 🛠️ or 🌌.

Map Operation P. 81

If you want to display a specific category of places, select 🏷️ and then select a category icon.

The place information is displayed when you select 📅 on the map.

Viewing the Destination Map P. 76
Calculating the Route

This section describes how to calculate your route.

Select Go!
- The system calculates and displays the route line on the map screen.

The following options are available:
- Routes: Displays different routes.
  - Viewing and Selecting the Routes P. 75
- : Display the destination on the map.
  - Viewing the Destination Map P. 76

Calculating the Route
If the system has many guidance points on the route to the destination, it may stop calculation. In this case, the route guidance will start when you select OK.
Viewing and Selecting the Routes

View and select different routes to your destination.

1. Select ▼ or ► to change a route.
   - The travel distance, estimated travel time, and traffic information are displayed for each route.

2. Select Go!.
   - The system calculates and displays the route line on the map screen.
Calculating the Route

Viewing the Destination Map

1. Select an option.
2. Select Go!
   - The system calculates and displays the route line on the map screen.

The following options are available:

- **Route Info**: Displays different routes.
  - \(\text{Viewing and Selecting the Routes}\) P. 75
- **Set Location**: Sets the vehicle position when you are indoors or not receiving satellite signals.
  - You can use this feature when GPS Simulator is set to on.
  - \(\text{Navigation}\) P. 36

▷ Turn List P. 78
Map Operation
Traffic Information

Traffic Information

When you set the traffic feature, the system examines traffic conditions and optimizes the route for the shortest time. If a severe traffic delay occurs while you are navigating, the system searches for a faster route. If it finds one, the system will prompt you and you can choose to accept the new route. The traffic icon changes color to indicate the severity of traffic conditions on your route or on the road you are currently traveling. The system may route you through a traffic delay if a better alternative route does not exist. The delay time is added into your estimated time of arrival automatically.

1. Select on the map screen.

<table>
<thead>
<tr>
<th>Traffic Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>You can change the traffic information settings.</td>
</tr>
<tr>
<td>Traffic P. 45</td>
</tr>
</tbody>
</table>

The traffic icon changes color to indicate the severity of traffic conditions.
- **Green**: Flowing freely.
- **Yellow**: Moderate traffic condition.
- **Red**: Very slow or stop-and-go traffic.
- **Gray**: No traffic data.
2. Select an option.

The following options are available:

- **Alternate Route**: Display the alternate route screen.

- **Traffic On Route**: Displays the traffic delays on your route. You can select the traffic you want to avoid.
  - [Traffic Rerouting Manually] P. 89
- **Traffic Conditions**: Display the traffic flow and delays on nearby roads.
  - [Viewing Traffic Delays] P. 90
- **Traffic Legend**: Displays an overview of traffic legends.
  - [Viewing Traffic Legends] P. 90
Display the alternate route screen. Select Go!
Traffic Rerouting Manually

View the traffic delays on your route, including the estimated time of each delay and the distance to each delay. You can select the traffic you want to avoid manually.

1. Display a list of traffic events.
2. Select an option.

3. Select and then select Avoid to avoid the traffic delay.
   Select or to view other traffic delays on your route.
Viewing Traffic Delays

View the traffic flow and delays on nearby roads.

Select if you want to display a list of traffic delays.

Viewing Traffic Legends

See an overview of the icons and colors used on the traffic map.

The system displays the traffic legend.
Changing Your Route

Stopping the Route

Stop the route guidance and remove the destination and all waypoints. Select  1.

You can also stop your route from the map menu. 2. Map Menu P. 82
Taking a Detour

Calculate a new route to avoid something ahead of you. The system creates a new route if possible. The system attempts to get you back on your original route as quickly as possible.

Taking a Detour Around Specified Areas

You can take a detour for a specified distance along your route or detour around specific roads. This is useful if you encounter construction zones, closed roads, or poor road conditions.

Select an option.

The following options are available:

- **Next 0.5 mi on Route**: Calculates a new route by avoiding the next 0.5 mile on your route.
- **Next 2 mi on Route**: Calculates a new route by avoiding the next 2 miles on your route.
- **Next 5 mi on Route**: Calculates a new route by avoiding the next 5 miles on your route.
- **Detour by Road(s) on Route**: Calculates a new route by avoiding the specific roads on your route. Select roads from the turn list.
Adding Waypoints

Add waypoints (pit stops) along the route to your destination.

1. While en route, select a search method to add a new destination or waypoint.
   - Entering a Destination P. 54
2. Select a place. Select Go!.
3. Select Add to Active Route.
   - Select Start New Route to set the location as your new destination.
   - Entering a New Destination P. 97
4. Select and hold , or and then move the destination to the desired position.
5. Select Done.
   - The route is automatically recalculated and displayed on the map screen.

Adding Waypoints

When you add a waypoint, the system may take some time to update the arrival time.
Changing Your Destination

Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Select any point on the map, or a street, intersection, or category icon.

  - Help P. 117
- **ecoRoute™**: Allows for mileage and fuel cost entry and displays fuel economy information, mileage reports, your driving habits, and vehicle information.
  - ecoRoute™ P. 109
- **Trip Planner**: Sets the trip planner to create and save a trip with multiple destinations.
  - Editing the Destination List P. 102
  - Entering a New Destination from Trip Planner P. 98
- **Where I've Been**: Displays your previous routes and places you have stopped on the map.
  - Where I've Been P. 118
- **Calculator**: Displays the calculator function.
  - Calculator P. 119
- **Unit Converter**: Displays the unit converter function.
  - Unit Converter P. 120
The ecoRoute™ feature calculates the fuel economy and the fuel price of navigating to a destination and offers tools for improving fuel efficiency. The data provided by the ecoRoute™ feature is an estimate only. To receive more accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy.

Select an option.

The following options are available:

- **At The Pump**: Calibrates the fuel economy to receive more accurate fuel reports.
  
  Calibrating the Fuel Economy P. 113

- **ecoChallenge**: Helps you maximize the vehicle fuel economy by scoring your driving habits.
  
  Viewing the ecoChallenge Scores P. 114

- **Fuel Economy**: Displays fuel economy information.
  
  Viewing Fuel Economy Information P. 115

- **Vehicle Profile**: Checks or resets your vehicle information.
  
  Viewing the Vehicle Profile P. 112

- **Mileage Report**: Displays mileage reports for your vehicle.
  
  Viewing a Mileage Report P. 116
Setting Up the Vehicle Profile

The first time you use the ecoRoute™ features, you must enter vehicle information.

1. Select Yes.

2. Select a fuel type.

3. Select Next.
4. Enter your estimated city fuel economy.
5. Select Next.

6. Enter your estimated highway fuel economy.
7. Select Next.

8. Enter the fuel price.
9. Select Next.
   ▶ The confirmation message will appear.
10. Select OK.
Viewing the Vehicle Profile

Select Vehicle Profile.

If you want to reset the Vehicle Profile, select Reset.
Calibrating the Fuel Economy

You can calibrate the fuel economy to receive more accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

1. Enter the current fuel price.
2. Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
3. Enter the distance you have traveled since the last time the fuel tank was filled.
4. Select Next. The system calculates the average vehicle fuel economy.
5. Select Save.
Viewing the ecoChallenge Scores

The ecoChallenge feature helps you maximize fuel economy by scoring your driving habits. When your ecoChallenge scores are high, it means you have saved more fuel. The ecoChallenge collects data and calculates a score whenever the vehicle is moving.

The following information is displayed:

- **Current**: Displays the score for your current driving activity.
- **Overall**: Displays an average of the speed, acceleration, and braking score.
- **Speed**: Displays your score for driving your vehicle at the optimal speed for conserving fuel (45–60 mph (72–96 km/h) for most vehicles).
- **Acceleration**: Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.
- **Braking**: Displays your score for smooth and gradual braking. You lose points for hard braking.

If you want to reset the ecoChallenge scores, select and then select **Reset**.
Viewing Fuel Economy Information

You can view your fuel consumption, your total fuel cost, and your average fuel economy.

Select a section of the graph to zoom in.

If you want to reset the Fuel Economy information, select \( \text{ } \) and then select Reset.
Viewing a Mileage Report

You can view the mileage reports on the system.

Select a report.

Display the Mileage Report.

Mileage Reports
Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination. A mileage report is created for every route that you drive. If you stop a route on the system, a mileage report is created for the distance you traveled.
Information Functions

Help

Select a help topic you want to display.

1. Enter a keyword. Select Done.

You can also display the help topic to select on each menu screen.
Where I've Been

Before you can use this feature, you must enable the travel history feature. You can view your previous routes and places you have stopped on the map.

2. Select a help topic you want to display.

If you want to delete the recorded information, select and then select Clear Travel History.

If you select , you can select the day to display the travel history.
Calculator

Enter a numeric value to calculate.
Unit Converter

1. If necessary, select a measurement category (e.g., Distance).
   - Select a measurement category from the list. Select Save.

2. If necessary, select a unit of measurement (e.g., km).
   - Select a unit of measurement from the list. Select Save.

3. Enter a numeric value to convert (e.g., 1000). Select Done.
GPS Information

The GPS info screen displays the satellites' status.

Select and hold .

A solid bar indicates that the GPS satellite is ready for use.

<tbody>
<tr>
<td>The Startup Confirmation screen is displayed every time I start the car.</td>
<td>This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. The Startup Confirmation screen goes off after a certain period of time, even if you do not select OK.</td>
</tr>
<tr>
<td>The navigation system reboots by itself (returns to the opening screen).</td>
<td>A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.</td>
</tr>
<tr>
<td>How do I specify a destination when an entered city or street could not be found?</td>
<td>Try selecting the destination directly from the map.</td>
</tr>
<tr>
<td></td>
<td>2. Select saved places you want to delete.</td>
</tr>
<tr>
<td></td>
<td>3. Select Delete.</td>
</tr>
<tr>
<td></td>
<td>4. Select Yes.</td>
</tr>
<tr>
<td>I cannot hear the navigation system voice.</td>
<td>1. Select [MAP] and then select the [Back] icon. Select Settings &gt; Navigation and set Voice Prompt to on.</td>
</tr>
<tr>
<td></td>
<td>2. Press the [Home] icon. Select Settings &gt; System &gt; Sound/Beep tab. Turn up Guidance Volume, if guidance volume is low.</td>
</tr>
<tr>
<td></td>
<td>For more details, see the Owner’s Manual.</td>
</tr>
</tbody>
</table>
# Traffic

## Problem
Traffic information is missing or is not displaying properly. What is wrong?

## Solution
Verify the following:

- Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available.
- Check that the traffic icons are turned on.
- [Traffic Information](#)

- It is possible that there is a temporary technical problem with your metropolitan area traffic provider. You can call Honda Automobile Customer Service to see if there is an outage.
- [Honda Automobile Customer Service Contact Information](#)

- If the situation persists, see your Honda dealer for assistance.
- Traffic information is available only in certain areas.
## Guidance, Routing

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
</table>
| The navigation system does not route me the same way I would go or the same way as other mapping systems. | The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route.  
[Recalculate Using Another Route Preference](#) P. 106 |
| The street I’m on is not shown on the map screen.                      | The mapping database is constantly undergoing revision.                                                                  |
| The vehicle position icon is not following the road.                  | • Check that the GPS antenna (located in the dashboard) is not blocked. For best reception, remove items from the dashboard, such as radar detectors, cellular phones, or loose articles.  
• Metallic tinting or other aftermarket devices can interfere with GPS reception. Please consult your dealer.  
[GPS](#) P. 130 |
| How do I stop the map from rotating as I drive along?                 | 1. Select [MAP](#) and then press the (Back) icon.  
2. Select **Settings** > **Map & Vehicle** > **Driving Map View**.  
3. Check that **Driving Map View** is set to **Track Up** or **3-D**.  
4. Select **North Up** and then select **Save**. |
| The “Arrival time” display sometimes increases even though I am getting closer to my destination. | “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later. |
| My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed. | This is normal. The elevation can vary ±100 ft (30 m) due to GPS calculation errors.  
[GPS](#) P. 130 |
| My elevation is missing on the “current position” screen.             | The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level. |
## Update, Coverage, Map Errors

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>My city is not part of a fully verified detailed coverage area.</td>
<td>The mapping database is constantly undergoing revision.</td>
</tr>
<tr>
<td>Does the navigation system work outside North America?</td>
<td>The system contains maps for the contiguous United States, Canada, Mexico, Puerto Rico, US Virgin islands, Cayman Islands, Bahamas, French Guyana, Guadeloupe, Martinique, Saint Barthelme, and Jamaica. The navigation system will not work in other countries.</td>
</tr>
</tbody>
</table>

### Display, Accessories

<table>

System Limitations

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Cellular phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:
- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.

 Obtaining a Navigation Update P. 132
Resolving Problems

If you run into a specific issue that you cannot resolve, consult the following help resources:

- For navigation system issues:
  Troubleshooting P. 124
  Or, please contact your dealer.
- For traffic-related issues:
  Traffic P. 125
- For reporting issues with the database or places/landmarks:
  Visit
  Or call Garmin OEM support directly at (855) 607-2536.

Obtaining a Navigation Update

Honda is continuously updating the navigation system and new software is usually made available on an annual basis. For information on navigation updates for your vehicle, please visit:

- U.S.: www.hondanavi.com
- Canada: www.honda.ca

You can also contact your Honda dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information

Honda Navi

American Honda Motor Co., Inc.

Honda Automobile Customer Service
Mail Stop 500-2N-7A
1919 Torrance Blvd.
Torrance, CA 90501-2746
Tel: (800) 999-1009
Fax: (310) 783-3023

Honda Canada Inc.

Honda Customer Relations
180 Honda Blvd.
Markham, ON
L6C 0H9
Tel: (888)-9-HONDA-9
Hours: 8:00 am to 7:30 pm Mon to Fri (EST)
Visiting Your Dealer

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage

The system provides maps for the contiguous United States, Canada, Mexico, Puerto Rico, US Virgin islands, Cayman Islands, Bahamas, French Guyana, Guadeloupe, Martinique, Saint Barthelme, and Jamaica. The navigation system will not work in other countries.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.
User Agreement

END USER TERMS

The content provided ("Data") is licensed, not sold. By opening this package, or installing, copying, or otherwise using the Data, you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, you are not permitted to install, copy, use, resell or transfer the Data. If you wish to reject the terms of this agreement, and have not installed, copied, or used the Data, you must contact your retailer or HERE North America, LLC (as defined below) within thirty (30) days of purchase for a refund of your purchase price. To contact HERE, please visit www.here.com.

The Data includes certain information and related content provided under license to HERE from third parties and is subject to the applicable supplier terms and copyright notices set forth at the following URL: http://corporate.navteq.com/supplier_terms.html.

TERMS AND CONDITIONS

License Limitations on Use: You agree that your license to use this Data is limited to and conditioned on use for solely personal, noncommercial purposes, and not for service bureau, timesharing or other similar purposes. Except as otherwise set forth herein, you agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws.

License Limitations on Transfer: Your limited license does not allow transfer or resale of the Data, except on the condition that you may transfer the Data and all accompanying materials on a permanent basis if: (a) you retain no copies of the Data; (b) the recipient agrees to the terms of this End User License Agreement; and (c) you transfer the Data in the exact same form as you purchased it by physically transferring the original media (e.g., the CD-ROM or DVD you purchased), all original packaging, all Manuals and other documentation. Specifically, Multidisc sets may only be transferred or sold as a complete set as provided to you and not as a subset thereof.

Additional License Limitations: Except where you have been specifically licensed to do so by HERE in a separate written agreement, and without limiting the preceding paragraph, your license is conditioned on use of the Data as prescribed in this agreement, and you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles capable of vehicle navigation, positioning, dispatch,
real time route guidance, fleet management or similar applications; or (b) with, or in communication with, including without limitation, cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

**Warning:** This Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic Data, any of which may lead to incorrect results.

**No Warranty:** This Data is provided to you "as is", and you agree to use it at your own risk. HERE and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error free.

**Disclaimer of Warranty:** HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

**Disclaimer of Liability:** HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THIS DATA; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OR INABILITY TO USE THIS DATA, ANY DEFECT IN THIS DATA, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF HERE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

**Export Control:** You agree not to export from anywhere any part of the Data or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations, including but not limited to, the laws, rules and regulations administered by the Office of Foreign Assets Control of the U.S. Department of Commerce and the Bureau of Industry and Security of the U.S. Department of Commerce. To the extent that any such export laws, rules or regulations prohibit HERE from complying with any of its obligations hereunder to deliver or distribute Data, such failure shall be excused and shall not constitute a breach of this Agreement.
Entire Agreement: These terms and conditions constitute the entire agreement between HERE (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Severability: You and HERE agree that if any portion of this agreement is found illegal or unenforceable, that portion shall be severed and the remainder of the Agreement shall be given full force and effect.

Governing Law: The above terms and conditions shall be governed by the laws of the State of Illinois (for Data for the Americas and/or the Asia Pacific region) or The Netherlands (for Data for Europe, the Middle East and/or Africa), without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. For any and all disputes, claims and actions arising from or in connection with the Data ("Claims"), you agree to submit to the personal jurisdiction of (a) the State of Illinois for Claims related to Data for the Americas and/or the Asia Pacific region provided to you hereunder, and (b) The Netherlands for Data for Europe, the Middle East and/or Africa provided to you hereunder.

Government End Users: If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a "commercial item" as that term is defined at 48 C.F.R. ("FAR") 2.101, is licensed in accordance with this End User License Agreement, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following "Notice of Use", and be treated in accordance with such Notice:
