Accessories Precautions
The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.
Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

⚠️ WARNING
Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.
Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.
Enter information before you begin driving or when stopped. As you drive, listen to the audible instructions and use voice commands when possible. Pull to the side of the road if you need more time to look at the screen or operate the controls.
Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.
The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

⚠️ System Limitations P. 308

NOTICE
This vehicle’s navigation display, if so equipped, includes mercury-containing components. Upon removal, please reuse, recycle, or dispose of as hazardous waste. Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Software End User License Agreement
Your vehicle comes equipped with software, which is governed by the End User License Agreement in Navigation Manual, and which contains a binding arbitration clause. Please refer to the End User License Agreement for the terms and conditions governing your use of the installed software, as well as the applications, services, functions, and content provided through the software. Your use of the installed software will serve as your consent to the terms and conditions of the End User License Agreement.
You may opt out within 30 days of your initial use of the Software by sending a signed, written notice to HONDA at American Honda Motor Co., Inc. Honda Automobile Customer Services Mail Stop 100-5E-8F, 1919 Torrance Blvd. Torrance, CA 90501-2746.

Privacy Notice
This vehicle may share location and usage information. To manage this setting, visit www.acuralink.com/vehicle-data-choices.

Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using voice control or the Interface Dial. The navigation system gives you turn-by-turn driving directions to your destination.

**Store home address** ➔ P.46
Register 1 home address.

**Store contacts** ➔ P.39
Store up to 200 contacts in 2 address books.

**Enter destination** ➔ P.90
Select your destination using 13 methods.

**Select route** ➔ P.117
Set route preferences and select one of 3 routes.

**Track route** ➔ P.118
Follow your route in real-time with voice guidance.

**Subscription service**
AcuraLink Real-Time Traffic™ ➔ P.130
Bypass congestion and traffic incidents.

**Avoid certain areas** ➔ P.50
Set streets and areas to detour around.

**Add waypoints** ➔ P.135
Add up to 4 “pit stops” along your route.
Audio

The advanced audio system provides clear, well-defined sound and makes the most of your music. Enjoy listening to a variety of audio sources, such as:

- FM/AM Radio  P.158
- SiriusXM® Radio  P.164
- Compact Disc  P.179
- Hard Disc Drive (HDD)  P.185
- iPod  P.198
- Internet Radio  P.210
- USB Flash Drive  P.215
- Bluetooth® Audio  P.221

AcuraLink®  P.272

AcuraLink® provides you with important information and messages between your vehicle and Acura.

Voice Control  P.22

Use voice commands for safer system control while driving. You can operate all key functions of the navigation, audio, Bluetooth® HandsFreeLink®, and climate control systems.

Bluetooth® HandsFreeLink®  P.226

Pair a compatible mobile phone to receive incoming and make outgoing calls. You can operate the phone features without ever taking your hands off the wheel.

On Demand Multi-Use Display™ Basic Operation

Audio Source
Select to change an audio source.
You can change the position of icons.

Shortcuts
Select to display the shortcut menu.

More
Select to display the menu items.
Select and hold a desired number where you want to store the station/channel. Select to listen to a preset station/channel.

FM/AM/SiriusXM®/Pandora®/Aha™
- Select the preset station (FM/AM/Pandora*/Aha).
- Select to search that category/channel on the tune screen (SiriusXM).
- Select and hold to search that station/channel on the preset screen (AM/FM/SiriusXM).
- Select and hold to search up or down 10 channels on the tune screen (SiriusXM).
- Select the channel. In channel mode, select and hold to change the channel rapidly. (SiriusXM)
- Select to skip to the next/previous channel on the tune screen.
- Select to change tracks. Select and hold to move rapidly within a track.
- Select a song (Pandora*) or contents (Aha).

CD/HDD/USB flash drive/Bluetooth® Audio
- Select to skip to the next folder, and to skip to the beginning of the previous folder.
- Select to change tracks. Select and hold to move rapidly within a track.
- Select an album.
- Select to change tracks. Select and hold to move rapidly within a track.

*: Pandora® is available on U.S. models only.
Voice Control Operation

Voice Portal Screen

1. Press and release the [ Talk ] button on the top screen of any mode. The system prompts you to say a voice command and gives examples. Press and release the [ Talk ] button again to bypass this prompt.

- The system beeps when ready for a command. Press the [ Hang-Up/Back ] button to cancel.
- Available voice commands are highlighted on the screen.

2. Say a voice command. After that, follow the voice prompt and say a voice command.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen. The system recognizes only certain commands. Available navigation voice commands

  - Say "Voice Help" to enter supported commands for the current screen. A voice help tutorial is also available. Voice Help

  - During the voice control mode, press and hold the [ Hang-Up/Back ] button to return to the Voice Portal screen.

  - Set Voice Prompt to Off to bypass the voice prompt. Voice Recognition Settings

  - Carefully read the usage note for the voice control. Voice Control System
Interface Dial/ENTER Button Operation

**Rotate dial**
- Changes scale
- Map screens

**Press ENTER**
- Selects function
- Selects map icon
- Map screens

**Move**
- Move up
- Move down
- Move left
- Move right

**Scrolls map** (8 directions)
- Map screens

**Selects labeled function**
- Menu screens

You will see these icons in each chapter. They represent how you can operate the Interface Dial.

Selecting Icon
- Selecting highlighted option
- Menu screens
How to Enter Information

You can enter information (e.g., city names, street names, personal names, and business names comprising letters, numbers, and symbols) when prompted on input screen.

Using the Interface Dial

Rotate to highlight a character.

- Select to display upper/lower case characters.
- Select to display symbols and accented characters.
- Select (or move ) to edit the entered characters.

Press to enter the highlighted character.

- Move to select Space to enter a space character.
- Move to select Delete to remove the last entered character.

You can also use the touchscreen to enter information.

Scrolling through lists or tabs is limited while the vehicle is moving.

Certain screen functions are limited or inoperable while the vehicle is moving. For these functions, use available voice commands or pull over to proceed.
Map Screen Legend

- **Map orientation**
  - North up
  - Heading up
  - 3D map

- **GPS signal strength**
  - Best reception
  - Good reception
  - No icon: Poor/No reception

- **Streets**
  - Freeways/highways
  - State routes
  - Verified streets
  - Unverified streets
  - One-way

- **Feature areas**
  - Park
  - Hospital
  - Shopping Mall
  - Water Area
  - Golf Course
  - Cemetery
  - University

- **Map scale**

- **AcuraLink® Message icon**

- **AcuraLink® signal indicator**

- **Landmark icons**

- **Current map scale**

- **Current vehicle position**

- **Current street name**
During Route Guidance

During route guidance, route information is displayed on the map screen and guidance screen. Press the NAV button to toggle between the map and guidance screen.

**Map Screen**
- Tracking dots
- Guide to destination or waypoint
- Estimated time to destination (waypoint)
- Distance to destination (waypoint)
  - Distance of the actual route.

**Guidance Screen**
- Guidance point
- Guide to destination or waypoint
- Estimated time to destination (waypoint)
- Distance to destination (waypoint)
  - Distance of the actual route.

**Day or Night Mode**
Press the (Display mode) button to manually switch between day and night mode.

**Multi-information Display**
**Turn-by-Turn Directions**
The next guidance point appears on the multi-information display.
- Remaining distance
- Street name of next guidance point
- Next driving maneuver is approaching
Navigation—Home Addresses and Going Home
The “Home” feature automatically routes you to your home address from any location simply by selecting Go Home.

**Storing Your Home Address**

1. Press the SETTINGS button.
2. Rotate to select Navi Settings. Press .
4. Rotate to select Name. Press .
5. Enter a name.
6. Rotate to select Address. Press .
7. Enter an address.
8. Rotate to select Phone No. Press .
9. Enter a phone number.
10. Move and rotate to select OK. Press .

**Going Home**

1. From the map screen, press the MENU button.
2. Rotate to select Go Home. Press .
3. Rotate to select Set as Destination. Press .
Navigation—Entering a Destination
Enter your destination using one of several methods, then follow route guidance on the map or guidance screen to your destination.

1. From the map screen, press the MENU button.
2. Rotate to select Address. Press .
3. Rotate to select Street. Press .
4. Enter the name of your destination street.
5. Rotate to select your destination street from the list. Press .
6. Enter the street number. Move to select OK when finished.
7. If there is more than one city with the specified street, a list of cities is displayed. Rotate to select the desired city from the list. Press .
8. Rotate to select Set as Destination. Press . Route guidance to the destination begins.

- View Routes: Choose one of three routes.
- Route Preference: Choose Max or Min for the five settings.
Navigation—Changing Route or Destination
You can alter your route by adding waypoints to visit, adding streets to avoid, or changing your destination during route guidance.

Adding a Waypoint ("Pit Stop")
You can add up to four waypoints along your route. ➡️ P. 135

1. From the map screen, press the MENU button.
2. Rotate 🎯 to select Destination List. Press 📮.
3. Rotate 🎯 to select Add New Destination. Press 📮.
4. Rotate 🎯 to select Find Along Route. Press 📮.
5. Rotate 🎯 to select location and search method. Press 📮.

- Search Around: Search around a location.
- Search Along: Search between two locations.

6. Select the icon category and location to add to the Destination List when prompted. Edit the order of destinations if necessary.
7. Move 🔴 and rotate 🎯 to select Start Route. Press 📮.

Changing Your Destination
There are several methods you can use to specify a new destination during route guidance.

- Selecting an icon on the map ➡️ P. 143
  Scroll the map to position the cursor over a place/landmark icon or a new area on the map. Press 📮 twice.
- Entering a new destination ➡️ P. 144
  Press the MENU button. Move ◀️ to select Destination and enter a new destination.

Canceling Your Route

1. Press the MENU button.
2. Rotate 🎯 to select Cancel Route. Press 📮.
AcuraLink®

AcuraLink® Messages
AcuraLink® provides a direct communication link between you and Acura. It sends and receives several kinds of messages through the Acura server.

The following features are available:
- Vehicle feature guide
- Operating quick tips
- Safety and maintenance information
- Diagnostic information
- Dealer appointment and maintenance reminders

AcuraLink Real-Time Traffic™
Displays continuously updated traffic information and recalculates your route in response to traffic flow, incidents, or road closures.

Traffic incident icons
- Congestion
- Incident
- Weather
- Construction
- Road Closed

Traffic status indicator
- Traffic information available
- Traffic information off or map scale too large
- No icon: Out of coverage area

NOTE: AcuraLink Real-Time Traffic™ is a subscription service. For more information, contact an Acura dealer or visit owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada).
Voice Help
This navigation system comes with voice help, which shows you what command to say when using the voice command functions.

Command Help

1. Press and release the  (Talk) button.

2. Say "Voice Help."

The voice help screen is displayed. The "Voice Help" command is available on most screens.

3. Say one of the options for a list of available commands by category (e.g., "Navigation Commands").

Getting Started Tutorial

1. Move  and rotate  to select "Getting Started" on the voice help screen. Press .

For "Voice Settings" and "All Commands." (P24, 332)

2. The system reads the tips for the voice control.

- Rotate  to read the tips.
- Move < or > to display the previous/next page.
Troubleshooting

**Q** Why does the vehicle position icon on the map “lag” a short distance behind my actual position, especially at intersections?
**A** This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

**Q** Why does the “time to destination” display sometimes increase even though I am getting closer to my destination?
**A** The “time to destination” is based on your actual road speed and traffic conditions to give you a better estimate of arrival time.

**Q** How do I specify a destination when an entered city or street could not be found?
**A** Try entering the street first. Some cities are lumped in with a major metro area. In rural “unverified” areas or new subdivisions, streets may be missing or only partially numbered.

**Q** How do I turn on the navigation system voice guidance?
**A** On the map screen, press $\text{ }$ to display the Map Menu. Rotate $\text{ }$ to select **Guidance Volume**. Adjust the preferred volume level.

**Q** My battery was disconnected or went dead, and the navigation system is asking for a code. Where do I find it?
**A** In most cases, you do not need to enter a code. Simply press and hold the $\text{ (Power) button for two seconds; the system should reactivate.}$

System Initialization P. 306
How to Use This Manual
This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents

Two types of Tables of Contents help you find your desired information.

- Table of Contents
  First, find the general chapter related to what you are looking for (e.g., entering a destination from the Address Book). Then, go to that chapter to view a more specific table of contents.

- Chapter Contents
  This more detailed table of contents shows you exactly what information is listed by section and title.

Searching the Index

Menu items displayed on the navigation screen (e.g., Address Book) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
Press the hard button on the system control panel.

Select the menu option with the Interface Dial.

After following the menu tree, step-by-step instructions explain how to achieve the desired result.

Menu Tree

The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

All menu options can also be activated with voice commands.

Sample pages and images in this section may differ from the actual ones.
System Setup

This section describes the start-up procedure and the navigation and setup functions.
The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following Confirmation screen is displayed.

1. Press 🔄 to select OK.
   ▶ If you do not select OK, the map screen is displayed after a certain period of time.
   ▶ Your current position is displayed on the map screen.

2. Press the NAV button if a different mode is selected.
   ▶ Your current position is displayed on the map screen.

Start-up
If the navigation system loses power at any time, you may need to press and hold the ⬆️ (Power) button for more than two seconds, or you may be prompted for the five-digit security code.

System Initialization P. 306
At start-up, the driver’s keyless access remote is automatically detected and the address book settings, setup preferences, wallpapers, and audio settings for that driver (e.g., Driver 1) are loaded.

"OK" on the Confirmation screen cannot be selected by using a voice command.
Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option using the Interface Dial until the vehicle is stopped.

Voice commands are still operable while the vehicle is in motion.
Voice Control System

Your vehicle has a voice control system that allows hands-free operation of most of the navigation system functions. The voice control system uses the (Talk) and (Hang-Up/Back) buttons on the steering wheel and a microphone near the map lights on the ceiling. A “Getting Started” feature provides a tutorial that explains how to use the voice control system.

Getting Started Tutorial P. 15

Command Input

If the system does not understand a command or you wait too long to give a command, the system asks you to repeat the command. When you give a command, the system generally either repeats the command as a confirmation or asks you for further information. If you do not wish to hear this feedback, you can turn it off. However, listening to the feedback will help familiarize you with the way the system expects commands to be phrased.

If the system cannot perform a command or the command is not appropriate for the screen you are on, the system beeps.

On character input screens, a list of possible characters is displayed if the system does not recognize your command. You can find out which voice commands are available for a particular screen using the (Voice Help) command. The system will display and read the list of available commands to you.

Voice Help P. 15

Voice Control System

When you press the (Talk) button, the system prompts you to say a voice command and gives examples. Press and release the (Talk) button again to bypass this prompt and give a command.

Command Input

The audio system is muted while using the voice control system.
Voice Recognition

To achieve optimum voice recognition when using the navigation voice control system:

- Make sure the correct screen is displayed for the voice command that you are using.
  The system recognizes only certain commands.
  Available navigation voice command.
  2 Voice Commands P. 332
- Close the windows and moonroof.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak clearly in a clear, natural speaking voice without pausing between words.
- Reduce any background noise and the climate controls fan speed if possible. The system may misinterpret your command if more than one person is speaking at the same time.
- Refer to the Voice Help feature.
  2 Voice Help P. 15
Voice Recognition Settings

The following items are available:

- **Voice Prompt**: Turns the voice prompt on or off.
  - On (factory default): Provides the voice prompts.
  - Off: Disable the feature.
- **Song By Voice**: Turns the Song By Voice™ on or off.
  - Settings Song By Voice™ (SBV) P. 205
- **Song By Voice Phonetic Modification**: Modifies a voice command of music stored in the HDD or an iPod.
  - Phonetic Modification P. 207
- **Phonebook Phonetic Modification**: Modifies a voice command for the phonebook.
  - Phonebook Phonetic Modification P. 242
- **Guidance Volume**: Adjusts the voice prompt volume level.
  - Sound and Beep Settings P. 27
Siri Eyes Free

When your compatible iPhone is paired and linked to the system via Bluetooth®, you can say Siri-related commands. Make sure Siri on your iPhone is turned on.

pairing a phone p. 229

1. Press and hold the 📞 (Talk) button for more than two seconds until you hear the Siri tone.
2. Talk to Siri.
   - When you hear the Siri tone, you can continue to respond without pressing any button. If the Siri tone times out, you have to press and hold the 📞 (Talk) button again to reactivate Siri Eyes Free.
   - Press the 📏 (Hang-Up/Back) button to cancel Siri Eyes Free.

siri eyes free

iphone and siri are trademarks of apple, inc.

siri eyes free is available only on iphone with ios 6.0 and above.

some commands work only on specific phone features or apps.

some features may not be available for all countries or all areas. for details about siri, refer to http://www.apple.com.

we recommend against using siri other than in eyes free mode while operating a vehicle.

on siri eyes free, the display remains the same and no feedback or commands appear.

while using siri, you cannot operate the system with the built-in voice recognition.
Interface Settings

Display Settings

시스템 설정

설정

디스플레이 설정

SETTINGS 버튼 ➤ System Settings ➤ Display

조정

1. Rotate (커서)를 사용하여 항목을 선택합니다. Press .
2. Rotate (커서)를 사용하여 조정을 합니다. Press .

The following items are available:

- **Sync Display Brightness**: Selects whether the display brightness synchronizes with the instrument panel brightness.
- **Brightness**: Adjusts the screen’s brightness.
- **Contrast**: Adjusts the screen’s contrast.
- **Black Level**: Adjusts the screen’s black level.

You can set separate daytime and nighttime settings for Brightness, Contrast, and Black Level. Adjust each setting when the display is in either daytime or nighttime mode.
Sound and Beep Settings

Changes the system sound and beep settings.

The following items are available:
- **Guidance Volume**: Adjusts the navigation system volume level.
- **Verbal Reminder**: Turns the verbal reminders on and off.
  - **On**: Sets the verbal reminders.
  - **Off**: Disables the feature.

### Guidance Volume

If you set Guidance Volume to 0, you will not hear route guidance or voice command confirmations. You can also adjust Guidance Volume by rotating the volume knob while the route guidance or voice command confirmations is announced.

If you then select Voice in the Map Menu, you will hear route guidance at the default volume.
Clock Adjustment

Set the automatic adjustment of the system clock for daylight saving and international time zones.

Rotate 📜 to select an item. Press 🖨️.

The following items are available:

- **Clock/Wallpaper Type**: Changes the clock display type and the wallpaper type. 
  - Setting the Clock Type P. 29
- **Clock Adjustment**: Adjust the current time manually. 
  - Setting the Clock P. 29
- **Clock Format**: Sets the time notation to either 12-hour clock (12H, factory default) or 24-hour clock (24H).
- **Auto Time Zone**: The navigation system automatically adjusts the clock when driving through different time zones.
  - On (factory default): Adjusts the clock automatically.
  - Off: Disables the feature.
- **Auto Daylight**: The navigation system automatically adjusts the clock ("spring ahead" or "fall back" by one hour) when a daylight saving time change occurs.
  - On (factory default): Adjusts the clock automatically.
  - Off: Disables the feature.
- **Clock Reset**: Resets the settings of all items in the Clock group.

- **Auto Time Zone**
  If you live and work in two different time zones, you may want to turn **Auto Time Zone** to **OFF**. When driving near a time zone boundary, the displayed time zone may fluctuate between the two zone times.

- **Auto Daylight**
  This function is not activated in areas that have not adopted daylight saving time, even if you have set **Auto Daylight** to **ON**.

You can turn the clock display in the navigation screen on and off. 
- Header Clock Display P. 37
### Setting the Clock Type

**SETTINGS button** ➤ **System Settings** ➤ **Clock** ➤ **Clock/Wallpaper Type**

1. Rotate to select an option to change the design. Press .
2. Move to select **OK**. Press .

### Setting the Clock

**SETTINGS button** ➤ **System Settings** ➤ **Clock** ➤ **Clock Adjustment**

1. Rotate to select an item. Press .
2. Rotate to select a minute. Press .
Wallpaper Settings

Select, delete, and import wallpaper pictures for display on the screen.

**Import Wallpaper**

1. Connect the USB flash drive to the USB port.
2. Move < to select Wallpaper. The screen will change to the wallpaper list.
3. Move < and rotate < to select Add New Wallpaper. Press <.
4. Rotate < to select a desired picture. Press <. The preview is displayed on the left side on the screen.
5. Move < and rotate < to select Start Import. Press <. The confirmation message will appear. Then the display will return to the wallpaper list.

---

**Wallpaper Settings**

- When importing wallpaper files, the image must be in the USB flash drive’s root directory. Images in a folder cannot be imported.
- The file name must be fewer than 255 characters.
- The file format of the image that can be imported is BMP (bmp) or JPEG (jpg).
- The individual file size limit is 10 MB.
- The maximum image size is 5,800 × 5,800 pixels.
- Up to 10 files can be saved for each driver (Driver1 and Driver2).
- If the USB flash drive does not have any pictures, the No files detected message appears.
**Select Wallpaper**

1. Rotate to select a desired wallpaper. Press .
   - The preview is displayed on the left side on the screen.
   - The pop-up menu appears on the screen.

2. Rotate to select Set. Press .
   - The display will return to the wallpaper list.

**Select Wallpaper**

From the pop-up menu, rotate to select Preview and press to see a preview at full-size screen.

To go back to the previous screen, press to select OK, or press the BACK button.

When the file size is large, it takes a while to be previewed.
Delete Wallpaper

1. Rotate \( \Rightarrow \) to select a wallpaper that you want to delete. Press \( \Rightarrow \). ▶ The preview is displayed on the left side on the screen.
   ▶ The pop-up menu appears on the screen.

2. Rotate \( \Rightarrow \) to select Delete. Press \( \Rightarrow \). ▶ The confirmation message will appear.

3. Rotate \( \Rightarrow \) to select Yes. Press \( \Rightarrow \). ▶ The display will return to the wallpaper list.
**Unit Settings**

- **SETTINGS button ➤ System Settings ➤ Others ➤ Units**

Sets the map units to either **mile** or **km**.

Rotate ☝ to select the map unit.
Press 🅵️.

![System settings](image)
Language Settings

Set the system language used on all screens. You can choose from three languages: English, Français (French), Español (Spanish).

Rotate to select the system language. Press 🎲.

Voice confirmation of cities and streets only occurs when English is the system language.

When Français or Español is selected, some messages continue to be displayed in English.
Voice Command Tips

- SETTING button ➤ System Settings ➤ Others ➤ Voice Command Tips

Alerts you when manual control of the system is disabled to prevent distraction while driving. Only voice commands are available.

- Rotate to select the map unit.
- Press.

The following items are available:
- On (factory default): Displays a message.
- Off: Disables the message.
Interface Settings

Background Color

* SETTINGS button ➤ System Settings ➤ Others ➤ Background Color

Changes the background color of the navigation screen and the On Demand Multi-Use Display™.

Rotate ✌ to select a desired color. Press 🈹️.
Header Clock Display

Selects whether the clock display comes on.

The following options are available:
- **On** (factory default): The system displays the clock in the navigation screen.
- **Off**: Disables the feature.
Personal Information

Use the personal information menu to select and set your address books, home address, and PINs. You can also delete unwanted destinations from the list of previously routed destinations.

Rotate 🔄 to select an item. Press 🔄.

The following items are available:

Continued
Adding an Address Book Entry

1. Move and rotate to select Add New Address. Press .

2. Rotate to select an item. Press .

The following items are available:
- **Name**: Edits the name of the entry.
- **Address**: Edits the address of the entry.
- **Phone No.**: Edits the phone number of the entry.
- **Category**: Specifies the category of the entry.

If you do not give the address a name, one is automatically assigned (e.g., Address 001). You can re-enter, edit, or make changes to any entry. “Address” is the only required field.
Alert: Alerts you when you approach the address entry.
On: Beeps and displays a message when your vehicle gets near the entry.
Off (factory default): Disables the feature.

3. Rotate to select Name. Press.
4. Enter a name or title. Move to select OK.
5. Rotate to select Address. Press.
6. Rotate to select an item for specifying the address. Press.

The following items are available:
- **Address**: Enter an address on the character input screen when prompted.
  - Address P. 92
- **Previous Destinations**: Select a previous destination.
  - Previous Destination P. 100
- **Current Position**: Select your current location.
- **Place Category**: Select a category to search for a place/landmark (e.g., Banking, Lodging).
  - Place Category P. 101
- **Local Search**: Sets a destination by using Local Search.
  - Local Search P. 103
- **Place Name**: Enter the name of a place/landmark.
  - Place Name P. 105
- **More Search Methods**: Displays additional search method entries.
  - Entering a Destination P. 90

Adding an Address Book Entry

When you use Place Name or Place Category, the phone number is automatically entered.

You can also add a phone number and category.
Personal Information ➤ Address Book

■ Editing an Address Book Entry

**SETTNGS** button ➤ Navi Settings ➤ Personal Info ➤ Address Book

1. Rotate to select the address to edit. Press .
2. Enter the name, address, phone number, and category fields.

   - Adding an Address Book Entry P. 40
3. Move and rotate to select OK. Press .

■ Selecting an Address Book Category

**SETTNGS** button ➤ Navi Settings ➤ Personal Info ➤ Address Book

1. Rotate to select an address. Press .
2. Rotate to select Category. Press .
3. Rotate to select a category. Press .

   - Create a category in advance.

   - Creating a new category P. 43

   - Editing an Address Book Entry

   The entered contents are displayed on the Edit address screen.

   - Selecting an Address Book Category

   Up to 100 categories (including “Unfiled”) can be stored to each address book of Driver 1 and Driver 2 separately.

   If you delete a category that is used by other addresses, the category type for those addresses changes to “Unfiled.”
Creating a new category
1. Move and rotate to select New Category. Press .
2. Enter a name and select an icon when prompted.
   The created category is displayed in the list of categories.

Deleting or editing a category
1. Move and rotate to select Delete or Edit. Press .
2. Delete an existing category, or change the name and icon.
   The selected category to delete is indicated with a trash icon. Move and rotate to select OK.

Deleting an Address Book Entry
1. Rotate to select the address to delete. Press .
2. Move and rotate to select Delete. Press .
3. Rotate to select Yes. Press to delete the address.

When you transfer the vehicle to a third party, delete all address book entries.
Setting Place Shortcuts

You can store up to six addresses previously stored in your Address Book, and a home address for your preset destinations.

Storing an address on the shortcut

1. Select Shortcuts.
2. Select Places.
3. Select Edit or No Entry.
   ▶ If you select No Entry, go to step 6.
4. Select Add.
   ▶ All six preset icons appear.
5. Select the preset number to which you want to store an address.
   ▶ The screen changes to a list of addresses stored in your address book.
6. Select an address you want to store as a preset.

■ Deleting a preset address
1. Select **Shortcuts**.
2. Select **Places**.
3. Select **Edit**.
4. Select **Delete**.
5. Select the preset number with the destination you want to delete.
Home Address

Set a home address that you frequently use.

1. Edit the name, address, and phone number the same way as an address in the address book.
2. Move and rotate to select OK. Press .

If your home street is not in the system database, park on the nearest verified street to your home. When entering the “Address” field, rotate to select Current Position to use your current location as the home address and press .

You can delete a home address if necessary. Move and rotate to select Clear Home Entry. Press . Rotate to select Yes. Press .

When you transfer the vehicle to a third party, delete all home addresses.

The home icon is shown on the map screen on the 1/20 and 1/8 mile (80 and 200 m) scales.
PIN Numbers

Set a four-digit PIN for protecting personal addresses and your home address. Once you set a PIN, you are prompted to enter it whenever you access a personal address or a home address.

1. Rotate ☀ to select the PIN to create. Press ☀.

2. Rotate ☀ to select a digit to enter. Press ☀ to select OK.
   Repeat to enter a new four-digit PIN.

3. Re-enter the new PIN, when prompted, to confirm the number you just entered. Press ☀ to select OK.
   If you have not entered the same number both times, an “INCORRECT PIN” message is displayed. Enter your PIN again.

PIN Numbers

PIN
Personal Identification Number (PIN) is a password used to access personal data.

PINs are optional. If you choose to use a PIN, keep a note of the number in a secure location. If you forget your PIN, a dealer will have to reset the navigation system and all of your stored information will be erased. The factory default is no PIN.

If you want to stop using a PIN, move ☀ to select Turn Off PIN Entry. Press ☀.
Previous Destination

The navigation system maintains a list of your previously routed destinations as a shortcut for entering the same destination in the future. You can delete some or all of your previous destinations from the list.

1. Rotate \( \odot \) to select the destination to delete. Press \( \odot \).
   - Repeat the procedure as necessary.
   - Items to be deleted are indicated with a trash icon.

2. Move \( \odot \) and rotate \( \odot \) to select OK to delete the selected destinations.

Trash icon

Previous Destination

Up to 50 destinations can be stored.

To cancel the selection of a previous destination, rotate \( \odot \) to highlight the destination again. Press \( \odot \) to de-select it.
Category History

The navigation system maintains a list of your recently used place categories as a shortcut for selecting the same categories in the future. You can delete some or all of your recently used categories from the list.

1. Rotate  to select the category to delete. Press .
   - Repeat the procedure as necessary.
   - Items to be deleted are indicated with a trash icon.

2. Move  and rotate  to select OK to delete the selected categories.
Download POI

Import custom Points of Interest (POI) into the navigation system and set the POI as a destination. You can also add, edit, and delete POIs.

1. Connect a USB flash drive with stored POI data to the USB connector.
2. Move and rotate to select Import from USB. Press \( \text{\(\text{\&}\)}\).

Connecting a USB Flash Drive P. 215

POI data in csv and kml formats can be imported.

You can download POI data from various POI websites.

If you select From AcuraLink, you can download POI data from the AcuraLink\(\text{\textregistered}\) server.

AcuraLink\(\text{\textregistered}\) P. 272
3. Rotate 🔄 to select a category to import. Press 🔄.

1. Rotate 🔄 to select the downloaded POI category to edit. Press 🔄.

If you select From AcuraLink, you can edit Alert only.
2. Rotate to select an item. Press.

The following items are available:

- **Alert Setting**: Alerts you when you approach the places/landmarks in the category.
  - **On**: Beeps and displays a message when your vehicle gets near the places/landmarks in the category.
  - **Off** (factory default): Disables the feature.
- **Delete Category**: Deletes all places/landmarks and icon in the selected category.
- **Edit Icon**: Changes the category icon.
Choose various settings that determine the navigation system functionality during route calculation.

Rotate to select an item. Press .

The following items are available:

- **Route Preference**: Changes the route preferences (calculating method).
  - Route Preference P. 54
- **Unverified Routing**: Sets whether you use the route guidance in unverified areas.
  - Unverified Routing P. 56
- **Traffic Rerouting**: Sets whether you use automatic recalculation based on traffic information.
  - Traffic Rerouting P. 58
- **Edit POI Search Radius Along Route**: Sets the distance from the route to find waypoints.
  - Edit POI Search Radius Along Route P. 59
- **Avoided Area**: Specifies areas to avoid when calculating a route.
  - Avoided Area P. 60
Route Preference

Change the route preference by selecting minimum or maximum driving methods.

1. Rotate ⬇️ to select an item. Press 🔄.
2. Rotate ⬇️ to select Min or Max. Press 🔄.  
   ◮ Repeat step 1 and 2 as necessary.
3. Move ⬇️ to select OK. Press 🔄.

The calculated route may be the shortest route or the route you would choose. For safety reasons, the system generally applies the following rules to your route:

- Shortcuts through residential areas are avoided.
- Right turns are favored over left turns or U-turns.
- Time-restricted turns (turns prohibited at certain times of the day) are not used.

Check the ferry schedule when the calculated route includes ferry route.

ETC is short for the Electronic Toll Collection system.

Server Route

- You can view three routes distributed from AcuraLink®.  
  ◮ Viewing the Routes P. 117
- Set to On and select Optimal route to select your desired route.  
  ◮ Optimal Routes P. 55
Optimal Routes

You can select desired routes by sorting the route list. The three top routes can be displayed on the Select a route screen.

1. Move ↓ and rotate ⌨ to select Optimal Routes. Press ⌨.

2. Rotate ⌨ to a route type. Press ⌨.

3. Move ↓ and rotate ⌨ to select OK. Press ⌨.

Optimal Routes is a subscription service. For more information, contact an Acura dealer or visit owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada).
Unverified Routing

Settings button ➤ Navi Settings ➤ Routing ➤ Unverified Routing

Receive turn-by-turn map and voice guidance in unverified areas.

Rotate ➤ to select On or Off. Press ➤.

Differences

<table>
<thead>
<tr>
<th>On or Off?</th>
<th>Off</th>
<th>On (factory default)</th>
</tr>
</thead>
<tbody>
<tr>
<td>The driver wishes to manually navigate using the navigation map and choose the streets that lead to the destination.</td>
<td>The driver chooses to let the navigation system suggest possible routing, knowing that the guidance may not be accurate.</td>
<td>Route is usually longer, using verified roads whenever possible. Route is shorter, but uses unverified (purple) streets that may not be accurate.</td>
</tr>
</tbody>
</table>

Unverified roads are found in rural areas, and typically include residential streets away from the center of a town. They may not be accurate, and can contain errors in location, naming, and address range.

Unverified roads are shown only when viewing the map in the 1/20, 1/8, 1/4, 1/2, 1 and 2 (mile) / 80, 200, 400, 800 (m), 1.6 and 3.2 (km) map scales.
## Differences

</tr>
<tr>
<td>(map/voice)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Directions list</td>
<td>A direction list is typically not available. However, depending on your route, directions are provided to help you reach the first available verified road.</td>
<td>A direction list is provided showing street names and turn symbols in pink.</td>
</tr>
</tbody>
</table>
Routing  Traffic Rerouting

Traffic Rerouting

Set the system to automatically reroute based on continuously updated traffic information.

**SETTINGS** button  ➜  Navi Settings  ➜  Routing  ➜  Traffic Rerouting

A faster route can be calculated based on continuously updated traffic information.

- **On**: The system reroutes automatically based on traffic information.
- **Off** (factory default): Disables the feature.

Automatic traffic rerouting may not provide a detour route depending on circumstances.

**Traffic Rerouting** requires an AcuraLink Real-Time Traffic™ subscription.

**AcuraLink®** P. 272

Rotate 🔄 to select an option. Press 🎁:
Edit POI Search Radius Along Route

Select the distance from your highlighted route line (on either side of your route) that the system will search for a waypoint.

Adding Waypoints P. 135

You can specify a different search distance for freeways/highways and surface streets.

1. Rotate \( \uparrow \) to select an item. Press \( \downarrow \).
2. Rotate \( \uparrow \) to select a search distance. Press \( \downarrow \).

The following items are available:

- **On Freeways** (U.S.)/**On highways** (Canada): 1, 2, 5, or 10 miles (1.6, 3, 8, or 16 km) can be set. Factory default is 2 miles (3 km).
- **On Surface Streets**: 1/2, 1, 2, or 5 miles (0.8, 1.6, 3, or 8 km) can be set. Factory default is 1/2 mile (0.8 km).
Avoided Area

Specify up to five areas to avoid (e.g., road construction, closures), if possible, when the system calculates routes to your destination.

1. Move ☰ and rotate ☰ to select New Area, or rotate ☰ to select an existing area to edit.

2. Rotate ☰ to select Name to label the area to avoid. Press 🅿.

3. Enter a name or title. Move ☰ to select OK.

4. Rotate ☰ to select Area to define the area to avoid. Press 🅿.

The following options are available (after an area is set):

- View Area: Displays the selected avoid area on the map.
- Delete: Deletes the selected avoid area.

Avoided Area
The maximum size of one side of an “avoid area” is approximately 1/2 mile (800 m).

If your selected area contains a freeway/highway, you are asked “Do you want to avoid freeways (highways)?” Answering “No” allows you to use a route through an avoid area on a freeway/highway without any pop-up messages.

You can select areas to avoid, however you cannot select roads or areas that you want the system to use for routing.

You can enter up to 25 characters for the name.
5. Rotate  to select a method for specifying the area. Press .

The following options are available:
- **Address**: Specify the general area by entering an address.
  - Address P. 92
- **Map Input**: Specify the general area by map input.
  - Map Input P. 112

6. If you select **Map Input**, scroll the map to position the cursor over your desired start point, adjusting the map scale as necessary. Press  to mark the start point.
   - To redo the area selection, press the BACK button.
7. Scroll the map to “draw” the area. Press  to mark the end point.
8. Press  to select **OK**.
   - The area you specify is displayed in the list of areas to avoid.

Avoid area can be set in the 1/20, 1/8, or 1/4 mile (80, 200, or 400 m) map scales.
Choose various settings that determine the navigation system functionality during route guidance.

The following items are available:

- **Guidance Mode**: Sets whether to display only the map screen or a split map-guidance screen.
  - Guidance Mode P. 63
- **Street Name Guidance** (U.S. models): Sets whether to read out the street names during voice guidance.
  - Street Name Guidance P. 65
- **Non-map screens**: Sets whether the guidance screen interrupts the screen display.
  - Non-map screens P. 66
- **Guidance Point**: Sets whether to display the guidance information to the destination or the next waypoint.
  - Guidance Point P. 67
- **Estimated Time**: Sets whether to display the remaining time or arrival time to the guidance point.
  - Estimated Time P. 68
Guidance Mode

Select the display mode for the map and guidance screens.

The following options are available:

- **Map** (factory default): Displays only the map screen. When you approach a guidance point, the next guidance point appears.

You can turn this feature on or off using the multi-information display. See the Owner’s Manual for instructions.

The guidance mode can also be selected from the map menu.

Press the NAV button to switch between the map, next guidance direction, and a list of guidance directions.

**Turn-by-Turn Directions**
The next guidance point appears on the multi-information display.

You can turn this feature on or off using the multi-information display. See the Owner’s Manual for instructions.
**Guidance Mode**

- **Direction List**: Displays the map and direction list simultaneously on the map screen. When you approach a guidance point, the next guidance point appears.

- **Next Maneuver**: Displays the map and next guidance point simultaneously on the map screen.
Street Name Guidance

The navigation system includes the street names during voice guidance (e.g., “Turn right on Main Street”).

Rotate 🔄 to select an option. Press 🧜.

The following options are available:
• On (factory default): Voice guidance includes the street names.
• Off: Disables the feature.
Non-map screens

The navigation system temporarily interrupts the screen display to view the guidance screen as you approach a guidance point.

The following options are available:

• **On**: The guidance screen interrupts other mode screens (e.g., audio, phone, etc, except the rear view camera mode).

• **Off** (factory default): Disables the feature.

Rotate 🔄 to select an option. Press 😊.
Guidance Point

Set the guidance point to display on the map screen.

![Navi settings screen with guidance options]

Rotate 🔄 to select an option. Press 🛎.

The following options are available:

- **Destination** (factory default): Displays the remaining/arrival time and distance to the destination.
- **Next Point**: Displays the remaining/arrival time and distance to the next waypoint.
Guidance ► Estimated Time

**Estimated Time**

Select the estimated time to display on the screen.

The following options are available:

- **Arrival**: Displays the arrival time to the destination or the next waypoint.
- **Remaining** (factory default): Displays the remaining time to the destination or the next waypoint.

Rotate ☰ to select an option. Press ☷.
Select the landmark icons to display on the map, change the orientation of the map, display your current location, and learn the meaning of the icons, colors, and symbols displayed on the map.

- **Show Icon on Map**: Selects the icons to display on the map.
- **Color (Day)**: Selects the color of the map for the Day mode.
- **Color (Night)**: Selects the color of the map for the Night mode.
- **View**: Selects the map orientation (**North-up**, Heading-up, or 3D map).
- **3D Angle Adjustment**: Adjusts the viewing angle for the 3D map.
- **Straight Line Guide**: Sets whether to display a straight guideline to the destination or waypoint.
• **Current Location**: Displays and saves your current location.
  
  [Link: Current Location P. 79]

• **Map Legend**: Displays an overview of the map features.
  
  [Link: Map Legend P. 80]

  [Link: Display Tracking P. 84]

• **Delete Tracking**: Deletes the tracking dots on the map.
  
  [Link: Deleting Tracking Dots P. 85]

• **Correct Vehicle Position**: Adjusts the position of the vehicle on the map.
  
  [Link: Correct Vehicle Position P. 86]

• **System Device Information**: Views database, software, device, and vehicle identification information.
  
  [Link: System Device Information P. 286]

• **Map Data Update**: Checks the map data update status when updating the map database.
  
  [Link: Map Data Update P. 286]
Showing Icons on Map

Select the icons that are displayed on the map.

1. Rotate ▼ to select an item. Press ▲.

2. Rotate ▼ to select an option. Press ▲.
   ▶ Repeat step 1 and 2 as necessary.

3. Move ▲ to select OK. Press ▲.

The following options are available:
- **All On**: Displays the landmark icons.
  ❯ Map Screen Legend P. 9
- **Customize**: Fine-tunes the icon display.
  ❯ Fine-tuning the Icons P. 72
- **Off**: Hides the landmark icons.

If you have PIN-protected your address book, enter your PIN when prompted. Move ▲ to select OK. PINs are optional.

❯ PIN Numbers P. 47
Fine-tuning the Icons

Icons in some categories can be fine-tuned to display or hide.

1. Rotate 🔄 to select the icons to display on the map. Press 🔄.
   - Pressing 🔄 toggles the icon display on or off.
   - Repeat the procedure as necessary.

2. Move 🔄 and rotate 🔄 to select OK. Press 🔄.
Color

Set separate map colors for Day and Night modes.

**Color (Day)**

Set separate map colors for Day and Night modes.

- **Color (Day)**
  - SETTINGS button ➤ Navi Settings ➤ Map ➤ Color (Day)
  - Rotate to select a color for the Day mode. Press .

**Color (Night)**

- **Color (Night)**
  - SETTINGS button ➤ Navi Settings ➤ Map ➤ Color (Night)
  - Rotate to select a color for the Night mode. Press .

Color (Day)

The factory default is set to Beige.

Color (Night)

The factory default is set to Blue.
Switching Display Mode Manually

Set the screen brightness separately for Day and Night modes. Press the 
(Display mode) button to cycle through the display modes (Day to Night to Off).

1. Press the ☀ button.
   - The Brightness bar is displayed for a few seconds.
   - Rotate ⌀ to adjust the brightness. Press ☀.

2. Press the ☀ button again.
   - Repeat the procedure to switch the display modes.

Switching Display Mode Manually

A visual guide helps you see the difference between Day and Night modes.

</tbody>
</table>

When you use the Interface Dial to position the cursor (round red circle) over the traffic incident icon, you can view the summary of the incident.

Press 🌑 on the traffic incident icon to view a pop-up message describing the incident in detail.
The navigation system can be set to display white tracking dots ("breadcrumbs") on the map screen.

The following options are available:
- **On**: The system displays the white tracking dots.
  - [Tracking Dots P. 122](#)
- **Off** (factory default): Disables the feature.
Deleting Tracking Dots

 persuading button ► Navi Settings ► Map ► Delete Tracking

Rotate to select Yes. Press .

Deleting Tracking Dots

When you transfer the vehicle to a third party, delete the tracking dots.
Correct Vehicle Position

 manually adjust the current position of the vehicle as displayed on the map screen if the position appears to be incorrect.

1. Put the vehicle in Park.
2. Rotate \( \bigtriangledown \) to select Correct Vehicle Position. Press \( \bigcirc \).
3. Scroll the map to position the cursor over at your correct position. Press \( \bigcirc \).
4. Rotate \( \bigtriangledown \) to position the arrowhead in the correct direction the vehicle is facing.
5. Press \( \bigcirc \) to select OK.

A correct position error can occur where buildings, tunnels, and other objects block or reflect the GPS signals, forcing the system to use “dead reckoning” to determine your location and direction.

Using this function to adjust vehicle position is not recommended. When the system reacquires a GPS signal, it will automatically place the vehicle in the correct location.

If you continually have to adjust the vehicle position, you may have problems with the GPS reception or there may be database errors.

System Limitations P. 308
Data Reset

Defaulting All the Settings

هج SETTINGS button ➤ System Settings ➤ Others ➤ Factory Data Reset

Reset all the menu and customized settings as the factory defaults.

1. Rotate to select Yes. Press .
   ▶ The confirmation message will appear.
2. Rotate to select Yes. Press again to reset the settings.
   ▶ The confirmation message will appear. Press to select OK.

Defaulting All the Settings

When you transfer the vehicle to a third party, reset all settings to default and delete all personal data.
On Demand Multi-Use Display™

Changing the Screen Settings

Adjusts the screen settings of the On Demand Multi-Use Display™.

1. Select More.
2. Select Screen Settings.
3. Use ↑, ↓ or other icons to adjust the setting.
   ▶ Use the [△]/[▽] icons to turn the page.
   ▶ Select [X] to go back to the previous screen.

The followings are adjustable screen settings:

- **Sync Display Brightness**: Selects whether the screen brightness synchronizes with the instrument panel brightness.
- **Brightness**: Adjusts the screen’s brightness.
- **Contrast**: Adjusts the screen’s contrast.
- **Black Level**: Adjusts the screen’s black level.
- **Display**: Changes between the daytime or nighttime modes.
- **Beep**: Turns on or off the beep that sounds every time you touch the screen.
- **Keyboard**: Changes the on-screen keyboard from the alphabetical order to the qwerty type.
- **Fade Timer**: Sets the screen black out timing.

Entering a Destination ➤ Address

Address

MENU button ➤ Address

Enter an address to use as the destination. The state or province you are currently in is displayed (e.g., California).

Rotate ☞ to select an item. Press ☞:

The following items are available:

• City: Selects your destination city.
  ➤ Selecting a City P. 95

• Street: Selects your destination street.
  ➤ Selecting a Street P. 96

• House Number: Enters the house number to select the street.
  ➤ Selecting a Street by House Number P. 98

• ZIP Code (U.S.)/Postal Code (Canada): Enters the zip code or postal code to select the city.
  ➤ Selecting a City by Zip Code or Postal Code P. 94

• Change State (U.S.)/Change Province (Canada): Selects the state or province.
  ➤ Selecting the State or Province P. 93
Entering a Destination

Address

Selecting the State or Province

-MENU button➤Address➤Change State/Change Province

Rotate  to select a state or province from the list. Press .

Selecting the State or Province

Move  or  to select the following areas:

- USA for the U.S. mainland, Alaska, Hawaii, and Puerto Rico
- Canada
- Mexico
Entering a Destination

Selecting a City by Zip Code or Postal Code

1. Enter the zip code or postal code of your destination.
2. Move to select OK. Press .

3. Rotate to select the destination city from the list. Press .

Next, you are prompted to enter a street name.

Selecting a Street P. 96
Entering a Destination

Address

The name of the city where you are currently located is displayed.

1. Enter the name of a different city, or move to select OK for the current city. Press OK.

2. Rotate to select your destination city from the list. Press OK.

A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list. Matching letters are highlighted.

Next, you are prompted to enter a street name.

Selecting a City

Vehicle position may not be displayed when:
- The automobile is traveling off-road.
- The vehicle position data cannot be updated.
You do not need to enter spaces or symbols (e.g., &, -, %). Partial matches are supported (e.g., "ANGELES" to find "LOS ANGELES").

If your city is not listed, it may be part of a larger metropolitan area. Try entering the street first.

Selecting a City

Non-detailed area mark: Try entering the street first and then select the city.
Entering a Destination

Address

1. Enter the name of your destination street.
   - Do not enter the street type (e.g., street, road, avenue) or direction (e.g., north, south, east, west).
   - Move ◀ to select OK to display a list of streets. Press ◀.

2. Rotate ◀ to select your destination street from the list. Press ◀.
   - A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list. Matching letters are highlighted.

Selecting a Street

When entering the names of major freeways/highways, you can use the following abbreviations.

- For interstates, use an "I" (e.g., I-10). For U.S. freeways, use "US" (e.g., US-18). For state freeways, use the two-character state designation (e.g., CA-101). For county roads, use the appropriate designation (e.g., G-2).
- For Trans-Canada and Provincial highways, use "Hwy" (HWY-7). For County roads, use “CR” (CR-32). For Regional Roads, use “RR” (RR-5).

If you did not select a city first and there is more than one city with the specified street, a list of cities is displayed.

Select a city

Rotate ◀ to select the desired city from the list. Press ◀.
3. Enter the street number.  
- Only valid street numbers can be entered.
4. Move to select OK. Press .
5. Set the route to your destination.

- Importing POI Categories P. 50
- Delete All: Deletes all POI entries.
- Help with Feature: Views tips for the Download POI feature.

If you select From AcuraLink, you can download POI data stored on the AcuraLink® server.
Entering a Destination ▶ Scenic Route

Scenic Route

Select a scenic road as a destination (U.S. and Canada only).

1. Rotate ☻ to select a state/province. Press ☻.

2. Rotate ☻ to select a scenic road. Press ☻.

3. Set the route to your destination.

Calculating the Route P. 115

If you select a scenic road that runs through multiple states or provinces, only the portion of the road in the selected state or province is displayed.
Entering a Destination

Intersection

MENU button ➤ More Search Methods ➤ Intersection

Select the intersection of two streets as the destination. The state or province for your current location is displayed at the top of the screen (e.g., California).

1. Rotate to select the intersection search method. Press .
2. Set the route to your destination. ➤ Calculating the Route P. 115

The following options are available:

- **City**: Selects the city where the intersection is located. You are prompted to enter the name of the two intersecting streets.
  ➤ Selecting a City P. 95
- **Street**: Selects the two intersecting streets. The city or cities that the streets are located in are displayed.
  ➤ Selecting a Street P. 96
- **Change State (U.S.)/Change Province (Canada)**: Selects the state or province.
  ➤ Selecting the State or Province P. 93

It is usually easier to select Street to find the streets first. The city or cities that the streets are in will be displayed. If you select City and your city is not listed, it may be part of a larger metropolitan area. Try entering the street first.

If the intersection is outside the state or province you are currently in, rotate to select Change State/Change Province.

➤ Selecting the State or Province P. 93

If there is more than one intersection, you are prompted to select the intersection. If the two streets that you have selected do not intersect, no intersection is entered.
Entering a Destination ► Map Input

Map Input

MENU button ► More Search Methods ► Map Input

Use the Interface Dial to manually select an icon or a location on the map screen as the destination. You are prompted to define the map area to display.

1. Rotate to select an item. Press .

The following items are available:

- **Current Position**: Your current location is centered on the map.
- **State (U.S.)/Province (Canada)**: You are prompted to select the state or province.
  
  Selecting the State or Province P. 93

- **City**: You are prompted to select the city.
  
  Selecting a City P. 95

- **USA, Canada and Mexico**: Your current location is displayed on a map of the country.
2. Scroll the map to position the cursor over your desired destination, adjusting the map scale as necessary.
   - If the address is not the desired location, scroll the map to another location and try again.

3. Press 📊 to display the route calculation menu.
   - Calculating the Route P. 115

4. Rotate 📍 to select Set as Destination. Press 📊.

Map Input

Auto Zoom
Press 📊 repeatedly on the map to zoom in (to the scale 1/4 mile (400 m)) while scrolling the map.

Information icons are displayed at scales from 1 mile to 1/4 mile (1.6 km to 400 m). Place/landmark icons are displayed at 1/8 mile (200 m) or less. Roads are displayed at 1/4 mile (400 m) or less.

If you select multiple icons within the cursor radius, you are prompted to select one of the items from a list.

Selecting a Destination on the Map P. 143
Entering a Destination Coordinate

Coordinate

MENU button ➤ More Search Methods ➤ Coordinate

- The travel distance and estimated travel time is displayed for each route.
- The system calculates and displays the route line on the map screen. 🔄 Route Line P. 120

■ Using the server route

The following items are available:
- **Quick**: Displays the route with the shortest travel time.
- **Direct**: Displays the route with the shortest travel distance.
- **Eco**: Displays the route with the best fuel efficiency.
Driving to Your Destination

This section describes how to follow the route guidance to your destination, receive traffic information and choose the icons displayed on the map screen.

Viewing the Route

After calculating the route to your destination, the route is displayed on the map screen.

Map Screen Legend P. 9
As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.
During Route Guidance P. 10

Viewing the Route
You can change the map scale by rotating .

If you scroll the map while en route, the time and distance to destination indicators are replaced with an indicator showing distance from the current vehicle position.

You can display only the map screen or a split map-guidance screen.
Guidance Mode P. 63
Driving to Your Destination

Viewing the Route

The guidance screen offers an alternative way to view your route.

- The next guidance point is displayed as you approach each guidance point on the route.
- You can also view a list of guidance directions.

Guidance Screen

A visual guide helps you check the guidance screen.

Guidance Screen P. 10

Turn-by-Turn Directions

The next guidance point appears on the multi-information display.

Turn-by-Turn Directions P. 10

Guidance Screen

You can turn this feature on or off using the multi-information display. See the Owner’s Manual for instructions.
Driving to Your Destination

**Viewing the Route**

**Route Line**

When driving on verified streets, the route line is light blue. The route line display changes when driving on unverified streets:

- If **Unverified Routing** is **Off**, the route line uses verified streets only (when possible). If **Straight Line Guide** is set to **On**, a pink “vector line” pointing directly towards your destination is displayed.
  
  ![直線ガイド](image)

- If **Unverified Routing** is **On**, the route line changes to a blue-pink line to indicate that the route line uses unverified streets.

  ![青ピンクルートライン](image)

You can set **Unverified Routing** to **Off** to follow your own route to the destination. If **Unverified Routing** is **On**, be aware that unverified streets may not be displayed accurately.

**Unverified Routing** P. 56

The route line may also consist of red, orange, or green segments when traffic information is displayed.

- **AcuraLink Real-Time Traffic** P. 14
- **Traffic Rerouting** P. 130
Deviating From the Planned Route

If you leave the calculated route, the system automatically recalculates a route to the desired destination based on your current location and direction.

Route Preference P. 54
Driving to Your Destination

Tracking Dots

You can display a series of dots (breadcrumbs) to track the path you are taking. If needed, you can follow the dots back to the mapped road you originally left.

Display Tracking P. 84

A message “Not on a digitized road” may appear when you drive 1/2 mile (800 m) away from a mapped road.

Breadcrumbs may occasionally be displayed in urban areas, such as large parking lots in shopping malls, in new subdivisions where the roads are not yet in the database, or in areas where a GPS signal is unavailable, such as in a parking garage.

Breadcrumbs are limited to approximately 150 miles (240 km). Breadcrumbs at the beginning of the trail are deleted if you exceed that distance.

Breadcrumbs are displayed only at 1/20, 1/8, 1/4, and 1/2 mile (80, 200, 400, and 800 m) map scales.
Listening to Voice Guidance

As you approach each guidance point, a pop-up window is displayed on the map screen with instructions for you to follow. Voice guidance for each guidance point is also provided.

Typically, you hear three prompts:
• 1/2 mile (800 m) from the guidance point (2 miles (3 km) on freeway/highway)
• 1/4 mile (400 m) from the guidance point (1 mile (1.5 km) on freeway/highway)
• Just before the guidance point

To replay voice guidance, rotate \( \rightarrow \) to select Voice in the Map Menu.

If you select Voice between guidance points, voice guidance for the next guidance point is provided.

You can turn voice guidance OFF if you prefer. On the map screen, press \( \rightarrow \) to display the Map Menu. Select Guidance Volume and adjust the volume level to 0.

You can also adjust Guidance Volume by rotating the volume knob or using the VOL buttons on the steering wheel during route guidance or voice command confirmations.

When driving in unverified areas, the phrase “if possible” is inserted before each voice guidance prompt.

Voice in the Map Menu may be grayed out if:
• The system is in process of gathering the route guidance information.
• The vehicle is out of the road (e.g., pulling in a parking lot).

The timing of voice guidance varies depending on the type of road you are on and the distance to the next guidance point.
Reaching a Waypoint

When you reach a waypoint, a pop-up message is displayed. You can continue or pause the route guidance.

Rotate \( \text{ incredible } \) to select \textbf{No} to pause the route guidance. Press \( \text{ incredible } \).

\( \text{ incredible } \) Select \textbf{Yes} to continue the guidance.

Resuming the Route Guidance

You can resume the route guidance in the following ways:

- Restart the engine when you stop your car (e.g., to rest, stop for gas, etc.).
  \( \text{ incredible } \) Resuming Your Trip P. 145
- Select \textbf{Resume Guidance} from the navigation menu or the map menu.
  \( \text{ incredible } \) Map Menu P. 125
  \( \text{ incredible } \) Changing Your Route P. 133
Map Menu

Displaying the Map Menu

Use the Map Menu to control the icons displayed on the screen and to display traffic information and messages. You can also use the Map Menu to find locations or to cancel the route.

1. On the map screen, press \( \text{Map Menu} \). The Map Menu is displayed on the map screen.

2. Rotate \( \text{Map Menu} \) to select an item. Press \( \text{Map Menu} \).

Traffic Incidents

You must have an AcuraLink Real-Time Traffic™ subscription to receive traffic information.

The incident icons are displayed on the 5 mile (8 km) or less map scale.

MAP Menu

If you scroll the map while en route, press the NAV (or BACK) button to return to the current position map screen, then press \( \text{Map Menu} \).

Traffic Incidents

You must have an AcuraLink Real-Time Traffic™ subscription to receive traffic information.

AcuraLink® P. 272

The incident icons are displayed on the 5 mile (8 km) or less map scale.

Map Scale and Functions P. 81
Displaying the Map Menu

The following items are available:

- **Voice**: Select to hear the voice guidance when en route.
  - Listening to Voice Guidance P. 123
- **Guidance Volume**: Adjusts the navigation system volume level.
- **Map/Guidance**: Allows you to select the map and guidance settings (display mode, icons to display on the map, map orientation, map color, and 3D view angle), display your current location and an overview of the map features.
  - Guidance Mode P. 63
  - Showing Icons on Map P. 71
  - Color P. 73
  - View (Map Orientation) P. 76
  - 3D Angle Adjustment P. 77
  - Current Location P. 79
  - Map Legend P. 80
- **Pause Guidance**: Pauses your current route.
  - Pausing the Route P. 134
- **Resume Guidance**: Resumes your current route. This item is displayed while the route guidance is paused.
- **Hide Traffic Flow**: Hides the current traffic flow indicator on the map screen.
  - Hide Traffic Flow P. 127
- **Display Traffic Flow**: Displays the current traffic flow indicator on the map screen. This item is displayed while the current traffic flow indicator is hided.
- **Directions**: Displays a list of the guidance points.
  - Directions P. 128
- **Search Nearby**: Allows you to find the nearest place/landmark (e.g., nearest gas station) by specifying a category. You can then add the location to the list of destinations, set as a waypoint, or set as your destination.
  - Find Nearest Place P. 142

The system provides freeway/highway exit information only in the U.S.
• **Traffic Incidents**: Displays a list of the traffic incidents around your current location or on your current route.
  
  [Traffic Rerouting™ P. 130](#)

**Hide Traffic Flow**

- **ENTER** button (on map) ➤ **Hide Traffic Flow**

Hide the traffic flow indicator on the map screen. Press the **ENTER** button and select **Display Traffic Flow** to display the traffic flow indicator on the map screen.
Directions

Display a list of the guidance points on your route for your confirmation.

1. Rotate 🔄 to select a guidance point from the list. Press 🔄. ► The system displays a map of the guidance point.

2. Press 🔄 to select Back to list or press the BACK button to return to the previous screen.

Guidance points with exit information are indicated by a 🗺 (freeway/highway exit information) icon. Move 🔄 to select Exit Info to display the exit information.

Freeway/Highway Exit Information P. 129

The system provides freeway/highway exit information only in the U.S.

The route guidance information is automatically deleted when you reach your destination.
Freeway/Highway Exit Information

ENTER button (on map) ➤ Directions ➤ Exit Info

Display a list of the Freeway/highway exits for the route. You can view freeway/highway exit information (whether the exit is near gas stations, restaurants, ATMs, etc.) and add new destinations or waypoints to the calculated route.

1. Rotate to select an exit from the list. Press .

2. Rotate to select a list item. Press .
   - Move or to display information for different exits.
   - You can set the route to your destination.

Freeway/Highway Exit Information

You can scroll the map and select a (Freeway/Highway exit information) icon on the map screen to display the Freeway/Highway exit information. The icon is only displayed if there is exit information available.

Icons are displayed only at 1/4, 1/2, or 1 mile (400 m, 800 m, or 1.6 km) scale.

Map Scale and Functions P. 81

The system provides freeway/highway exit information only in the U.S.

The route guidance information is automatically deleted when you reach your destination.
Traffic Rerouting™

When driving to your destination, the system automatically searches for a faster route based on traffic flow information and traffic incidents.

- AcuraLink Real-Time Traffic™ P. 14
- Traffic Rerouting P. 58

This feature requires an AcuraLink Real-Time Traffic™ subscription.

AcuraLink Real-Time Traffic™ is a subscription service. For more information, contact an Acura dealer or visit owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada).

Automatic traffic rerouting may not provide a detour route depending on circumstances.
Traffic Rerouting™ Manually

**ENTER** button (on map) ➤ Traffic Incidents

Manually avoid specific incidents and/or congestion on your route:

1. Rotate 🌋 to select an incident from the list. Press 🌋.
   - The system displays the map screen and the incident location.

2. Rotate 🌋 to select Avoid. Press 🌋.
   - Repeat step 1 to 2 as necessary.

Traffic Rerouting™ Manually

You can choose to avoid up to 10 traffic incidents. It is not always possible for the system to calculate a route that avoids all traffic incidents or specific traffic incidents you select.

The “On Route” tab on the Traffic List screen is only available during route guidance.

You cannot select an incident to avoid from the “All” tab.

You can also manually detour around a traffic incident or unexpected delay even if you do not have an AcuraLink Real-Time Traffic™ subscription or the delay does not yet appear on your display.

**Taking a Detour** P. 141
Map Menu ➤ Traffic Rerouting™

3. Move joystick to select **Recalculate Route**. Press ENTER.
   - The system recalculates a detour route that avoids the traffic incidents.
Changing Your Route

MENU button (when en route)

This section describes how to alter your route, add an interim “waypoint” (pit stop), choose a different destination, cancel your current destination, and continue your trip after stopping.

Rotate $\mathbb{C}$ to select an item. Press $\mathbb{C}$.

The following items are available:

- **Voice**: Select to hear the voice guidance when en route.
  - **Listening to Voice Guidance** P. 123
- **Destination List**: Shows a list of waypoints. You can delete waypoints or edit the order of them.
  - **Editing the Destination List** P. 139
- **Pause Guidance**: Pauses your current route.
  - **Pausing the Route** P. 134
- **Resume Guidance**: Resumes your current route. This item is displayed while the route guidance is paused.
- **Cancel Route**: Cancels the route guidance.
  - **Canceling the Route** P. 134
- **View Routes**: Displays three different routes.
  - **Viewing the Routes** P. 117

If you press the MENU button when not en route, the Destination Menu screen is displayed.

- **Entering a Destination** P. 90
Changing Your Route

• **Change Route Preference:** Changes the route preferences (calculating method).
  - [Route Preference](#) P. 54

• **Detour:** Calculates a detour route.
  - [Taking a Detour](#) P. 141

• **Avoid Streets:** Avoids streets along your route.
  - [Avoiding Streets](#) P. 141

Pausing the Route

MENU button (when en route) ➤ **Pause Guidance**

Pause the route guidance and return to the map screen. The destination icons and all waypoint flags remain displayed on the map. Press the MENU button when en route and select Resume Guidance to resume the route guidance.

Canceling the Route

MENU button (when en route) ➤ **Cancel Route**

Cancel the route guidance and remove the destination and all waypoints from the destination list. The system then returns to the map screen.
Adding Waypoints

Add up to four waypoints (pit stops) along the route to your destination.

Waypoints are displayed on the map screen as small, numbered red flags. The route follows the waypoints in the order they are listed in the Destination List.

Press the NAV button to return to the map screen without adding a waypoint at any time.

The search corridor used for adding waypoints can be adjusted.

You can delete waypoints or edit the order of waypoints in the destination list.

Adding Waypoints

Waypoints allow you to stop for gas or food, for example, and then continue on to your destination.

Press the NAV button to return to the map screen without adding a waypoint at any time.

The search corridor used for adding waypoints can be adjusted.

You can delete waypoints or edit the order of waypoints in the destination list.
Adding Waypoints from the Route Menu

1. Rotate ⬇️ to select a search method to add a waypoint. Press 🔄.

2. Rotate ⬇️ to select a waypoint category (e.g., GAS STATION). Press 🔄.
3. Rotate 🔄 to select a place. Press ✅.

- The waypoint is added to the Destination List.

4. Rotate 🔄 to select a location and move the order of destinations. Press ✅.

5. Move 🔄 and rotate 🔄 to select Start Route. Press ✅.

- The route is automatically recalculated and displayed on the map screen.

Changing Your Route

Editing the Destination List

Deleting Waypoints

MENU button (when en route) ➤ Destination List

1. Rotate ⬇️ to select a list item to delete. Press ⬇️.

2. Rotate ⬇️ to select Delete. Press ⬇️.

3. Rotate ⬇️ to select Yes. Press ⬇️.

Deleting Waypoints

Move ⬇️ and rotate ⬇️ to select Delete All to delete the destination and all the waypoints.

Select Show on Map to display the waypoint on the map screen.
Taking a Detour

MENU button (when en route) ► Detour

Calculate a detour route manually. The system attempts to calculate a new route by avoiding the next 5 miles (8 km) (while on a freeway/highway) or 1 mile (1.6 km) (while on a surface street).

Avoiding Streets

MENU button (when en route) ► Avoid Streets

Select a street or streets along your route to avoid.

1. Rotate ☢️ to select the street you want to avoid. Press ☝️.
   ► Repeat the procedure to avoid other streets.

   ► The system calculates a new route.

Taking a Detour

The detour option is convenient if you encounter an unexpected obstacle such as a road closure or extremely heavy traffic congestion.

Avoiding Streets

Avoiding certain streets is convenient if you know of road construction, road closures, or excessive traffic along the route.

You cannot choose specific streets you want to use, only those to avoid. However, you can select intersections or waypoints (places/landmarks) that the system will use in your route.

Adding Waypoints P. 135

You can store up to 10 streets to avoid. You cannot avoid your current street or the streets of your waypoint(s) or destination (system beeps if selected).
Changing Your Destination

There are several methods you can use to change the route destination.

**Find Nearest Place**

Press the **ENTER** button (on map) ➤ **Search Nearby**

Search for the nearest place/landmark on the map screen and set it as your destination.

1. Rotate to select **Search Nearby**. Press º.
2. Rotate to select a category type. Press º.
3. Rotate to select a place. Press º.
4. Rotate to select **Set as Destination**. Press º.
5. Move to select **Clear Current Route**. Press º.

- The route is automatically recalculated and displayed on the map screen.
- Rotate to edit the order to set the location as a new waypoint. Press º.
Changing Your Destination

Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Scroll the map to position the cursor over your desired destination, adjusting the map scale as necessary. Press .
   - If the address displayed is not the desired location, press the BACK button and repeat the procedure.

2. Rotate  to select Set as Destination. Press .
   - Calculating the Route P. 115

   - The route is automatically recalculated and displayed on the map screen.
   - Rotate  to edit the order to set the location as a new waypoint. Press .
Changing Your Destination ► Entering a New Destination

Entering a New Destination

MENU button (when en route) ► Destination

Enter a new destination using the Destination Menu screen even when you are en route.

1. Rotate to select a method to enter a new destination.  
   ► Entering a Destination P. 90
   ► After entering a new destination, the address is displayed on the Calculate Route screen.

2. Rotate to select Set as Destination. Press .

   ► The route is automatically recalculated and displayed on the map screen.
   ► Rotate to edit the order to set the location as a new waypoint. Press .
Resuming Your Trip

Stop your vehicle en route (e.g., to rest, stop for gas, etc.), and then continue on your route.
If you did not complete your route, the Continue Trip screen is displayed when you restart your vehicle.

Rotate to select **Set as Destination**. Press .

- You can continue on the same route.
- Move to scroll the map around the destination.
- Press the BACK button to cancel your destination.

- **Route Preference**: Move to select **Route Preference** to change the route preferences (calculating method).
  - **Route Preference** P. 54
- **View Routes**: Displays three different routes.
  - **Viewing the Routes** P. 117

The Continue Trip screen has the same options as when you calculate a route.

### Calculating the Route P. 115

You can also cancel your destination by pressing any hard button except the button.

### Search Nearby

You can find the nearest place/landmark (e.g., nearest gas station) by specifying a category.

- **Find Nearest Place** P. 142

### Call

You can place a telephone call to the destination phone number.

- **Bluetooth® HandsFreeLink®** P. 226

### Save to Address Book

You can add the destination address to the address book.

- **Adding an Address Book Entry** P. 40

### Edit/Delete Entry

You can edit or delete the address book entry.

- **Editing an Address Book Entry** P. 42
- **Deleting an Address Book Entry** P. 43

### Edit Home Entry

You can edit your home address entry.

### More Info

You can view detailed information about the destination.
This section describes how to operate the audio system. You can play music from a wide array of media sources, and control the audio system using the audio buttons, the Interface Dial, or voice control.
About Your Audio System

The audio system features AM/FM radio and the SiriusXM® Radio service. It can also play audio CDs, WMA/MP3/AAC files, Hard Disc Drive (HDD) audio, USB flash drives, iPod, iPhone and Bluetooth® devices.

You can operate the audio system from the buttons and switches on the panel, the icons on the touchscreen interface.

SiriusXM Radio is available on a subscription basis only. For more information on SiriusXM® Radio, contact a dealer.

SiriusXM Radio Service P. 177

SiriusXM® Radio is available in the U.S. and Canada, except Hawaii, Alaska, and Puerto Rico.

SiriusXM® is a registered trademark of SiriusXM Radio, Inc.

Video CDs, DVDs, and 3 in (80 mm) mini CDs are not supported.

iPod, iPhone and iTunes are trademarks of Apple Inc.

State or local laws may prohibit the operation of handheld electronic devices while operating a vehicle.

When the screen is viewed through polarized sunglasses, a rainbow pattern may appear on the screen due to optical characteristics of the screen. If this is disturbing, please operate the screen without polarized sunglasses.
USB Port

Open the center console. Install the iPod or iPhone dock connector or the USB flash drive to the USB port.

- Do not leave the iPod or USB flash drive in the vehicle. Direct sunlight and high temperatures may damage it.
- Do not connect the iPod or USB flash drive using a hub.
- Do not use a device such as a card reader or hard disc drive, as the device or your files may be damaged.
- We recommend backing up your data before using the device in your vehicle.
- Displayed messages may vary depending on the device model and software version.

If the audio system does not recognize the iPod, try reconnecting it a few times or reboot the device. To reboot, follow the manufacturer’s instructions provided with the iPod or visit www.apple.com/ipod.
Audio System

Audio System Theft Protection

The audio system is disabled when it is disconnected from the power source, such as when the battery is disconnected or goes dead. In certain conditions, the system may display Enter code. If this occurs, reactivate the audio system.

Reactivate the Audio System

1. Set the power mode to ON.
2. Turn on the audio system.
3. Press and hold the (Power) button for more than two seconds.
   ▶ The audio system is reactivated when the audio control unit establishes a connection with the vehicle control unit. If the control unit fails to recognize the audio unit, you must go to a dealer and have the audio unit checked.

[Image: Auxiliary Input Jack]

Auxiliary Input Jack

Use the jack to connect standard audio devices.

1. Open the center console.
2. Open the AUX cover.
3. Connect a standard audio device to the input jack using a 1/8 in (3.5 mm) stereo miniplug.
   ▶ The audio system automatically switches to the AUX mode.

You can return to the AUX mode by selecting Change Source on the Audio menu screen or Audio Source on the On Demand Multi-Use Display™.
Setting Audio Shortcuts

You can store up to six radio stations, and HDD audio album/play lists when playing AM, FM, SiriusXM® radio, or HDD audio.

### Storing a Station or Song

1. Select **Shortcuts**.
2. Tune to a radio station or select a song.
   - [Playing FM/AM Radio](#) P. 158
   - [Playing SiriusXM® Radio](#) P. 164
   - [Playing Hard Disc Drive (HDD) Audio](#) P. 186
3. Select **Audio**.
4. Select **Edit** or **No Entry**.
   - If you select **No Entry**, go to step 6.
5. Select **Add**.
6. Select the preset icon you want to store the station or song to.

You can also preset a station or song by pressing and holding the preset icon you want to store that station or song after step 3.
Deleting a Preset Station or Song

1. Select Shortcuts.
2. Select Audio.
3. Select Edit.
4. Select Delete.
5. Select the preset icon with the radio station or a song you want to delete.

Customizing Audio Source

You can customize order of the source list icons.

1. Select Audio Source.
2. Select Edit Order from the second screen.
3. Select two icons you want to swap.
4. Select Done.
   ► Select Default to reset the customized order.
Audio Remote Controls

Steering Wheel Controls

Control basic audio system functions using the controls mounted on the steering wheel.

Cycles through the audio modes as follows:

- Press \( \uparrow \) to increase the volume.
- Press \( \downarrow \) to decrease the volume.
- Press and hold \( \uparrow \) to increase the volume rapidly.

Audio Remote Controls

The CD mode appears only when a CD is loaded.

The USB mode, iPod mode, Bluetooth® Audio mode, Pandora® mode, and Aha™ mode appear when a connection (Bluetooth® or USB) is established with a device.

To select audio mode, press the MODE button.

*: Pandora® is available on U.S. models only.
Audio Remote Controls

Steering Wheel Controls

**CH Button**

FM/AM, SiriusXM®
- Press (+) to select the next preset radio station.
- Press (-) to select the previous preset radio station.
- Press and hold (+) to scan to the next strong station.
- Press and hold (-) to scan to the previous strong station.

CD, HDD, iPod, USB flash drive, or Bluetooth® Audio
- Press (+) to skip to the next song.
- Press (-) to go back to the beginning of the current or previous song.
- Press and hold (+) to go to the group up. (Bluetooth® Audio only)
- Press and hold (-) to go to the group down. (Bluetooth® Audio only)

CD (MP3/WMA/AAC), HDD or USB flash drive
- Press and hold (+) to skip to the next folder.
- Press and hold (-) to go back to the previous folder.

Pandora® or Aha™
- Press (+) to skip to the next song.
- Press (-) to go back the previous song. (Aha™ only)
- Press and hold (+) to select the next station.
- Press and hold (-) to select the previous station.

* Pandora® is available on U.S. models only.
Audio Settings

The following items are available:

- **SportsFlash** (SiriusXM® mode):
  - Notification: Sets whether a notification comes on the screen when the system receives a sports alert. If you select Enable (one time), the system enables the notification until turning the vehicle off.
  - Beep: Turns on or off the beep that sounds every time the pop-up message interrupts other audio mode screen.
  - Favorite Teams: Stores up to five favorite teams. Select Change Priority to change the priority of favorite teams.

- **Play Song from Beginning** (SiriusXM® mode): Turns on or off the Tune Start function that begins playing the current song from the beginning when you tune to a music channel.

- **Source Select Popup** — Selects whether the list of selectable audio sources comes on when the AUDIO button is pressed.

- **HD Radio Mode** (AM/FM mode): Selects whether the audio system automatically switches to the digital radio waves or receives the analogue waves only.

- **Cover Art** (CD (MP3/WMA/AAC), iPod, USB, Pandora® or Aha™ mode): Turns on and off the cover art display.

---

Continued
Audio Settings

- **Bluetooth Device List**: Displays the Bluetooth® device list.
- **Connect Bluetooth Audio Device** (Bluetooth® Audio, Pandora® or Aha™ mode): Connects, disconnects or pairs a Bluetooth® Audio device to HFL.
- **Recording from CD** (CD mode): Selects whether the songs on music CDs are automatically recorded to the HDD.
- **Recording Quality** (CD mode): Selects the quality of the music files recorded to the HDD.
- **HDD Info** (HDD mode): Displays the HDD capacity.
- **Update Gracenote Album Info** (CD or HDD mode): Updates the Gracenote® Album Info (Gracenote® Media Database) from CD or from USB.
  - Updating Gracenote® Album Info P. 196
- **Delete All HDD Data** (HDD mode): Resets all the menu and customized settings, and delete all music data on the HDD.
- **Default**: Cancels/Resets all customized items in the Audio Settings group as default.

*: This function is available on U.S. models only.
Adjusting the Sound

**MENU button ➤ Sound**

**Interface Dial**

Adjust the sound bass, treble, fader, and balance. You can also adjust the strength of the sound coming from the center and subwoofer speakers. In addition, you can set Speed-sensitive Volume Compensation (SVC) and DTS Neural Surround.

1. Rotate to select the sound mode to adjust. Press .
2. Rotate to adjust the desired level. Press .

1. Select More.
2. Select Sound.
3. Use or other icon to adjust the setting.
   - Use the icons to turn the page.
   - Select to go back to the previous screen.

**Adjusting the Sound**

The SVC has four modes: Off, Low, Mid, and High.

SVC adjusts the volume level based on the vehicle speed. As you go faster, audio volume increases. As you slow down, audio volume decreases.

DTS Neural Surround is a trademark of DTS, Inc.

When available, DTS Neural Surround converts stereo sound into surround sound.

Select Off, Low, Mid or High for the SVC setting.

You can also adjust the sound to select on the On Demand Multi-Use Display™.
Playing FM/AM Radio

Selecting FM/AM Mode

**Interface Dial**
1. Press the **MENU** button. (in AUDIO mode)
2. Rotate **** to select **Change Source**. Press **.
3. Rotate **** to select the frequency band (FM, AM). Press **.
   - The band and frequency are displayed on the navigation screen.

**On Demand Multi-Use Display**
1. Select **Audio Source**.
2. Select the frequency band (FM, AM) icon.
   - The band and frequency are displayed on the On Demand Multi-Use Display™.

**Radio FM Commands**

The ST indicator appears on the display indicating stereo FM broadcasts.

Stereo reproduction in AM is not available.

The radio can receive the complete AM and FM bands:
- AM band: 530 to 1710 kHz
- FM band: 87.7 to 107.9 MHz

You can store 6 AM stations and 12 FM stations into the preset memory.
Audio Screen Control

Control the audio system through the navigation screen and On Demand Multi-Use Display™.

Interface Dial

Rotate ◀ to select a station from the list. Press ◀.
► Rotate ◀ and select Refresh to update the station list at any time.
► Press the MENU button to display the menu items.

SiriusXM® Radio Service

■ Subscribing to SiriusXM® Radio
1. You need your radio ID ready before registering for subscription. To see the ID in the display: Operate the On Demand Multi-Use Display™ until channel 0 appears.
2. Have your radio ID and credit card number ready, and either call or visit the SiriusXM® website to subscribe.

■ Receiving SiriusXM® Radio
Switch to the SiriusXM® mode by pressing the MODE button repeatedly or operating the On Demand Multi-Use Display™, and stay in this mode for about 30 minutes until the service is activated. Make sure your vehicle is in an open area with good reception.

Contact Information for SiriusXM® Radio:
U.S.: SiriusXM® Radio at www.siriusxm.com/subscribenow or 1-877-447-0011
Canada: SiriusXM® Canada at www.siriusxm.ca/subscribe-now, or (877) 209-0079

The SiriusXM® satellites are in orbit over the equator; therefore, objects south of the vehicle may cause satellite reception interruptions. Satellite signals are more likely to be blocked by tall buildings and mountains the farther north you travel from the equator.

You may experience reception problems under the following circumstances:
• In a location with an obstruction to the south of your vehicle
• In tunnels
• On the lower level of a multi-tiered road
• Large items carried on the roof rack

SiriusXM® Radio Display Messages

Loading:
SiriusXM® is loading the audio or program information.

Channel off air:
The channel is not currently broadcasting.

Channel unauthorized:
SiriusXM® radio is receiving information update from the network.

No signal:
The signal is too weak in the current location.

Channel unavailable:
No such channel exists, the channel is not part of your subscription, or the artist or title information is unavailable.

Check antenna:
There is a problem with the SiriusXM® antenna. Contact a dealer.
Your audio system supports audio CDs, CD-Rs and CD-RWs in either MP3, WMA, or AAC format. With the CD loaded, select the CD mode.

**Selecting Disc Mode**

**Interface Dial**
1. Insert a disc into the disc slot.
   - The disc automatically being playing.
2. Press the **MENU** button. (in AUDIO mode)
3. Rotate \(\rightarrow\) to select **Change Source**. Press \(\rightarrow\).
4. Rotate \(\rightarrow\) to select **CD**. Press \(\rightarrow\).

**On Demand Multi-Use Display™**
1. Insert a disc into the disc slot.
   - The disc automatically being playing.
2. Select **Audio Source**.
3. Select the CD icon.

**NOTICE**
Do not use CDs with adhesive labels. The label can cause the CD to jam in the unit.

WMA and ACC files protected by digital rights management (DRM) cannot be played. The audio system displays Unplayable File, then skips to the next file.

Text data appears on the display under the following circumstances:
- When you select a new folder, file, or track.
- When you change the audio mode to CD.
- When you insert a CD.

If you eject the CD but do not remove it from the slot, the system reloads the CD automatically after several seconds.

You can control a CD audio using voice commands.

**Disc Commands** P. 335

  - [Changing the Screen Settings](#) P. 88
How to Select a File from the Music Search List (MP3/WMA/AAC)

MENU button (in CD mode) ➤ Music Search

Rotate , move < or > to select a file from the Music Search list. Press .
Recommended CDs

- Use only high-quality CD-R or CD-RW discs labeled for audio use.
- Use only CD-R or CD-RW discs on which the recordings are closed.
- Play only standard round-shaped CDs.

The CD packages or jackets should have one of these marks.

Also includes:

CDs with MP3, WMA or AAC Files

- Some software files may not allow for audio play or text data display.
- Some versions of MP3, WMA or AAC formats may be unsupported.

A Dual-disc cannot play on this audio unit. If recorded under certain conditions, a CD-R or CD-RW may not play either.

For DTS patents, see http://patents.dts.com.
Manufactured under license from DTS Licensing Limited. DTS, the Symbol, & DTS and the Symbol together are registered trademarks, and DTS Neural Surround is a trademark of DTS, Inc. © DTS, Inc. All Rights Reserved.
Protecting CDs
Follow these precautions when handling or storing CDs:
• Store a CD in its case when it is not being played.
• When wiping a CD, use a soft clean cloth from the center to the outside edge.
• Handle a CD by its edge. Never touch either surface.
• Never insert foreign objects into the CD player.
• Keep CDs out of direct sunlight and extreme heat.
• Do not place stabilizer rings or labels on the CD.
• Avoid fingerprints, liquids, and felt-tip pens on the CD.

NOTICE
Do not insert a damaged CD. It may be stuck inside and damage the audio unit.

Examples:
Bubbled, wrinkled, labeled, and excessively thick CDs
Damaged CDs
Sealed
With Plastic Ring
Poor quality CDs
Chipped/Cracked
Warped
Burrs
Small CDs
3 in (80 mm) CD
The Hard Disc Drive (HDD) Audio function plays tracks from music CDs that have been recorded onto the built-in HDD. You can arrange the tracks in playlists or play the tracks using various search methods.

### Selecting HDD Mode

**Interface Dial**

1. Press the MENU button. (in AUDIO mode)
2. Rotate \( \sigma \) to select Change Source. Press \( \sigma \).
3. Rotate \( \sigma \) to select HDD. Press \( \sigma \) to play tracks stored on the HDD.
   - Title information is displayed if found in the Gracenote® Album Info (Gracenote® Media Database) stored on the HDD.
   - The HDD has two types of playlists: original playlists and user playlists. An original playlist is automatically created for each album when a music CD is recorded. You can customize up to six user playlists provided on the HDD by adding tracks from your original playlists.

**On Demand Multi-Use Display™**

1. Select Audio Source.
2. Select the HDD icon to play tracks stored on the HDD.

---

You can control the HDD audio using voice commands:

- **HDD Commands** P. 335
- **Song By Voice™ (SBV)** P. 205

Music tracks recorded on HDD cannot be recorded onto CDs or other devices.

Tracks are recorded at four times the playback speed using ultra-efficient compression technology; therefore, sound quality may vary slightly from the original.

If the HDD is ever replaced, all music data is lost and cannot be recovered.

If there is a problem, you may see an error message on the display.

- **Hard Disc Drive (HDD) Audio** P. 298
Recording a Music CD to HDD

The songs on music CDs are automatically recorded by factory default to the HDD the first time you play each disc. You can then play the songs directly from the HDD.

1. Press the MENU button. (in CD mode)
2. Rotate to select Cancel Record to HDD. Press .

You can add tracks to user playlists, where you can mix and match tracks from other CDs recorded on the HDD.

If you stop the engine or the power system is turned off while recording a CD, there may be pauses between songs when you play back from the HDD.

Repeat, random, and scan functions are not available during recording.

You can play music from other sources (e.g., SiriusXM®, HDD, etc.) while recording.

Please note that there is no compensation offered in the case of unsuccessful recording of audio data or the loss of audio data due to any cause whatsoever.

Clearing the HDD

Any music tracks stored on the HDD can be deleted.

■ Stopping Recording

1. Press the MENU button. (in CD mode)
2. Rotate to select Cancel Record to HDD. Press .

■ Recording a CD Manually

1. Press the MENU button. (in CD mode)
2. Rotate to select Rec to HDD. Press .

Editing an Album or Playlist

MENU button (in HDD mode) ➤ Edit/Delete

1. Rotate to select Albums or Playlist. Press.
2. Rotate to select an album or playlist that you want edit or delete. Press.
   ➤ The pop-up menu appears on the screen.
3. Rotate to select an item. Press.

The following items are available:

- **Edit Name**: Enter a new name using the interface dial or the On Demand Multi-Use Display™.
- **Delete**: Deletes the selected album or playlist.
- **List Tracks**: Change the track title, artist name, genre and composer. You can also delete tracks.

Editing an Album or Playlist

The maximum number of original playlists is 50 with a maximum of 99 songs in each playlist.

Each album CD counts as an original playlist. Adding a track from a user playlist into the same user playlist will cause the track to appear twice in the playlist.

Deleting an album (original playlist) also deletes the album tracks you have stored in any user playlists.

Deleting a user playlist or deleting all tracks from a user playlist does not remove the playlist folder. The folder retains the playlist name and artist information.
Creating a New Playlist

MENU button (in HDD mode) ➤ Edit/Delete ➤ Playlists ➤ Create New Playlist

1. Enter the playlist name using the interface dial or the On Demand Multi-Use Display™.

How to Select a Song from the Music Search List

1. Move ▼ or ▲ to select a search category. Press ●.

2. Rotate ◀ to select a file from the Music Search list. Press ●.
Song By Voice™ (SBV)

Use SBV to search for and play music from your HDD or iPod using voice commands.

Settings Song By Voice™ (SBV)

Settings button ➤ System Settings ➤ Song By Voice

The following items are available:

- **On** (factory default): Song By Voice commands are available.
- **Off**: Disable the feature.

Rotate ⤐ to select On or Off. Press 🎨.
Playing an iPod ➤ Song By Voice™ (SBV)

1. Set the Song By Voice setting to On.
2. Press the (Talk) button and say “Music Search” to activate the SBV feature for the HDD and iPod.
3. Say a command.
   ► Example 1: Say “(List) ‘Artist A’” to view a list of songs by that artist. Select the desired song to start playing.
   ► Example 2: Say “Play ‘Artist A’” to start playing songs by that artist.
4. To cancel SBV, press the (hang-up/back) button on the steering wheel. The selected song continues playing.

Search for Music Using Song By Voice™ (SBV)

NOTE:
Song By Voice™ commands are available for tracks stored on the HDD or iPod.

You can add phonetic modifications of difficult words so that it is easier for SBV to recognize artists, songs, albums, and composers in voice commands.

SBV may not be able to recognize languages other than English for the artist name, song title, album title, and composers.

Once you have canceled this mode, you need to press the (Talk) button and say “Music Search” again to re-activate this mode.
Phonetic Modification

Add phonetic modifications of difficult or foreign words so that it is easier for SBV to recognize artists, songs, albums, and composers in voice commands when searching for music on the HDD or iPod.

1. Move and rotate to select New Modification. Press .

2. Rotate to select HDD or iPod. Press .

Phonetic Modification

Phonetic Modification is grayed out when Song By Voice is set to Off.

You can store up to 2,000 phonetic modification items.
Playing an iPod

Song By Voice™ (SBV)

3. Rotate to select the item to modify (e.g., Artist). Press .
   ▶ The list of the selected item appears on the screen.

4. Rotate to select an entry (e.g., No Name). Press .
   ▶ The pop-up menu appears on the screen.

5. Rotate to select Modify. Press .
   ▶ To listen to the current phonetic modification, rotate to select Play. Press .
   ▶ To delete the current phonetic modification, rotate to select Delete. Press .
Playing an iPod

Song By Voice™ (SBV)

6. Enter the phonetic spelling you wish to use (e.g., “Artist A”) when prompted.

7. Rotate to select OK to exit. The artist “No Name” is phonetically modified to “Artist A.” When in the SBV mode, you can press the (Talk) button and use the voice command “Play ‘Artist A’” to play songs by the artist “No Name.”
Playing Internet Radio

Selecting Internet Radio Mode

Playing a USB Flash Drive

Connecting a USB Flash Drive

1. Open the center console.
2. Open the USB cover.
3. Install the USB flash drive to the USB connector.

USB Flash Drives

Use a recommended USB flash drive of 256 MB or higher. Some digital audio players may not be compatible. Some USB flash drives (e.g., a device with security lockout) may not work. Some software files may not allow for audio play or text data display. Some versions of MP3, WMA, or AAC formats may be unsupported.

Connecting a USB Flash Drive

- Do not connect your USB flash drive using a hub.
- Do not use a device such as a card reader or hard disc drive, as the device or your tracks may be damaged.
- We recommend backing up your data before using the device in your vehicle.

USB Flash Drives

Digital music tracks, such as MP3, WMA, AAC, etc., in USB flash drives cannot be copied to HDD. Likewise, digital music tracks recorded to HDD cannot be copied to USB flash drives.

Files on the USB flash drive are played in their stored order. This order may be different from the order displayed on your PC or device.
Selecting USB Mode

1. Connect the USB flash drive to the USB port in the center console.
2. Press the MENU button. (in AUDIO mode)
3. Rotate to select Change Source. Press .
4. Rotate to select USB. Press .

Files in WMA/ACC format protected by digital rights management (DRM) cannot be played.

If there is a problem, you may see an error message on the navigation screen.

You can control a USB flash drive using voice commands.

This section describes how to operate Bluetooth® HandsFreeLink®. You can place and receive phone calls using your vehicle’s audio system without handling your mobile phone.
**Bluetooth® HandsFreeLink®**

**Using HFL**

### HFL Buttons

- **(Pick-up) button**: Press to go to a phone-specific voice command screen or to answer an incoming call.
- **(Hang-up/back) button**: Press to end a call, or to cancel a command.
- **(Talk) button**: Press to give HFL voice commands.
- **PHONE button**: Press to go directly to the Phone screen.
- **Interface dial**: Rotate to select an item on the screen, then press . Move , , or to select secondary menu.

---

**Voice control tips:**

- Aim the vents away from the ceiling and close the windows, as noise coming from them may interfere with the microphone.
- Press and release the button when you want to call a number using a stored voice tag, a phonebook name, or a number. Speak clearly and naturally after a beep.
- If the microphone picks up voices other than yours, the command may be misinterpreted.
- To change the volume level, use the audio system’s volume knob or the remote audio controls on the steering wheel.

State or local laws may prohibit the operation of handheld electronic devices while operating a vehicle.

If you press button, the climate control fan speed is reduced automatically. When voice recognition ends, the fan speed returns to the previous level.

---

To use HFL, you need a Bluetooth®-compatible mobile phone. For a list of compatible phones, pairing procedures, and special feature capabilities:

- **U.S.**: Visit [http://handsfreelink.com/acura](http://handsfreelink.com/acura), or call 1-888-528-7876.
- **Canada**: For more information on smartphone compatibility, call 1-888-528-7876.
The navigation screen notifies you when there is an incoming call.

**HFL Status Display**

The navigation screen notifies you when there is an incoming call.

- **Bluetooth® Indicator**: Comes on when your phone is connected to HFL.
- **Caller’s Name**
- **Caller’s Number**
- **Battery Level Status**
- **Roam Status**
- **Signal Strength**

**Bluetooth® Wireless Technology**

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. Other trademarks and trade names are those of their respective owners.

**HFL Limitations**

An incoming call on HFL will interrupt the audio system when it is playing. It will resume when the call is ended.

**Bluetooth® HandsFreeLink®** (HFL) allows you to place and receive phone calls using your vehicle’s navigation system, without handling your mobile phone.
Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion.

You cannot select a grayed-out option until the vehicle is stopped.

Only previously stored speed dial entries with voice tags, phonebook names, or numbers can be called using voice commands while the vehicle is in motion.

Setting Up Speed Dialing P. 236

HFL Status Display

The information that appears on the navigation screen varies between phone models.

You can change the system language to English, French, or Spanish.

Language Settings P. 34
Pairing a Phone

PHONE button

When no Bluetooth®-compatible phone is paired, the following screen appears:

1. Rotate to select Yes. Press .
2. Make sure your phone is in search or discoverable mode. Press .
   HFL automatically searches for a Bluetooth® device.

3. When your phone appears on the list, select it by pressing .
   If your phone does not appear, you can select Refresh to search again.
   If your phone still does not appear, move to select Device Not Found? and search for Bluetooth® devices using your phone. From your phone, select HandsFreeLink.

Phone Pairing Tips:
• You cannot pair your phone while the vehicle is moving.
• Up to six phones can be paired.
• Your phone’s battery may drain faster when it is connected to HFL.
• If your phone is not ready for pairing or not found by the system within three minutes, the system will timeout and returns to idle.

Once you have paired a phone, you can see it displayed on the screen with one or two icons on the right side.

These icons indicate the following:
• The phone can be used with HFL.
• The phone is compatible with Bluetooth® Audio.
Pairing a Phone

4. HFL gives you a pairing code on the navigation screen. Confirm if the pairing code on the screen and your phone match. This may vary by phone.

5. You will receive a notification on the screen if pairing is successful.

When pairing is completed, an Automatic Phone Sync prompt appears. Select On if you want your call history and phonebook automatically imported to HFL.

Automatic Phone Sync Setting P. 251

Some phones may have an additional setting to allow the phone to auto connect each time you turn on your vehicle.

Pairing from Phone Setup

1. Rotate 🎤 to select Add Bluetooth Device.

2. Make sure your phone is in search or discoverable mode. Press 🎤. HFL automatically searches for a Bluetooth® device.
3. When your phone appears on the list, select it by pressing 📞.
   ➤ If your phone does not appear, you can select Refresh to search again.
   ➤ If your phone still does not appear, move 🔄 to select Device Not Found? and search for Bluetooth® devices using your phone. From your phone, select HandsFreeLink.

4. HFL gives you a pairing code on the navigation screen.
   ➤ Confirm if the pairing code on the screen and your phone match. This may vary by phone.

5. You will receive a notification on the screen if pairing is successful.
Changing the Pairing Code

**SETTING button ➤ System Settings ➤ Edit Pairing Code**

Rotate ⊗ to select Fixed or Random. Press ☑.

Changing the Pairing Code

The pairing code may be six or four digits depending on your phone.

The default pairing code is **0000** until you change the setting.

To create your own, select **Fixed**, and delete the current code, then enter a new one.

For a randomly generated pairing code each time you pair a phone, select **Random**.
Pairing a Phone

1. Rotate to select a paired phone you want to replace. Press.
2. Rotate to select Replace This Device. Press.
3. HFL enters the pairing process and searches a new phone.
4. Follow the prompts to pair a new phone.
5. You will receive a notification on the screen if pairing is successful.

Changing the Currently Paired Phone

Setting button ➤ Phone Settings ➤ Bluetooth Device List

1. Rotate to select a paired phone you want to replace. Press.
2. Rotate to select Replace This Device. Press.
3. HFL enters the pairing process and searches a new phone.
4. Follow the prompts to pair a new phone.
5. You will receive a notification on the screen if pairing is successful.

The replaced phone will keep the same speed dial entries, and security PIN information from the previously paired phone.
Pairing a Phone

Deleting a Paired Phone

1. Rotate 📡 to select a paired phone you want to replace. Press 📡.
2. Rotate 📡 to select Delete This Device. Press 📡.
3. You will receive a confirmation message on the screen. Rotate 📡 to select Yes. Press 📡.
4. You will receive a notification on the screen if deletion is successful.
Importing Phonebook Data

When your phone is paired, the contents of its phonebook and call history are automatically imported to HFL.

When you select a person from the list in the mobile phonebook, you can see up to three category icons. The icons indicate what types of numbers are stored for that name.

- Pref
- Home
- Mobile
- Work
- Pager
- Fax
- Car
- Other
- Message
- Voice

On some phones, it may not be possible to import the category icons to HFL.

The phonebook is updated after every connection. Call history is updated after every connection or call.
Setting Up Speed Dialing

MENU button (on Phone screen) ➤ Speed Dial

Up to 20 speed dial numbers can be stored per phone.

1. Rotate 🔄 to select New Entry. Press 🎤.

2. Rotate 🔄 to select a number entry method. Press 🎤.

The following options are available:
- Import from Call History: Select a number from the call history.
- Manual Input: Input the number manually.
- Import from Phonebook: Select a number from the linked mobile phone’s imported phonebook.

When a voice tag is stored, press the ☎️ button to call the number using the voice tag. Say “Call” and the voice tag name.

Voice tags allow you to call speed dial entries from the Voice Portal screen or Phone call screen by saying the voice tag name.
Setting Up Speed Dialing

**Registering a Voice Tag to a Speed Dial Entry**

1. Select an existing speed dial entry.
2. From the pop-up menu, rotate to select **Edit**. Press 🎤.
3. Rotate 🎤 to select **Voice Tag**. Press 🎤.
4. From the pop-up menu, rotate 🎤 to select **Record**. Press 🎤.
5. Press 🎤.
   - Using the 🎤 (Talk) button, follow the prompt to enter a voice tag.

Avoid using duplicate voice tags.

Avoid using "home" as a voice tag.

It is easier for HFL to recognize a longer name. For example, use "John Smith" instead of "John."
Setting Up Speed Dialing

To delete a voice tag

1. Select an existing speed dial entry.
2. From the pop-up menu, rotate to select Edit. Press .
4. From the pop-up menu, rotate to select Clear. Press .
5. You will receive a confirmation message on the screen. Rotate to select Yes. Press .

To delete a speed dial

1. Select an existing speed dial entry.
2. From the pop-up menu, rotate to select Delete. Press .
3. You will receive a confirmation message on the screen. Rotate to select Yes. Press .
Setting Phone Shortcuts

You can preset five previously stored speed dial entries, and make a call from one of the preset numbers, or call history when the phone is paired and connected to the vehicle’s Bluetooth® HandsFreeLink® (HFL) system.

Setting Up Speed Dialing P. 236

To preset a speed dial

1. Select Shortcuts.
2. Select Phone.
3. Select Speed Dial.
4. Select Edit or No Entry.
   ► If you select No Entry, go to step 6.
5. Select Add and select a preset number you want to store as a shortcut.
   ► Five presets appear. Select a No Entry preset or an existing preset.
   ► The screen changes to a list of previously stored speed dial entries.

Setting Phone Shortcuts

Dial icon
You can make a call using the keyboard on the On Demand Multi-Use Display™ to input numbers.

You can display a caller’s picture on an incoming call screen.

Automatic Phone Sync Setting

Select On if you want your call history and phonebook automatically imported to HFL. If prompted by your phone, please accept the import request. Not all phones require this additional step.
Making a Call

You can make calls by inputting any phone number, or by using the imported phonebook, call history, speed dial entries, or redial.

Any voice-tagged speed dial entry, phonebook name, or number can be dialed by voice from most screens. Press the \[\text{button}\] and say “Call” and the voice tag name, “Call by name” and the phonebook name, or “Call” and the phone number.

The maximum range between your phone and vehicles is 30 ft (10 m).

Once a call is connected, you can hear the voice of the person you are calling through the audio speakers.
Using the Phonebook

1. The phonebook is stored alphabetically. Move to Search. You can use the keyboard on the touchscreen for an alphabetical search.

2. Rotate to select a number. Press. Dialing starts automatically.

Using the Phonebook

This function is disabled while the vehicle is moving. However, you can call a stored voice-tagged speed dial number, phonebook name, or number using voice commands.

- Limitations for Manual Operation P. 228
- Setting Up Speed Dialing P. 236

You can use the keyboard on the On Demand Multi-Use Display™ for an alphabetical search.
Entering a Phone Number

MENU button (on Phone screen) ➤ Dial

1. Rotate to select a number. Press .
2. Rotate to select . Press .

Entering a Phone Number

This function is disabled while the vehicle is moving. However, you can call a stored voice-tagged speed dial number, phonebook name, or number using voice commands.

Limitations for Manual Operation P. 228
Setting Up Speed Dialing P. 236

You can use the keyboard on the On Demand Multi-Use Display™ to input numbers. Select numbers, then to start dialing.
Using Redial

MENU button (on Phone screen) ➤ Redial

You can display a caller’s picture on an incoming call screen.

Rotate to select Dial. Press .

Dialing starts automatically.
Using Call History

- **MENU** button (on Phone screen) ➤ **Call History**

Call history is stored by All, Dialed, Received, and Missed.

![Call History Screen](image)

**Navigation screen**

1. Move < or > to select All, Dialed, Received, and Missed.
2. Rotate down to select a number. Press .
   - Dialing starts automatically.

Using Speed Dial

- **MENU** button (on Phone screen) ➤ **Speed Dial**

![Speed Dial Screen](image)

**Navigation screen**

- Rotate down to select a number. Press .
  - Dialing starts automatically.

Using Call History

- The call history displays the last 20 dialed, received, or missed calls.
  - Appears only when a phone is connected to HFL.

These icons next to the number indicate the following:

- : Dialed calls
- : Received calls
- : Missed calls

Using Speed Dial

- Move to select More Speed Dials to view another paired phone’s speed dial list. You can make a call from that list using the currently connected phone.

When a voice tag is stored, press the button to call the number using the voice tag.

- **Setting Up Speed Dialing** P. 236

Any voice-tagged speed dial entry, phonebook name or number can be dialed by voice from any screen. Press the button and follow the prompts.
Receiving a Call

When there is an incoming call, an audible notification sounds (if activated) and the Incoming call screen appears.

1. Press the [ ] button to answer the call.
2. Press the [ ] button to decline or end the call.

**Call Waiting**

Press the [ ] button to put the current call on hold to answer the incoming call. Press the [ ] button again to return to the current call. Ignore the incoming call if you do not want to answer it. Press the [ ] button if you want to hang up the current call. You can select the icons on the On Demand Multi-Use Display™ instead of the [ ] and [ ] buttons.
Options During a Call

The available options are shown on the Phone screen. Rotate to select the option. Press . The mute icon appears when Mute is selected. Select Mute again to turn it off.

The following options are available during a call:

- **Mute**: Mute your voice.
- **Transfer**: Transfer a call from HFL to your phone.
- **Touch Tones**: Send numbers during a call. This is useful when you call a menu-driven phone system.

**Options During a Call**

- **Touch Tones**: Available on some phones.

You can select the icons on the On Demand Multi-Use Display™.
Text/E-mail Message

Setting a Text/E-mail Message

To Turn On or Off the Text/E-mail Function

1. Press the "SETTING" button ➤ Phone Settings ➤ Enable Text/Email
2. Rotate to select On or Off. Press .

To Turn On or Off the Text/E-mail Notice

1. Press the "SETTING" button ➤ Phone Settings ➤ New Text/Email Alert
2. Rotate to select On or Off. Press .

The following items are available:
- **On**: A pop-up notification comes on every time you receive a new text message.
- **Off**: The message you receive is stored in the system without notification.

Some text/e-mail features may not be available depending on the mobile phone.
Text/E-mail Message  Selecting a Mail Account

Selecting a Mail Account

Selecting a Mail Account

If a paired phone has text message or mail accounts, you can select one of them to be active and receive notifications.

You can also select a mail account from the folder list screen or the message list screen.

You can only receive notifications from one text message or mail account at a time.
Receiving a Text/E-mail Message

HFL can display newly received text and e-mail messages as well as 20 of the most recently received messages on a linked mobile phone. Each received message can be read aloud and replied to using a fixed common phrase.

1. A pop-up appears and notifies you of a new text or e-mail message.
2. Rotate to select Read to listen to the message. Press . The text or e-mail message is displayed. The system automatically starts reading out the message.
3. To discontinue the message read-out. Press .

The system does not display any received messages while you are driving. You can only hear them read aloud.

With some phones, you may be able to display up to 20 most recent text and e-mail messages.

State or local laws may limit your use of the HFL text/e-mail message feature. Only use the text/e-mail message feature when conditions allow you to do so safely.

When you receive a text or e-mail message for the first time since the phone is paired to HFL, you are asked to turn the New Text/Email Alert setting to On.

To Turn On or Off the Text/E-mail Notice
P. 259
Displaying Messages

Displaying Text Messages

1. Select account if necessary.
2. Rotate to select a message. Press.
   - The text message is displayed. The system automatically starts reading the message aloud.

If you delete a message on the phone, the message is also deleted in the system. If you send a message from the system, the message goes to your phone's outbox.

To see the previous or next message, move or on the text message screen.

Some phones may have an additional setting to enable this feature.
Displaying E-mail Messages

**MENU** button (on Phone screen) ➤ **Text/Email**

1. Rotate 🔄 to select a folder. Press 📦.

2. Rotate 🔄 to select a message. Press 📦.
   - The text message is displayed. The system automatically starts reading the message aloud.

---

Displaying E-mail Messages

Received text and e-mail messages may appear in the message list screen at the same time. In this case, text messages are titled *No subject*. 
Read or Stop Reading a Message

1. Go to the text or e-mail message screen.
   ▶ The system automatically starts reading the message aloud.
   ➤ Displaying Messages P. 262

2. Press \( \) to stop reading.
   Press \( \) again to start reading the message from the beginning.

Reply to a Message

1. Go to the text or e-mail message screen.
   ▶ The system automatically starts reading the message aloud.
   ➤ Displaying Messages P. 262

2. Move \( \) and Rotate \( \) to select Reply. Press \( \).
3. Rotate 📩 to select the reply message. Press 📩. The pop-up menu appears on the screen.

4. Select Send to send the message. Message Sent appears on the screen when the reply message was successfully sent.

Calling the Sender

1. Go to the text message screen. The system automatically starts reading the message aloud.

2. Move 📩 and Rotate 📩 to select Call. Press 📩.

Reply to a Message

The available fixed reply messages are as follows:
- Talk to you later, I'm driving.
- I'm on my way.
- I'm running late.
- OK
- Yes
- No

You cannot add, edit, or delete reply messages.

Only certain phones receive and send messages when paired and connected. For a list of compatible phones:
- U.S.: Visit http://handsfreelink.com/acura, or call 1-888-528-7876.
- Canada: For more information on smartphone compatibility, call 1-888-528-7876.
Roadside Assistance

MENU button (on Phone screen) ➤ Roadside Assistance

Provides a nationwide service for unexpected incidents. You can call for assistance using a phone paired and connected to Bluetooth® HandsFreeLink®.

Rotate ☰ to select a phone number. Press ☰.

➤ Dialing starts automatically.

If you are subscribed to a paid AcuraLink® package, you can call the roadside assistance using the LINK button instead of your phone.

➤ AcuraLink® P. 272

This function is not available on all models.
HFL Menus

The power mode must be in ACCESSORY or ON to use HFL.

■ Phone settings screen

1. Press the SETTINGS button.
2. Rotate ☰ to select Phone Settings, then press ☰.

To use HFL, you must first pair your Bluetooth®-compatible mobile phone to the system while the vehicle is parked.

Some functions are limited while driving. A message appears on the screen when the vehicle is moving and the operation is canceled.
**HFL Menus**

- Select Account: Select a mail or text message account.

*1: Appears only when a phone is connected to HFL.
*2: Not available on all models
*3: This function is not available if your phone is not supported.
AcuraLink® Messages

This section describes how Acura directly communicates important information to you regarding your vehicle.

AcuraLink®............................................. 272
In Case of Emergency........................... 272
Security Features .................................. 275
Operator Assistance ............................. 276
AcuraLink® Message ............................ 277
AcuraLink® Subscription Status............. 281
AcuraLink®

A subscription-based service that provides convenient features such as voice communication in case of emergency, online security, one-on-one operator assistance, and the transmission of important messages regarding your vehicle’s status.

For information on traffic rerouting and traffic information updates, provided by the AcuraLink® server.

**In Case of Emergency**

Your vehicle may not be able to connect to the operator if the battery level is low, the line is disconnected or you do not have adequate mobile coverage.

You cannot use emergency services when:
- You travel outside the AcuraLink® service coverage areas.
- There is a problem with the connecting devices, such as the ASSIST button, microphone, speakers, or the unit itself.
- You are not subscribed to the service or your subscription is no longer valid.

AcuraLink® also provides services you can operate from the Internet or your smartphone.

To subscribe to AcuraLink®, or to get more information about all of its features, contact an Acura dealer or visit owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada).

In Case of Emergency

You cannot operate other navigation- or phone-related functions using the screens while talking to the operator.

Only the operator can terminate the connection to your vehicle.
If your vehicle’s airbags deploy or if the unit detects that the vehicle is severely impacted, your vehicle automatically will attempt to connect to the AcuraLink® operator. Once connected, information about your vehicle, its positioning, and its condition will be sent to the operator; you also can speak to the operator when connected.

If the unit fails to connect to the operator, it repeatedly tries until it succeeds.
<table>
<thead>
<tr>
<th>Manual Operator Connection</th>
</tr>
</thead>
</table>

If you need to talk to the AcuraLink® operator in an emergency situation, you can manually connect to them by pressing the **ASSIST** button with the power mode in ACCESSORY or ON.

1. Open the cover attached to the ceiling console.
2. Press the **ASSIST** button.
   - You are connected to the AcuraLink® operator.

**Manual Operator Connection**

Do not press the button while driving. When you need to contact the operator, park the vehicle in a safe place.

If the unit fails to connect to the operator, it automatically cancels the action after three minutes.

In an emergency, the cover can be broken through to press the **ASSIST** button.
Security Features

Your subscribed telematics service provider can track your vehicle’s location, remotely lock or unlock doors, and help you find your vehicle. To use these features, you need your user ID and personal identification number (PIN).

- **Stolen vehicle tracking**
  This feature searches and tracks down your vehicle position even if it is on the move. If you believe that your vehicle has been stolen, contact the police as well as the provider.

- **Remote door lock/unlock**
  The provider can remotely lock or unlock doors upon your request.

- **Vehicle finder**
  This feature is convenient to use when trying to locate your vehicle in large areas, such as a crowded parking lot. If you cannot locate your vehicle after using the remote transmitter’s answerback function, you can contact the provider which can then flash your vehicle’s exterior lights and sound the horn.

- **Security alarm notification**
  If the security system in your vehicle detects an abnormal condition, such as someone tampering with the lock on your vehicle, the provider notifies you by your preferred method.
Operator Assistance

Connect to the AcuraLink® operator when trying to find a destination or for roadside assistance.

1. Press the LINK button.
   ▶ Connection to the operator begins.

2. Talk to the operator.
   ▶ To disconnect, rotate 🔄 to select **Hang Up**, select **End Call** on the On Demand Multi-Use Display™, or press the 🎤 (Hang-up/back) button on the steering wheel.

Remain attentive to road conditions and driving during operator assistance.
AcuraLink® Message

AcuraLink® sends you messages on vehicle features, safety and emissions recall campaigns, maintenance reminders, and diagnostic information. When you receive a new message, an icon appears on the upper right corner of the navigation screen.

There are six message categories.

- **Feature Guide**: Messages about your vehicle and its features are sent daily for the first 90 days.
- **Quick Tips**: Supplements your Owner’s Manual with updated vehicle information.
- **Diagnostic Info**: Appears when a warning indicator or message comes on. Rotate to select Check Later or Check Now.
  - Selecting Check Now lets you know if you should see a dealer immediately or later in accordance with the warning severity level.
- **Scheduled Dealer Appointment**: An appointment made through the Acura server or Acura Owners website can be rescheduled or canceled from this option.
- **Maintenance Minder**: Lets you know which maintenance item is due along with a reminder message.

Messages may not appear immediately after your vehicle purchase. It can take several days for your dealer to register your vehicle’s ID.

If an icon includes an exclamation point, it indicates that Acura gives high priority to this message compared to the one without.

- **A**: An unread message with high priority
- **A**: An unread message

The types of messages you receive can be modified. Ask a dealer or visit owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada).

You can call your dealer, find the nearest dealer, or schedule appointments from the message options in Maintenance Minder, Recalls/Campaigns, and Diagnostic Info.

**Message Options** P. 279
AcuraLink® Messages

• Recalls/Campaigns: Reminds you of a recall or important safety information. You should also be notified by mail.

Reading a Message

1. Press the INFO button, rotate to select AcuraLink/Messages, then press .
   ► If your display has changed from Info menu to Current Drive, press the MENU button. 
   ► Select AcuraLink messages.

2. Rotate to select a category, then press .
   ► If there are unread messages in a category, a message icon appears next to that category.

3. Rotate to select a message you want to read, then press .

Reading a Message

If there is no message listed on the menu, AcuraLink/Messages is grayed out and cannot be selected.

The message icon disappears once you read the message.

However, the exclamation mark that indicates that the message has a high priority remains.

• : A read message with high priority.
While a message is displayed, you can use options to take immediate action to the message.

Available options are:
- **Voice**: Reads the message aloud. Select Stop to cancel it.
- **Find Acura Dlr.**: Searches for the nearest Acura dealer.
- **Delete**: Deletes the displayed message.
- **Call Your Dealer**: Calls your Acura dealer using HFL.
- **Schedule Dealer Appointment** (U.S. only): Automatically sets an appointment date at your dealer.
- **Phone number**: Dials a number displayed in the message via HFL.
- **Diagnostic Info**: Updates the current diagnostic message by connecting to the Acura server using HFL.
AcuraLink® Message

■ Dealer Appointments (U.S. only)

You can confirm the scheduled appointment date when you receive a Maintenance Minder or Recalls/Campaigns message, or reschedule any existing appointments.

1. Select a Maintenance Minder, Recalls/Campaigns, or Scheduled Dealer Appointment message.

2. Rotate to select Scheduled Dealer Appointment or Reschedule Appointment (depending on the screen). Press .
   - A suggested time and date are displayed.

3. Rotate to select Confirm Appointment. Press to accept the time and date.

4. Press to select OK.

Dealer Appointments (U.S. only)

To set up an automated dealer appointment when a regular maintenance is due, visit the Acura Owners website at owners.acura.com (U.S.) or www.acura.ca/owners/acuralink (Canada) and set the required option. A reminder message will be sent as the date for the dealer appointment approaches. A reminder message will also be sent if you schedule an appointment online using the Schedule Service Appointment function.

If you are not satisfied with the proposed appointment date and time, call your dealer directly.

To cancel the scheduled appointment, select Cancel Appointment when a message is displayed.
### AcuraLink® Subscription Status

**SETTINGS** button ➤ **Info Settings** ➤ **AcuraLink Subscription Status**

Confirm your AcuraLink® subscription status.

• AcuraLink® is not available in Alaska, Hawaii, Puerto Rico, and Mexico. |
| The navigation system sometimes provides a detour route when I am driving a route on the freeway/highway. | If Traffic Rerouting is set to On, the navigation system provides a detour route to your destination only if it can find a significantly faster route than the original one.  
[Traffic Rerouting](#) P. 58 |
| The navigation system routes me to an exit and an alternate freeway/highway with unknown flow speeds or surface streets. | The navigation system predicts which route should be faster based on freeway/highway congestion along your route. Use your own experience to determine whether the alternate route would be faster. |
| How can I ignore the detour route and return to the original route? | Press the SETTINGS button. Select Navi Settings > Routing, and set Traffic Rerouting to Off.  
[Traffic Rerouting](#) P. 58 |
### Guidance, Routing

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
</table>
| The navigation system does not route me the same way I would go or the same way as other mapping systems. | The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route.  
  ➡️ Route Preference P. 54                                                                                           |
| The navigation system wants to route me around potential traffic problems. How do I stop these pop-up messages?       | Press the SETTINGS button. Select Navi Settings > Routing, and set Traffic Rerouting to Off.  
  ➡️ Traffic Rerouting P. 58                                                                                           |
| The street I’m on is not shown on the map screen.                     | The mapping database is constantly undergoing revision. You can access the most recent information on the internet.  
  ➡️ Map Coverage P. 311                                                                                               |
| The vehicle position icon is not following the road and the “GPS icon” text in the upper left hand corner of the screen is white or missing. | • Check that the GPS antenna (located in the dashboard) is not blocked. For best reception, remove items from the dashboard, such as radar detectors, mobile phones, or loose articles.  
  • Metallic tinting or other aftermarket devices can interfere with the GPS reception.  
  Please consult a dealer.  
  ➡️ GPS System P. 308                                                                                                 |
| The blue highlighted route and voice guidance stopped or turned into a blue/pink line before I got to my destination.   | Your route has entered an unverified area.  
  ➡️ Unverified Routing P. 56                                                                                          |
| How do I stop the map from rotating as I drive along?                  | Press the SETTINGS button. Select Navi Settings > Map > View > North-up.                                             |
| The “time to destination” display sometimes increases even though I am getting closer to my destination.                | If your speed reduces due to slower traffic, the navigation system updates the “time to destination” based on your actual road speed to give you a better estimate of arrival time. |

System Initialization

The navigation system must be initialized if power to the navigation system is interrupted for any reason (e.g., the battery was disconnected).

**Entering the Security Code**

In most cases, you do not need to enter a security code. Follow the steps to reactivate the system.

1. Set the power mode to ON, and turn on the audio system.
2. Press and hold the (Power) button for more than two seconds.
   - The system is reactivated when the system’s control unit recognizes that the system is in your vehicle.
   - If the control unit fails to recognize, you must go to a dealer and have the system checked.

**Acquiring GPS Information**

Depending on the length of time the power was interrupted, your system may require GPS initialization.

If initialization is not necessary, the system proceeds directly to the Startup Confirmation screen.

If the system fails to locate a sufficient number of satellites to locate your position within 10 minutes, the following screen is displayed.

If you are experiencing GPS reception problems:

- Check the GPS antenna cable connection.
- Restart the engine and repeat the GPS acquire procedure. If the problem persists, see your dealer.

Something is interfering with the system’s ability to acquire its location. Check the following:

- The vehicle must be in an open area with a clear view of the sky.
- Remove sources of GPS interference like metallic window tint, loose antennas, or electrical items near the GPS antenna (see owner’s manual for details).
- Check GPS antenna cable connection.
- Restart the engine and repeat the GPS acquire procedure. If the problem persists, see your dealer.

The navigation system lost power and is acquiring its location from the GPS satellites. This usually takes less than 10 minutes.

- Start the engine.
- Park the vehicle in an open area away from trees, power lines, and tall buildings.
- Remove loose articles, mobile phones, or electrical accessories located near the GPS antenna.
- If this screen is displayed repeatedly when starting the vehicle, see your dealer.

If you are experiencing GPS reception problems:

- Check the GPS antenna cable connection.
- Restart the engine and repeat the GPS acquire procedure. If the problem persists, see your dealer.

The navigation system lost power and is acquiring its location from the GPS satellites. This usually takes less than 10 minutes.

If you are experiencing GPS reception problems:

- Check the GPS antenna cable connection.
- Restart the engine and repeat the GPS acquire procedure. If the problem persists, see your dealer.
### Startup Confirmation Screen

The Startup Confirmation screen is displayed when initialization has successfully completed. It is displayed every time you start your vehicle. Press `OK` to select `OK` to continue.

**Notice**

- The driver is responsible for safe operation of this vehicle. Use this system only when traffic conditions are safe.
- This vehicle may be currently sharing location and vehicle usage information. To manage this setting press the LINK button in your vehicle or visit www.acuralink.com/vehicle-data-choices.
- For further details, see your owner’s manual.

### Map Matching

Map matching is the process of using the acquired GPS information to locate your position on the map screen. If you are on a mapped road, the name of the road is displayed along the bottom of the map screen when map matching is completed. Do not enter a destination until the road name is displayed. The system may initially show your location on a different street (e.g., in urban areas where streets are close together), may show an incorrect elevation, or may delay the display of the vehicle position icon at intersections. This is normal; the system will correct itself while you drive.
GPS System
The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:
• Metallic window tint on the front or side windows
• Mobile phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
• Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
• Audio electronic devices mounted near the navigation unit
• Trees, tall buildings, freeway/highway overpasses, tunnels, or overhead electrical power wires
GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet or tens of meters.

Address Calculation
The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database
The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes. For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
In addition, the map database contains verified and unverified areas. Unverified streets may be missing from the map, in the wrong location, or have an incorrect name or address range. A message will warn you if your route includes unverified streets. Exercise additional caution when driving in unverified areas.
The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

**Obtaining a Navigation Update** P. 311

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.
Client Assistance

Resolving Problems
If you run into a specific issue that you cannot resolve, consult the following help resources:
• For navigation system issues:
  Troubleshooting P. 290
• There are also FAQs available online at
  www.acuranavi.com (U.S.) or
  www.acuranavi.ca (Canada).
• For traffic-related issues:
  Traffic P. 292
• For reporting issues with the database or places/landmarks:
  Visiting Your Dealer P. 310
• Call Acura Client Relations.

Hours: 8:00 am to 7:30 pm
Monday to Friday (Eastern time)

Visiting Your Dealer
If you have a question that you cannot resolve using the available help resources, you can consult a dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service technician can refer the issue to the factory so that a solution can be found. Be patient, the service technician may be unfamiliar with your specific issue.
Map Coverage

The navigation system provides map coverage for the United States, Canada, Puerto Rico, and Mexico. The map coverage consists of accurately mapped (verified) metropolitan areas and a less accurate (unverified) rural database. Note that unverified areas are constantly being reviewed and converted to verified areas each year.

Map coverage update information is available from Acura Client Relations or online at www.acuranavi.com (U.S.) or www.acuranavi.ca (Canada).

To find navigation system update information:
1. Visit the website.
2. Enter your vehicle model and model year.
3. Click Map Coverage to display a list of verified coverage areas on the most recent update.
4. Click Map Coverage Details to display a PDF document with a full listing of all coverage areas.

Adobe Reader® is required for viewing and printing the Portable Document Format (PDF) documents. To download the latest version of Adobe Reader, visit http://get.adobe.com/reader/.

Obtaining a Navigation Update

Acura is continually expanding the scope of the navigation system. Navigation system software upgrades may be made available periodically, usually in the fall of each year. To purchase an update:
1. Obtain your vehicle’s VIN number and the System/Device Information.
2. Call the Acura Navigation Disc Fulfillment Center at (888) 549-3798, or order online at www.acuranavi.com (U.S.) or www.acuranavi.ca (Canada).

An update is not available from a dealer. However, the dealer may assist you in obtaining one for you out of courtesy. There is no program for free updates.
Traffic Information

Continuously updated traffic information is available in major metropolitan areas across the 48 contiguous states and some cities in Canada. A list of coverage areas is available online.

To find traffic information:
2. Select Real-Time Traffic on the ILX.
3. Click AcuraLink Real-Time Traffic.

Operation in Alaska, Hawaii, Canada, Puerto Rico, and Mexico

Map Coverage

All roads displayed on the map screens are verified roads. Information in this manual relating to "unverified" roads or areas is not applicable.

Address and Place Entry Screens

Entering a destination address or place/landmark on another island may result in a screen caution message. This is because there are no ferry routes between islands in the database.

Puerto Rico and Mexico

If Street Name Guidance is set to On, the street names will not be read out by voice guidance. This may change in a future data update.
Honda App License Agreement

Please carefully read this End User License Agreement (this “AGREEMENT”) which governs your use of the Software installed on your Honda or Acura vehicle (your “VEHICLE”) as well as the Applications, services, functions, and content provided through the Software (collectively, the “SERVICES”). Your use of the Software or Services will serve as your consent to the terms of this Agreement. The Software is owned (or licensed), provided, and/or operated by American Honda Motor Co., Inc. (“HONDA,” “US,” “WE,” or “OUR”), with its business address at 1919 Torrance Blvd., Torrance, CA 90501. Reference to “HONDA” in this Agreement includes Honda’s parent company and its affiliates and designated agents. The Services are owned (or licensed), provided, and/or operated by Honda or a third-party service provider (a “PROVIDER”). Reference to a “PROVIDER” in this Agreement includes such provider’s parent company, affiliates, and designated agents.

A. Description of the Software. The Software includes the software, firmware and the like, installed and executing on your VEHICLE during manufacture, and thereafter updated from time to time by HONDA, you or an authorized HONDA dealer (a “DEALER”). The Software allows you to access and use a variety of Services, including but not limited to: (a) Honda applications, services, and content provided through the Software (together, “HONDA SERVICES”); and (b) PROVIDER applications, services, and content provided through the Software (together, “PROVIDER SERVICES”), each of which may provide access to various information, media, content, and services.
B. SOFTWARE Licensing and Intellectual Property.

1. SOFTWARE. This AGREEMENT grants you a non-exclusive, limited, and revocable license to use the SOFTWARE and SERVICES solely (a) as installed on your VEHICLE by HONDA, (b) as updated on your Vehicle by HONDA, you (but only as and when directed by HONDA), or a DEALER and (c) as permitted under the terms of this AGREEMENT.

2. HONDA Services. The SOFTWARE may provide you with access to various HONDA SERVICES. Installation, activation, or use of HONDA SERVICES may require your consent to additional terms, conditions, and privacy policies applicable to those HONDA SERVICES (the “HONDA TERMS”). You acknowledge and agree that any collection, use, sharing of data generated by your VEHICLE or your use of your VEHICLE, and your use of the HONDA SERVICES shall be subject to this AGREEMENT and any additional HONDA TERMS that may be specifically applicable to such HONDA SERVICES or data generation.

3. Open-Source Software. The SOFTWARE and SERVICES may incorporate software licensed to HONDA under free or open-source licenses which govern HONDA’s distribution and your use of such software. HONDA and the third-party authors, licensors, and distributors of such software disclaim all warranties and all liability arising from any and all use or distribution of the software. To the extent such software is provided under terms that differ from the applicable free or open-source licenses, those terms are offered by HONDA alone. Additional information regarding free and open-source software incorporated in the SOFTWARE and SERVICES is available in this manual or within the SOFTWARE.

4. Provider Services. The SOFTWARE may provide you with access to various PROVIDER SERVICES. Installation or use of such PROVIDER SERVICES may require your consent to additional terms, conditions, and privacy policies of the applicable PROVIDER (the “PROVIDER TERMS”). This AGREEMENT restricts the manner in which you can install and use PROVIDER SERVICES but does not grant you a license or permission to use such PROVIDER SERVICES. Your permission to use PROVIDER SERVICES is limited and subject to any license grants, conditions, and limitations included in the PROVIDER TERMS. You acknowledge that any collection, use, sharing of your information, targeted advertising practices by PROVIDERS, and your use of the PROVIDER SERVICES shall be subject to both this AGREEMENT and any applicable PROVIDER TERMS. The PROVIDER SERVICES may collect, use, and share such information while you are using the SOFTWARE.

5. License Limitations and Restrictions on Use.

(a) Limited License. You understand and agree that the SOFTWARE and SERVICES are licensed, not sold, to you solely for use in accordance with this AGREEMENT and any applicable PROVIDER TERMS, and any documentation for the VEHICLE made available to you by HONDA (any “DOCUMENTATION”). HONDA and its licensors reserve all rights in the SOFTWARE and HONDA SERVICES not expressly granted to you under this AGREEMENT.
Providers and their licensors reserve all rights in the provider services not expressly granted to you under the applicable provider terms.

(b) Restrictions on Use. The licenses granted under this agreement do not permit you to use the software or services on a device other than your vehicle. As a condition of using the software and services, you agree that you may not and will not:

1. Copy, download, distribute, modify, publish, sell, rent, lease, lend, license, sublicense, reuse, or create derivative works of the software or services or any of the content or other material within the software or services, including without limitation, honda or provider names, logos, or any other trademarks of honda or providers or used in association with the software or any services, except as required to use the software or services in accordance with this agreement, any applicable provider terms, and the documentation;

2. Access or use the software or services in any manner intended to damage or impair the operation of the software or services or interfere with anyone else’s use and enjoyment of the software or services;

3. Access or attempt to access any system or server on which the software or services is hosted or modify or alter the software or services in any way;

4. Use the software or services for any unlawful purpose, or in violation of any third-party rights;

5. Use the software or services in violation of any applicable traffic regulations, rules or laws, including but not limited to any driver distraction laws, rules or regulations;

6. Violate the terms of this agreement, any honda terms, any provider terms or other applicable third-party terms, conditions, and privacy policies; or

7. Reverse engineer, decompile, disassemble, attempt to derive the source code of, nor permit others to reverse engineer, decompile, or disassemble, or attempt to derive the source code of the software or services, except and only to the extent that such activity is expressly permitted (a) by applicable law notwithstanding this limitation or (b) the terms of applicable free or open-source software licenses.

6. Intellectual Property Rights. All title and intellectual property rights in and to the software and services, the accompanying documentation, and all copies of the software or services are owned by honda, providers, or their suppliers or licensors. This agreement does not grant you any rights in connection with any trademarks or service marks of honda, providers, or their licensors, affiliates, or suppliers.

7. Export Restrictions: You acknowledge that the software and services are subject to u.s., european union, and other export jurisdictions. You agree to comply with all applicable international and national laws that apply to the software and services, including the u.s. export
C. SOFTWARE Operation

1. HONDA reserves the right to suspend or terminate your access to and use of the SOFTWARE or SERVICES if you are found to be in violation of this AGREEMENT or as reasonably deemed necessary by HONDA.

2. Eligibility Registration Activation. The SOFTWARE is intended for and available to individuals who (a) are of legal age of majority in their jurisdiction of residence (and at least 18 years of age), or are younger than 18 years of age and possess a valid driver’s license issued by their jurisdiction of residence, and (b) own or have permissive access to a compatible VEHICLE. We do not knowingly collect any information, including personal information, from children under 13. If we learn or are notified that we have collected personal information of a child under 13, we will immediately take steps to delete such information.

3. Use of PROVIDER SERVICES through the SOFTWARE. Certain PROVIDER SERVICES made available through the SOFTWARE may require that you register or otherwise have an account with the PROVIDER and agree to PROVIDER TERMS. Any use of any of such PROVIDER SERVICES within the SOFTWARE is subject to this AGREEMENT and the applicable PROVIDER TERMS. HONDA does not exercise control over such PROVIDER SERVICES and is not responsible or liable for the availability, security, or content of such PROVIDER SERVICES, and the inclusion of any PROVIDER SERVICES does not imply a referral from, the approval of, or the endorsement by HONDA of such PROVIDER SERVICES. HONDA is not responsible or liable, directly or indirectly, for any damage relating to or resulting from your use of the PROVIDER SERVICES.

4. Links to Third Party Sites: The SOFTWARE may provide you with the ability to access third-party sites and content through the use of the SOFTWARE or SERVICES. The third-party sites and content are not under the control of HONDA. HONDA is not responsible or liable, directly or indirectly, for such third-party websites and their content or for any damage relating to or resulting from your access or use of such websites and content.

5. Unauthorized Use and Abuse. You are responsible for ensuring your (and any authorized third parties’) use of the SOFTWARE and SERVICES remains in compliance with this AGREEMENT and all other applicable HONDA TERMS and PROVIDER TERMS. You acknowledge and agree that any use of the SOFTWARE or SERVICES occurring through your VEHICLE will be deemed your actions and that HONDA and PROVIDERS may rely upon such actions. You agree to immediately notify us if you suspect fraudulent or abusive activity involving the SOFTWARE or SERVICES. If you so notify us or if we otherwise suspect fraudulent or abusive activity, you agree to cooperate with us in any fraud investigation and to use any fraud prevention measures we prescribe. Your failure to immediately notify us or cooperate to use such measures will result in your liability for all fraudulent usage or abusive activity associated with your VEHICLE.
6. SOFTWARE Updates. The SOFTWARE and SERVICES may be updated when your VEHICLE is serviced by a DEALER or remotely, over-the-air, by HONDA from time to time; such updates may occur with or without further notice or your future consent. The SOFTWARE may be updated at HONDA’s discretion and for any purpose including, without limitation, to patch or otherwise improve the SOFTWARE or SERVICES functionality, security, or stability. All updates to the SOFTWARE and SERVICES are subject to this AGREEMENT and any other applicable HONDA TERMS and PROVIDER TERMS.

7. Uninstalling, Removing, and Replacing the SOFTWARE. Replacing SOFTWARE or HONDA SERVICES with software or firmware not provided and installed by HONDA or a DEALER will render all representations and warranties for the SOFTWARE, HONDA SERVICES, and VEHICLE functionality reliant upon the SOFTWARE or HONDA SERVICES null and void.

D. SOFTWARE Operational Notices and Warnings

1. Vehicle Geolocation Information. You acknowledge that your VEHICLE may be equipped with certain traffic and map features. The traffic feature will automatically collect and transmit, through GPS technology, your Vehicle’s current location (longitude and latitude), travel direction and speed ("VEHICLE GEOLOCATION INFORMATION") to HONDA and PROVIDERS. The VEHICLE GEOLOCATION INFORMATION is used by HONDA and PROVIDERS to provide traffic and navigation-related information to you, but may also be used to provide other SERVICES or offers to you. HONDA will not use such VEHICLE GEOLOCATION INFORMATION for its own marketing efforts, or provide such information to unaffiliated third parties for their own purposes, without your express consent.

2. Potential Map Inaccuracy and Route Safety. Maps used by this system may be inaccurate because of changes in roads, traffic controls, routing, or driving conditions. Always use good judgment and common sense when following suggested routes. Do not follow the route suggestions if doing so would result in an unsafe or illegal driving maneuver, if you would be placed in an unsafe situation, or if you would be directed into an area that you consider unsafe. Do not rely on any navigation features included in the system to route you to emergency services. Not all emergency services such as police, fire stations, hospitals, or clinics are likely to be contained in the map database for such navigation features. Ask local authorities or an emergency services operator for such locations and routes. The driver is ultimately responsible for the safe operation of the vehicle and therefore, must evaluate whether it is safe to follow the suggested directions. Any navigation features are provided only as an aid. Make your driving decisions based on your observations of local conditions and existing traffic regulations. Navigation features are not a substitute for your personal judgment. Any route suggestions made by the SOFTWARE or SERVICES should never replace any local traffic regulations or your personal judgment or knowledge of safe driving practices.

Continued 317
3. Speech Recognition: You acknowledge and understand that HONDA and PROVIDERS may record, retain, and use voices commands when you use the speech recognition components of the SOFTWARE or SERVICES. You and all VEHICLE operators and passengers (a) consent to the recording and retention of voice commands in support of providing speech recognition components and (b) release HONDA and PROVIDERS from all claims, liabilities, and losses that may result from any use of such recorded voice commands. Recognition errors are inherent in speech recognition. It is your responsibility to monitor any speech recognition functions included in the system and address any errors. Neither HONDA nor PROVIDERS will be liable for any damages arising out of errors in the speech recognition process.

4. Distraction Hazards. Navigation features may require manual (non-verbal) input or setup. Attempting to perform such set-up or insert data while driving can seriously distract your attention and could cause a crash or other serious consequences; the ability to undertake such interactions may also be limited by state or local law, which laws you are responsible to know and follow. Even occasional short scans of the screen may be hazardous if your attention has been diverted away from your driving at a critical time. Pull over and stop the vehicle in a safe and legal manner before attempting to access a function of the system requiring prolonged attention. Do not raise the volume excessively. Keep the volume at a level where you can still hear outside traffic and emergency signals while driving. Driving while unable to hear these sounds could result in a crash.

E. Information Collection and Storage

1. Information Collection, Use, Transmission and Storage of Data. Consent to Use of Data: You agree that HONDA and PROVIDERS may collect and use your information gathered in any manner as part of product support services related to the SOFTWARE or related services. HONDA may share such information with third parties, including, without limitation, PROVIDERS, third party software and services suppliers, their affiliates and/or their designated agents, solely to improve their products or to provide services or technologies to you.

HONDA, third party software and systems suppliers, their affiliates and/or their designated agent may disclose this information to others, but not in a form that personally identifies you.

2. Information Storage. Depending on the type of multimedia system you have in your VEHICLE, certain information may be stored for ease of use of the SOFTWARE including, without limitation, search history, location history in certain applications, previous and saved destinations, map locations within certain applications, and device numbers and contact information.

(a) Vehicle Health Information. Your VEHICLE may remotely transmit information regarding the status and health of your VEHICLE ("VEHICLE INFORMATION") to HONDA without notification to you. VEHICLE INFORMATION may contain VEHICLE maintenance and malfunction status that is derived from VEHICLE diagnostic data and includes, but is not limited to, status of powered doors and windows, battery life data, battery charging data, VEHICLE speed, coolant temperature, air compressor revolution, output power,
warning codes, diagnostic trouble codes, fuel injection volume, and engine rotations per minute. VEHICLE HEALTH INFORMATION may be used by HONDA for research and development, to deliver HONDA SERVICES and information to you, and to contact you, and is retained only for a period of time necessary to fulfill these goals.

(b) VEHICLE Geolocation Data (non-navigation/map based). If you opt-in to geolocation-based SERVICES, your vehicle’s geolocation data (latitude and longitude) will be automatically sent from your VEHICLE to HONDA and PROVIDERS.

(c) You understand that the inputting or uploading of information to your VEHICLE’s multimedia system or the SOFTWARE or SERVICES is at your own risk and that HONDA is not responsible for unauthorized access to or use of any personal or other information. All information uploaded to the SOFTWARE and SERVICES may be stored on your VEHICLES’s multimedia system and you understand that the security and safety of your VEHICLE’s multimedia system is your sole responsibility.

F. NO WARRANTY. You understand and agree that your use of the SOFTWARE and SERVICES are solely at your own risk and that you will be solely responsible for any damage to your VEHICLE’s multimedia system or any other equipment or any loss of data that may result from your use of the SOFTWARE or SERVICES. THE SOFTWARE AND SERVICES ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS WITHOUT ANY WARRANTY OF ANY KIND, EXPRESSED, IMPLIED OR STATUTORY. WE SPECIFICALLY DISCLAIM ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. HONDA makes no warranties that the SOFTWARE or SERVICES will meet your requirements, or that the SOFTWARE or SERVICES will be uninterrupted, timely, secure, non-infringing or error free. You understand and agree that you are responsible for any and all charges, costs or expenses associated with your use of the SOFTWARE or SERVICES. Advice or information, whether oral or written, obtained by you from us or through the SOFTWARE or SERVICES are provided for informational purposes only and will not create any warranty not expressly made herein. You should not rely on any such information or advice. We assume no liability or responsibility for any errors or omissions in the SOFTWARE or SERVICES. We do not make any warranty or representation that your use of the material displayed on, or obtained through, the SOFTWARE or SERVICES is non-infringing of any rights of any third party. Any decision or action taken by you on the basis of information or content provided via the application is at your sole discretion and risk. HONDA and PROVIDERS are not responsible or liable for any such decision, or for the accuracy, completeness, usefulness, or availability of any content or information displayed, transmitted, or otherwise made available via the SOFTWARE or SERVICES. To the extent jurisdictions do not allow the exclusion of certain warranties, some of the above exclusions may not apply to you.
G. LIMITATIONS ON LIABILITY. You and HONDA are each waiving important rights.

1. Limitations on YOUR liability. HONDA cannot recover from you any consequential, indirect, incidental, or special damages, or attorney’s fees in connection with your use of the SOFTWARE or HONDA SERVICES. HONDA WAIVES TO THE FULLEST EXTENT ALLOWED BY LAW ANY CLAIM FOR DAMAGES OTHER THAN DIRECT, COMPENSATORY DAMAGES AS LIMITED IN THIS AGREEMENT.

2. Limitation on HONDA and PROVIDER liability. Neither HONDA nor PROVIDERS will be liable to you or any other party for consequential, indirect, incidental, special, or punitive damages (including without limitation lost profits) in connection with your use of the SOFTWARE or SERVICES, even if HONDA or PROVIDERS are aware of the possibility of such damages. These limitations apply to all claims, including, without limitation, claims in contract and tort (such as negligence, product liability and strict liability). To the extent that a jurisdiction does not permit the exclusion or limitation of liability as set forth herein our liability is limited to the maximum extent permitted by law in such states. If HONDA or PROVIDERS are found liable to you for any reason, you agree that the aggregate liability of all these parties to you for any claim is limited to ten U.S. dollars (US $10.00). Neither HONDA nor any PROVIDER would have agreed to provide the SOFTWARE or SERVICES to you if you did not agree to this limitation. This amount is the sole and exclusive liability of HONDA and PROVIDERS to you, and is payable as liquidated damages and not as a penalty. Except where prohibited by law, you may not bring any claim against HONDA or any third-party beneficiary more than two (2) years after the claim arises. We do not have any liability for SOFTWARE or SERVICES interruptions of any length.

(a) Release of HONDA and PROVIDERS For yourself and anyone else claiming under you, you agree to release and discharge HONDA, PROVIDERS, their respective officers, directors, and employees, and each third-party beneficiary from all claims, liabilities and losses in connection with the SOFTWARE or SERVICES, including, but not limited to claims for personal injury or property damage arising from the total or partial failure of performance of the SOFTWARE or SERVICES, even if caused by or based upon the negligence, gross negligence, strict products liability, Deceptive Trade Practices Act violations, bad faith, or breach of warranty of us or the malfunction of the SOFTWARE or SOFTWARE SERVICES. YOU AGREE TO WAIVE TO THE FULLEST EXTENT ALLOWED BY LAW, ANY CLAIM FOR DAMAGES OTHER THAN DIRECT, COMPENSATORY DAMAGES AS LIMITED IN THIS AGREEMENT. YOU HEREBY RELEASE AND DISCHARGE HONDA AND ITS LICENSORS AND CONTRACTORS (INCLUDING ANY THIRD PARTIES PROVIDING ALL OR PART OF THE SOFTWARE OR SERVICES) FROM AND AGAINST ANY CLAIMS, DAMAGES, EXPENSES AND LIABILITY ARISING FROM OR RELATED TO ANY INJURIES, DAMAGES, OR LOSSES TO ANY PERSON (INCLUDING DEATH) OR PROPERTY OF ANY KIND RESULTING IN WHOLE OR PART, DIRECTLY OR INDIRECTLY, FROM YOUR USE OF THE SOFTWARE OR SERVICES.
H. Survival. You agree that the limitations of liability and indemnities in this AGREEMENT will survive even after the AGREEMENT has ended. These limitations of liability apply not only to you, but to anyone using the SOFTWARE or SERVICES via your VEHICLE, to anyone making a claim on your behalf, and to any claims made by your family, employees, customers, or others arising out of or relating to your VEHICLE, the SOFTWARE, or SERVICES.

I. Availability/Interruption. The SOFTWARE and certain SERVICES are made available through your VEHICLE's compatible multimedia system when the VEHICLE is turned on. Certain SERVICES may be available only through your compatible mobile device when it is within the operating range of the VEHICLE and a wireless carrier. The availability of the SOFTWARE and SERVICES may be subject to transmission limitation or interruption, including limitation or but not limited to technical obsolesce or sunsetting of the hardware, software or firmware, inside of or external to the Vehicle, required for data transmission or receipt. HONDA does not guarantee that the SOFTWARE, SERVICES, or any portion thereof will be available at all times or in all areas. You acknowledge and agree that HONDA is not responsible for performance degradation, interruption or delays. You acknowledge that HONDA shall not be liable to you if the SOFTWARE or SERVICES in a given location are not available. If the SOFTWARE or SERVICES are not available within your intended location, you agree that your sole remedy shall be to cease using the SOFTWARE and SERVICES.

J. PRODUCT SUPPORT: Product support for the SOFTWARE is provided by HONDA. For product support, please refer to HONDA instructions provided in the DOCUMENTATION. Should you have any questions concerning this AGREEMENT, or if you desire to contact HONDA for any other reason, please refer to the HONDA contact information provided in the DOCUMENTATION.

K. Termination and Transfer.

1. Termination. This AGREEMENT is effective until terminated by you or US. WE may terminate this AGREEMENT for any or no reason, and with or without notice to you. Your rights under this AGREEMENT will terminate automatically without notice from US if you fail to comply with any term of this AGREEMENT. Upon termination of this AGREEMENT, you shall cease all use of the SOFTWARE and SERVICES.

2. Transfer: You may permanently transfer your rights under this AGREEMENT only as part of a sale or transfer of the VEHICLE, provided you retain no copies, you transfer all of the SOFTWARE and HONDA SERVICES (including all component parts, the media and printed materials, and any upgrades), and the recipient agrees to the terms of this AGREEMENT. You agree to notify HONDA upon the sale or transfer of the VEHICLE. To contact HONDA, please refer to the HONDA contact information provided in the DOCUMENTATION.

L. Changes to the SOFTWARE or SERVICES. WE may change, modify, or update the SOFTWARE or SERVICES from time to time. Unless explicitly stated otherwise, any new features or services that augment or enhance the SOFTWARE or SERVICES in the future shall respectively be considered part of the SOFTWARE or SERVICES.
WE reserve the right at any time and from time to time to interrupt, restrict, modify, suspend, discontinue, temporarily or permanently, the SOFTWARE or SERVICES (or any portion thereof), with or without notice to you, and you agree that HONDA shall not be liable to you or to any third party for any modification, suspension or discontinuance of the SOFTWARE or SERVICES.

M. ARBITRATION:
PLEASE READ THIS ARBITRATION PROVISION CAREFULLY TO UNDERSTAND YOUR RIGHTS. YOU AGREE THAT ANY CLAIM THAT YOU MAY HAVE IN THE FUTURE MUST BE RESOLVED THROUGH BINDING ARBITRATION. YOU WAIVE THE RIGHT TO HAVE YOUR DISPUTE HEARD IN COURT AND WAIVE THE RIGHT TO BRING CLASS CLAIMS. YOU UNDERSTAND THAT DISCOVERY AND APPEAL RIGHTS ARE MORE LIMITED IN ARBITRATION.

Arbitration is a method of resolving a claim, dispute or controversy without filing a lawsuit. By agreeing to arbitrate, the right to go to court is waived and instead claims, disputes or controversies are submitted to binding arbitration. This provision sets forth the terms and conditions of our agreement. YOU and HONDA agree and acknowledge that this Agreement affects interstate commerce and the Federal Arbitration Act (“FAA”) applies. By using the Software, Vehicle, or Services, YOU elect to have disputes resolved by arbitration. YOU, HONDA or any involved third party may pursue a Claim. “Claim” means any dispute between YOU, HONDA, or any involved third party relating to your use of the Software, the Vehicle, or the Services, this Agreement, or our relationship, including any representations, omissions or warranties. “Claim” does not include personal injury or wrongful death claims.

YOU or HONDA may seek remedies in small claims court or provisional judicial remedies without arbitrating. In addition, notwithstanding anything herein to the contrary, YOU or HONDA may seek equitable relief in a court of competent jurisdiction.

YOU or HONDA may select arbitration with American Arbitration Association, JAMS or National Arbitration and Mediation.

Contact these sponsors for their rules. The hearing will be in the federal district where YOU reside. If agreed, it may be by telephone or written submissions. Filing and arbitrator fees to be paid per the sponsor rules. You may contact the sponsor for a fee waiver. If no fee waivers, HONDA will pay filing and arbitrator fees up to $5,000, unless law requires more. Each party is responsible for other fees. Arbitrator may award costs or fees to prevailing party, if permitted by law. HONDA will not seek fees, unless the claims are frivolous.

Arbitrator shall be an attorney or current or retired judge familiar with automotive or consumer software. The arbitrator shall follow substantive law, statute of limitations and decide all issues relating to the interpretation, construction, enforceability and applicability of this provision. The arbitrator may order relief permitted by law. This provision is governed and enforceable by the FAA. An award shall include a written opinion and be final, subject to appeal by the FAA.

This provision survives termination of this Agreement or relationship, bankruptcy,
assignment or transfer. If part of this provision is unenforceable, the remainder remains in effect. If unenforceability allows arbitration as a class action, then this provision is entirely unenforceable. YOU may opt out within 30 days of your initial use of the Software by sending a signed, written notice to HONDA at Honda Financial Services, P.O. Box 165007, Irving, TX 75016. HONDA reserves the right to make changes to this provision after providing written notice and an opportunity to opt out.

N. Miscellaneous: You may not assign this AGREEMENT without HONDA’s prior written consent. This AGREEMENT and any additional HONDA TERMS and PROVIDER TERMS represents the entire agreement between you and US. HONDA may amend the terms of this AGREEMENT by providing you with notices of such updated terms. If you do not consent to be bound by the updated terms, your sole remedy will be to cease using the SOFTWARE and SERVICES. If any part of this AGREEMENT is found invalid, void, or unenforceable, the balance of the AGREEMENT will remain valid and enforceable according to its terms. To the fullest extent permitted by law, and except as explicitly provided otherwise, this AGREEMENT and any disputes arising out of or relating to it will be governed by the laws of the State of California, except that California laws concerning choice of law or conflicts shall not apply if they would cause the substantive law of another jurisdiction to apply. Notwithstanding the foregoing, Section M shall be governed by the Federal Arbitration Act and the laws of the State of California, as applicable, as set forth therein. The failure to enforce any term of this AGREEMENT on one occasion shall not prevent enforcement on any other occasion or the enforcement of any other term. Headings and captions shall not be considered included for purposes of interpretation or application hereof, but are for convenience only.

User Agreements

Navigation System User Agreement

In using this HDD “Satellite Linked Navigation System” (the “HDD”), which includes HONDA MOTOR CO., LTD. software, ALPINE ELECTRONICS, INC. software, and NAVTEQ database contents (hereinafter referred to as “Licensors”), you are bound by the terms and conditions set forth below. By using your copy of the HDD, you have expressed your Agreement to the terms and conditions of this Agreement. You should, therefore, make sure that you read and understand the following provisions. If for any reason you do not wish to be bound by the terms of this Agreement, please return the HDD to your dealer.

- The HDD may not be copied, duplicated, or otherwise modified, in whole or in part, without the express written permission of the Licensors.
- The HDD may not be transferred or sublicensed to any third party for profit, rent or loan, or licensed for reuse in any manner.
The HDD may not be decompiled, reverse engineered or otherwise disassembled, in whole or in part.
The HDD may not be used in a network or by any other manner of simultaneous use in multiple systems.
The HDD is intended solely for personal use (or internal use where the end-user is a business) by the consumer. The HDD is not to be used for commercial purposes.
The Licensors do not guarantee to the client that the functions included in the HDD meet the specific objectives of the user.
Licensor shall not be responsible for any damages caused by the use of the HDD to the actual user or to any third party.
The warranty on the HDD shall not extend to an exchange or refund due to misspelling, omission of letters, or any other cosmetic discrepancy in the contents of the HDD.
The right to use the HDD shall expire either when the user destroys the HDD or software, or when any of the terms of this Agreement are violated and the Licensors exercise the option to revoke the license to use the HDD or software.

The terms and conditions hereof apply to all subsequent users and owners as well as to the original purchaser.
The logos of oil companies, hotels, convenience stores, and other businesses are displayed for your information and convenience, and in no way imply any sponsorship, approval or endorsement of these companies, or their products. The logos are trademarks of their respective owners.
The marks of companies displayed by this product to indicate business locations are the marks of their respective owners.
The use of such marks in this product does not imply any sponsorship, approval, or endorsement by such companies of this product.
The user shall indemnify and save harmless the Licensors, and their officers, employees and agents, from and against any claim, demand or action, irrespective of the nature of the cause of the claim, demand or action, alleging loss, costs, expense, damages or injuries (including injuries resulting in death) arising out of the use or possession of the HDD or software.

Use, duplication, or disclosure of this HDD by or on behalf of the United States government is subject to “Restricted Rights” as set forth at FAR 52.227-14, -19 or DFARS 252.227-7013, as applicable. Manufacturers are the Licensors, including HONDA MOTOR CO., LTD., 2-1-1 Minami Aoyama Minato-Ku Tokyo 107-8556 JAPAN., Alpine Electronics, Inc., 20-1 Yoshima Kogyodanchi, Iwaki, Fukushima 970-1192 JAPAN., NAVTEQ Corporation, 425 W Randolph St. Chicago, IL 60606, USA.

Navigation System END USER LICENSE AGREEMENT
You have acquired a device ("DEVICE") that includes software licensed by Alpine Electronics, Inc. (collectively “ALPINE”) from an affiliate of Microsoft Corporation (collectively “MS”). Those installed software products of MS origin, as well as associated media, printed materials, and “online” or electronic documentation ("SOFTWARE") are protected by international intellectual property laws and treaties. The SOFTWARE is licensed, not sold. All rights reserved.
IF YOU DO NOT AGREE TO THIS END USER LICENSE AGREEMENT ("EULA"), DO NOT USE THE DEVICE OR COPY THE SOFTWARE.
INSTEAD, PROMPTLY CONTACT ALPINE FOR INSTRUCTIONS ON RETURN OF THE UNUSED DEVICE(S) FOR A REFUND. ANY USE OF THE SOFTWARE, INCLUDING BUT NOT LIMITED TO USE ON THE DEVICE, WILL CONSTITUTE YOUR AGREEMENT TO THIS EULA (OR RATIFICATION OF ANY PREVIOUS CONSENT).

• GRANT OF SOFTWARE LICENSE
  This EULA grants you the following license: You may use the SOFTWARE only on the DEVICE.

• NOT FAULT TOLERANT
  THE SOFTWARE IS NOT FAULT TOLERANT. ALPINE HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE DEVICE, AND MS HAS RELIED UPON ALPINE TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.

• NO WARRANTIES FOR THE SOFTWARE
  THE SOFTWARE is provided “AS IS” and with all faults. THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY, AND EFFORT (INCLUDING LACK OF NEGLIGENCE) IS WITH YOU. ALSO, THERE IS NO WARRANTY AGAINST INTERFERENCE WITH YOUR ENJOYMENT OF THE SOFTWARE OR AGAINST INFRINGEMENT. IF YOU HAVE RECEIVED ANY WARRANTIES REGARDING THE DEVICE OR SOFTWARE THOSE WARRANTIES DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MS.

• NO LIABILITY FOR CERTAIN DAMAGES.
  EXCEPT AS PROHIBITED BY LAW, MS, MICROSOFT CORPORATION AND THEIR AFFILIATES SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE. THIS LIMITATION SHALL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MS, MICROSOFT CORPORATION AND/OR THEIR AFFILIATES BE LIABLE FOR ANY AMOUNT IN EXCESS OF U.S. TWO HUNDRED FIFTY DOLLARS (U.S.$250.00).

• SPEECH RECOGNITION
  If the SOFTWARE includes speech recognition component(s), you should understand that speech recognition is an inherently statistical process and that recognition errors are inherent in the process. Neither ALPINE nor its suppliers shall be liable for any damages arising out of errors in the speech recognition process.

• LIMITATIONS ON REVERSE ENGINEERING, DECOMPILATION, AND DISASSEMBLY
  You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

• ADDITIONAL SOFTWARE/SERVICES
  The SOFTWARE may permit ALPINE, MS, Microsoft Corporation or their affiliates to provide or make available to you SOFTWARE updates, supplements, add-on components, or Internet-base service components of the SOFTWARE after the date you obtain your initial copy of the SOFTWARE (“Supplemental Components”).

  ▶ If ALPINE provides or makes available to you Supplemental Components and no other EULA terms are provided along with the Supplemental Components, then the terms of this EULA shall apply.
If MS, Microsoft Corporation or their affiliates make available Supplemental Components, and no other EULA terms are provided, then the terms of this EULA shall apply, except that MS, Microsoft Corporation or affiliate entity providing the Supplemental Component(s) shall be licensor of the Supplemental Component(s).

ALPINE, MS, Microsoft Corporation and their affiliates reserve the right to discontinue any Internet-based services provided to you or made available to you through the use of the SOFTWARE.

- RECOVERY MEDIA
  If SOFTWARE is provided by ALPINE on separate media and labeled “Recovery Media” you may use the Recovery Media solely to restore or reinstall the SOFTWARE originally installed on the DEVICE.

- UPGRADES
  If the SOFTWARE is provided by ALPINE separate from the DEVICE on separate media or via web download or other means, and is labeled “For Upgrade Purposes Only” you may install one (1) copy of such SOFTWARE onto the DEVICE as a replacement copy for the existing SOFTWARE, and use it in accordance with this EULA, including any additional EULA terms accompanying the upgrade SOFTWARE.

- TERMINATION
  Without prejudice to any other rights, ALPINE or MS may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the SOFTWARE and all of its component parts.

- INTELLECTUAL PROPERTY RIGHTS
  All title and intellectual property rights in and to the SOFTWARE (including but not limited to any images, photographs, animations, video, audio, music, text and “applets,” incorporated into the SOFTWARE), the accompanying printed materials, and any copies of the SOFTWARE, are owned by MS, Microsoft Corporation, their affiliates or suppliers. Use of any on-line services which may be accessed through the SOFTWARE may be governed by the respective terms of use relating to such services. If this SOFTWARE contains documentation that is provided only in electronic form, you may print one copy of such electronic documentation.

- TRADEMARKS
  This EULA does not grant you any rights in connection with any trademarks or service marks of ALPINE MS, Microsoft Corporation, their affiliates or suppliers.

- PRODUCT SUPPORT
  Product support for the SOFTWARE is not provided by MS, its parent corporation Microsoft Corporation, or their affiliates or subsidiaries. For product support, please refer to ALPINE support number
provided in the documentation for the DEVICE. Should you have any questions concerning this EULA, or if you desire to contact ALPINE for any other reason, please refer to the address provided in the documentation for the DEVICE.

- **SOFTWARE TRANSFER ALLOWED BUT WITH RESTRICTIONS**

  You may permanently transfer rights under this EULA only as part of a permanent sale or transfer of the Device, and only if the recipient agrees to this EULA. If the SOFTWARE is an upgrade, any transfer must also include all prior versions of the SOFTWARE.

- **EXPORT RESTRICTIONS**

  You acknowledge that SOFTWARE is of US-origin. You agree to comply with all applicable international and national laws that apply to the SOFTWARE, including the U.S. Export Administration Regulations, as well as end-user, end-use and country destination restrictions issued by U.S. and other governments. For additional information on exporting the SOFTWARE, see [http://www.microsoft.com/exporting/](http://www.microsoft.com/exporting/).

---

**Gracenote Music Recognition Service (CDDB)**

Music recognition technology and related data are provided by Gracenote®. Gracenote is the industry standard in music recognition technology and related content delivery.

For more information, visit [www.gracenote.com](http://www.gracenote.com).

When music is recorded to the HDD from a CD, information such as the recording artist and track name are retrieved from the Gracenote Database and displayed (when available).

Gracenote may not contain information for all albums. Gracenote is an internet-based music recognition service that allows artist, album, and track information from CDs to display on the HDD.

Gracenote users are allowed 4 free updates a year. More information about Gracenote, its features, and downloads are available at [www.honda.com](http://www.honda.com) (in U.S.) or [www.honda.ca](http://www.honda.ca) (in Canada).

One or more patents owned by Gracenote apply to this product and service. See the Gracenote website for a non-exhaustive list of applicable Gracenote patents.

Gracenote, CDDB, MusicID, MediaVOCS, the Gracenote logo and logotype, and the “Powered by Gracenote” logo are either registered trademarks or trademarks of Gracenote in the United States and/or other countries.

---

**Gracenote® END USER LICENSE AGREEMENT**

This application or device contains software from Gracenote, Inc. of Emeryville, California (“Gracenote”). The software from Gracenote (the “Gracenote Software”) enables this application to perform disc and/or file identification and obtain music-related information, including name, artist, track, and title information (“Gracenote Data”) from online servers or embedded databases (collectively, “Gracenote Servers”) and to perform other
functions. You may use Gracenote Data only by means of the intended End-User functions or this application or device. You agree that you will use Gracenote Data, the Gracenote Software, and Gracenote Servers for your own personal non-commercial use only.

You agree not to assign, copy, transfer, or transmit the Gracenote Software or any Gracenote Data to any third party. YOU AGREE NOT TO USE OR EXPLOIT GRACENOTE DATA, THE GRACENOTE SOFTWARE, OR GRACENOTE SERVERS, EXCEPT AS EXPRESSLY PERMITTED HEREIN.

You agree that your non-exclusive license to use the Gracenote Data, the Gracenote Software, and Gracenote Servers will terminate if you violate these restrictions. If your license terminates, you agree to cease any and all use of the Gracenote Data, the Gracenote Software, and Gracenote Servers.

Gracenote reserves all rights in Gracenote Data, the Gracenote Software, and the Gracenote Servers, including all ownership rights. Under no circumstances will Gracenote become liable for any payment to you for any information that you provide. You agree that Gracenote, Inc. may enforce its rights under this Agreement against you directly in its own name.

The Gracenote service uses a unique identifier to track queries for statistical purposes. The purpose of a randomly assigned numeric identifier is to allow the Gracenote service to count queries without knowing anything about who you are. For more information, see the web page for the Gracenote Privacy Policy for the Gracenote service.

The Gracenote Software and each item of Gracenote Data are licensed to you “AS IS.” Gracenote makes no representations or warranties, express or implied, regarding the accuracy of any Gracenote Data from in the Gracenote Servers. Gracenote reserves the right to delete data from the Gracenote Servers or to change data categories for any cause that Gracenote deems sufficient. No warranty is made that the Gracenote Software or Gracenote Servers are error-free or that functioning of Gracenote Software or Gracenote Servers will be uninterrupted.

Gracenote is not obligated to provide you with new enhanced or additional data types or categories that Gracenote may provide in the future and is free to discontinue its services at any time.

GRACENOTE DISCLAIMS ALL WARRANTIES EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NONINFRINGEMENT. GRACENOTE DOES NOT WARRANT THE RESULTS THAT WILL BE OBTAINED BY YOUR USE OF THE GRACENOTE SOFTWARE OR ANY GRACENOTE SERVER. IN NO CASE WILL GRACENOTE BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OR FOR ANY LOST PROFITS OR LOST REVENUES.

copyright © 2000 to present Gracenote
As required by the FCC

1. This device complies with Part 15 of the FCC Rules and Canadian RSS-210/RSSGen. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

2. The FCC requires the user to be notified that any changes or modifications made to this device that are not expressly approved by the party responsible for compliance may void the user’s authority to operate the equipment.

3. This product emits radio frequency energy, but the radiated output power of this device is far below the FCC and IC radio frequency exposure limits. This equipment complies with FCC and IC RF radiation exposure limits set forth for an uncontrolled environment. Nevertheless, the device should be used in such a manner that the potential for human contact with the antenna during normal operation is minimized.

About Open Source Licenses

Important information on the software

About the software license of the product

The software installed in the product contains open source software. See the following website for details on the open source software.

Voice Commands

Voice Portal Screen

When the (Talk) button is pressed, available voice commands appear on the screen.

For a complete list of commands, say "Voice Help" after the beep or select Voice Help.

You can see the list of commands in Voice Info on the Info menu screen. Select Info, then select 📈.

The system only recognizes the commands on the following pages, at certain screens. Free form voice commands are not recognized.

*1: U.S. models only

Phone Call

This can be only used when the phone is connected. When the system recognizes the Phone call command, the screen will change the dedicated screen for the voice recognition of the phone.

Call <Your Contact Name>
Call <Phone Number>

Music Search

This can be only used when the iPod or HDD device is connected.

Voice Help

You can see a list of the available commands on the screen.

## Audio Commands

The system accepts these commands on the dedicated screen for the voice recognition of the audio.

### Radio FM Commands

- **Radio tune to** <87.7-107.9> FM
- **Radio FM preset** <1-12>

### Radio AM Commands

- **Radio tune to** <530-1710> AM
- **Radio AM preset** <1-6>

### Radio SXM Commands

- **SXM channel** <1-999>
- **Radio SXM preset** <1-12>

### Disc Commands

- **Disc play**
- **Disc play track** <1-30>

### HDD Commands

- **HDD play**
- **HDD play track** <1-30>
- **Music Search**
- **What album is this?**

### iPod Commands

- **iPod play**
- **iPod play track** <1-30>
- **Music Search**
- **What album is this?**
- **What am I listening to?**

### USB Commands

- **USB play**
- **USB play track** <1-30>

### Bluetooth® Audio Commands

- **Bluetooth® audio play**
- **NOTE:** Bluetooth® Audio commands may not work on some phones or Bluetooth® Audio devices.

### Pandora Commands*

- **Pandora play**

### Aha Commands*

- **Aha radio play**

### AUX Commands

- **AUX play**

### On Screen Commands

The system accepts these commands on the dedicated screen.

### Music Search Commands

The system accepts these commands on the Music Search screen.

### Using Song By Voice

Song By Voice™ is a feature that allows you to select music from your iPod or HDD device using Voice Commands. To activate this mode, you must push the talk switch and say: “Music search”.

### Song By Voice Commands

- **Music search**
- **What am I listening to?**
- **Who am I listening to?**
- **Who is this?**
- **What’s playing?**
- **Who’s playing?**

* Not available on all models
