The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

**Accessories Precautions**

The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.

Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

**Important Safety Information**

**WARNING**

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving, but most of the audible instructions and voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.

The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

**System Limitations** P. 188

**NOTICE**

This vehicle’s navigation display, if so equipped, includes mercury-containing components. Upon removal, please reuse, recycle, or dispose of as hazardous waste.

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.
Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using voice control or the touch screen. The navigation system gives you turn-by-turn driving directions to your destination.

Store home addresses  ➔ P.36
Register 2 home addresses.

Store contacts  ➔ P.31
Store up to 200 contacts in 2 address books.

Enter destination  ➔ P.56
Select your destination using 11 methods.

Select route  ➔ P.78
Set route preferences and select one of 3 routes.

Track route  ➔ P.80
Follow your route in real-time with voice guidance.

FM Traffic  ➔ P.99
View and avoid congestion and traffic incidents.

Avoid certain areas  ➔ P.102
Set streets and areas to detour around.

Add waypoints  ➔ P.103
Add up to 4 “pit stops” along your route.
Audio
The advanced audio system provides clear, well-defined sound and makes the most of your music. Enjoy listening to a variety of audio sources, such as:

- AM/FM Radio  ➞ P.116
- XM® Radio  ➞ P.121
- Compact Disc  ➞ P.125
- iPod®  ➞ P.129
- Pandora®  ➞ P.133
- USB Flash Drive  ➞ P.136
- Bluetooth® Audio  ➞ P.140

Voice Control  ➞ P.20
Use voice commands to control the system while driving. You can operate all key functions of the navigation, audio, Bluetooth® HandsFreeLink®, and climate control® systems.

Bluetooth® HandsFreeLink®  ➞ P.148
Pair a compatible cell phone to receive incoming and make outgoing calls. You can operate the phone features without ever taking your hands off the wheel.

Text Messages  ➞ P.167
Receive text messages on the navigation screen from a compatible device and hear them read aloud. Reply to them using preloaded messages.

Other Features
Multi-View Rear Camera  ➞ P.172
Helps you check for obstacles around the rear of your vehicle on the navigation screen when reversing.

*Hybrid model only

INDEX

Quick Reference Guide - 2013 Civic
Voice Control Operation

1. Press and release the \( \text{Talk} \) button. A helpful prompt asks what you would like to do. Press and release the \( \text{Talk} \) button again to bypass this prompt.

- The \( \text{Talk} \) icon is displayed and the system beeps when ready for a command. Press the \( \text{Hang-Up/Back} \) button to cancel.
- Available voice commands are highlighted on the screen.

2. Say a voice command.

- The audio system is muted during voice control mode.
- Say “Help” to see available commands for current screen. A voice help tutorial is also available.
- Carefully read the usage note for the voice control.
Audio System

You can play music from a wide array of media sources. You can also control the audio system using voice commands.

Basic Operation

1. Press the VOL (Volume/Power) button to turn the audio system on or off.

2. Press the AUDIO button and select SOURCE on the screen.

3. Select the audio source.

Or, press the FM/AM button or CD/XM button repeatedly to select the audio source.

4. Rotate the VOL (Volume/Power) knob to adjust the volume.

Audio Control Display

Press the AUDIO button to display the audio system on the navigation screen.

- Audio source
  * Displays selected source.

- Track list
  * Play mode
  * Open icon

- Displays or hides the music information.

- Folder/Track tab
  * Displays the list.

- Repeat and random play

- Music information
- Close icon
- Audio control
- Sound preferences
During Route Guidance

During route guidance, route information is displayed on the map/guidance screen and multi-information display. Press the MAP/GUIDE button to display the guidance screen.

Map Screen

- Calculated route
- Destination direction indicator
- Distance to destination
- Estimated time to destination

Guidance Screen

- Route guidance list scroll bar
- Street name of guidance point
- Route progress bar
- Waypoint

Day or Night Mode

Press the (Display mode) button to manually switch between day and night mode.

Multi-information Display

Turn-by-Turn Directions

The next guidance point appears on the multi-information display.

- Remaining distance
- Street name of next guidance point
- Next driving maneuver is approaching.
How to Enter Information

You can enter information (e.g., city names, street names, personal names, and business names comprising letters, numbers, and symbols) when prompted on input screens by two different methods.

Using Voice Control
When you see $\text{in this manual, voice commands are available for that feature.}$

- Say the letter, number, or symbol (e.g., say $\text{“A”}$).
- Use spelling assist (e.g., say $\text{“Alpha”}$ to enter the letter “A” or $\text{“Hyphen”}$ to enter a hyphen).
- The system beeps if you say an unavailable (grayed out) letter or number.
- If a voice command is not recognized, a list is displayed with possible options.

On list screens:
- Say the number of the list item (e.g., say $\text{“Five”}$ to select item 5).
- Say $\text{“Up”}$ or $\text{“Previous”}$ to scroll up one page.
- Say $\text{“Down”}$ or $\text{“Next”}$ to scroll down one page.

Using the Touch Screen
Touch a character or icon on the screen to select it.

- Select $\text{Delete}$ to remove the last entered character.
- Select $\text{Shift}$ to display accented and upper/lower case characters.
- Select $\text{Space}$ to enter a space character.
- Select $\text{More}$ to display symbols.

On list screens:
Scrolling through lists or tabs is limited while the vehicle is moving.

- You can also use the joystick to enter information.
- Certain touch screen functions are limited or inoperable while the vehicle is moving. For these functions, use available voice commands or pull over to proceed.
Navigation—Home Addresses and Going Home

The “Home” feature automatically routes you to your home address from any location simply by selecting Go Home 1 or 2, or saying “Go Home.” You can store two home addresses as Home Address 1 and Home Address 2. P. 36

Storing Your Home Address

1. Press the INFO button.

2. Select Setup.

3. Select Personal Information.

4. Select Home Address 1.

5. Select Edit Name.

6. Enter a name and select OK.

7. Select Edit Address.

8. Select Address.

9. Enter an address.

10. Select Edit Phone No.

11. Enter a phone number and select OK.

12. Select OK.

Going Home

1. Press the DEST button.

2. Select Go Home 1.

Alternatively, you can say “Go Home” from any screen. Your home address is displayed on the Calculate Route screen.

3. Select Set as Dest.

- The following voice commands are available: say “Go Home,” “Go Home 1,” “Go Home 2.”
Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map or guidance screen to your destination. You can also perform these steps using voice control.

1. Press the DEST button.

2. Select Address.

3. Select Street.

4. Enter the name of your destination street and select List if necessary.

5. Select your destination street from the list.

6. Enter the street number. Select OK when finished.

7. If there is more than one city with the specified street, a list of cities is displayed. Select the desired city from the list.

8. Select Set as Dest. Route guidance to the destination begins.

- View Routes: Choose one of three routes.

- Route Pref.: Choose MAX or MIN for the three settings.
Navigation—Changing Route or Destination

You can alter your route by adding waypoints to visit, adding streets to avoid, or changing your destination during route guidance.

Adding a Waypoint ("Pit Stop")

You can add up to four waypoints along your route.

1. Press the DEST button.
2. Select Waypoint.

3. Select search method.

When you select Places Around the Waypoint, select the desired waypoint.

4. Select the icon category and location to add to the destination list when prompted.

Changing Your Destination

There are four methods you can use to specify a new destination during route guidance.

- Say “Find Nearest…” (P108)
  Searches for the nearest place/landmark on the map screen (e.g., “Find nearest gas station”).
- Say “Go Home” (P10)
  Routes to your home address.
- Selecting an icon on the map (P109)
  Scroll the map to position the cursor over a place/landmark icon or a new area on the map. Press the Enter button twice.
- Entering a new destination (P110)
  Press the DEST button. Select DEST Menu1/2 and enter a new destination.

Canceling Your Route

From the map screen:

1. Select MAP MENU.
2. Select Cancel Route.

1. Press the DEST button.
2. Select Cancel Route.
Voice Help

This navigation system comes with voice help information, which tells you how to use the voice command functions. Go to Voice Info for tips when using the voice command functions.

Getting Started Tutorial

1. Press the INFO button.

2. Select Voice Info.

3. Select Getting started.

You can also view the available command list for each system. See Command Help on this page.

4. Select Using the talk button.

5. Select Read to hear the tutorial read aloud.

Select Stop to stop the tutorial.

Command Help

For “Command Help” menu items, all voice commands that are available for that system are listed.

Select Read to hear the commands in the list read aloud.

Voice Commands ➪ P.197
Why does the vehicle position icon on the map “lag” a short distance behind my actual position, especially at intersections?

This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Why does the “time to destination” display sometimes increase even though I am getting closer to my destination?

The “time to destination” is based on the posted road speed signs and your actual road speed to give you a better estimate of arrival time.

Why does my clock frequently change the time forward and backward by one hour?

The clock setting is automatically updated based on your GPS location. If you normally drive between two time zones, the clock may keep adjusting the time. You can turn this feature off.

How do I specify a destination when an entered city or street could not be found?

Try entering the street first. Some cities are lumped in with a major metro area. In rural “unverified” areas or new subdivisions, streets may be missing or only partially numbered.

How do I turn on the navigation system voice guidance?

1. Press the INFO button. Select Setup. Check that Volume is not set to Off.
2. Select Other, then Basic Settings. Set Voice Recognition Tutor to On if you want the system to provide confirmations and system prompts.

My battery was disconnected or went dead, and the navigation system is asking for a code. Where do I find it?

In most cases, you do not need to enter a code. Simply press and hold the VOL (Volume/Power) button for two seconds; the system should reactivate.

Clock Adjustment P. 47

System Initialization P. 186
How to Use This Manual

This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents  P.1

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Address Book). Then, go to that chapter to view a more specific table of contents.

Searching the Index  P.208

Menu items displayed on the navigation screen (e.g., Address Book) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.
The menu tree helps guide you through the system’s menu options. To get to your desired function, follow the menu tree in order of the steps shown.

**NOTE:**
All menu options can also be activated with voice commands.

Press the hard button on the system control panel.

Press the DEST button.

Select the menu option.

Select Address Book.

After following the menu tree, step-by-step instructions explain how to achieve the desired result.

Sample pages and images in this section may differ from the actual ones.
This section describes the start-up procedure and the navigation and setup functions.

</table>
The navigation system starts automatically when you turn the ignition to ACCESSORY (I) or ON (II). At start-up, the following Confirmation screen is displayed.

1. Select **OK**.
   - Your current position is displayed on the map screen.
   - If you do not select **OK**, the map screen is displayed after a certain period of time.

If the navigation system loses power at any time, you may need to press and hold the VOL (Volume/Power) button for more than two seconds, or you may be prompted for the 5-digit security code.

You can change the system language at any time.

"OK" on the Confirmation screen cannot be selected by using a voice command.
Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped.

Voice commands are still operable while the vehicle is in motion.
Your vehicle has a voice control system that allows hands-free operation of most of the
navigation system functions. You can also control the audio and climate control
system*, and make and receive phone calls using Bluetooth® HandsFreeLink®.
The voice control system uses the $\text{Talk}$ and $\text{Hang-Up/Back}$ buttons on
the steering wheel and a microphone near the map lights on the ceiling.
A “Voice Info” feature provides a tutorial that explains how to use the voice control
system.

**Command Input**

If the system does not understand a command or you wait too long to give a
command, it responds with “Pardon,” “Please repeat,” or “Would you say again.”
When you give a command, the system generally either repeats the command as a
confirmation or asks you for further information. If you do not wish to hear this
feedback, you can turn it off. However, listening to the feedback will help familiarize
you with the way the system expects commands to be phrased.

* Climate voice control: Civic Hybrid model only.

If the system cannot perform a command or the command is not appropriate for the
screen you are on, the system beeps.
If the system responds with prompts such as “Please use the touch screen to…” or
“Please use the joystick to…,” the system is asking for input that cannot be
performed using the voice control system.

On character input screens, a list of possible characters is displayed if the system
does not recognize your command.
You can find out which voice commands are available for a particular screen using
the $\text{Help}$ command. The system will display and read the list of available
commands to you.
Voice Recognition

To achieve optimum voice recognition when using either the navigation voice
control system or Bluetooth® HandsFreeLink®:

• Make sure the correct screen is displayed for the voice command that you
  are using.
  
  Voice Commands P. 198

• Close the windows and moonroof.

• Adjust the dashboard and side vents so air does not blow onto the microphone on
  the ceiling.

• Speak clearly in a clear, natural speaking voice without pausing between words.

• Reduce any background noise if possible. The system may misinterpret your
  command if more than one person is speaking at the same time.

• Refer to the Voice Info tutorial.
  
  Voice Help P. 13
Display and Volume Settings

Use the Main Setup screen to adjust the display and volume.

The following items are available:

- **Brightness**: Adjusts the screen’s brightness.
- **Contrast**: Adjusts the screen’s contrast.
- **Black Level**: Adjusts the screen’s black level.
- **Volume**: Adjusts the navigation system volume level.

Select ↪ or ↫ to adjust the desired item.
Guidance Prompts

INFO button ➤ Setup

Set the number of guidance prompts before you get to the guidance point.

Select an option.

The following options are available:

<table>
<thead>
<tr>

To replay voice guidance, select VOICE on the map screen.

Listening to Voice Guidance P. 84

You can turn voice guidance off if you prefer.

Display and Volume Settings P. 22
Basic Settings

Set the map units to either miles or kilometers, and control the voice feedback from the navigation system.

Select an item.

The following items are available:

- **Keyboard Layout**: Sets the type of keyboard screen to either Alphabet (factory default) or QWERTY.

- **Units**: Sets the map units to either miles (factory default) or kilometers.

- **Voice Recognition Tutor**: Turns the voice feedback feature on or off.
  - **On** (factory default): Provides voice control system confirmation or prompts.
  - **Off**: Disables the feature.

- **Display Voice Command Tips**: Alerts you when manual control of the system is disabled to prevent distraction while driving. Only voice commands are available.
  - **On** (factory default): Displays a message.
  - **Off**: Disables the message, but some options may be grayed out on the screen.
- **Verbal Reminder**: Turns the verbal reminders on or off.
  - **On** (factory default): Provides warning voice messages when:
    - Driving with the parking brake on
    - Driving without wearing the driver and/or passenger seat belt
  - **Off**: Disables the feature.

**Color**

Language

INFO button ► Setup ► Other ► Language

Set the system language used on all screens. You can choose from three languages: English, Français (French), Español (Spanish).

Select the system language.

Voice confirmation of cities and streets only occurs when English is the system language.

When Français or Español is selected, some messages continue to be displayed in English.
Use the personal information menu to select and set your address books, home addresses, and PINs. You can also delete unwanted destinations from the list of previously routed destinations.

Select an item.

The following items are available:

- **Address Book**: Stores new addresses or edits your address book.
  - Address Book P. 31
- **Home Address 1**: Sets or edits your home address.
  - Home Addresses P. 36
- **Home Address 2**: Sets or edits another home address.
  - Home Addresses P. 36
- **PIN Number**: Sets or changes your PIN.
  - PIN Numbers P. 37
- **User Name**: Sets or changes your user name.
  - User Name P. 38
- **Previous Destinations**: Deletes the destination history.
  - Previous Destinations P. 39
Address Book

INFO button ➤ Setup ➤ Personal Information ➤ Address Book

Store up to 200 address entries in two address books (User 1 and User 2). You can add, edit, and delete information in the address books.

Select the user name to edit the user address book.

Displays the address book.

Select the user name to change the user address book.

Select the category tab to display only the address in the selected category.

The number of addresses is shared by the two address books. For example, if User 1 has 150 addresses, User 2 can only have 50.

If you have PIN-protected your address book, enter your PIN when prompted. Select OK. PINs are optional.

Any address book categories you create are also displayed on the Select an Address screen.

PIN Numbers P. 37

Selecting an Address Book Category P. 34
### Adding an Address Book Entry

This section explains how to enter the name and address.

1. Select **New Address**.

2. Select an item.

The following items are available:

- **Edit Name**: Edits the name of the entry.
- **Edit Address**: Edits the address of the entry.
- **Edit Phone No.**: Edits the phone number of the entry.
- **Edit Category**: Specifies the category of the entry.
- **Delete**: Deletes the entry.

If you do not give the address a name, one is automatically assigned (e.g., Address 001). You can re-enter, edit, or make changes to any entry. “Address” is the only required field.
3. Select **Edit Name**.

4. Enter a name or title. Select **OK**.

5. Select **Edit Address**.

6. Select an item for specifying the address.

The following items are available:

- **Current Position**: Select your current location.
  
- **Address**: Enter an address on the character input screen when prompted.
  
  > Address P. 58

- **Previous Destinations**: Select a previous destination.
  
  > Previous Destinations P. 64

- **Place Name**: Enter the name of a place/landmark.
  
  > Place Name P. 65

- **Place Category**: Select a category to search for a place/landmark (e.g., Banking, Lodging).
  
  > Place Category P. 67

- **Place Phone Number**: Enter the phone number of a place/landmark.
  
  > Place Phone Number P. 72

> Adding an Address Book Entry

When you use **Place Name** or **Place Category**, the phone number is automatically entered.
1. Select the address to edit.

2. Enter the name, address, phone number, and category fields.

3. Select OK.

For editing an address book entry:

- The entered contents are displayed on the Edit address screen.

For selecting an address book category:

- You can have up to 100 categories (including "UNFILED"). These categories can be shared with User 1 and User 2. For example, if User 1 creates some categories, User 2 can also use them.

- If you delete a category that is used by other addresses, the category type for those addresses changes to “UNFILED.”

**Category Icons**

The following icons can be selected for a category:
■ Creating a New Category
1. Select New Category.

2. Enter a name and select an icon when prompted. Select OK.
   ► The created category is displayed in the list of categories.

■ Deleting or Editing a Category
1. Select Edit Category.

2. Select Edit Category or Delete.

3. Delete an existing category, or change the name and icon.

■ Deleting an Address Book Entry
1. Select the address to delete.
2. Select Delete.
3. Select Yes.

When you transfer the vehicle to a third party, delete all address book entries.
Home Addresses

INFO button ➤ Setup ➤ Personal Information ➤ Home Address 1 or Home Address 2

Set two home addresses that you frequently use.

1. Edit the name, address, and phone number the same way as an address in the address book. 
   Adding an Address Book Entry P. 32

2. Select OK.

If you have PIN-protected your home addresses, enter your PIN when prompted. Select OK. PINs are optional. 
PIN Numbers P. 37

If your home street is not in the system database, park on the nearest verified street to your home. 
When entering the “Address” field, select Current Position to use your current location as the home address.

You can delete a home address if necessary. Select Delete. Select Yes.

When you transfer the vehicle to a third party, delete all home addresses.

The home icon is shown on the map screen in the 1/20 and 1/8 mile scales.
PIN Numbers

Set a 4-digit PIN for protecting personal addresses and your home addresses. Once you set a PIN, you are prompted to enter it whenever you access a personal address or a home address.

1. Select the PIN to create.
2. Select the user name (when selecting Address Book PIN).
3. Enter a 4-digit PIN.
4. Re-enter the new PIN when prompted to confirm the number you just entered.

If you do not enter the same number both times, an “INCORRECT PIN” message is displayed. Enter your PIN again.

PIN

Personal Identification Number (PIN) is a password used to access personal data.

PINs are optional. If you choose to use a PIN, keep a note of the number in a secure location. If you forget your PIN, your dealer will have to reset the navigation system and all of your stored information will be erased. The factory default is no PIN.

Go Home PIN

Go Home PINs are shared with User 1 and User 2. If either User 1 or User 2 sets a Go Home PIN, both of them need to enter the PIN when:

• selecting Go Home for a destination
• selecting Home Address for editing

If you want to stop using a PIN, select Do not use PIN.
Change the user name ("User 1" or "User 2") to your desired name.

1. Select the name to change.
2. Enter a name. Select OK.
**Previous Destinations**

The navigation system maintains a list of your previously routed destinations as a shortcut for entering the same destination in the future. You can delete some or all of your previous destinations from the list.

1. Select the destination to delete.
   - Repeat the procedure as necessary.
   - Items to be deleted are indicated with a trash icon.

2. Select **OK** to delete the selected destinations.

Up to 50 destinations can be stored.

The list of previous destinations is shared with User 1 and User 2. For example, if User 1 deletes some previous destinations, they are deleted for User 2 as well.

To cancel the selection of a previous destination, select the destination again.

Selecting **Delete All** allows you to delete all destinations.
INFO button ➤ Setup ➤ Other ➤ Routing & Guidance

Choose various settings that determine the navigation system functionality during route guidance.

Select an item.

The following items are available:

- **Rerouting**: Sets the route recalculation to automatic or manual mode.
  
  > Rerouting P. 41

- **Unverified Area Routing**: Sets whether you use the route guidance in unverified areas.
  
  > Unverified Area Routing P. 42

- **Edit Avoid Area**: Specifies areas to avoid when calculating a route.
  
  > Edit Avoid Area P. 44

- **Edit Waypoint Search Area**: Sets the distance from the route to find waypoints.
  
  > Edit Waypoint Search Area P. 46

- **Guidance Mode**: Sets whether to display only the map screen or a split map-guidance screen.
  
  > Guidance Mode P. 90
Rerouting

INFO button ➤ Setup ➤ Other ➤ Routing & Guidance

Set whether route recalculation occurs automatically or manually during route guidance.

Select an option.

The following options are available:

- **Automatic** (factory default): The system calculates a new route automatically when you deviate from the route. It is strongly recommended that you leave the system set to Automatic.

- **Manual**: Disables route recalculation. The system beeps and “Off Route” is displayed when you deviate from the route.

If you live in an area with poor mapping, you may wish to set Rerouting to Manual to avoid constant recalculation. You will need to select Recalc. manually to make the system recalculate your new route.
Unverified Area Routing

INFO button ► Setup ► Other ► Routing & Guidance

Receive turn-by-turn map and voice guidance in unverified areas.

Select On or Off.

**Differences** | **Off** | **On (factory default)**
--- | --- | ---
On or Off? | The driver wishes to manually navigate using the navigation map and choose the streets that lead to the destination. | The driver chooses to let the navigation system suggest possible routing, knowing that the guidance may not be accurate. |
Route calculation | Route is usually longer, using verified roads whenever possible. | Route is shorter, but uses unverified (purple) streets that may not be accurate. |
Route line | A blue dotted vector line is displayed on the map that continually points to your destination. | A blue-pink dashed route line highlights suggested unverified streets on the map while traveling to your destination. |
Cautionary messages | Cautionary pop-up screens and voice announcements remind you to obey all traffic restrictions. | Cautionary pop-up screens and voice announcements remind you to exercise additional caution and obey all traffic restrictions. |
There is no turn-by-turn map or voice guidance. Voice guidance commands end with the phrase “if possible” to remind you to verify all traffic restrictions.

<table>
<thead>
<tr>
<th>Differences</th>
<th>Off</th>
<th>On (factory default)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Guidance (map/voice)</td>
<td>There is no turn-by-turn map or voice guidance.</td>
<td>Voice guidance commands end with the phrase “if possible” to remind you to verify all traffic restrictions.</td>
</tr>
<tr>
<td>My Destination (Direction list)</td>
<td>A direction list is typically not available. However, depending on your route, directions are provided to help you reach the first available verified road.</td>
<td>A direction list is provided showing unverified street names in blue boxes and turn symbols in pink.</td>
</tr>
</tbody>
</table>
Edit Avoid Area

Specify up to five areas to avoid (e.g., road construction, closures), if possible, when the system calculates routes to your destination.

1. Select New Area or an existing area to edit.

2. Select Edit Name to label the area to avoid.

3. Enter a name or title. Select OK.

4. Select Edit Area to define the area to avoid.

The following items are available (after an area is set):

- **View Area Map**: Displays the selected avoid area on the map.
- **Delete**: Deletes the selected avoid area.

The avoid areas are shared with User 1 and User 2. For example, if User 1 specifies some avoid areas, User 2 can also use them for setting a route.

The maximum size of an “avoid area” is 1/2 square mile.

If your selected area contains a freeway, you are asked “Do you want to avoid freeways?” Answering “No” allows you to use a route through an avoid area on a freeway without any pop-up messages.

You can select areas to avoid, however you cannot select roads or areas that you want the system to use for routing.

You can enter up to 25 characters for the name.
5. Select a method for specifying the area.

The following items are available:

- **Address**: Specify the general area by entering an address.
  - Address P. 58

- **Map Input**: Specify the general area by map input.
  - Map Input P. 75

6. Scroll the map to position the cursor over your desired start point, adjusting the map scale as necessary. Press the ENTER button to mark the start point.

   - To redo the area selection, press the CANCEL button.

7. Scroll the map to “draw” the area. Press the ENTER button to mark the end point.

8. Select **OK**.

   - The area you specify is displayed in the list of areas to avoid.
Edit Waypoint Search Area

INFO button ➤ Setup ➤ Other ➤ Routing & Guidance ➤ Edit Waypoint Search Area “Edit”

Select the distance from your highlighted route line (on either side of your route) that the system will search for a waypoint.

Adding Waypoints P. 103

You can specify a different search distance for freeways and surface streets.

1. Select a search distance.
2. Select OK.

The following options are available:

- **On Freeways**: 1, 2, 5, or 10 miles can be set. Factory default is 2 miles.
- **On Surface Street**: 1/2, 1, 2, or 5 miles can be set. Factory default is 1/2 mile.

The search distance does not affect the search range used for the Find Nearest voice commands (e.g., say “Find nearest gas station”).
Clock Adjustment

INFO button ➤ Setup ➤ Other ➤ Clock Adjustment ➤ Clock Adjustment

Set the automatic adjustment of the system clock for daylight saving and international time zones.

Select an item.

The following items are available:

- **Auto Daylight**: The navigation system automatically adjusts the clock (“spring ahead” or “fall back” by one hour) when a daylight saving time change occurs.
  - **On** (factory default): Adjusts the clock automatically.
  - **Off**: Disables the feature.

- **Auto Time Zone**: The navigation system automatically adjusts the clock when driving through different time zones.
  - **On** (factory default): Adjusts the clock automatically.
  - **Off**: Disables the feature.

- **Clock Format**: Sets the time notation to either 12-hour clock (12H, factory default) or 24-hour clock (24H).

- **Time Adjustment**: Adjust the current time manually.
  - **Adjust Time** P. 48

- **Reset**: Reset the clock settings to the factory default.
  - **Resetting the Clock Settings** P. 48

Auto Daylight
This function is not activated in areas that have not adopted daylight saving time, even if you have set Auto Daylight to On.

Auto Time Zone
If you live and work in two different time zones, you may want to turn Auto Time Zone to Off. When driving near a time zone boundary, the displayed time zone may fluctuate between the two zone times.
Adjust Time

Adjust the current time (hours and minutes).

1. Select $-$ or $+$ to adjust the value.

2. Select OK on the top right of the screen.

Resetting the Clock Settings

Reset all clock settings to the factory defaults.

Select OK under Reset.
Setting the Clock Type

1. Select Clock Type or Background.
2. Select an option to change the design.
3. Select OK.
INFO button ➤ Setup ➤ Other ➤ Vehicle

Set the off-road tracking feature and correct the vehicle position displayed on the map.

Select an item.

The following items are available:

- **Off-road Tracking**: Set whether to display the tracking dots on the map.
  
  $\Rightarrow$ Off-road Tracking P. 51

- **Correct Vehicle Position**: Adjust the position of the vehicle on the map.
  
  $\Rightarrow$ Correct Vehicle Position P. 52
Off-road Tracking

The navigation system can be set to display white off-road tracking dots ("breadcrumbs") on the map screen whenever you drive into an area approximately 1/2 mile away from a mapped road.

Select an option.

The following options are available:

- **On**: The system displays the white tracking dots.
  
  Driving Off-road P. 83

- **Off** (factory default): Disables the feature.

To clear existing breadcrumbs, set Off-road Tracking to Off, exit the Setup screen, and then set Off-road Tracking to On again.
Correct Vehicle Position

INFO button ➤ Setup ➤ Other ➤ Vehicle

Manually adjust the current position of the vehicle as displayed on the map screen if the position appears to be incorrect.

1. Put the vehicle in Park.

2. Select ADJUST under Current Vehicle Position.

3. Scroll the map to position the arrowhead at your correct position.

4. Select ▼ or ▲ to position the arrowhead in the correct direction the vehicle is facing.

5. Select OK.

Correct Vehicle Position

An apparent position error can occur where buildings, tunnels, and other objects block or reflect the GPS signals, forcing the system to use “dead reckoning” to determine your location and direction.

Using this function to adjust vehicle position is not recommended. When the system reacquires a GPS signal, it will automatically place the vehicle in the correct location.

If you continually have to adjust the vehicle position, you may have problems with the GPS reception or there may be database errors.

System Limitations P. 188
Data Reset

Reset Factory Default Settings

INFO button ➤ Setup ➤ Other ➤ Reset Factory Default

Reset all the settings on the Setup screens to their factory defaults. Select Yes.

The following settings are reset:

- Brightness, Contrast, Black Level, Volume, Guidance Prompts
- Basic Settings: Keyboard Layout, Units, Voice Recognition Tutor, Verbal Reminder, Display Voice Commands Tips
- Routing & Guidance: Rerouting, Unverified Area Routing, Edit Waypoint Search Area, Guidance Mode
- Clock Adjustment: Auto Daylight, Auto Time Zone, Clock Format Time, Clock Type
- Vehicle: Off-road Tracking
- Color: Map Color, Menu Color

When you transfer the vehicle to a third party, reset all settings to default and delete all personal data.

Deleting an Address Book Entry P. 35
Home Addresses P. 36
PIN Numbers P. 37
User Name P. 38
Previous Destinations P. 39
Edit Avoid Area P. 44
Deleting a Paired Phone P. 153
Clear All Speed Dial

INFO button ➤ Setup ➤ Other ➤ Clear All Speed Dial

Delete all registered speed dials stored in Bluetooth® HandsFreeLink®. Select Yes.

You can also delete a speed dial individually. See Setting Up Speed Dialing P. 155
Navigation

This section describes how to enter a destination, select a route to take, and follow the route to your destination. It also describes how to change your route or destination along the way.
Entering a Destination

DEST button

This section describes how to enter a destination for route guidance.

Select an item.

Select DEST Menu 2 to display additional menu entries.

The following items are available:

- **Address**: Sets a destination by entering an address.
  
  [Address P. 58](#)

- **Address Book**: Sets a destination by selecting an address stored in your Address Book.
  
  [Address Book P. 63](#)

• **Go Home 1 or 2**: Sets your home address as a destination.
  ➤ *Going Home* P. 10
Entering a Destination ➤ Address

Address

DEST button ➤ Address

Enter an address to use as the destination. The state or province you are currently in is displayed (e.g., California).

Select an item.

The following items are available:

- **City**: Selects your destination city.
  ➢ Selecting a City P. 60

- **Street**: Selects your destination street.
  ➢ Selecting a Street P. 61

- **Change State**: Selects the state or province.
  ➢ Selecting the State or Province P. 59
Selecting the State or Province

DEST button ➤ Address ➤ Change State

1. Enter a state name.
   ➤ Select List to display a list of states.

2. Select a state from the list.
Selecting a City

DEST button ➤ Address ➤ City

The name of the city where you are currently located is displayed.

1. Enter the name of a different city, or select List for the current city.
   ➤ Select List to display a list of cities.

2. Select your destination city from the list.
   ➤ A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.
   ➤ Next, you are prompted to enter a street name.
   ➤ Selecting a Street P. 61

If your city is not listed, it may be part of a larger metropolitan area. Try entering the street first.
Entering a Destination

Address

Selecting a Street

1. Enter the name of your destination street.
   - Do not enter the street type (e.g., street, road, avenue) or direction (e.g., north, south, east, west).
   - Select List to display a list of streets.

2. Select your destination street from the list.
   - A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.

Selecting a Street

When entering the names of major freeways, you can use the following abbreviations. For interstates, use an “I” (e.g., I-10). For U.S. freeways, use “US” (e.g., US-18). For state freeways, use the two-character state designation (e.g., CA-101). For county roads, use the appropriate designation (e.g., G-2).

Using Voice Command (English only)

Say “Street” on the Find address by screen, and the following screen is displayed:

- Say the name of your destination street, and say the street number as a string of individual numbers.
- Set the route to your destination.

Calculating the Route P. 77

Continued
3. Enter the street number. Select OK.
   - Only valid street numbers can be entered.

4. Set the route to your destination.  
   - Calculating the Route P. 77

Selecting a Street

If you did not select a city first and there is more than one city with the specified street, a list of cities is displayed.

Select the desired city from the list.
Address Book

Select an address stored in your address book to use as the destination.

1. Select your user name.
2. Select your destination from the list.
3. Set the route to your destination.

If you have PIN-protected your address book, enter your PIN when prompted. Select OK. PINs are optional.

You can select New Address on the Select an address screen to add an entry to the address book.

To switch the list between User 1 or User 2, select the user name on the top right of the screen.
Previous Destinations

Select an address from a list of your 50 most recent destinations to use as the destination. The list is displayed with the most recent destination at the top.

1. Select a destination from the list.
2. Set the route to your destination.

Calculating the Route P. 77

If Previous Destinations is grayed out, there are no previous destinations entered.

Your home addresses and addresses stored in your address book are not added to the list of previous destinations.

You can delete unwanted previous destinations from the list.

Previous Destinations P. 39
Place Name

Enter the name of a place (e.g., business, hotel, restaurant) stored in the map database to use as the destination.

1. Enter a place name.
2. Select List to display a list of matching hits.
3. Select a place name from the list.
   ▶ If the place name is in multiple categories, the categories are displayed when you select it.
   ✈ Place Name in Multiple Categories P. 66

4. Set the route to your destination.
   ✈ Calculating the Route P. 77
Entering a Destination
Place Name

If the place name is in multiple categories in the map database, the following screen is displayed.

1. Select a place name.

2. Select a subcategory.

3. Set the route to your destination.

Calculating the Route P. 77

Select SORT BY Name or SORT BY Distance. Matching letters are in yellow.
Place Category

1. Select a category.

2. Select a subcategory.
   - Select ▼ or ▼ to change the main category.

CNG STATION is displayed only on natural gas vehicle (NGV) models.
3. Select an item.

The following items are available:

- **Place Name**: Searches for a place in the subcategory by name. Enter a city name when prompted.

- **Sort by Distance to Travel**: Displays all the places in the subcategory sorted by distance from your current location. The closest place is displayed at the top.

- **City Vicinity**: Searches for a place in the subcategory within a 20-mile radius of a specific city. Enter a city name and then a place name when prompted. Only the first 1,000 matching places/landmarks are displayed.

- **Search by Keyword**: Searches for a place by keyword when you do not know the exact category. Select **Sort by Distance to Travel** for locations near your current location, or select **City Vicinity** for locations in a specific city. Enter a keyword when prompted. Select **List** to view a list of possible locations if one is not found automatically.

**Search by Keyword**
For locations searched by keyword, you can select **More** to increase the scope of the search. The number of locations increases to 100, 200, and up to 1000. When the number of locations is 100 or less, you can increase the scope to 500 miles, 1000 miles, or all of U.S.
4. Select a place name from the list.
5. Set the route to your destination.  
   🔄 Calculating the Route P. 77

**Favorite Subcategories**

DEST button ➤ Place Category ➤ Fav. Subcategory

Store up to 30 favorite subcategories.

**Place Category**

The straight line distance (as the crow flies, not driving distance) and direction to the destination are shown for the highlighted place.

**Favorite Subcategories**

CNG STATION is displayed only on natural gas vehicle (NGV) models.
To store a subcategory in favorites:

1. Select a category on the Category screen.
2. Select Add to Fav. Subcategory.
3. Select the favorite subcategories to add. Select OK.

Favorite Subcategories

<table>
<thead>
<tr>
<th>Stored categories</th>
</tr>
</thead>
<tbody>
<tr>
<td>A subcategory stored in Fav. Subcategory has a star at the end of the line.</td>
</tr>
<tr>
<td>CNG STATION is displayed only on natural gas vehicle (NGV) models.</td>
</tr>
</tbody>
</table>
To delete a subcategory from favorites:

1. Select **Delete** on the Favorite Subcategory screen.

2. Select the subcategories to delete.
   - Repeat the procedure as necessary.
   - Items to be deleted are indicated with a trash icon.

3. Select **OK**.

**Deleting categories**
You can also delete a favorite subcategory on any Subcategory screen. Select ↑ or ↓ to select a favorite subcategory (which has a star at the end of line) and select **Delete from Fav. Subcategory**.

**CNG STATION** is displayed only on natural gas vehicle (NGV) models.
Place Phone Number

Select a destination by phone number. Only phone numbers in the database are recognized.

1. Enter the area code and phone number. Select OK.
2. Set the route to your destination. [Calculating the Route P. 77]

Phone numbers of private residences entered in your address book are not stored in the database and thus cannot be used to search for a destination.

A list is displayed if there are multiple locations in the database with the same phone number. Select a place from the list.
Entering a Destination ➤ Coordinate

Specify a location using latitude and longitude map coordinates.

1. Enter the latitude. Select OK.
2. Enter the longitude. Select OK.
3. Scroll the map to position the cursor over your desired destination, adjusting the map scale as necessary. Press the ENTER button.
   - If the address is not the desired location, scroll to another location and try again.
4. Press the ENTER button again to display the route calculation menu.
   ➤ Calculating the Route P. 77
5. Select Set as Dest.
Entering a Destination

Intersection

Select the intersection of two streets as the destination. The state or province for your current location is displayed at the top of the screen (e.g., California).

1. Select the intersection search method.

2. Set the route to your destination. **Calculating the Route P. 77**

The following items are available:

- **City**: Selects the city where the intersection is located. You are prompted to enter the name of the two intersecting streets. **Selecting a City P. 60**

- **Street**: Selects the two intersecting streets. The city or cities that the streets are located in are displayed. **Selecting a Street P. 61**

- **Change State**: Selects the state or province. **Selecting the State or Province P. 59**

If there is more than one intersection, you are prompted to select the intersection. If the two streets that you have selected do not intersect, no intersection is entered.
Map Input

DEST button ➤ DEST Menu 2 ➤ Map Input

Use the joystick to manually select an icon or a location on the map screen as the destination.

You are prompted to define the map area to display.

1. Select an item.

The following items are available:

- **Current Position**: Your current location is centered on the map.

- **City**: You are prompted to select the city.
  ➤ **Selecting a City** P. 60

- **State**: You are prompted to select the state.
  ➤ **Selecting the State or Province** P. 59

**Continued**
2. Scroll the map to position the cursor over your desired destination, adjusting the map scale as necessary. Press the ENTER button.  
   ▶ If the address is not the desired location, scroll the map to another location and try again.

3. Press the ENTER button again to display the route calculation menu.  
   ➥ Calculating the Route P. 77

4. Select Set as Dest.
Calculating the Route

This section describes how to calculate your route.

1. Select Set as Dest.
   ▶ The system calculates and displays the route line on the map screen.
   ➤ Route Line P. 82

The following items are available:

- **Route Pref.**: Changes the route preferences (calculating method).
  ➤ Changing the Route Preference P. 78

- **View Routes**: Displays three different routes.
  ➤ Viewing the Routes P. 78

- **Destination Map**: Displays a map of the destination.
  ➤ Calculating the Route on the Destination Map P. 79

2. Follow the route guidance to your destination.
   ➤ Driving to Your Destination P. 80
   ▶ The system provides you with pop-up messages if your route passes through unverified areas, avoid areas, or areas with traffic restrictions.

- **Calculating the Route**
  
  The current route preferences are displayed as icons on the top right of the Calculate Route screen. The straight line distance (as the crow flies, not driving distance) and direction to the destination are shown.

  You cannot use voice commands while the system is calculating the route.

- **Add to Address Book**
  You can add the destination address to the address book.
  ➤ Adding an Address Book Entry P. 32

- **Add to My Dest.**
  You can add the address to the destination list.
  ➤ Editing My Destination P. 107

- **Call**
  You can place a telephone call to the destination phone number.
  ➤ Bluetooth® HandsFreeLink® P. 148
Changing the Route Preference

Change the route preference by selecting minimum or maximum driving methods.

1. Select MIN or MAX for each item.
2. Select OK.

Viewing the Routes

View three different routes to your destination.

1. Select a route on the list.
   - The travel distance and estimated travel time is displayed for each route.
   - The system calculates and displays the route line on the map screen.

2. Select OK.

Changing the Route Preference

The calculated route may not be the shortest route or the route you would choose. For safety reasons, the system generally applies the following rules to your route:

- Shortcuts through residential areas are avoided.
- Right turns are favored over left turns or U-turns.
- Time-restricted turns (turns prohibited at certain times of the day) are not used.

Check the ferry schedule when the calculated route includes ferry route.

Viewing the Routes

It is not unusual for some calculated route options to be identical.
Calculating the Route on the Destination Map

Calculate the route from the map of the destination address.

Select Calculate the Route.

The system calculates and displays the route line on the map screen.

Route Line P. 82
This section describes how to follow the route guidance to your destination, receive traffic information, and choose the icons displayed on the map screen.

Viewing the Route

Map Screen

After calculating the route to your destination, the route is displayed on the map screen.

Map Screen Legend P. 7

As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.

“Display Map”

You can change the map scale using voice control commands (e.g., say “Display 2 mile scale”).

Map Scale Commands P. 199

You can also change the map scale by using the ZOOM button.

You can control the icons displayed on the map screen using voice control commands (e.g., say “Display post office”).

Map Display Commands P. 198

You can obtain information about the route using voice control commands (e.g., say “How long to the destination?”).  

Route Commands P. 200

You can display the next guidance point on the map screen by saying “Display Map Guide” (when en route).

If you scroll the map while en route, the time and distance to destination indicators are replaced with an indicator showing distance from the current vehicle position.

The map screen can be viewed in single-screen or split-screen mode.
Guidance Screen

The guidance screen offers an alternative way to view your route.

In single-screen mode, press the MAP/GUIDE button to switch between the map and guidance screens.

In split-screen mode, press the MAP/GUIDE button to switch between the next guidance direction and a list of guidance directions.

A visual guide helps you check the guidance screen.

Turn-by-Turn Directions
The next guidance point appears on the multi-information display.

You can turn this feature on or off using the multi-information display. See the Owner’s Manual for instructions.
Driving to Your Destination

Viewing the Route

When driving on verified streets, the route line is light blue. The route line display changes when driving on unverified streets:

- **If Unverified Area Routing is Off**, the route line uses verified streets only (when possible). A dotted “vector line” pointing directly towards your destination is also displayed.

- **If Unverified Area Routing is On**, the route line changes to a dashed blue-pink line to indicate that the route line uses unverified streets.

You can always view the entire route by simply saying “Display entire route.” The route line may also consist of red or orange segments when your route line displays traffic information.
Deviating From the Planned Route

If you leave the calculated route, the system automatically recalculates a route to the desired destination based on your current location and direction.

Rerouting P. 41

Driving Off-road

If you leave all mapped (digitized) roads, the system automatically starts displaying a series of dots (breadcrumbs) to track the path you are taking. If needed, you can follow the dots back to the mapped road you originally left.

Off-road Tracking P. 51

Driving Off-road

A message “Not on a digitized road” may appear when you drive half a mile away from a mapped road.

Breadcrumbs may occasionally be displayed in urban areas, such as large parking lots in shopping malls, in new subdivisions where the roads are not yet in the database, or in areas where a GPS signal is unavailable, such as in a parking garage.

Off-road tracking breadcrumbs are limited to approximately 150 miles. Breadcrumbs at the beginning of the trail are deleted if you exceed that distance.

Breadcrumbs are displayed only at 1/20, 1/8, 1/4, and 1/2 mile map scales.
Listening to Voice Guidance

Voice (on map)

As you approach each guidance point, a pop-up window is displayed on the map screen with instructions for you to follow. Voice guidance for each guidance point is also provided.

Typically, you hear three prompts:

- 1/2 mile from the guidance point
- 1/4 mile from the guidance point
- Just before the guidance point

To replay voice guidance, select Voice on the map screen.

If you select Voice between guidance points, voice guidance for the next guidance point is provided.

Listening to Voice Guidance

Voice (on the map screen)

You can turn voice guidance off if you prefer.

Display and Volume Settings P. 22

When driving in unverified areas, the phrase “if possible” is inserted before each voice guidance prompt.

Voice on the map screen may be grayed out if the vehicle is approaching or is in an unverified area.

The timing of voice guidance varies depending on the type of road you are on and the distance to the next guidance point.
Displaying the Map Menu

Use the Map Menu to control the icons displayed on the screen and to display traffic information. You can also use the Map Menu to find locations or to cancel the route.

1. On the map screen, select MAP MENU (if displayed).
   - The Map Menu is displayed on the map screen.

2. Select an item.

The following items are available:

- **Cancel Route**: Cancels your current route.
  - Canceling the Route P. 102

- **Show Icon on Map**: Selects the icons to display on the map.
  - Showing Icons on the Map P. 92

- **Traffic Incidents**: Displays a list of the traffic incidents around your current location or on your current route.
  - FM Traffic P. 99

Traffic Incidents
You must be in or near a traffic-enabled city to receive coverage for that area. FM Traffic is available in the lower 48 states and Hawaii.

The incident icons are displayed on the 5 mile (8 km) or less map scale.
- Map Scale and Functions P. 95

Continue
• **Map Legend**: Displays an overview of the map features.
  
  ➤ *Map Legend* P. 94

• **Guidance Menu**: Allows you to set or confirm the guidance points and freeway exits for your route.
  
  ➤ *Guidance Menu* P. 87

• **Find Nearest…**: Allows you to find the nearest place/landmark (e.g., nearest gas station) by specifying a category. You can then add the location to the list of destinations, set as a waypoint, or set as your destination.
  
  ➤ *Changing Your Destination* P. 108

• **Exit Info**: Displays a list of the freeway exits.
  
  ➤ *Freeway Exit Information* P. 89
Guidance Menu

Display the guidance points and freeway exits for your route, and set the display mode for the map and guidance screens.

Select an item.

The following items are available:

- **Directions**: Displays a list of the guidance points.
  - [Directions](#) P. 88

- **Guidance Mode**: Selects the guidance display mode.
  - [Guidance Mode](#) P. 90
Directions

MAP MENU (on map)  ➤ Guidance Menu  ➤ Directions

Display a list of the guidance points on your route for your confirmation.

Select ▲ or ▼ to scroll through the list.

Press the MAP/GUIDE button to return to the map screen.

- Directions

Guidance points with exit information are indicated by a icon. Select Exit Information to display the exit information.

Freeway Exit Information P. 89

The route guidance information is automatically deleted when you reach your destination.
Freeway Exit Information

Display a list of the freeway exits for the route. You can view freeway exit information (whether the exit is near fuelling stations, restaurants, ATMs, etc.) and add new destinations or waypoints to the calculated route.

1. Select an exit from the list.

2. Select a list item.
   - Select \( \mathbf{C} \) or \( \mathbf{X} \) to display information for different exits.
   - The location is displayed on the Calculate Route screen.
     - Calculating the Route P. 77

Freeway Exit Information

"Display Freeway Exit Information"

You can scroll the map and select a \( \mathbf{1} \) (freeway exit information) icon on the map screen to display the freeway exit information. The \( \mathbf{1} \) icon is only displayed if there is exit information available.

Icons are displayed only at 1/4, 1/2, or 1 mile scale.

- Showing Icons on the Map P. 92

The route guidance information is automatically deleted when you reach your destination.
Select the display mode during route guidance: single-screen mode (default) or split-screen mode.

The following options are available:

- **Single Screen**: Displays the map and guidance screens on separate screens.

Select an option.
• **Split Screen**: Displays the map and guidance information simultaneously on the map screen.

---

**Guidance Mode**

**Next guidance point**

The next guidance point (the pop-up window) is displayed on the map screen as you approach a guidance point in the single-screen mode.

The next guidance point is also displayed on the multi-information display.

[Turn-by-Turn Directions P. 8](#)
Showing Icons on the Map

MAP MENU (on map)  Show Icon on Map

The icon bar along the bottom of the screen allows you to select the icons that are displayed on the map.

Select an icon in the icon bar.
- Selecting toggles the icon display on or off.
- Repeat the procedure as necessary.

The following options are available:

- **Icon check boxes**: Displays or hides the traffic and landmark icons.
  - Map Screen Legend P. 7
  - FM Traffic P. 99

- **ALL OFF**: Hides all icons.

- **Icon Options**: Fine-tunes the icon display.
  - Fine-tuning the Icons P. 93
■ Fine-tuning the Icons

MAP MENU (on map) ➤ Show Icon on Map ➤ Icon Options

Icons in some categories can be fine-tuned to display or hide.

1. Select an icon category from the list (e.g., Other Icons).

2. Select the icons to display on the map.
   - Selecting toggles the icon display on or off.
   - Repeat the procedure as necessary.

3. Select OK.

Fine-tuning the Icons

To display the “Other Icons,” be sure to turn on OTHER ICON in the icon bar.

GAS STATION is displayed only on natural gas vehicle (NGV) models.
Map Legend

See an overview of the map lines, areas, routes, traffic information, and navigation icons.

Select an item.

The system displays the map legend.
## Map Scale and Functions

The functions that are available from the map screen depend on the map scale.

<table>

<td>Yes</td>
</tr>
</tbody>
</table>

■ Map Orientation

Select the map orientation icon to change the map orientation.

- **North-up**: Displays the map with North always pointing up.
- **Heading-up**: Displays the map so that the direction you are traveling is always pointing up.

**Traffic Incident**

When you use the joystick to position the cursor (round red circle) over the traffic incident icon, you can view the summary of the incident.

When you press the ENTER button to select the traffic incident icon, you can view a pop-up message describing the incident in detail.

**Map Orientation**

“Display Heading-up” (from map screen), “Display North-up” (from map screen)

The red arrow in the symbol always points North. On scales greater than 1 mile, North-up mode is always used.
Current Location

Display and save your current location for future use as a destination. The address, latitude, longitude, and elevation of your current location are displayed.

To save your current location in the address book:

1. Select the vehicle icon on the map.
2. Select Save.
3. Edit the name, phone number, and category.
4. Select OK.

“Display Current Location” (on map screen)

You can also save the current location by saying “Register the Current Location”.

If you have PIN-protected your address book, enter your PIN when prompted. Select OK. PINs are optional.

PIN Numbers P. 37

The elevation is not displayed if the system is receiving insufficient GPS information. When elevation is displayed, it may differ with roadside elevation signs by ±100 feet or more.

Saving your current location does not change or cancel your current route.
FM Traffic

MAP MENU (on map) ▶ Traffic Incidents

View and avoid specific incidents and/or congestion on your route:

1. Select an incident from the list.
   - The system displays the map screen and the incident location.

2. Select Traffic Detail.

You must be in or near a traffic-enabled city to receive coverage for that area. FM Traffic is available in the lower 48 states and Hawaii.

Traffic rerouting may not provide a detour route depending on circumstances.

“Display traffic list”

You can also display the traffic incidents from the INFO screen.

You can display traffic incidents and related information on the map screen using voice commands.

Map Display Commands P. 198

Continued
3. Select **Avoid**.
   - Repeat step 1 to 3 as necessary.

4. Select **Reroute**.
   - The system recalculates a detour route that avoids the traffic incidents.

**FM Traffic**

You can choose to avoid up to 10 traffic incidents. It is not always possible for the system to calculate a route that avoids all traffic incidents or specific traffic incidents you select.

The “On Route” tab on the Traffic List screen is only available during route guidance.

You cannot select an incident to avoid from the “All” tab.

You can also detour around a traffic incident manually if you encounter an unexpected obstacle.

[Taking a Detour](#) P. 102
Changing Your Route

DEST button (when en route)
This section describes how to alter your route, add an interim “waypoint” (pit stop), choose a different destination, cancel your current destination, and continue your trip after stopping.

Select an item.

The following items are available:

- **Cancel Route**: Cancels the route guidance.
  - [Canceling the Route](P. 102)

- **Detour**: Calculates a detour route.
  - [Taking a Detour](P. 102)

- **Avoid Streets**: Avoids streets along your route.
  - [Avoiding Streets](P. 102)

- **Change Route Pref.**: Changes the route preferences (calculating method).
  - [Changing the Route Preference](P. 78)

- **Waypoint**: Sets waypoints along your route.
  - [Adding Waypoints from the Route Menu](P. 104)

- **My Destination**: Shows a list of waypoints. You can delete waypoints or edit the order of them.
  - [Editing My Destination](P. 107)

If you press the DEST button when not en route, the Destination Menu screen is displayed.
- [Entering a Destination](P. 56)
Changing Your Route

Canceling the Route

- DEST button (when en route) ➤ Cancel Route

Cancel the route guidance and remove the destination and all waypoints from the destination list. The system then returns to the map screen.

Taking a Detour

- DEST button (when en route) ➤ Detour

Calculate a detour route manually. The system attempts to calculate a new route by avoiding the next 5 miles (while on a freeway) or 1 mile (while on a surface street).

Avoiding Streets

- DEST button (when en route) ➤ Avoid Streets

Select a street or streets along your route to avoid.

1. Select the street you want to avoid.
   - Repeat the procedure to avoid other streets.
   - Streets to be avoided are indicated with a trash icon.

You can also cancel your route from the Map Menu.

Map Menu P. 85

The detour option is convenient if you encounter an unexpected obstacle such as a road closure or extremely heavy traffic congestion.

Avoiding Streets

Avoiding certain streets is convenient if you know of road construction, road closures, or excessive traffic along the route.

You cannot choose specific streets you want to use, only those to avoid. However, you can select intersections or waypoints (places/landmarks) that the system will use in your route.

Adding Waypoints P. 103

You can store up to 10 streets to avoid. You cannot avoid your current street or the streets of your waypoint(s) or destination (system beeps if selected).
2. Select OK.
   ▶ The system calculates a new route.

Adding Waypoints

Add up to four waypoints (pit stops) along the route to your destination.

Waypoints are displayed on the map screen as small, numbered red flags. The route follows the waypoints in the order they are listed in the destination list.

Waypoints allow you to stop for gas or food, for example, and then continue on to your destination.

Press the MAP/GUIDE button to return to the map screen without adding a waypoint at any time.

The search corridor used for adding waypoints can be adjusted.

You can delete waypoints or edit the order of waypoints in the destination list.

괌 Edit Waypoint Search Area P. 46

閠 Editing My Destination P. 107
### Adding Waypoints from the Route Menu

1. Select a search method to add a waypoint.

The following items are available:

- **Places Along the Route**: Searches within a “corridor” on either side of the route.

- **Places Around the Destination**: Searches in a spiral pattern around the destination.

- **Places Around the Waypoint**: Searches in a spiral pattern around the location you select.

2. Select the location when you select **Places Around the Waypoint**.
3. Select a waypoint category (e.g., Auto Service).

4. Select a waypoint subcategory (e.g., PARKING LOT).

5. Select a place.
   ▶ The waypoint is added to the destination list.
   ▶ The route is automatically recalculated and displayed on the map screen.
Changing Your Route

Adding Waypoints

1. Select a new address or location.
2. Select ADD TO My Dest.
3. Select ▲ or ▼ to select a location in the destination list. Select OK.
4. Select OK.
   - The route is automatically recalculated and displayed on the map screen.
Editing My Destination

DEST button (when en route) ➤ My Destination

Delete or edit the order of waypoints.

1. Select Edit.
   ➤ Select Map to display the destination and waypoints on the map screen.

2. Select an item.

3. Select OK.
   ➤ The route is automatically recalculated and displayed on the map screen.

The following items are available:

- **Delete**: Select a list item to delete.

- **Edit Order**: Select a list item to move, select ▲ or ▼ to select a new location.
There are several methods you can use to change the route destination.

**Find Nearest Place**

MAP MENU (on map) ➤ Find Nearest...

Search for the nearest place/landmark on the map screen and set it as your destination.

1. Select Find Nearest....
2. Select a category type.
3. Select a subcategory.
4. Select a place.
5. Select Set as Dest.

6. Select an item to set the place as a destination or add to the destination list.
   - The system calculates the route.
   - **Calculating the Route** P. 77

`Find Nearest Place`

“Find Nearest...” (on map screen)

The Find Nearest voice command is the fastest method of specifying a place/landmark as your destination. Many kinds of places can be found.

**Find Place Commands** P. 199
Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Scroll the map to position the cursor over your desired destination, adjusting the map scale as necessary. Press the ENTER button.
   - If the address displayed is not the desired location, press the CANCEL/BACK button and repeat the procedure.

2. Press the ENTER button again.

3. Select a place.

4. Select **Set as Dest.**

   - **Calculating the Route P. 77**
Changing Your Destination

Entering a New Destination

5. Select an option.
   - The route is automatically recalculated and displayed on the map screen.

The following options are available:

- **Set as New Destination**: Sets the location as your new destination.
- **Add to My Destination**: Sets the location as a new waypoint.

**Entering a New Destination**

DEST button (when en route) ➤ DEST Menu 1 or DEST Menu 2

Enter a new destination using the Destination Menu screen even when you are en route.

1. Select a method to enter a new destination.
   ➤ **Entering a Destination** P. 56
   - After entering a new destination, the address is displayed on the Calculate Route screen.

2. Select **Set as Dest.**
3. Select an option.

- The route is automatically recalculated and displayed on the map screen.

The following options are available:

- **Set as New Destination**: Sets the location as your new destination.

- **Add to My Destination**: Sets the location as a new waypoint.
Resuming Your Trip

Stop your vehicle en route (e.g., to rest, stop for gas, etc.), and then continue on your route.

If you did not complete your route, the Continue Trip screen is displayed when you restart your vehicle.

Select Set as Dest.
▶ You can continue on the same route.

• Route Pref.: Changes the route preferences (calculating method).
  ➡ Changing the Route Preference P. 78

• View Routes: Displays three different routes.
  ➡ Viewing the Routes P. 78

• Destination Map: Display a map of the destination.
  ➡ Calculating the Route on the Destination Map P. 79
This section describes how to operate the audio system. You can play music from a wide array of media sources, and control the audio system using the audio buttons, the touch screen, or voice control.
About Your Audio System

The audio system features FM/AM radio and XM® Radio. It can also play audio discs, WMA/MP3/AAC tracks, iPod®, USB flash drives, and Bluetooth® devices.

The audio system is operable from the buttons and switches on the panel, or the remote controls on the steering wheel.

Audio Remote Controls P. 144
Audio System P. 6

Auxiliary Input Jack

Use the jack in the console compartment to connect standard audio devices.

1. Open the AUX cover.

2. Connect a standard audio device to the input jack using a 1/8 inch/3.5 mm stereo miniplug.

The audio system automatically switches to the AUX mode.

XM® Radio is available in the United States and Canada, except Hawaii, Alaska, and Puerto Rico.

XM is a registered trademark of Sirius XM® Radio, Inc.

Video CDs, DVDs, and 3-inch/8-cm mini discs are not supported.

Do not leave the iPod® or USB flash drive in the vehicle. Direct sunlight and high temperatures may damage it.

iPod® and iPhone® are registered trademarks owned by Apple Inc.

State or local laws may prohibit the operation of handheld electronic devices while operating a vehicle.

You can operate the audio system by voice commands.

Audio Commands P. 201

To switch the mode, press any of the other audio mode buttons. You can return to the AUX mode by pressing the AUX button.
System Theft Protection

The system is disabled when it is disconnected from the power source, such as when the battery is disconnected or goes dead.

■ Reactivating the system

1. Turn the ignition switch to ON (II), and turn on the system.
   ▶ If you turn the ignition switch to ACCESSORY (I), you will be requested to enter the security code. See step 3.

2. Press and hold the VOL (Volume/Power) button again for more than two seconds.
   ▶ The system is reactivated when the system’s control unit recognizes that the system is in your vehicle.
   ▶ If the control unit fails to recognize, “ENTER CODE” appears on the navigation screen.

3. Enter the security code. If you do not enter the code correctly after 10 tries, leave the system for one hour before trying again, or visit a dealer to have the system reset.

Find the audio system’s security code and serial number label in your Owner’s Manual kit.

Do not store the label in your vehicle. If you lose the label, you must first retrieve the serial number, and then obtain the code from a dealer.

U.S. Only
You can register the security code at Owner Link (owners.honda.com). To find information on how to retrieve the serial number and obtain the code, visit radio-navicode.honda.com.

Entering the Security Code P. 186
Playing FM/AM Radio

Selecting FM/AM Mode

1. Press the FM/AM button.
   - Press the FM/AM button again, if necessary, to select the frequency band (FM1, FM2, AM).
   - The band and frequency are displayed.

2. Select AUDIO/STREET until AUDIO is highlighted in blue.
   - The preset keys are displayed at the bottom of the screen.

3. Select the preset key.
   - You can also select a station using the SEEK/SKIP button.

You can control the radio using voice commands.

“Display audio screen”

You can control the radio using voice commands.

Radio Commands P. 201

A visual guide helps you operate the audio system.

System Controls P. 4
Basic Operation P. 6

The ST indicator comes on the display for stereo FM broadcasts. Stereo reproduction in AM is not available.

The radio can receive the complete AM and FM bands:

- AM band: 530 to 1710 kHz
- FM band: 87.7 to 107.9 MHz

You can store six AM stations and 12 FM stations in the preset buttons. FM1 and FM2 let you store six stations each.
Audio Screen Control

1. **Select a frequency band (AM, FM1, or FM2).**

2. **Select a preset station.**
   - Touch and hold a preset key until a beep sounds to store the current station in the key.

The following items are available:

- **TUNE**: Tunes the radio to the frequency you select. Select or to select a frequency.
- **SCAN**: Scans for stations with a strong signal in the current band and plays a 10-second sample. Select Stop to stop scanning and play the current selection.
- **AUTO SELECT**: Scans and automatically stores up to six AM stations and 12 FM stations with a strong signal in the preset buttons.
- **AUDIO MENU**: Sets the RDS options and sound preferences.
- **SOURCE**: Changes the source mode.
- **Open/Close icon**: Displays/hides the detailed information.

The A.SEL indicator comes on the display when AUTO SELECT is on. If you do not like the stations Auto Select has stored, you can change the frequencies stored in the preset buttons manually.
Audio Menu

Audio button (in FM/AM mode) ➤ AUDIO MENU

Select an item.

The following items are available:

- **RDS search**: Searches for programs by RDS category.
  [Search for Programs by RDS Category](#) P. 119

- **Radio Text**: Displays the text information broadcast by the current RDS station.
  [Radio Text Display](#) P. 120

- **RDS INFO**: Sets whether to display the RDS Information on the screen.
  [RDS Info Display](#) P. 119

- **SOUND**: Displays the sound preferences screen.
  [Adjusting the Sound](#) P. 143
Radio Data System (RDS)

Provides text data information related to your selected RDS-capable FM station.

### RDS Info Display

When RDS INFO is set to ON, the name of the FM station is displayed. When set to OFF, the frequency of the station is displayed.

### Searching for Programs by RDS Category

1. Select a search method (Seek up, Seek down, Scan).
2. Select a category.
   - Scanning for stations in that category begins. When an RDS station is found, it begins to play.
   - If there are no RDS-capable stations in the area, “NOTHING” briefly appears on the display.
Radio Text Display

School AUDIO button (in FM/AM mode) ➤ AUDIO MENU ➤ Radio Text
Display the radio text information of the selected RDS station.

Radio Text Display
The Radio Text indicator comes on the display when the selected RDS station is broadcasting text data.
Selecting XM Mode

1. Press the CD/XM button.
   - Press the CD/XM button again, if necessary, to select the channel band (XM1, XM2).
   - The band and channel are displayed.

2. Select AUDIO/STREET until AUDIO is highlighted in blue.
   - The preset keys are displayed at the bottom of the screen.

3. Select the preset key.
   - You can also select a station using the SEEK/SKIP button.

You can control the radio using voice commands.

A visual guide helps you operate the audio system.

In the channel mode, all available channels are selectable. In the category mode, you can select a channel within a category (Jazz, Rock, Classical, etc.).

There may be instances when XM® Radio does not broadcast all the data fields (artist name, title). This does not indicate a problem with your audio system.

You can store 12 XM stations in the preset buttons. XM1 and XM2 let you store six stations each.

XM® Radio display messages will be displayed on the audio screen.
Audio Screen Control

Audio button (in XM mode)

Control the audio system through the navigation screen.

1. Select the channel band (XM1, XM2).
2. Select a preset channel.
   - Touch and hold a preset key until a beep sounds to store the current channel in the key.

The following items are available:

- CATEGORY: Tunes to the channel you select. Select ◀ or ▶ to select a channel.

- SCAN: Scans for channels by the scan mode (channel mode or category mode) selected in the Audio Menu.
  - Scan Channel: Scans for channels with a strong signal in the current band and plays a 10-second sample. Select Scan Channel to stop scanning and play the current selection.
  - Scan Category: Scans for channels with a strong signal in the selected category in the current band and plays a 10-second sample. Select Scan Category to stop scanning and play the current selection.

- CHANNEL LIST: Displays the list of available channels. Scroll the list to select a channel.

The audio information is also displayed on the multi-information display. See your Owner’s Manual for more information.
• **AUDIO MENU**: Sets the receiving mode (channel or category) and sound preferences.
  
  📝 Audio Menu P. 123

  📝 Adjusting the Sound P. 143
XM® Radio Service

Subscribing to XM® Radio

1. Retrieve your radio ID before registering for subscription.
   - To see the radio ID, press the \( \downarrow \) (SEEK/SKIP) button to select “000” channel. You can also select “000” channel from CHANNEL LIST.

2. Have your radio ID and credit card number ready, and either call XM or visit the XM website to subscribe.

Receiving XM® Radio

Press the XM button and stay in this mode for about 30 minutes until the service is activated. Make sure your vehicle is in an open area with good reception.

XM® Radio Display Messages

- **Loading**: XM is loading the audio or program information.
- **Channel Off Air**: The channel is not currently broadcasting.
- **Channel Not Authorized**: The encryption code is being updated. Channels 0 and 1 still work normally.
- **No Signal**: The signal is too weak in the current location.
- **Channel Not Available**: No such channel exists, the channel is not part of your subscription, or the artist or title information is not available.
- **Check Antenna**: There is a problem with the XM antenna. Contact a dealer.

Contact Information for XM® Radio:

**U.S.**: XM® Radio at [www.siriusxm.com](http://www.siriusxm.com), or (800) 852-9696

**Canada**: XM Canada at [www.xmradio.ca](http://www.xmradio.ca), or (877) 209-0079

Receiving XM® Radio

The XM satellites are in orbit over the equator; therefore, objects south of the vehicle may cause satellite reception interruptions. Satellite signals are more likely to be blocked by tall buildings and mountains the farther north you travel from the equator.

You may experience reception problems under the following circumstances:

- In a location with an obstruction to the south of your vehicle
- In tunnels
- On the lower level of a multi-tiered road
- Large items are carried on the roof rack
Playing a Disc

Selecting Disc Mode

1. Press the CD/XM button.

2. Insert a disc into the disc slot.
   - The disc automatically begins playing.

3. Select AUDIO/STREET until AUDIO is highlighted in blue.

4. Select ◀◀ or ▶▶ to select a track.
   - You can also select a track using the SEEK/SKIP button.
   - The track number and elapsed time are displayed on the display. Text information stored on MP3/WMA/AAC discs is also displayed.

“Display audio screen”
You can control the disc using voice commands.

Disc Commands P. 202

A visual guide helps you operate the audio system.

System Controls P. 4

Basic Operation P. 6

In some cases, the name of the artist, album, or track may not appear correctly.

Do not use discs with adhesive labels. The label can cause the disc to jam in the unit.

WMA and AAC tracks protected by digital rights management (DRM) cannot be played. The audio system displays Unplayable File, then skips to the next track.

If there is a problem, you may see an error message on the display.

Error Messages P. 181

If you eject the disc but do not remove it from the slot, the system reloads the disc automatically after several seconds.
Audio Screen Control

Audio button (in DISC mode)

Control the audio system through the navigation screen.

Disc mode       Open/Close icon       Select a track.

Select the Folder tab to display the list of folders on MP3/WMA/AAC discs having a folder structure.

The following items are available, depending on the type of disc:

- **FOLDER**: Select ◄ or ► to select a folder on MP3/WMA/AAC discs having a folder structure.

- **SCAN**:  
  - Scan Track: Scans all tracks on the disc (or in the selected folder) in the order they were recorded (stored) and plays a 10-second sample. Select Stop to stop scanning and play the current selection.
  - Scan Folder: Scans the first track in each folder on the disc and plays a 10-second sample. Select Stop to stop scanning and play the current selection.

- **PLAY MODE**:  
  - Random All: Plays all tracks on the current disc in random order.
  - Random in Folder: Plays all tracks in the current folder in random order.
  - Repeat 1 Track: Repeats the current track.
  - Repeat 1 Folder: Repeats all tracks in the current folder.
• **SOUND**: Displays the sound preferences screen. 
  > Adjusting the Sound P. 143

• **SOURCE**: Changes the source mode.

• **Open/Close icon**: Displays/hides the detailed information.

### Playing MP3/WMA/AAC Discs

 соседки AUDIO button (in DISC mode) ➤ **Folder**

Change the folder on MP3/WMA/AAC discs that have tracks stored in a folder structure.

1. Select a folder.
   > The system displays the track list.
2. Select a track.
   > The system begins playing the selected track.

Folder List
- Any tracks not in a folder are automatically added to a “ROOT” folder, which is displayed at the top of the Folder List.
- If the root folder has additional folders in a lower layer, they are listed on the screen.

**Back to Current Track**: Displays the current track at the top of the list.
Recommended Discs

- Use only high-quality CD-R or CD-RW discs labeled for audio use.
- Use only CD-R or CD-RW discs on which the recordings are closed.
- Play only standard round-shaped discs.

The disc packages or jackets should have one of these symbols.

- Discs with MP3, WMA, or AAC Tracks
  - Some software files may not allow for audio play or text data display.
  - Some versions of MP3, WMA, or AAC formats may be unsupported. If an unsupported track is found, the audio unit displays Unsupported, and then skips to the next track.
Playing an iPod®

1. Unclip the USB connector in the center console and loosen the adapter cable.

2. Install the iPod® dock connector to the USB connector.

Connecting an iPod®

- Do not use an extension cable with the USB adapter cable.
- Do not connect the iPod® using a hub.
- Do not use a device such as a card reader or hard disk drive, as the device or your tracks may be damaged.
- We recommend backing up your data before using the device in your vehicle.
- Displayed messages may vary depending on the device model and software version.

Your audio system may not work with all software versions of these devices.

If the audio system does not recognize the iPod®, try reconnecting it a few times or reboot the device.
Selecting iPod® Mode

1. Connect the iPod® to the USB adapter cable in the center console.

2. Press the CD/XM button until you get to iPod® mode.

3. Select AUDIO/STREET until AUDIO is highlighted in blue.

4. Select or to select a track.
   ▶ You can also select a track using the SEEK/SKIP button.
   ▶ The current track number is displayed.

“Display audio screen”

You can control the iPod® using voice commands.

iPod® Commands P. 202

A visual guide helps you operate the audio system.

System Controls P. 4
Basic Operation P. 6

In some cases, the name of the artist, album, or track may not appear correctly.

Available operating functions vary on models or versions. Some functions may not be available on the vehicle’s audio system.

If there is a problem, you may see an error message on the display.

Error Messages P. 181
Playing an iPod®

Audio Screen Control

Control the audio screen through the navigation system.

• **AUDIO button (in iPod® mode)**

The following items are available:

- **PLAY MODE**
  - Shuffle All: Plays all tracks in the track list in random order.
  - Shuffle Album: Plays all tracks in the track list in random order by albums. Each song in an album is played in the right order and only the order of albums is randomized.
  - Repeat 1 Track: Repeats the current track.

- **SOUND**: Displays the sound preferences screen.

- **SOURCE**: Changes the source mode.

- **Open/Close icon**: Displays/hides the detailed information.

Select a track.

Select the menu tab to change songs in the track list.

To stop repeat- or shuffle-play, select the current play mode button again.
Searching for Music

1. Select the menu tab.

2. Select a search category (e.g., Album).

3. Select an item.
   - The selection begins playing.

The order of the track list displayed if you select “All” on the iPod® menu varies depending on the iPod® model and software.

Back to Current Track: Displays the current track at the top of the list.
Pandora® is a personalized Internet radio service that selects music based on an artist, song, or genre a user enters, and streams what is likely to be of interest.

**Selecting Pandora® Mode**

1. Activate Pandora® on your iPhone®.

2. Connect the iPhone® to the USB adapter cable in the center console.

3. Press the CD/XM button until you get to Pandora® mode.

4. Select AUDIO/STREET until AUDIO is highlighted in blue.

   - The current station name, artist name, rating, and track name are displayed.

You can control Pandora® using voice commands.

You can control Pandora® using voice commands.

A visual guide helps you operate the audio system.

- **System Controls P. 4**
- **Basic Operation P. 6**

To use this service in your vehicle, the Pandora® app must first be installed on your iPhone®. Visit www.pandora.com for more information.

Pandora® Mode and Audio Screen Control is only available for iPhone®. For other phones, Pandora® can be played through Bluetooth® Audio.

If there is a problem, you may see an error message on the display.

- **Error Messages P. 181**

If Pandora® is not selected from your phone, iPod® music is played.

Press the Home button on your iPhone to switch from Pandora® to iPod®. To play Pandora® again, you must reactivate it from your phone.
Audio Screen Control

Control the audio screen through the navigation system.

The following items are available:

- **Dislike**: Dislikes the current song and skips to the next song. Pandora® will avoid playing songs similar to the one disliked.

- **Like**: Likes the current song. Pandora® will play songs similar to the one liked.

- **STATION**: Select — or + to select a station.

- **BOOKMARK**: Bookmarks the current song or artist. Select BOOKMARK This Song or BOOKMARK This Artist.

- **STATION LIST**: Displays the list of all your stored stations. Select a station from the list to play. You can also select QuickMix to play all stations randomly.

The audio information is also displayed on the multi-information display. See your Owner’s Manual for more information.

The following functions are not available on this navigation system:

- Buy from iTunes
- Email the Current Station
- Check Song Detail
- Create Station

You can skip the song or select — only a predetermined number of times in an hour. If exceeded, an error message is displayed and the operation is not performed. For details, please visit and check www.pandora.com.

You can only check bookmark information from your iPhone®.

If you cannot operate Pandora® through the audio system, it may be streaming through Bluetooth® Audio. Make sure Pandora® mode on your audio system is selected.
Quick Mix

Audio button (in Pandora® mode) ➤ Station List

Select QuickMix.

➤ Starts to randomly play tracks from all your stored stations in the list.

➤ To cancel the QuickMix mode, select another station.
Playing a USB Flash Drive

Connecting a USB Flash Drive

1. Unclip the USB connector in the center console and loosen the adapter cable.
2. Install the USB flash drive to the USB connector.

USB Flash Drives

Use a recommended USB flash drive of 256 MB or higher.
Some digital audio players may not be compatible.
Some USB flash drives (e.g., a device with security lockout) may not work.
Some software files may not allow for audio play or text data display.
Some versions of MP3, WMA, or AAC formats may be unsupported.

• Do not use an extension cable with the USB adapter cable.
• Do not connect the USB flash drive using a hub.
• Do not use a device such as a card reader or hard disk drive, as the device or your tracks may be damaged.
• We recommend backing up your data before using the device in your vehicle.
Selecting USB Mode

1. Connect the USB flash drive to the USB adapter cable in the center console.

2. Press the CD/XM button until you get to USB mode.

3. Select AUDIO/STREET until AUDIO is highlighted in blue.

4. Select ◀ or ▶ to select a track.
   - You can also select a track using the SEEK/SKIP button.
   - The current track number is displayed.

You can control the USB flash drive using voice commands.

USB Commands P. 202

A visual guide helps you operate the audio system.

System Controls P. 4
Basic Operation P. 6

In some cases, the name of the artist, album, or track may not appear correctly.

Tracks on the USB flash drive are played in their stored order. This order may be different from the order displayed on your PC or device.

The audio system displays Unplayable File, and then skips to the next track when the following tracks are played:

- Tracks in WMA or AAC format protected by digital rights management (DRM)
- Tracks in unsupported format

If there is a problem, you may see an error message on the display.

Error Messages P. 181
Audio Screen Control

Audio Screen Control

- AUDIO button (in USB mode)

Control the audio screen through the navigation system.

- USB mode
- Open/Close icon
- Select a track.

Select the Folder tab to display the folder list.

1. Playing Tracks in Folders P. 139

The following items are available:

- **FOLDER**: Select ◀ or ▶ to select a folder.

- **SCAN**:
  - **Scan Track**: Scans all tracks in the current folder in the order they were stored and plays a 10-second sample. Select **Stop** to stop scanning and play the current selection.
  - **Scan Folder**: Scans the first track in each folder on the USB flash drive and plays a 10-second sample. Select **Stop** to stop scanning and play the current selection.

The audio information is also displayed on the multi-information display. See your Owner’s Manual for more information.
• PLAY MODE:
  - Random All: Plays all tracks on the USB flash drive in random order.
  - Random in Folder: Plays all tracks in the current folder in random order.
  - Repeat 1 Track: Repeats the current track.
  - Repeat 1 Folder: Repeats all tracks in the current folder.

• SOUND: Displays the sound preferences screen.
  ➤ Adjusting the Sound P. 143

• SOURCE: Changes the source mode.

• Open/Close icon: Displays/hides the detail information.

Playing Tracks in Folders

AUDIO button (in USB mode) ➤ Folder

Change the folder if the tracks are stored in a folder structure.

Folder list

1. Select a folder.
   ➤ The system displays the track list.

2. Select a track.
   ➤ The system begins playing the selected track.

Folder List

- Any music tracks not in a folder are automatically added to a “ROOT” folder, which is displayed at the top of the Folder List.
- If the root folder has additional folders in a lower layer, they are listed on the screen.

Back to Current Track: Displays the current track at the top of the list.
Playing Bluetooth® Audio

Your audio system allows you to listen to music tracks stored on your Bluetooth-compatible phone.

This function is available when the phone is linked to the vehicle’s Bluetooth® HandsFreeLink® (HFL) system.

**Selecting Bluetooth® Audio Mode**

1. Make sure that your phone is on, paired, and linked to HFL.
   - **Pairing a Phone** P. 150

2. Press the CD/XM button until you get to Bluetooth® Audio mode.
   - A Bluetooth® message and icon are displayed on the display and screen.

3. Select AUDIO/STREET until AUDIO is highlighted in blue.

**“Display audio screen”**

You can control the Bluetooth® Audio using voice commands.

**Bluetooth® Audio Commands** P. 203

Not all Bluetooth-enabled phones with streaming audio capabilities are compatible. To check if your phone is compatible:

- Canada: Visit www.handsfreelink.ca.
- Call HandsFreeLink customer support at (888) 528-7876.

In some states, it may be illegal to perform some data device functions while driving.

In some cases, the name of the artist, album, or track may not appear correctly.

Only one phone can be used with HFL at a time. When there are more than two paired phones in the vehicle, the first paired phone the system finds is automatically linked.
Playing Bluetooth® Audio

Switching to HFL Mode

1. If you receive a call when Bluetooth® Audio is playing, press the (Pick-Up) button on the steering wheel to answer the call.

2. Press the (Hang-Up/Back) button to end the call, and Bluetooth® Audio is resumed.

If more than one phone is paired to the HFL system, there may be a delay before the system begins to play.

A “NO CONNECT” message may be displayed if:

- The phone is not linked to HFL.
- The phone is not turned on.
- The phone is not in the vehicle.
- An incompatible phone is connected.

Check the following if the phone is not recognized:

- Another HFL-compatible phone, which is not compatible for Bluetooth® Audio, is already connected.
Audio Screen Control

Audio control

The following items are available:

- **GROUP**: Select ◄ or ► to select a playlist, album, genre, etc.

- **SOUND**: Displays the sound preferences screen. See Adjusting the Sound P. 143

- **SOURCE**: Changes the source mode.

Bluetooth® Audio mode

Select an item.

The following items are available:

- **GROUP**: Select ◄ or ► to select a playlist, album, genre, etc.

- **SOUND**: Displays the sound preferences screen.

Adjusting the Sound P. 143

The audio information is also displayed on the multi-information display. See your Owner’s Manual for more information.

The display items may vary depending on the connected device.

The following functions may not be available on some devices:

- Pause function
- Group selection
Adjusting the Sound

Adjust the sound bass, treble, fader, and balance. You can also adjust the strength of the sound coming from the subwoofer speaker*. In addition, you can set Speed-sensitive Volume Compensation (SVC).

1. Select the tab to adjust the desired sound mode.
2. Adjust the desired level.

Fader adjusts the front-to-back strength, while balance adjusts the side-to-side strength. If the fader adjustment is set to the maximum front level, the subwoofer is turned off.

The SVC has four modes: Off, Low, Mid, and High. SVC adjusts the volume level based on the vehicle speed. The faster you go, the audio volume increases. As you slow down, the audio volume decreases. If you feel the sound is too loud, choose Low, and vice versa.

* Not available on all models.
Steering Wheel Controls

Control basic audio system functions using the controls mounted on the steering wheel.

- SOURCE Button
  - DISC mode appears only when a disc is loaded.
  - When in AUX mode, the following are operable from the remote audio controls:
    - iPod®/iPhone®, USB flash drive connected to the USB adapter cable
    - Bluetooth® Audio (not all phones support this function)

- (Display/Information) button
- Channel button
- SOURCE button
- Volume button

SOURCE Button

Cycles through the audio modes as follows:

FM1 → FM2 → AM → AUX → DISC → XM2 → XM1
■ + - (Volume) Button

Adjusts the volume.
• Press the + (Volume) button to increase the volume.
• Press the - (Volume) button to decrease the volume.

■ ◄ ► (Channel) Button

FM/AM, XM
• Press the ► (Channel) button to select the next preset station (channel).
• Press the ◄ (Channel) button to select the previous preset station (channel).
• Press and hold the ► button to skip to the next station in the frequency.

DISC, iPod®, USB, or Bluetooth® Audio (on some phones)
• Press the ► button to skip to the next track.
• Press the ◄ button to skip to the beginning of the current track. Press the ◄ button again to go to the beginning of the previous track.
• Press and hold the ◄ or ► button to skip up or down a folder (DISC/USB).

Pandora®
• Press the ► button to skip to the next song.
• Press and hold ◄ or ► button to select the upper or lower station.

■ 🎤 📚 (Display/Information) Button

Press the 🎤 📚 (Display/Information) button to temporarily clear the turn-by-turn directions screen.
This section describes how to operate Bluetooth® HandsFreeLink®. You can place and receive phone calls using your vehicle’s audio system without handling your cell phone.
Bluetooth® HandsFreeLink®

Select an item.

The following items are available:

- **Redial**: Dials the last number.

- **Call History**: Displays the call history.
  - [Using Call History P. 162]

- **Phonebook**: Displays the cell phone’s imported phonebook.
  - [Using the Phonebook P. 161]

- **Dial**: Makes a call by entering the phone number.
  - [Entering a Phone Number P. 161]

- **Text Messages**: Displays received text messages list. ✉ is displayed if there is an unread message.
  - [Text Messages P. 167]

- **Phone Setup**: Sets up the HFL features.
  - [Pairing a Phone P. 150]
  - [Setting Up Speed Dialing P. 155]

- **Speed Dial 1, 2**: Makes a call to stored speed dial entries.
  - [Using Speed Dial P. 162]

You can control the HFL system using voice commands.

- [HFL Menus P. 164]

To use HFL, you need a Bluetooth®-compatible cell phone. For a list of compatible phones, pairing procedures, and special feature capabilities:

- **U.S.**: Visit automobiles.honda.com/handsfreelink.
- **Canada**: Visit www.handsfreelink.ca.
- Call HandsFreeLink® customer support at (888) 528-7876.

**Voice Control Tips**

- Aim the vents away from the ceiling and close the windows, as noise coming from them may interfere with the microphone.
- Press and release the **S** (Talk) button before giving a command. Speak clearly and naturally after a beep.
- If the microphone picks up voices other than yours, the command may be misinterpreted.
- When HFL is in use, navigation voice commands cannot be recognized.
- To change the volume level, use the audio system’s volume knob or the remote audio controls.
Help Features

Say “Phone command help” or “Help” any time to get help or hear a list of commands.

Voice Help P. 13

Bluetooth® Wireless Technology

Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Honda Motors Co., Ltd., is under license. Other trademarks and trade names are those of their respective owners.

HFL Limitations

An incoming call on HFL will interrupt Bluetooth® Audio when it is playing. Audio will resume when the call is ended.

Certain touchscreen functions are disabled while the vehicle is moving.

Limitations for Manual Operation P. 19

State or local laws may prohibit the operation of handheld electronic devices while operating a vehicle.
Pairing a Phone

When no Bluetooth-compatible phone has ever been paired to the system, the following screen appears:

1. Select Yes.
2. Put your cell phone in “Discovery” or “Search” mode.
3. Select OK.
   - The system begins to search for your phone.
4. Select your phone in the list.
   - Select Find Another Phone if your phone is not found.
   - Refer to your phone manual for instructions on searching for a Bluetooth® device.
5. Enter the 4-digit pairing code on your phone when prompted to complete the pairing process.

Phone Pairing Tips

- You cannot pair your phone while the vehicle is moving.
- Your phone must be in discovery or search mode when pairing the phone. Refer to your phone’s manual.
- Up to six phones can be paired.
- Your phone’s battery may drain faster when it is paired to HFL.
- If your phone is not ready for pairing or not found by the system within three minutes, the system will time out and return to idle.
- The default pairing code “0000” is used unless you change the setting.

Changing the Pairing Code
You can change the pairing code setting.

Deleting a Paired Phone
You can delete the paired phone.
Pairing from Phone Setup

PHONE button ➤ Phone Setup

Use the Phone setup screen to pair an additional Bluetooth-compatible phone if a phone has been previously paired to the system.

1. Select Add/Select a Phone under Bluetooth setup.
2. Select Search.
3. Put your cell phone in “Discovery” or “Search” mode.
4. Select OK.
   ▶ The system begins to search for your phone.
5. Select your phone in the list.
   ▶ Select Find Another Phone if your phone is not found.
   ▶ Refer to your phone manual for instructions on searching for a Bluetooth® device.
6. Enter the 4-digit pairing code on your phone when prompted to complete the pairing process.
Changing the Pairing Code

PHONE button ▶ Phone Setup ▶ Add/Select a phone

1. Select Edit under Pairing Code.

2. Select an item.

The following items are available:

- **Random**: Uses a randomly generated pairing code.
- **Fixed**: Create your own pairing code.
3. If you select Fixed, enter a new pairing code. Select OK.
   ▶ Select Delete to remove the current pairing code.

Deleting a Paired Phone

PHONE button ➤ Phone Setup ➤ Add/Select a phone

1. Select List under Paired Phone List.

2. Select a phone to delete.
   ▶ The Bluetooth® icon indicates the currently linked phone.

Deleting a Paired Phone

When you transfer the vehicle to a third party, delete all paired phones.
Pairing a Phone

3. Select **Delete this Phone**.
4. Select **Yes**.

Changing the Currently Paired Phone

1. Select **List** under **Paired Phone List**.
2. Select a phone to connect.
3. Select **Connect**.
   - HFL disconnects the linked phone and starts searching for another paired phone.

Changing the Currently Paired Phone

If no other phones are found or paired when trying to switch to another phone, HFL will inform you that the original phone is linked again.
Setting Up Speed Dialing

Create speed dial entries with voice tags for easy calling.

1. Select Add New.

2. Select a number entry option.

3. Select a number.

4. Select Voice Tag.
   - Select OK to store the speed dial without a voice tag.

5. Follow the prompt to enter a voice tag.

The following options are available:

- **Phonebook**: Adds a number from the imported phonebook.
- **History**: Adds a number from the last 20 numbers.
- **Phone Number**: Enters a number manually.
Registering a Voice Tag to a Speed Dial Entry

PHONE button ► Speed Dial 1 or Speed Dial 2

1. Select a speed dial entry.
2. Select Edit Speed Dial.
4. Follow the prompt to enter a voice tag.

Registering a Voice Tag to a Speed Dial Entry

Voice tags allow you to call speed dial entries from any screen by saying "Dial by voice tag" and the voice tag, followed by "Dial."

Making a Call P. 160

• Avoid using duplicate voice tags.
• Avoid using "Home" as a voice tag.
• It is easier for HFL to recognize a longer name (e.g., "John Smith" instead of "John").

Deleting a Speed Dial Entry

1. Select Delete Speed Dial.
2. Select Yes.
### Editing a Voice Tag

**PHONE button ➤ Speed Dial 1 or Speed Dial 2**

1. Select a speed dial entry.
2. Select **Edit Speed Dial**.
3. Select **Voice Tag**.

4. Select an item.

The following items are available:

- **Play Stored Voice Tag**: Plays the stored voice tag.
- **Record Voice Tag**: Stores a voice tag. Follow the prompt to enter a voice tag.
- **Delete Voice Tag**: Deletes the stored voice tag. Select **Yes**.
Editing Phone Information

Edit the user name of a paired phone, and protect the phonebook and speed dial entries with a PIN.

1. Select a phone to edit.

2. Select an item.

The following items are available:

- **Connect**: Connects the selected phone to the HFL.
- **Edit Name**: Enter a name.
- **PIN**: Enter a 4-digit PIN. Re-enter to confirm. You can select **Do Not Use PIN** to remove a PIN.
- **Replace this Phone**: Deletes the selected phone and adds a new phone.
- **Delete this Phone**: Deletes the user name, call history, and phonebook.
Phone Setup

Set HFL options and features.

1. Select an item.
2. Select OK.

The following items are available:

- **Bluetooth Setup**: Pairs your phone to the system.
  - [Pairing a Phone P. 150](#)
- **Bluetooth Connection**: Turns the Bluetooth® connection on or off.
  - **On**: Connects your Bluetooth-compatible device to the system.
  - **Off** (factory default): Disables the feature.
- **Auto Transfer**: Sets whether to automatically transfer a call from your phone to HFL when you enter and turn on the vehicle.
  - **On** (factory default): Automatically transfers your call to HFL.
  - **Off**: Disables the feature.
- **Auto Answer**: Sets whether to automatically answer an incoming call.
  - **On**: Automatically connects an incoming call after about five seconds.
  - **Off** (factory default): Disables the feature.
- **Text Message Notice**: Sets whether to give an incoming message notification.
  - **On** (factory default): Gives an incoming message notification.
  - **Off**: Messages are still received, but without notification.
- **Volume**: Select [−] or [+] to adjust the receiver and ring volume. If you change the volume during a call, it is maintained at that level until you change it again.

You can control the HFL system using voice commands.

- **HFL Menus P. 164**

Text Message Notice can be set separately for each paired phone.
Making a Call

Make calls by entering a number or using the imported phonebook, call history, or speed dial entries.

- Using the Phonebook P. 161
- Entering a Phone Number P. 161
- Using Call History P. 162
- Using Speed Dial P. 162

You can control the HFL system using voice commands.

- HFL Menus P. 164

When you say "Dial by number" or "Dial by voice tag" on most screens, the following screen appears:

Say the phone number or the voice tag (e.g., "John Smith"), followed by "Dial."

Registering a Voice Tag to a Speed Dial Entry P. 156

Only one phone can be used with HFL at a time. When there are more than two paired phones in the vehicle, the first paired phone the system finds is automatically linked.
Making a Call

Using the Phonebook

PHONE button ➤ Phonebook

1. Select a name.
   - Select alphabetical tabs to display the entries in the group.
2. Select a number.
3. Select Call to begin dialing.

Entering a Phone Number

PHONE button ➤ Dial

1. Enter a phone number.
2. Select Dial to begin dialing.

Using the Phonebook

Up to three icons are displayed for each phonebook entry. If there are more than three numbers for an entry, “…” is displayed.

This feature is not available on all phones.

Entering a Phone Number

A command that consists of several words can be spoken together. For example, say “123-456-7890” at once.

Symbol commands, such as #, *, P, or +, cannot be spoken together with numbers. Say these commands individually.
Using Call History

PHONE button  Call History

1. Select a call.
   - Select All, Dialed, Received, Missed to view the call history by category.

2. Select Call to begin dialing.

Using Speed Dial

PHONE button  Speed Dial 1 or Speed Dial 2

1. Select a speed dial entry.

2. Select Call to begin dialing.

Using Call History

The call history shows the last 20 calls from your phone.

Using Speed Dial

To make a call using speed dial, you need to create speed dial entries.  Setting Up Speed Dialing P. 155

More Speed Dial Lists

You can make a call by using more speed dials on the other phones.

1. Select another paired phone in the list.
2. Select a speed dial entry.
3. Select Call to begin dialing.

If the other phone is PIN-protected, enter the PIN when prompted. Select OK. PINs are optional.  Editing Phone Information P. 158
Receiving a Call

1. Press the (Pick-Up) button to answer a call and display the Calling screen.

2. Press the (Hang-Up) button to terminate the call.

The following options are available during a call:

- **MUTE**: Allows you to mute your voice.

- **Touch Tones** (available on some phones): Allows you to send numbers or names during a call. This is useful when you call an automated phone system.

- **Transfer Call**: Allows you to transfer a call from HFL to your phone, or from your phone to HFL.

**An incoming call notification appears on both the navigation screen and the multi-information display, and you hear an audible ring tone.**

If your phone has Call Waiting, press the button to put the original call on hold and answer the incoming call. To return to the original call, press the button again. If you want to hang up the original call and answer the new call, press the button.

To change the volume level of HFL, use the audio system volume knob or the steering wheel volume controls.

Some phones may send battery, signal strength, and roaming status information to the screen.

**Touch Tones**
Touch tones cannot be sent by using voice commands while in call.

**Phonebook**
Displays the cell phone’s imported phonebook.
HFL Menus

Use HFL when the vehicle’s ignition is in the ACCESSORY (I) or ON (II) position.

You can operate HFL by voice when on the PHONE screen. Below is the flow chart showing available voice commands.

Press the \( \text{Q} \) (Pick-Up) button to display the PHONE screen.

Press the \( \text{s} \) (Talk) button each time you give a voice command.

- **“Phone Setup”**
- **“Bluetooth Setup”**
- **“Paired Phone List”**
- **“Select a phone”**
  - **“Connect”**
  - **“Edit Name”**
  - **“PIN”**
  - **“Replace this Phone”**
  - **“Delete this Phone”**
- **“Add a New Phone”**
- **“Pairing Code”**

Display the list of the paired phones.

Switch from a currently linked phone to another paired phone. \( \Rightarrow \) Changing the Currently Paired Phone P. 154

Create a user name for a paired phone.

Create a PIN for a paired phone.

Replace the previously paired phone with a new phone.

Delete a previously paired phone. \( \Rightarrow \) Deleting a Paired Phone P. 153

Pair your phone to the system. \( \Rightarrow \) Pairing a Phone P. 150

Set a “fixed” or “random” pass-key code for phone pairing. \( \Rightarrow \) Changing the Pairing Code P. 152

To use HFL, you must first pair your Bluetooth-compatible cell phone to the system while the vehicle is parked.
Press the (Pick-Up) button to display the PHONE screen.

Press the (Talk) button each time you give a voice command.

**“Phone Setup”**

- **“Dial”**
  - Dial the last phone number.

- **“Call History”**
  - Display the last 20 incoming, outgoing, or missed calls.

- **“Phonebook”**
  - Display the paired phone’s imported phonebook (or import a new one).

- **“Dial”**
  - Say a phone number to dial.

- **“Dial Tones”**
  - Send numbers or names during a call.

- **“MUTE”**
  - Mute your voice during a call.

- **“Transfer Call”**
  - Transfer a call from HFL to your phone, or from your phone to HFL.

- **“Text Messege”**
  - Display received text messages list.

- **“Auto Answer”**
  - Turn the auto answer on or off.

- **“Auto Transfer”**
  - Turn the auto transfer on or off.

- **“Bluetooth Connection”**
  - Turn the Bluetooth connection on or off.

- **“Text Message Notice On/Off”**
  - Turn the text message notification on or off.

- **“Volume”**
  - Adjust the HFL volume.

**“Phone Setup”**

P. 159

**“Text Messages”**

P. 167
Press the (Pick-Up) button to display the Cellular Phone screen.

Press the (Talk) button each time you give a voice command.

Press the (Pick-Up) button to display the Cellular Phone screen.

Press the (Talk) button each time you give a voice command.

“Speed Dial 1” or “Speed Dial 2” ➔ Using Speed Dial P. 162 ➔ "More Speed Dial Lists" Make a call by using another paired phone’s speed dial list. ➔ Using Speed Dial P. 162

Select an entry

“Call” ➔ Dial the phone number of the selected speed dial entry.

“Edit Speed Dial” ➔ Setting Up Speed Dialing P. 155

“Edit Phone Number” ➔ Edit the phone number of the selected speed dial entry.

“Voice Tag” ➔ Create a voice tag for a speed dial number. ➔ Registering a Voice Tag to a Speed Dial Entry P. 156

“Delete Speed Dial” ➔ Delete a previously stored speed dial number.
If your paired phone is MAP-compatible, you can receive and hear text messages and reply to them using fixed reply messages.

**Pairing a Phone** P. 150

If a text message is received, the following screen is displayed.

1. Select **Read**.
   - The text message is read aloud.
   - Select **Cancel** to check the text message later.
   - If the phone number of the sender is stored to the Phonebook, the name is displayed.

2. Select an item.
   - The entire message body is not displayed while driving.

The following items are available:

- **Read**: Reads the text message aloud. Select **Stop** to stop reading. Adjust the volume using the VOL \(\mathbf{9}\) (Volume/Power) knob.

- **Reply**: Replies to the message using a fixed reply message. You cannot create your own messages.
  
  **Replying to the Message** P. 168

To use this function, you need a Bluetooth- and MAP (Message Access Profile)-compatible cell phone. For a list of compatible phones and special feature capabilities:

- **U.S.**: Visit automobiles.honda.com/handsfreelink.
- **Canada**: Visit www.handsfreelink.ca.
- Call HandsFreeLink customer support at (888) 528-7876.

If your phone is not capable of this function, a notification appears when you select the text message option.

Select **Text Messages** from the Phone screen to view a list of the 20 most recently received text messages. You can select each one to read, reply, or call back. The list cannot be scrolled while the vehicle is moving.
• **Call**: Calls the sender.

• **Previous message**: Displays the previous message.

• **Next message**: Displays the next message.

### Replying to the Message

1. Select the message you want to use.

2. Select **Send**.

You can set up text message notification when the first message for the paired phone is received. You can change the setting from the Phone setup screen.

Phone Setup P. 159

If you delete a message on the phone, the message is also deleted in the system. If you send a message from the system, the message goes to your phone's outbox.
Other Features

This section describes the useful functions incorporated into the navigation system.
INFO button ➤ **Trip Computer**

View the distance traveled and average fuel consumption.

Select an item.

The following items are available:

- **Current Drive**: Displays the current trip information.
- **History of Trip A**: Displays information for three previous histories. The information is stored every time you reset Trip A.
- **Delete History**: Deletes the trip information. Select Yes.

Trip Computer

Displays the following trip information:

- **Instant Fuel**: The current estimated instant fuel economy.
- **Average Fuel**: The average fuel economy since the last key cycle.
- **1st, 2nd, 3rd Prev.**: The previous average fuel consumption.
- **RANGE**: The estimated distance you can travel on the fuel remaining in the tank.

These values are estimates only.
**System/Device Information**

INFO button ➤ **System/Device Information**

View database, software, device, and vehicle identification information.

**Map Update**

INFO button ➤ **Map Update**

Update the map database.

- You will need this information when ordering a map update.  
- When you order a map update, it is mailed to you on a USB flash drive.
Your vehicle is equipped with a multi-view rear camera. When you shift into Reverse, the rear view is displayed on the navigation system screen. The edge of the bumper and parking guide lines are also displayed.

To turn the guide lines on or off, press and hold the CANCEL button until the guide lines turn on or off. Press the ZOOM IN/OUT button to adjust the screen brightness.

While the rear view is displayed, touch 🟦, ⬅️, or ⬇️ to switch between wide, normal, and top down view modes.

Always keep the camera lens clean and unobstructed. The multi-view rear camera has a lens that makes distances appear different than they actually are. Always take care when reversing, and look behind you for obstacles.

Navigation controls are disabled when in Reverse.

If you turn the guide lines off, they remain off until you turn them back on.

Adjusting the brightness for the multi-view rear camera display does not affect the brightness for the navigation screen.

If the last used viewing mode is wide or normal, the same mode is selected the next time you shift into Reverse. If top view was last used, wide mode is selected.

## Troubleshooting

### Map, Voice, Entering Destinations

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Startup Confirmation screen is displayed every time I start the car.</td>
<td>This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. If you do not select <strong>OK</strong> at startup, voice commands will not work.</td>
</tr>
<tr>
<td>The navigation system reboots by itself (returns to the opening screen).</td>
<td>A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.</td>
</tr>
</tbody>
</table>
| How do I specify a destination when an entered city or street could not be found? | • Try entering the street first. Some cities are lumped in with a major metro area. In rural “unverified” areas or new subdivisions, streets may be missing or only partially numbered.  
• Try selecting the destination directly from the map.  
[Map Input](#) p. 75 |
| Why do some letters become grayed out when I enter an address? | As you enter each letter in an address or a place/landmark, the navigation system looks in the database to see what letters are possible and grays out letters that do not apply. |
| How do I delete Personal Addresses, Previous Destinations, or the Home Address? | 1. Press the INFO button. Select **Setup** > **Personal Information** to display the types of information.  
2. Select the type of address to delete.  
3. Select **Delete**. |
| I cannot hear the navigation system voice. | 1. Press the INFO button. Select **Setup** and check that **Volume** is not set to **Off**.  
[Display and Volume Settings](#) p. 22  
2. Select **Other** > **Basic Settings** and set **Voice Recognition Tutor** to **On**.  
[Basic Settings](#) p. 24 |
| The voice control system is having difficulty recognizing my voice commands. | • Check that the vents are not blowing air onto the microphone on the ceiling, the vehicle is as quiet as possible, and you are using the correct command when speaking.  
[Voice Recognition](#) p. 21  
• Say [“Help”](#) on any screen to see a list of the applicable voice commands. |
## Troubleshooting

### Map, Voice, Entering Destinations

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td>The navigation system pronunciation of street names in the guidance command or destination address sounds strange.</td>
<td>The basic guidance phrases use a studio-recorded voice, but street names are pronounced using a machine-generated voice. Consequently, the name may be mispronounced or sound strange at times.</td>
</tr>
</tbody>
</table>
| The screen is bright when I drive at night.                            | 1. Check that the nighttime dashboard brightness control is not set to maximum.  
2. Press the INFO button. Select **Setup > Other > Color > Map**. Set the Night color to Black for the best contrast.  
-
[Switching Display Mode Manually](#) P. 27 |
| The screen is dark when I drive during the day.                        | Press the INFO button. Select **Setup > Other > Color > Map**. Set the Day color to White for the best contrast.  
-
[Switching Display Mode Manually](#) P. 27 |
| How do I change or remove my PIN?                                      | 1. Press the INFO button. Select **Setup > Personal Information > PIN Number > GO Home 1 PIN** or **GO Home 2 PIN** or **Address Book PIN**.  
2. Enter your existing PIN. You then have the choice to change or remove the PIN.  
-
[PIN Numbers](#) P. 37 |
| I have forgotten my PIN. How do I reset the PIN for Home or the PIN for personal addresses (User 1 or User 2)? | Your dealer must reset the PIN for you.                                                                                                                                                                 |
| Why is Call grayed out on the Calculate Route screen?                  | Your phone is not paired to *Bluetooth® HandsFreeLink®* or, if paired, your phone is in use.                                                                                                               |

The navigation system must be initialized if power to the navigation system is interrupted for any reason (e.g., the battery was disconnected).

**Entering the Security Code**

Find the navigation system's security code and serial number label in your Owner's Manual kit. Do not store the label in your vehicle. If you lose the label, you must first retrieve the serial number, and then obtain the code. You can find out about your serial number and security code from a dealer.

1. Turn the ignition switch to ON (II), and turn on the audio system.
   - If you turn the ignition switch to ACCESSORY (I), and you will requested to enter the security code. See step 3.

2. Press and hold the VOL button for more than two seconds.
   - The system is reactivated when the system's control unit recognizes that the system is in your vehicle.
   - If the control unit fails to recognize, “ENTER CODE” appears on the navigation screen.

3. Enter the security code.
   - If you do not enter the security code correctly after 10 tries, leave the system for one hour before trying again, or visit a dealer to have the system reset.

**NOTE:**

In the U.S., you can register the security code on Owner Link (owners.honda.com). To find information on how to retrieve the serial number and obtain the code, visit radio-navicode.honda.com.

**Acquiring GPS Information**

Depending on the length of time the power was interrupted, your system may require GPS initialization.

If initialization is not necessary, the system proceeds directly to the Startup Confirmation screen.

If the system fails to locate a sufficient number of satellites to locate your position within 10 minutes, the following screen is displayed.
If you are experiencing GPS reception problems:

GPS System P. 188

**Startup Confirmation Screen**

The Startup Confirmation screen is displayed when initialization has successfully completed. It is displayed every time you start your vehicle. Select **OK** to continue.

**Notice**

The driver is responsible for the safe operation of this vehicle. Use this system only when traffic conditions permit. For further details see your owner’s manual.

**NOTE:**

“OK” cannot be selected using a voice command.

---

**Map Matching**

Map matching is the process of using the acquired GPS information to locate your position on the map screen. If you are on a mapped road, the name of the road is displayed along the bottom of the map screen when map matching is completed. Do not enter a destination until the road name is displayed.

The system may initially show your location on a different street (e.g., in urban areas where streets are close together), may show an incorrect elevation, or may delay the display of the vehicle position icon at intersections. This is normal; the system will correct itself while you drive.
System Limitations

GPS System

The signals received from the GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Cell phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or “hidden” vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, freeway overpasses, tunnels, or overhead electrical power wires

The GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into the GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet.

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.
In addition, the map database contains verified and unverified areas. Unverified streets may be missing from the map, in the wrong location, or have an incorrect name or address range. A message will warn you if your route includes unverified streets. Exercise additional caution when driving in unverified areas.

The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

Obtaining Navigation Update Data P. 191

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.
If you run into a specific issue that you cannot resolve, consult the following help resources:

- For navigation system issues:
  Troubleshooting P. 174
  There are also FAQs available online at automobiles.honda.com.

- For questions regarding Bluetooth® HandsFreeLink:
  Bluetooth® HandsFreeLink® P. 148

- For traffic-related issues:
  Traffic P. 176

- For reporting issues with the database or places/landmarks:
  Reporting Errors P. 190

- Call Honda Automobile Customer Service.
  Honda Automobile Customer Service Contact Information P. 190

You can help to improve database accuracy by reporting any errors you encounter.

- Report errors in freeways and main “verified” roads shown in black on the map at http://mapreporter.navteq.com/dur-web-external/.

- Please do not report errors in purple “unverified” roads. Maps for these areas are provided for reference only.
  Unverified Area Routing P. 42

- Please do not report errors in places/landmarks, such as changes in business names. Information about points of interest are constantly being updated. An updated database is available for purchase, usually in the fall of each year.
  Obtaining Navigation Update Data P. 191

- For vehicle position icon errors, screen error messages, or other GPS-related errors:
  Troubleshooting P. 174
  System Limitations P. 188

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it’s cold) so that the service technician can refer the issue to the factory so that a solution can be found. Be patient, the service technician may be unfamiliar with your specific issue.
Map Coverage

The navigation system provides map coverage for the contiguous United States, Alaska, Hawaii, Canada, and Puerto Rico. The map coverage consists of accurately mapped (verified) metropolitan areas and a less accurate (unverified) rural database. Note that unverified areas are constantly being reviewed and converted to verified areas each year.

Map coverage update information is available from Honda Automobile Customer Service or online at www.hondanavi.com.

To find navigation system update information:
2. Enter your vehicle model and model year.
3. Click Map Coverage to display a list of verified coverage areas on the most recent update.
4. Click Map Coverage Details to display a PDF document with a full listing of all coverage areas.

Adobe® Reader® is required for viewing and printing the Portable Document Format (PDF) documents. To download the latest version of Adobe Reader, visit http://get.adobe.com/reader/.

Obtaining Navigation Update Data

Honda is continually expanding the scope of the navigation system. Navigation system software upgrades may be made available periodically, usually in the fall of each year.

To purchase an updated data file:
1. Obtain your vehicle’s VIN number and the System/Device Information.
2. Call the Honda Navigation Disc Fulfilment Center at (888) 291-4675, or order online at www.hondanavi.com.

Update data is not available from your dealer. However, the dealer may assist you in obtaining an update data for you out of courtesy. There is no program for free updates.
Traffic Information

- Continuously updated traffic information is available in major metropolitan areas across the 48 contiguous states and Hawaii.

- Visit automobiles.honda.com/traffic for a complete listing of coverage areas and other information.

Operation in Alaska, Hawaii, Canada, and Puerto Rico

- **XM® Radio**

  Navigation-equipped vehicles delivered to Alaska, Hawaii, Canada, and Puerto Rico are equipped with XM hardware, but XM broadcasting is not available. There are certain functions that rely on XM satellite signal coverage which are not available. Unavailable menu options will appear gray on the LCD display.

- **Map Coverage**

  All roads displayed on the map screens are verified roads. Information in this manual relating to “unverified” roads or areas is not applicable.

Address and Place Entry Screens

Entering a destination address or place/landmark on another island may result in a screen caution message. This is because there are no ferry routes between islands in the database.

Shipping a Vehicle to the U.S. Mainland

To receive XM audio, you must call XM and set up an account at (800) 852-9696.

TERMS AND CONDITIONS

Personal Use Only. You agree to use this Data for the solely personal, non-commercial purposes for which you were licensed, and not for service bureau, time-sharing or other similar purposes. Accordingly, but subject to the restrictions set forth in the following paragraphs, you may copy this Data only as necessary for your personal use to (i) view it, and (ii) save it, provided that you do not remove any copyright notices that appear and do not modify the Data in any way. You agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws. Multi-disc sets may only be transferred or sold as a complete set as provided by NT and not as a subset thereof.

Restrictions. Except where you have been specifically licensed to do so by NT, and without limiting the preceding paragraph, you may not (a) use this Data with any products, systems, or applications installed...
or otherwise connected to or in communication with vehicles, capable of vehicle navigation, positioning, dispatch, real time route guidance, fleet management or similar applications; or (b) with or in communication with any positioning devices or any mobile or wireless-connected electronic or computer devices, including without limitation cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning. The Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic data, any of which may lead to incorrect results.

No Warranty. This Data is provided to you “as is,” and you agree to use it at your own risk. NT and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error-free.

Disclaimer of Warranty: NT AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability: NT AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE INFORMATION; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS INFORMATION, ANY DEFECT IN THE INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF NT OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control. You agree not to export from anywhere any part of the Data provided to you or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations.

Entire Agreement. These terms and conditions constitute the entire agreement between NT (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Governing Law. The above terms and conditions shall be governed by the laws of the State of Illinois, without giving effect
As required by the FCC

1. This device complies with Part 15 of the FCC Rules and Canadian RSS-210/RSSGen. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

2. The FCC requires the user to be notified that any changes or modifications made to this device that are not expressly approved by the party responsible for compliance may void the user’s authority to operate the equipment.

3. This product emits radio frequency energy, but the radiated output power of this device is far below the FCC and IC radio frequency exposure limits. This equipment complies with FCC and IC RF radiation exposure limits set forth for an uncontrolled environment. Nevertheless, the device should be used in such a manner that the potential for human contact with the antenna during normal operation is minimized.

- **iPod skip forward**
- **iPod skip back**
- **iPod track shuffle**
- **iPod album shuffle**
- **iPod track repeat**
- **iPod normal play** (cancels repeat or shuffle play mode, resumes normal play mode)

* These commands toggle the function on and off, so the command may not match your intended action.
**Pandora® Commands**

- Pandora play*1
- Pandora on*1
- Pandora off*1
- Pandora like song
- Pandora dislike song
- Pandora skip forward (or next song)
- Pandora bookmark song
- Pandora bookmark artist
- Pandora station up
- Pandora station down
- Pause*2
- Resume*2

*1 These commands toggle the function on and off, so the command may not match your intended action.

*2 These commands can be accepted from Audio screen only.

---

**Bluetooth® Audio Commands**

- Bluetooth audio play
- Bluetooth audio skip forward
- Bluetooth audio skip back
- Bluetooth audio pause
- Bluetooth audio resume

**NOTE:**
Bluetooth® Audio commands may not work on some phones or Bluetooth® audio devices.

---

**AUX Commands**

- AUX play (or Auxiliary play)

---

**Cellular Phone Commands**

The system accepts these commands only on the PHONE screen.

- Redial
- Call History
- Phonebook
- Dial
- Phone Setup
- Phone Menu
- Speed Dial 1
- Speed Dial 2
- More Speed Dial Lists

---

These commands can be made from any screen.

- Dial (Call) by number
- Dial (Call) by voice tag

---

**Text Message Commands**

- Text message
- Text message notice off*1
- Text message notice on*1
- Read
- Reply
- Send
- Cancel
- Next message
- Previous message

* From the Phone setup screen only
Main Setup Screen Commands

The system accepts these commands on the Main Setup screen.
- Brightness up
- Brightness down
- Brightness minimum/min.
- Brightness maximum/max.
- Contrast up
- Contrast down
- Contrast minimum/min.
- Contrast maximum/max.
- Black level up
- Black level down
- Black level minimum/min.
- Black level maximum/max.
- Volume up
- Volume down
- Volume minimum/min.
- Volume maximum/max.
- Volume off
- Guidance prompts normal
- Guidance prompts maximum/max
- Guidance prompts minimum/min

On-Screen Commands

The system accepts these commands on any screen. There are over 100 on-screen commands. Say what is written on the screen to activate that selection. For lists, you can say the list item number to select that item.
- Next/Previous*1
- Right/Left*2
- Up/Down*1
- Return
- OK (excluding Startup Confirmation screen)
- Delete

*1. While driving, you can scroll down the list up to three pages.
*2. To get to another tab.

Spelling Assistance

The voice control system can also recognize phonetic alphabet input for numbers, letters, accented letters, punctuation marks, and symbols.

NOTE:
When selecting letters using the voice control system, a confirmation box may pop up to confirm the entry.
