The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

**Accessories Precautions**

The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.

Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

**Important Safety Information**

![WARNING]

**WARNING**

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving, however most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.

The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

**System Limitations** P. 124

**NOTICE**

This vehicle’s navigation display, if so equipped, includes mercury-containing components. Upon removal, please reuse, recycle, or dispose of as hazardous waste.

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

**Navigation**
You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

**Store home address**  ➤ P18
Register 1 home address.

**Store contacts**  ➤ P19
Store locations to use as the destination.

**Enter destination**  ➤ P54
Select your destination using several methods.

**Select route**  ➤ P70
Set route preferences and select one of the available routes.

**Track route**  ➤ P72
Follow your route in real-time with voice guidance.

**Traffic Information**  ➤ P81
View and avoid congestion and traffic incidents.
*: Available only in certain areas.

**Avoid certain areas**  ➤ P39
Set streets and areas to detour around.

**Add waypoints**  ➤ P89
Add “pit stops” along your route.
HOME Screen
The system displays various functions from the HOME screen. Press the (Home) icon at any time to return to the main HOME screen.

- (Display Mode)
  Switch between Day and Night modes manually.
- (Home)
  Display the HOME screen.
- (Menu)
  Display the map menu.
- (Back)
  Go back to the previous screen.
- VOL (Volume)
  Increase or decrease the audio volume.

Navigation Top Screen
Display the map screen and operate the navigation features. From the HOME screen, select MAP and then press the (Back) icon. The navigation top screen is displayed.

- GPS signal strength
  Display the satellites’ status.
- Where To?
  Select search methods to enter a destination for route guidance.
- Apps
  Display the useful functions incorporated into the navigation system.
- View Map
  Display the map screen.
- Settings
  Change the settings for the navigation functions.
**Touchscreen Operation**

You can operate the system using your finger on the touchscreen. The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

**Tap**

Touch the screen lightly with your finger to select an option on the screen.

**Swipe**

Lightly sweep your finger side to side or up and down to scroll a list or map.

You can change the touchscreen sensitivity setting. Refer to the Owners Manual.

**Slide**

Move your finger slowly across the screen to scroll the map.

**Pinch In/Out**

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.
How to Enter Information
You can enter information (e.g., city names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands
When you see 🎤 in this manual, voice commands are available for that feature.
The system recognizes only certain commands. Available navigation voice commands (P132)

- Press the 🎤 (Talk) button, and say the letter, number, or symbol (e.g., say “1”).
- If a voice command is not recognized, a list is displayed with possible options.

On list screens:
- Say the number of the list item (e.g., say “Three” to select item 3).
- Say “Main menu” to return to the voice command menu screen.
- Say “Back” to return to the previous screen.
- Say “Page Up” to scroll up one page.
- Say “Page Down” to scroll down one page.
- Say “Exit” to end the voice command function.

Using the Touchscreen
Select a character or icon on the screen to select it.
- Select ✖ to remove the last entered character.
- Select ✖ to remove all entered characters.
- Select ☐ to display upper/lower case characters.
- Select ➦ to enter a space character.
- Select ☐ to display other types of characters.
- Select ☐ to change the keypad language.

On input search screens, the suggested search terms are displayed. Select ☐ to display a list of possible entries.
Map Screen Legend

The color of the map is different depending on the selected Map Theme.

- **Map scale** [P76]
- **Map operation icons** [P76]
- **Traffic incident icons**
- **Streets**
- **Current vehicle position**
- **Feature areas**
- **Map menu** [P77]
- **Searching specific category** [P68]
- **Landmark icons**
- **Map buttons** [P33]
- **Traffic flow indicator**
  - Traffic is flowing normally.
  - Traffic is slightly congested.
  - Traffic is heavily congested or stopped.
  - Traffic has not updated.
During Route Guidance

During route guidance, route information is displayed on the map screen. You can see the detailed information on the turn information screen.

**Map Screen**

- **Next guidance indicator**
  Distance to the next guidance point and street name of next guidance point.

- **Waypoint**
  Distance to next guidance point
  Street name of next guidance point

- **Speed limit**
  Distance to next guidance point
  Street name of next guidance point

- **Guidance Screen**
  Turn left on N ABCDE
  Estimated time to next guidance point
  Distance to next guidance point

**Day or Night Mode**

Press the (Display Mode) button to manually switch between Day and Night modes.

- **Day Mode**
  Day or Night Mode
  Remaining distance
  Street name of next guidance point

- **Night Mode**
  Day or Night Mode
  Remaining distance
  Street name of next guidance point

**Turn-by-Turn Directions**

The next guidance point appears on the Driver Information Interface (DII).

- **Next guidance indicator**
  Distance to the next guidance point and street name of next guidance point.

- **Where To?**
  Distance to next guidance point
  Estimated time to next guidance point

- **Cancel route**
  Select this key to scroll the display.

- **Scrolls key**
  Select this key to scroll the display.
Navigation—Home Addresses and Going Home

The “Home” feature automatically routes you to your home address from any location simply by selecting Go Home. You can store one home address. (P18) The order of the steps may change depending on the map data loaded on your system.

### Storing Your Home Address

1. Select **MAP**.
2. Select **Go Home**.
3. Press the **MENU** (Menu) icon and then select **Set Home Location**.
4. Select **Enter My Address**.
5. Enter a house number and then select **Done**.
6. Enter a street and then select **Next**.
7. Select a street from the list.
8. Select **Select**.

### Going Home

1. Select **MAP**.
2. Select **Go Home**.
3. Select **Go Home**.

Alternatively, you can say “Navigation” and then “Go Home” from any screen.
Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your system.

1. Select MAP.
2. Select .
3. Select Address.
4. Enter the house number and select Done if necessary.
5. Enter the name of your destination street and select Next.
6. Select an address from the list.
7. Select Go!
   Route guidance to the destination begins.

- Routes: Choose one of multiple routes.
- : Display your destination map and save a place.
Navigation—Changing Route or Destination
You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint ("Pit Stop")
You can add waypoints along your route.  

1. Select MAP .
2. Select  .
3. Select a search method.
4. Select the location to add to the destination list and select Go!.
5. Select Add to Active Route.
6. If necessary, edit the order of the destinations and select Done.

Changing Your Destination
There are several methods you can use to specify a new destination during route guidance.

- Searching nearby hospitals, police stations, or gas stations  
  Select the vehicle icon and select an option.
- Selecting an icon on the map  
  Select a place/landmark icon or a new area on the map twice.
- Entering a new destination  
  Select Where To? and then enter a new destination.

Canceling Your Route

1. Select  .

Alternatively, you can say “Navigation” and then “Stop route” from any screen.

Help
This navigation system comes with help information, which tells you how to use this navigation.

1. Select MAP .
2. Press the (Back) icon.
3. Select Apps.
4. Select Help.
5. Select a help topic.

Select to search help topics by keyword.

- You can also display a help topic to select ? on each menu screen.
Voice Control Operation

Voice Portal Screen

1. Press and release the (Talk) button.
   The system prompts you to say a voice command. Press and release the (Talk) button again to bypass this prompt.

   - The system beeps when ready for a command. Press the (Hang-Up/Back) button or the (Back) icon to cancel.

2. Say “Navigation.”
   The Voice Command screen is displayed.
   After that follow the voice prompt and say a voice command.

   - You do not need to press the (Talk) button again in the Voice Command screen.
   - Available voice commands are highlighted on the screen.

   - The audio system is muted during voice control mode.
   - You can use other voice commands on the Voice Portal screen.
   - Disable Voice Prompts to bypass the voice prompt.
   - See the Owner’s Manual.
   - Carefully read the usage note for the voice control.

   Voice Control System

Available navigation commands

Voice Command Screen

1. After saying “Navigation” from the Voice Portal screen, the below screen appears.

2. Listen for the voice prompt, then say a voice command.

   - You do not need to press the (Talk) button again in the Voice Command screen.
   - Available voice commands are highlighted on the screen.
Troubleshooting

**Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?**

This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

**Why does the “Arrival time” display sometimes increase even though I am getting closer to my destination?**

The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later.

**Why does my clock frequently change the time forward and backward by one hour?**

The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

**How do I turn on the navigation system voice guidance?**

1. Select **MAP** and then press the ** BACK** (Back) icon. Select **Settings > Navigation** and enable **Voice Prompts**. For more details, see the Owner’s Manual.
2. Press the **HOME** (Home) icon. Select **Settings > System > Sound/Beep** tab. Turn up **Guidance Volume**, if volume level is low.

**How do I specify a destination when an entered city or street could not be found?**

Try selecting the destination directly from the map.
How to Use This Manual
This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Saved Places). Then, go to that chapter to view a more specific table of contents.

Menu items displayed on the navigation screen (e.g., Saved) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

Select the item on the system control panel.

Select the menu option.

Select Saved.

* Sample pages and images in this section may differ from the actual ones.
This section describes the start-up procedure and the navigation and setup functions.
The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

1. Select OK.
   - The HOME screen is displayed.
   - If you do not select OK, the system will automatically select OK after a certain period of time.
   - The system will automatically start up the feature that was used the last time.

2. Select MAP.
   - The map screen is displayed.
   - When you want to display the navigation top screen, you press the BACK (Back) icon.

### Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped. Voice commands are still operable while the vehicle is in motion.
Voice Control System

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions. The voice control system uses the \( \text{Talk} \) and \( \text{Hang-Up/Back} \) buttons on the steering wheel and a microphone near the map lights on the ceiling. For details of the \( \text{Talk} \) button, \( \text{Hang-Up/Back} \) button and microphone position, see the Owner’s Manual.

**Voice Recognition**

To achieve optimum voice recognition when using the navigation voice control system:

- Make sure the correct screen is displayed for the voice command that you are using. The system recognizes only certain commands.
- Close the windows or moonroof.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

---

**Voice Control System**

When you press the \( \text{Talk} \) button, the system prompts you to say a voice command. Press and release the \( \text{Talk} \) button again to bypass this prompt and give a command.

**Voice Recognition**

The voice control system can only be used from the driver’s seat because the microphone unit removes noises from the passenger’s side.
From any location, select **Go Home** and the system will provide you with one or more return routes to your home. Before you can use this feature, you need to register your home address with the system.

1. Select **Set Home Location**.

2. Select an option.
   - Select **Use Current Location** to set home location.
   - If selecting **Enter My Address** or **Recently Found**, proceed to steps 3 and 4.

3. Select the home location.

4. Select **Select**.

The following options are available:
- **Enter My Address**: Sets the home location by entering the address.
  
  Storing Your Home Address P. 8
- **Use Current Location**: Sets your current location as your home location.
- **Recently Found**: Sets the home location from a recently found location.

If you want to delete a shortcut(s), select **Remove Shortcut(s)**.

Deleting Shortcuts P. 59

The home location can be overwritten.
Saved Locations
You can save locations so you can quickly find them and create routes to them.

Saving a Saved Location

1. Select a search method.  
   - Find a location that you want to save.  
     - [Entering a Destination](#) P. 54

2. Select [i].

3. Press the [Menu] (Menu) icon or select [ ].

4. Select Save.  
   - If necessary, enter a name and select Done.

5. Select OK.
Saving a Saved Location Manually

1. Select a destination from the map.
   (Map Input) P. 68
2. Select the destination name at the bottom of the map.
3. Press the (Menu) icon or select.
4. Select Save.
   (On some places other than POI, you can edit the place name.
5. Select OK.
Saving Your Current Location

1. Select the vehicle icon.
2. Select Save.
3. Enter a name of the location.
4. Select Done.
5. Select OK.

Vehicle position may not be displayed when:
- The vehicle is traveling off-road.
- The vehicle position data cannot be updated.
1. Select a saved location you want to edit.
2. Select i.

3. Press the (Menu) icon or select .
4. Select Edit.
5. Select an option.

The following options are available:

- **Name**: Enters a new name for the location.
- **Phone Number**: Enters a phone number.
- **Categories**: Creates or changes the category in which this location is saved.
- **Change Map Symbol**: Select a new symbol.
Deleting a Saved Location

1. Select a saved location you want to delete.
2. Select "i".

3. Press the (Menu) icon or select "".
4. Select Delete.
5. Select Yes.
Deleting Saved Locations

1. Press the (Menu) icon or select .
2. Select Delete Saved Places.
3. Select a saved location you want to delete.
   - Select Select All to delete all saved locations.
4. Select Delete.
5. Select Yes.
Display Mode Settings

Switching Display Mode Manually

Set the screen brightness separately for Day and Night modes. Press the (Display Mode) button to cycle through the display modes (Day to Night to Off).

Press the (Display Mode) button.

- The Brightness bar is displayed for a few seconds.
- Select + or - to adjust the brightness.

Switching Display Mode Manually

You can also adjust the display brightness by sliding or swiping on the Brightness bar.

You can change the touchscreen sensitivity setting.

Refer to the Owners Manual.
### Display Mode Settings

#### Switching Display Mode Manually

<table>
<thead>
<tr>
<th>Illumination control</th>

* Not available on all models
Change the map settings.

The following options are available:

- **Vehicle**: Changes the icon to represent your position on the map.
  - [Vehicle](#) P. 29
- **Driving Map View**: Sets the perspective on the map.
  - [Driving Map View (Map Orientation)](#) P. 30
- **Map Detail**: Sets the level of detail on the map. More detail may cause the map to draw slower.
  - [Map Detail](#) P. 31
- **Map Theme**: Changes the color of the map data.
  - [Map Theme](#) P. 32
- **Map Buttons**: Sets which icons are included on the map. Up to three icons can be included on the map.
  - [Map Buttons](#) P. 33
- **Map Layers**: Sets the data that appears on the map.
  - [Map Layers](#) P. 34
- **Dashboards**: Sets the map dashboard layout.
  - [Dashboards](#) P. 34
- **myMaps**: Sets which installed maps the system uses.
  - [myMaps](#) P. 35

Select an option.
Vehicle

You can choose your vehicle icon.

1. Select an option.
2. Select Save.

Vehicle

The factory default is set to 1.
Driving Map View (Map Orientation)

Select the map orientation.

1. Select an option.
2. Select Save.

The following options are available:
- **Track Up**: Displays the map with your direction of travel facing upwards.
- **North Up**: Displays the map with north always pointing up.
- **3-D (factory default)**: Displays the map in 3D with your direction of travel facing upwards.
Map Detail

Sets the level of detail on the map.

1. Select an option.
2. Select Save.

The following options are available:
- **More**: Shows more detail on the map.
- **Normal** (factory default): Shows a standard amount of detail on the map.
- **Less**: Shows less detail on the map.
Map Theme

Changes the color of the map data.

1. Select an option.
2. Select Save.
Map Buttons

Sets up to three shortcuts that appear in the map tools menu.

1. Select ‘X’ if you want to delete a shortcut and then select OK.
2. Select ‘+’ to add a new shortcut.
3. Select an option.
4. Select Save.

Map Buttons

Reset to Defaults
Resets the settings to the factory defaults.
Map Layers

Sets the data that appears on the map screen.

1. Select an option(s).
2. Select Save.

Dashboards

Switches the dashboard layout at the bottom of the map.

1. Select or .
2. Select Save.

Trip Log is set to off as factory default.
**myMaps**

Sets which installed maps the system uses.

Select an option(s).
Navigation

Changes the navigation settings.

The following options are available:

- **Calculation Mode**: Sets route preference.  
  - [Calculation Mode](P. 37)
- **Avoidances**: Sets road features to avoid on a route.  
  - [Avoidances](P. 38)
- **Custom Avoidances**: Allows you to avoid specific roads or areas.  
  - [Custom Avoidances](P. 39)
- **Advanced Detours**: Sets the length of the detour.
- **Voice Prompts**: Turns the voice prompts on or off.
- **GPS Simulator**: Stops the system from receiving a GPS signal.

Navigation

Advanced Detours and GPS Simulator are set to off as factory default.
Calculation Mode

Sets the route preference.

1. Select an option.
2. Select Save.

The following options are available:

- **Faster Time** (factory default): Calculates routes that are faster to drive but can be longer in distance.
- **Shorter Distance**: Calculates routes that are shorter in distance but can take more time to drive.
- **Less Fuel**: Calculates routes that could use less fuel than other routes.
Avoidances

Set preferences for route options to avoid.

1. Select an option(s).
2. Select Save.

The following options are available:
- **U-Turns**: Avoids u-turns.
- **Highways**: Avoids highways.
- **Tolls and Fees**: Avoids toll roads.
- **Ferries**: Avoids ferries.
- **Carpool Lanes**: Avoids car share lanes.
- **Unpaved Roads**: Avoids unpaved roads.
Custom Avoidances

Allows you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed.

Select an option.
- Select Add Avoidance if custom avoidances are already stored.

The following options are available:
- Add Avoid Area: Sets an area to avoid.
  - Adding an Avoid Area P. 40
- Add Avoid Road: Sets a road to avoid.
  - Adding an Avoid Road P. 41
Adding an Avoid Area

1. Select the upper-left (right) corner of the area to avoid. Select Next. ▶️ The icon is displayed on the map.

2. Select the lower-right (left) corner of the area to avoid. Select Next. ▶️ The selected area is shaded on the map.

3. Select Done.
Adding an Avoid Road

1. Select the starting point of the section of road to avoid. Select Next.
   • The 🛑 icon is displayed on the map.

2. Select the ending point of the road section. Select Next.
   • The selected road color changes.

3. Select Done.

Continued
**Editing a Custom Avoidance**

1. Select the area or road to edit from the list.

2. Select the menu screen is displayed.

3. Select an item.

The following items are available:

- **Rename**: Enters a new name.
- **Delete**: Deletes a selected area or road.
- **Disable**: Disables the avoidance.
Deleting Custom Avoidances

1. Select options you want to delete. Select **Select All** for all options in the list.

2. Select **Delete**.

Select if you want to search the saved custom avoidance.
Traffic

Sets the traffic feature.

Select an option.

The following options are available:

- **Traffic**: Enables the traffic feature.
  - Traffic Information  P. 81
- **Current Provider**: Sets the traffic provider to use for traffic data.
- **Subscriptions**: Displays the lists of the current traffic subscriptions.
- **Optimize Route**: Sets whether to use optimized alternate routes On Request (factory default) or Automatic.
Other Settings

Units

Set the units and display on the map of the navigation system.

The following options are available:
- **Miles** (factory default): Sets the units to miles.
- **Kilometers**: Sets the units to kilometers.

1. Select an option.
2. Select Save.
Language & Keyboard

Set the language for the unit and the keyboard layout.

Select an option.

The following options are available:

- **Voice Language**: Sets the language for voice prompts.
  - [Voice Language](P. 47)

- **Keyboard Language**: Sets the language for your keyboard.
  - [Keyboard Language](P. 47)

- **Keyboard Layout**: Sets the keyboard layout.
  - [Keyboard Layout](P. 48)

When you select a language for the audio system, the language setting of the navigation system is automatically switched. See the Owner’s Manual for instructions.
Voice Language
1. Select an option.
2. Select Save.

Keyboard Language
1. Select an option.
2. Select Save.
1. Select an option.
2. Select Save.

The following options are available:
- **QWERTY** (factory default): Sets the keyboard layout to QWERTY.
- **ABCDE**: Sets the keyboard layout to ABCDE.
Device

Select an option.

The following options are available:

• **About**: Displays the device information.
  
  ![About](P. 50)

• **Travel History**: Allows the system to record information for suggested routes, previous routes and destinations, and Trip Log features.

• **Clear Travel History**: Deletes the recorded information.

• **Update Map**: Displays the description screen of map update.
  
  ![Update Map](Obtaining a Navigation Update P. 126)
About

Displays the device information.

Data Reset

Reset Factory Default Settings

You can restore all settings to the factory default values.

1. Select Restore.
2. Select Yes.

When you want to reset the following options, see the below references:

- Home
  - Deleting Saved Locations P. 25
- Recent
  - Recent P. 67
- Saved
  - Saved Locations P. 19

When you press the (Menu) icon or select in each settings category, you can restore the selected category.

When you transfer the vehicle to a third party, reset all settings to default and delete all personal data.
Navigation

This section describes how to enter a destination, select a route to take, and follow the route to your destination. It also describes how to change your route or destination along the way.

Entering a Destination ...........................................54

Entering a Destination

This section describes how to enter a destination for route guidance.

Select an option.

The following options are available:

- **Enter Search**: Sets a destination by entering a category, name, address, or city name.
  - [Using the Search Bar](#) P. 56
- **Searching near**: Selects the city to search near.
  - [Changing the Search Area](#) P. 57
- **Go Home**: Sets your home address as the destination.
  - [Going Home](#) P. 8
- **HONDA**: Sets a nearby Honda dealer as the destination.
  - [HONDA](#) P. 60
- **Places**: Launches HondaLink™ to search for places.
  - For more details, see the Owner’s Manual.
- **Address**: Sets a destination by entering an address.
  - [Address](#) P. 61
- **Categories**: Sets a destination by selecting a category.
  - [Categories](#) P. 62

The Display Audio system can only provide route guidance from one navigation system at a time. When setting a destination on one system, any active route guidance with the other system is canceled, and the system you are currently using will direct you to your destination.

To use HondaLink™, you must connect your smartphone to the system.

For more details about smartphone connection and how to use HondaLink™, see the Owner’s Manual.

If you press the **(MENU) button** on the steering wheel and select **Navigation Menu** while on the map screen, the following items are available. Use the steering wheel buttons to select the items.

- **Go Home**
- **Recent Destination**
- **Calculation Mode**
- **Saved Places**
- **Stop**
• **Saved**: Sets a destination by selecting a place stored in the Saved list.  
  ➤ Saved P. 67

• **Recent**: Sets a destination by selecting a previous destination.  
  ➤ Recent P. 67

• **Add Shortcut**: Adds shortcuts to the **Where To?** menu.  
  ➤ Adding Shortcuts P. 58
Using the Search Bar

Enter Search

You can use the search bar to search for locations by entering a category, name, address, company phone number, or city name.

1. Enter a search term.
   - The search history is displayed below the search bar.
   - Suggested search terms appear below the search bar as you type.
2. Select or a suggested search term.
3. Select your destination from the list.
4. Select Go! to set the route to your destination.

Calculating the Route

Using Voice Command

You can say the names of popular, well-known locations.

From the Voice Portal screen, say “Navigation.” Say “Find Place,” then say a place name (e.g., “Honda”). Say the line number of screen (e.g., “1”). Say “Navigate” or “Yes” to set the route.

- To search for a type of business, enter a category name, such as “movie theaters.”
- To search for a business by name, enter all or part of the name.
- To search for an address near you, enter the street number and street name.
- To search for an address in another city, enter the street number, street name, city, and state.
- To search for a city, enter the city and state.

If you want to delete the search history, select Restore.

Reset Factory Default Settings
Changing the Search Area

Searching near

By default, your system finds locations closest to your current location. You can find a location near another city or location.

Select an option.

The following options are available:

- **Where I Am Now**: Searches near your current location.
- **My Active Route**: Searches along your current route.
- **My Destination**: Searches near your current destination.
- **A Different City**: Searches near the city you enter.
- **Recent Destination**: Searches near a recent destination.
- **Saved Place**: Searches near a saved place.
Adding Shortcuts

Add Shortcut

Up to 36 shortcut icons can be stored.

Select an option you want to add as a shortcut.
Deleting Shortcuts

MAP ➤ (Menu) ➤ Remove Shortcut(s)

1. Select a shortcut with ✗ if you want to delete it.

2. Select Touch to Remove.

3. Select Save.
HONDA

Find any Honda authorized dealers to set as a destination.

1. Select the desired name from the list.
2. Select Go! to set the route to your destination.

Calculating the Route P. 69
Address

Enter an address to use as the destination.

1. Enter the house number. Select Done.

2. Enter the street name. Select Next.
   • A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.

3. Select your destination from the list.
   • Select Searching in or Tip if you want to search different city, state or country.

4. Select Go! to set the route to your destination.
   • Calculating the Route P. 69

Using Voice Command
You can say the entire address at once using voice commands.
From the Voice Portal screen, say “Navigation.”
Say “Find Address” on the voice command screen, then say the entire address. (e.g., “1234 Main Street, Los Angeles, California”).
Say “Change Country” if you want to change the country.
The system interprets the address.
Say “Yes” or a line number of a screen if the destination list appears (e.g., “1”).
Say “Navigate” or “Yes” to set the route.
   • Using Voice Commands P. 5
   • Voice Control Operation P. 11

The order of the steps may change depending on the map data loaded on your system.
Categories

Select the category of a place (e.g., Restaurants, Gas Stations, Shopping) stored in the map database to search for the destination.

1. Select a category.

2. Select a subcategory.
   - If the subcategory screen is not displayed, proceed to step 3.

Finding a Location by Category

This option is convenient if you do not know the exact name of a place or if you want to narrow down the number of matches returned for places with a common name.

When you set the destination or waypoint, the same categories of icons do not appear.

Using Voice Command

You can find a place by the name using voice commands.

From the Voice Portal screen, say “Navigation.” Say “Find Category” on the voice command screen, then say a category (e.g., “Fast Food”). Say “View Categories” if you want to confirm the category list.

Say a subcategory if the subcategory screen is displayed.

Say a line number of a screen (e.g., “1”). Say “Navigate” or “Yes” to set the route.

- Categories
- Using Voice Commands P. 5
- Voice Control Operation P. 11
3. Select a place name from the list.
4. Select Go! to set the route to your destination.

Calculating the Route P. 69

Categories

Quick Search screen
After you have performed a search for a destination, certain categories display a Quick Search list that display several destinations you selected.
Finding a Location by Intersections

Select the intersection of two streets as the destination.

1. Select State or Province. Select State or Country, if necessary.
2. Enter the name of the first street. Select Next.
   As you type the name, a list of streets matching the letters you input will appear directly below.
3. Enter the name of the second street. Select Next.
   As you type the name, a list of streets matching the letters you input will appear directly below.
4. Select Go! to set the route.

Using Voice Command
You can find intersections by the street name using voice commands.
From the Voice Portal screen, say “Navigation.” Say “Find Intersection” on the voice command screen and then say a city name.
Say a street name 1, then say a line number of a screen (e.g., “1”).
Say a street name 2, then say a line number of a screen (e.g., “1”).
Say “Navigate” or “Yes” to set the route.

Finding a Location by Intersections
If there is more than one intersection, you are prompted to select the intersection.

Calculating the Route P. 69

Using Voice Commands P. 5
Voice Control Operation P. 11
Finding a City

Selects your destination city.

1. Select a city.
   - Select Enter Search and enter a city name if you want to narrow down the number of matches.
2. Select Go! to set the route to your destination.

Calculating the Route P. 69

Finding a City

Using Voice Command
You can find a city by using voice commands. From the Voice Portal screen, say “Navigation.” Say “Find City” on the voice command screen, then say a city name (e.g., “Los Angeles”). Say a line number of a screen (e.g., “1”). Say “Navigate” or “Yes” to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11
Finding a Location Using Coordinates

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

1. Select the latitude coordinate.
2. Enter the new coordinate. Select Done.
3. Select the longitude coordinate.
4. Enter the new coordinate. Select Done.
5. Select View on Map.
6. Select Go! to set the route to your destination.

Viewing the Destination Map

If you want to change the coordinate format, press the (Menu) icon or select and then select Format.
Saved

Select a saved location to use as the destination.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.

Calculating the Route P. 69

Recent

Select an address from a list of your 50 most recent destinations to use as the destination. The list is displayed with the most recent destination at the top.

1. Select your destination from the list.
2. Select Go! to set the route to your destination.

Calculating the Route P. 69

Using Voice Command
You can utilize a saved place by using voice commands.

From the Voice Portal screen, say "Navigation."
Say "Saved Place" on the voice command screen, then say a saved place (e.g., "Honda").
Say "View List" if you want to confirm all saved places.
Say "Navigate" or "Yes" to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11

Using Voice Command
You can utilize a recent destination by using voice commands.

From the Voice Portal screen, say "Navigation."
Say "Recently Found" on the voice command screen, then say a line number of a screen (e.g., "1").
Say "Navigate" or "Yes" to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11
Map Input

Scroll the map to manually select an icon or a location as the destination.

1. Select any point on the map, a street, intersection, or category icon.
   - Return to the current location when you press the (Back) icon.

2. Select Go! to set the route to your destination.
   - Calculating the Route P. 69

You can customize the map as you like using +, -, , or .

- Map Operation P. 76

If you want to display a specific category of places, select and then select a category icon.

The place information is displayed when you select on the map.

- Viewing the Destination Map P. 71
Calculating the Route

This section describes how to calculate your route.

Select **Go!**.  
- The system calculates and displays the route line on the map screen.

The following options are available:

- **Routes**: Displays different routes.  
  - **Viewing and Selecting the Routes** P. 70
- **Destination**: Displays the destination on the map.  
  - **Viewing the Destination Map** P. 71

---

**Calculating the Route**

If the system has many guidance points on the route to the destination, it may stop calculation.  
In this case, the route guidance will start when you select **OK.**

---

69
Viewing and Selecting the Routes

View and select different routes to your destination.

1. Select ▼ or ▼ to change a route.
   - The travel distance, estimated travel time, and traffic information are displayed for each route.

2. Select Go!.
   - The system calculates and displays the route line on the map screen.
Viewing the Destination Map

1. Select an option.
2. Select Go!.
   - The system calculates and displays the route line on the map screen.

The following options are available:

- **Route Info**: Displays different routes.
  - Viewing and Selecting the Routes P. 70

- **Set Location**: Sets the vehicle position when you are indoors or not receiving satellite signals.
  - You can use this feature when GPS Simulator is set to on.
  - Navigation P. 36
Driving to Your Destination

Viewing the Route

This section describes how to follow the route guidance to your destination.

Map Screen

After calculating the route to your destination, the route is displayed on the map screen.

During Route Guidance P. 7
As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.

The following options are available:

- Select the text bar on the top of the map to display the turn list screen.
  
  Turn List P. 73

- Select the next guidance indicator to display the turn information screen or intersection view screen.
  
  Turn Information P. 74

- Select to cancel the route guidance and remove your current route.
  
  Canceling Your Route P. 10

- Select to display the map menu.
  
  Map Menu P. 77

- Select to display the parking information screen of nearby parking.

Viewing the Route

When your phone is connected to Bluetooth® HandsFreeLink®, the navigation screen will switch to the incoming call screen when receiving a call.

Speed limit icon
The speed limit shown on the map may be different from the actual speed limit.
The speed limit icon is not displayed on all roads.

Select the vehicle icon to view the Where Am I? screen.

Viewing the Current Location Information P. 79

You can stop your vehicle en route (e.g., to rest, stop for gas, etc.), and then continue on your route.

If you did not complete your route, the navigation restarts when you restart your vehicle.

When LaneWatch is activated, the navigation screen will switch to the LaneWatch screen.
- Select the map dashboards when you want to change the information that is displayed. Select the following options: Arrival Time, Distance, Time to Destination, Via Arrival, Distance to Via, Time to Via, Direction of Travel, Elevation.

### Turn List

The turn list screen displays turn-by-turn instructions and the distance between turns.

Select the text bar on the top of the map.
- Select a turn to display the detailed information.
  - **Turn Information** P. 74
- Press the (Menu) icon or select to display the entire route on the map.
  - **Entire Route** P. 74

### Viewing the Route

The next guidance indicator does not appear in the following cases.
- The vehicle speed is 3 mph (4.8 km/h) or less
- The GPS signal is weak
- The vehicle position on the map and current vehicle position do not match

The system displays a roundabout to the next guidance indicator in the following cases.
- Its diameter is 82 ft (25 m) or more
- There is no road inside it
- There is no stop sign

### Turn-by-Turn Directions

The next guidance point appears on the Driver Information Interface (DII).

The Turn-by-Turn directions may not be displayed if the information cannot be received correctly.
■ Turn Information
The turn information screen displays the turn on the map and the distance and time remaining before you reach the turn. The lane assist screen may display a view of the upcoming intersection.

Select the next guidance indicator of the map or select any turn on the turn list screen.

■ Entire Route
The entire route screen displays the entire route, destination name, time to destination, and distance to destination.

1. Select the text bar on the top of the map.
2. Press the (Menu) icon or select .
3. Select Map to display the entire route screen.
   ▶ Press the (Back) icon to return to the previous screen.

Viewing the Route
Intersection View Screen
The intersection view screen displays a view of the upcoming intersection and which lane you should be driving.
Deviating From the Planned Route

If you leave the calculated route, the system automatically recalculates a route to the set destination based on your current location and direction.

Trip Log Display

If you set the trip log to show, a series of lines (breadcrumbs) are displayed to track the path you are taking.

- Map Layers P. 34

Trip Log Display

You can delete the Trip Log.
- Device P. 49
- Reset Factory Default Settings P. 51
Map Operation

Customize the map, set a destination, and save a place from the map.

1. Select any point on the map.
2. Select an option.
   - If you want to set a destination or save a location in the map, scroll the map and select the desired location.
   - Saved Locations P. 19
   - Map Input P. 68

The following options are available:
- : Zooms in to the map.
- : Zooms out of the map.
- : Switches the map to 2D or 3D.
- : Rotates the 3D map.
- : Sets the data that appears on the map.
  - Map Layers P. 34

Map Operation

When you select Track Up or North Up, the current map scale and the (Track Up only) appear on the map.
The always points to North.

Driving Map View (Map Orientation) P. 30
Map Menu

You can also display the map menu by selecting on the map screen.

Select an option.

The following options are available:

- **Where To?**: Enters a new destination.
  - [Entering a Destination](#) P. 54
- **Mute**: Turns the voice prompts on or off.
- **Stop**: Cancels the route guidance and removes your current route.
- **Detour**: Calculates a detour route.
  - [Taking a Detour](#) P. 87
- **Exit Services**: Displays a list of the exit services for the route.
  - [Viewing Exit Services](#) P. 78
- **Where Am I?**: Displays the information about your current location.
  - [Viewing the Current Location Information](#) P. 79
- **Map Layers**: Sets the data that appears on the map.
  - [Map Layers](#) P. 34
- **ecoRoute™**: Uses the ecoRoute™ features.
  - [ecoRoute™](#) P. 105
- **Settings**: Changes settings for navigation functions.
  - [System Setup](#) P. 15

Continued
You can view exit services (e.g., whether the exit is near gas stations, restaurants, etc.) and add new destinations or waypoints to the calculated route.

1. Select \( \leftarrow \) or \( \rightarrow \) to display your desired list of exit services.
2. Select a category tab.
3. Select an option.
   - The location is displayed on the Calculate Route screen.

\[ \text{Viewing the Destination Map} \]

P. 71
Viewing the Current Location Information

You can confirm your current location, address, and nearest intersection.

Select an option.

The following options are available:

- **Save**: Saves your current location.
  - **Saving Your Current Location** P. 21
- **Hospitals/Police Stations/Fuel**: Searches for a hospital, police station, or gas station around your current location.
  - **Searching Near Establishment** P. 91

Vehicle position may not be displayed when:
- The vehicle is traveling off-road.
- The vehicle position data cannot be updated.
Using Directions to Me

Get a list of directions to your current location.

1. Press the (Menu) icon or select .
2. Select Directions to Me.
3. Select an option.
4. Select Select.

The turn list screen displays turn-by-turn instructions and the distance between turns.

Turn List P. 73
Traffic Information

When you set the traffic feature, the system examines traffic conditions and optimizes the route for the shortest time. If a severe traffic delay occurs while you are navigating, the system searches for a faster route. If it finds one, the system will prompt you and you can choose to accept the new route.

The traffic icon changes color to indicate the severity of traffic conditions on your route or on the road you are currently traveling. The system may route you through a traffic delay if a better alternative route does not exist. The delay time is added into your estimated time of arrival automatically.

1. Select on the map screen.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.

You can change the traffic information settings.

The traffic icon changes color to indicate the severity of traffic conditions.

- **Green**: Flowing freely.
- **Yellow**: Moderate traffic condition.
- **Red**: Very slow or stop-and-go traffic.
- **Gray**: No traffic data.
2. Select an option.

The following options are available:

- **Alternate Route**: Displays the alternate route screen.
  
  [Alternate Route](#)  P. 83

- **Traffic On Route**: Displays the traffic delays on your route. You can select the traffic you want to avoid.
  
  [Traffic Rerouting Manually](#)  P. 84

- **Traffic Conditions**: Displays the traffic flow and delays on nearby roads.
  
  [Viewing Traffic Delays](#)  P. 85

- **Traffic Legend**: Displays an overview of traffic legends.
  
  [Viewing Traffic Legends](#)  P. 85
Alternate Route

Display the alternate route screen.

<table>

</tbody>
</table>

Select Go!.
Traffic Rerouting Manually

View the traffic delays on your route, including the estimated time of each delay and the distance to each delay. You can select the traffic you want to avoid manually.

1. Display a list of traffic events.
2. Select an option.
3. Select  and then select Avoid to avoid the traffic delay.
   - Select < or > to view other traffic delays on your route.
Viewing Traffic Delays

View the traffic flow and delays on nearby roads.

Select if you want to display a list of traffic delays.

Viewing Traffic Legends

See an overview of the icons and colors used on the traffic map.

The system displays the traffic legend.
Changing Your Route

Stopping the Route

Stop the route guidance and remove the destination and all waypoints.

Select "Stop route".

You can also stop your route from the map menu.

- Using Voice Commands P. 5
- Voice Control Operation P. 11

Map Menu P. 77
Taking a Detour

(Menu) ➤ Detour (when en route)

Calculate a new route to avoid something ahead of you. The system creates a new route if possible and attempts to get you back on your original route as quickly as possible.

Taking a Detour Around Specified Areas

You can take a detour for a specified distance along your route or detour around specific roads. This is useful if you encounter construction zones, closed roads, or poor road conditions.

Select an option.

- Advanced Detours
  - Next 0.5 mi on Route
  - Next 2 mi on Route
  - Next 5 mi on Route
  - Detour by Road(s) on Route

If your current route is the only reasonable option, the system might not calculate a detour.

Select ✎ to delete all detours.
The following options are available:

- **Next 0.5 mi on Route**: Calculates a new route by avoiding the next 0.5 mile on your route.
- **Next 2 mi on Route**: Calculates a new route by avoiding the next 2 miles on your route.
- **Next 5 mi on Route**: Calculates a new route by avoiding the next 5 miles on your route.
- **Detour by Road(s) on Route**: Calculates a new route by avoiding the specific roads on your route. Select roads from the turn list.
Adding Waypoints

Add waypoints (pit stops) along the route to your destination.

1. While en route, select a search method to add a new destination or waypoint.
   - Entering a Destination P. 54
2. Select a place. Select Go!.
3. Select Add to Active Route.
   - Select Start New Route to set the location as your new destination.
   - Entering a New Destination P. 93
4. Select and hold 🔥, ⏯️ or ⏯️ and then move the destination to the desired position.
5. Select Done.
   - The route is automatically recalculated and displayed on the map screen.

Adding Waypoints

When you add a waypoint, the system may take some time to update the arrival time.
Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Select any point on the map, or a street, intersection, or category icon.
2. Select Go!.
3. Select an option.

The following options are available:
- **Start New Route**: Sets the location as your new destination.
- **Add to Active Route**: Sets the location as the first waypoint in the Edit Route screen.

[Adding Waypoints](#) P. 89
Searching Near Establishment

Search for a hospital, police station, or gas station around your current location.

1. Select a category type.
   - You can also confirm your current location, address, and nearest intersection.

2. Select a place.
3. Select Go!.

Continued
4. Select an option.

The following options are available:

- **Start New Route**: Sets the location as your new destination.
- **Add to Active Route**: Sets the location as the first waypoint in the Edit Route screen.

[Adding Waypoints](#) P. 89
Entering a New Destination

Enter a new destination using the destination menu screen even when you are in route.

1. Select a search method to enter a new destination.
   - **Entering a Destination** P. 54
2. Select a place and then select Go!
3. Select an option.

The following options are available:
- **Start New Route**: Sets the location as your new destination.
- **Add to Active Route**: Sets the location as the first waypoint in the Edit Route screen.
  - **Adding Waypoints** P. 89

You can also display the *Where To?* screen by pressing the BACK (Back) icon on the navigation top screen.
Entering a New Destination from Trip Planner

You can use the trip planner to create and save a route with multiple destinations.

Creating Your Route

1. Select a method to enter a new destination.
   - Entering a Destination P. 54
2. Select Select.
3. Select + to add additional locations.
   - Repeat steps 1 and 2 to enter the destination.
   - Select and hold , , or and then move the destination to the desired position.
   - Select - to delete unwanted destinations.
4. Select Next.
Changing Your Destination

About Apps Menu

Display the useful functions incorporated into the navigation system.

Select an option.

The following options are available:

- **Help**: Displays the Help function.
  - Help P. 113

- **ecoRoute™**: Allows for mileage and fuel cost entry and displays fuel economy information, mileage reports, your driving habits, and vehicle information.
  - ecoRoute™ P. 105

- **Trip Planner**: Sets the trip planner to create and save a trip with multiple destinations.
  - Editing the Destination List P. 98
  - Entering a New Destination from Trip Planner P. 94

- **Where I've Been**: Displays your previous routes and places you have stopped on the map.
  - Where I've Been P. 114

- **Calculator**: Displays the calculator function.
  - Calculator P. 114

- **Unit Converter**: Displays the unit converter function.
  - Unit Converter P. 115
The ecoRoute™ feature calculates the fuel economy and the fuel price of navigating to a destination and offers tools for improving fuel efficiency. The data provided by the ecoRoute™ feature is an estimate only. To receive more accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy.

Select an option.

The following options are available:

- **At The Pump**: Calibrates the fuel economy to receive more accurate fuel reports.
  - [Calibrating the Fuel Economy](#)
  - [P. 109](#)

- **ecoChallenge**: Helps you maximize the vehicle fuel economy by scoring your driving habits.
  - [Viewing the ecoChallenge Scores](#)
  - [P. 110](#)

- **Fuel Economy**: Displays fuel economy information.
  - [Viewing Fuel Economy Information](#)
  - [P. 111](#)

- **Vehicle Profile**: Checks or resets your vehicle information.
  - [Viewing the Vehicle Profile](#)
  - [P. 108](#)

- **Mileage Report**: Displays mileage reports for your vehicle.
  - [Viewing a Mileage Report](#)
  - [P. 112](#)

The first time you use the ecoRoute™ features, you must enter vehicle information.

- [Setting Up the Vehicle Profile](#)
  - [P. 106](#)
Setting Up the Vehicle Profile

The first time you use the ecoRoute™ features, you must enter vehicle information.

1. Select Yes.

2. Select a fuel type.
3. Select Next.
4. Enter your estimated city fuel economy.
5. Select Next.

6. Enter your estimated highway fuel economy.
7. Select Next.

8. Enter the fuel price.
9. Select Next.
   - The confirmation message will appear.
10. Select OK.
Viewing the Vehicle Profile

Select Vehicle Profile.
If you want to reset the Vehicle Profile, select Reset.
Calibrating the Fuel Economy

You can calibrate the fuel economy to receive more accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

1. Enter the current fuel price.
2. Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
3. Enter the distance you have traveled since the last time the fuel tank was filled.
4. Select Next.
   - The system calculates the average vehicle fuel economy.
5. Select Save.
Viewing the ecoChallenge Scores

The ecoChallenge feature helps you maximize fuel economy by scoring your driving habits. When your ecoChallenge scores are high, it means you have saved more fuel. The ecoChallenge collects data and calculates a score whenever the vehicle is moving.

The following information is displayed:

- **Current**: Displays the score for your current driving activity.
- **Overall**: Displays an average of the speed, acceleration, and braking score.
- **Speed**: Displays your score for driving your vehicle at the optimal speed for conserving fuel (45–60 mph (72–96 km/h) for most vehicles).
- **Acceleration**: Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.
- **Braking**: Displays your score for smooth and gradual braking. You lose points for hard braking.

If you want to reset the ecoChallenge scores, select and then select **Reset**.
Viewing Fuel Economy Information

You can view your fuel consumption, your total fuel cost, and your average fuel economy.

Select a section of the graph to zoom in.

If you want to reset the Fuel Economy information, select and then select Reset.
Viewing a Mileage Report

You can view the mileage reports on the system.

Select a report.

Display the Mileage Report.

Mileage Reports
Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination. A mileage report is created for every route that you drive. If you stop a route on the system, a mileage report is created for the distance you traveled.
Select a help topic you want to display.

1. Enter a keyword. Select Done.

2. Select a help topic you want to display.

You can also display the help topic to select ? on each menu screen.
Where I've Been

Before you can use this feature, you must enable the travel history feature. You can view your previous routes and places you have stopped on the map.

Calculator

Enter a numeric value to calculate.
Unit Converter

1. If necessary, select a measurement category (e.g., Distance).
   ▶ Select a measurement category from the list. Select Save.

2. If necessary, select a unit of measurement (e.g., km).
   ▶ Select a unit of measurement from the list. Select Save.

3. Enter a numeric value to convert (e.g., 1000). Select Done.
GPS Information

The GPS info screen displays the satellites’ status.

Select and hold .

A solid bar indicates that the GPS satellite is ready for use.

# Troubleshooting

## Map, Voice, Entering Destinations

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Startup Confirmation screen is displayed every time I start the car.</td>
<td>This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. The Startup Confirmation screen goes off after a certain period of time, even if you do not select OK.</td>
</tr>
<tr>
<td>The navigation system reboots by itself (returns to the opening screen).</td>
<td>A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.</td>
</tr>
</tbody>
</table>
| How do I specify a destination when an entered city or street could not be found? | Try selecting the destination directly from the map.  
[Map Input](P. 68)                                                                 |
2. Select saved places you want to delete.  
3. Select Delete.  
4. Select Yes.                                                                 |
| I cannot hear the navigation system voice.                              | 1. Select MAP and then select the (Back) icon. Select Settings > Navigation and enable Voice Prompts.  
2. Press the (Home) icon. Select Settings > System > Sound/Beep tab. Turn up Guidance Volume, if volume level is low.  
For more details, see the Owner’s Manual. |
## Traffic

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
</table>
| Traffic information is missing or is not displaying properly. What is wrong? | Verify the following:  
  - Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available.  
  - Check that the traffic icons are turned on.  
    Traffic Information P. 81  
  - It is possible that there is a temporary technical problem with your metropolitan area traffic provider. You can call Honda Automobile Customer Service to see if there is an outage.  
    Honda Automobile Customer Service Contact Information P. 126  
  - If the situation persists, see your Honda authorized dealer for assistance.  
  - Traffic information is available only in certain areas. |
## Guidance, Routing

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The navigation system does not route me the same way I would go or the same way as other mapping systems.</td>
<td>The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route. <a href="#">Recalculate Using Another Route Preference</a> P. 102</td>
</tr>
<tr>
<td>The street I’m on is not shown on the map screen.</td>
<td>The mapping database is constantly undergoing revision.</td>
</tr>
</tbody>
</table>
| The vehicle position icon is not following the road.                  | • Check that the GPS antenna (located in the dashboard) is not blocked. For best reception, remove items from the dashboard, such as radar detectors, cellular phones, or loose articles.  
  • Metallic tinting or other aftermarket devices can interfere with GPS reception. Please consult your dealer. [GPS](#) P. 124 |
| How do I stop the map from rotating as I drive along?                  | 1. Select [MAP](#) and then press the [BACK](#) icon.  
  2. Select **Settings** > **Map & Vehicle** > **Driving Map View**.  
  3. Check that **Driving Map View** is set to **Track Up** or **3-D**.  
  4. Select **North Up** and then select **Save**. |
| The “Arrival time” display sometimes increases even though I am getting closer to my destination. | The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later. |
| My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed. | This is normal. The elevation can vary ±100 ft (30 m) due to GPS calculation errors. [GPS](#) P. 124 |
| My elevation is missing on the “current position” screen.              | The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level. |
### Update, Coverage, Map Errors

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>My city is not part of a fully verified detailed coverage area.</td>
<td>The mapping database is constantly undergoing revision.</td>
</tr>
<tr>
<td>Does the navigation system work outside North America?</td>
<td>The system contains maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.</td>
</tr>
</tbody>
</table>

### Display, Accessories

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The display appears dim when starting the car in really cold weather.</td>
<td>This is normal. The display will become brighter after a few minutes.</td>
</tr>
</tbody>
</table>
## Miscellaneous Questions

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>My clock frequently changes forward and backward by one hour.</td>
<td>The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.</td>
</tr>
<tr>
<td>How do I change the interface language?</td>
<td>Select the 🏡 (Home) icon and then select Settings &gt; System &gt; Others tab &gt; Language. Select the desired language for system language. For more information, see the Owner’s Manual.</td>
</tr>
</tbody>
</table>

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Cellular phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.

Obtaining a Navigation Update P. 126
Resolving Problems

If you run into a specific issue that you cannot resolve, consult the following help resources:

- For navigation system issues: Troubleshooting P. 118
  Or, please contact your dealer.
- For traffic-related issues: Traffic P. 119
- For reporting issues with the database or places/landmarks:
  - Visit https://my.garmin.com/mapErrors/report.faces
  - Or call Garmin OEM support directly at (855) 607-2536.

Obtaining a Navigation Update

Honda is continuously updating the navigation system and new software is usually made available on an annual basis. For information on navigation updates for your vehicle, please visit:

- U.S.: hondanavi/navigation.com
- Canada: www.honda.ca/owners/honda-services/navigation

You can also contact your Honda authorized dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information

Honda Navi

American Honda Motor Co., Inc.
Honda Automobile Customer Service
Mail Stop 100-5E-8A
1919 Torrance Blvd.
Torrance, CA 90501-2746
Tel: (800) 999-1009
Fax: (310) 783-3023

Honda Canada Inc.

Honda Customer Relations
180 Honda Blvd.
Markham, ON
L6C 0H9
Tel: (888)-9-HONDA-9
Hours: 8:00 am to 7:30 pm Mon to Fri (EST)
Visiting Your Dealer

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage

The system provides maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.
User Agreement

END USER TERMS

The content provided ("Data") is licensed, not sold. By opening this package, or installing, copying, or otherwise using the Data, you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, you are not permitted to install, copy, use, resell or transfer the Data. If you wish to reject the terms of this agreement, and have not installed, copied, or used the Data, you must contact your retailer or HERE North America, LLC (as defined below) within thirty (30) days of purchase for a refund of your purchase price. To contact HERE, please visit www.here.com.

The Data is provided for your personal, internal use only and may not be resold. It is protected by copyright, and is subject to the following terms (this “End User License Agreement”) and conditions which are agreed to by you, on the one hand, and HERE and its licensors (including their licensors and suppliers) on the other hand. For purposes of these terms, “HERE” shall mean (a) HERE North America, LLC with respect to Data for the Americas and/or the Asia Pacific region and (b) HERE Europe B.V. for Data for Europe, the Middle East and/or Africa.

The Data includes certain information and related content provided under license to HERE from third parties and is subject to the applicable supplier terms and copyright notices set forth at the following URL: http://corporate.navteq.com/supplier_terms.html.

TERMS AND CONDITIONS

License Limitations on Use: You agree that your license to use this Data is limited to and conditioned on use for solely personal, noncommercial purposes, and not for service bureau, timesharing or other similar purposes. Except as otherwise set forth herein, you agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws.

License Limitations on Transfer: Your limited license does not allow transfer or resale of the Data, except on the condition that you may transfer the Data and all accompanying materials on a permanent basis if: (a) you retain no copies of the Data; (b) the recipient agrees to the terms of this End User License Agreement; and (c) you transfer the Data in the exact same form as you purchased it by physically transferring the original media (e.g., the CD-ROM or DVD you purchased), all original packaging, all Manuals and other documentation. Specifically, Multidisc sets may only be transferred or sold as a complete set as provided to you and not as a subset thereof.

Additional License Limitations: Except where you have been specifically licensed to do so by HERE in a separate written agreement, and without limiting the preceding paragraph, your license is conditioned on use of the Data as prescribed in this agreement, and you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles capable of vehicle navigation, positioning, dispatch,
real time route guidance, fleet management or similar applications; or (b) with, or in communication with, including without limitation, cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning: This Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic Data, any of which may lead to incorrect results.

No Warranty: This Data is provided to you “as is”, and you agree to use it at your own risk. HERE and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error free.

Disclaimer of Warranty: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THIS DATA; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS DATA, ANY DEFECT IN THIS DATA, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF HERE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control: You agree not to export from anywhere any part of the Data or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations, including but not limited to the laws, rules and regulations administered by the Office of Foreign Assets Control of the U.S. Department of Commerce and the Bureau of Industry and Security of the U.S. Department of Commerce. To the extent that any such export laws, rules or regulations prohibit HERE from complying with any of its obligations hereunder to deliver or distribute Data, such failure shall be excused and shall not constitute a breach of this Agreement.
Entire Agreement: These terms and conditions constitute the entire agreement between HERE (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Severability: You and HERE agree that if any portion of this agreement is found illegal or unenforceable, that portion shall be severed and the remainder of the Agreement shall be given full force and effect.

Governing Law: The above terms and conditions shall be governed by the laws of the State of Illinois (for Data for the Americas and/or the Asia Pacific region) or The Netherlands (for Data for Europe, the Middle East and Africa), without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. For any and all disputes, claims and actions arising from or in connection with the Data (“Claims”), you agree to submit to the personal jurisdiction of (a) the State of Illinois for Claims related to Data for the Americas and/or the Asia Pacific region provided to you hereunder, and (b) The Netherlands for Data for Europe, the Middle East and/or Africa provided to you hereunder.

Government End Users: If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a “commercial item” as that term is defined at 48 C.F.R. (“FAR”) 2.101, is licensed in accordance with this End User License Agreement, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following “Notice of Use”, and be treated in accordance with such Notice:

NOTICE OF USE

CONTRACTOR (MANUFACTURER/SUPPLIER) NAME:
