

General Warranty Provisions

The warranty coverages in this booklet are offered only to the owner of a 1996 Acura automobile. To be covered, the vehicle must be distributed by American Honda through the Acura Automobile Division, and sold by an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Parts replaced under any of the warranties in this booklet become the property of Acura. Acura will make the final decision whether to repair any existing part or assembly or replace it.

Acura may use factory-remanufactured parts rather than new parts for some warranty repairs. Those parts, like new parts, are covered for the

remainder of the New Car Limited Warranty (see page 11).

The warranties in this booklet do not cover:

- The failure of any part or accessory due to:
 - Abuse, misuse, accidental damage, or acts of God.
 - Improper installation or maintenance.
 - A low fluid level or the use of a fluid other than specified by Acura.
 - The installation of any part that is not equal to the original in quality of materials or workmanship.
 - Use of the vehicle in competition or racing events.

- Any installed part or accessory that fails because it was not designed to fit that year and model of Acura.
- Any car with an odometer that has been altered so it is impossible to determine the actual mileage.
- Any car while it is registered or normally driven outside the United States, Puerto Rico, or the U.S. Virgin Islands.
- Any failure caused by modifying the vehicle, or installing accessories not authorized by Acura.
- Any incidental expenses or inconvenience you may suffer due to the loss of use of your car.

New Car Limited Warranty

Time and Mileage Period

This warranty begins on the date the car is put into use in one of the following ways:

- The car is delivered to the first purchaser by an Acura dealer.
- The car is leased.
- The car is used as a demonstrator or company car.

Your car is covered for 4 years or 50,000 miles, whichever comes first.

Warranty Coverage

Acura will repair or replace any part that is defective in material or workmanship under normal use. See **Proper Operation** on page 38. All repairs/replacements made under this warranty are free

of charge. The replaced or repaired parts are covered only until this New Car Warranty expires.

This Warranty Does Not Cover

- Emissions control systems, Accessories, Battery, or Tires. (They have their own warranties.)
- Normal wear or deterioration of any part.
- Cleaning and polishing.
- The adding of any fluids, unless they are needed as part of a warranty repair.
- Air conditioner refrigerant charge after the first year, unless required as part of a warranty repair.

- Broken, chipped, or scratched window glass unless it is due to a defect in material or workmanship.
- Any item concerning your car's general appearance that is not due to a defect in material or workmanship.
- The replacement of expendable maintenance items (such as spark plugs, filters, wiper blades, or brake pads/linings), unless they are defective in material or workmanship.
- Wheel balancing and wheel alignment after 1 year or 12,000 miles, unless required as part of a warranty repair.

Federal Emissions Warranties

Your Warranty Rights and Obligations

The Federal Emissions-related Defects and Emissions Performance warranties are in addition to the Acura New Car Limited Warranty. These warranties are given only to the owner of a 1996 Acura distributed by American Honda through the Acura Automobile Division, and sold by an authorized Acura dealer in the fifty United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

If an authorized Acura automobile dealer cannot repair your car or honor your claim within a

reasonable period of time, contact the Acura Customer Relations Office for assistance (see inside front cover), or you may write to:

Director, Field Operations and Support Division (6406J)
Environmental Protection Agency
401 M Street S.W.
Washington, D.C. 20460
(Attention: Warranty Claim)

Your Responsibilities

To qualify for coverage by the Defects and Performance warranties, you should operate and maintain your 1996 Acura according to the requirements on page 38 of this warranty booklet, and the Maintenance Schedule in the Owner's Manual. This schedule is designed to keep your

car's emissions control systems functioning properly by maintaining your car in peak operating condition.

Acura will not deny a claim for emissions warranty coverage simply because you did not maintain the vehicle, or do not have maintenance records to show that you did. However, any part that fails because of abuse or lack of maintenance will not be covered by this warranty.

Acura recommends that only parts supplied by Acura or equivalent parts be used to repair your car. **Maintenance, replacement, or repair of emissions control devices and systems may be done by any automotive repair establishment or individual.**

Under normal circumstances, Acura will pay for warranty repairs only when they are performed at an authorized Acura repair facility. However, in an emergency situation, the repair of emissions control devices or systems may be done by any automotive repair establishment or individual, or by the owner, using any replacement part. An emergency situation is considered to exist if an authorized Acura repair facility or warranted part is not reasonably available to correct a problem.

Acura will reimburse you for those emergency repairs that are covered by the Emissions Warranties. Parts reimbursement is at the manufacturer's suggested retail price, and labor

reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced parts and a copy of the paid receipt to any authorized Acura automobile dealer.

The use of replacement parts not equivalent to the original parts may impair the effectiveness of your car's emissions control systems. If a non-equivalent replacement part is used in the maintenance or repair of your car, *and* if an authorized Acura automobile dealer determines it is defective or causes a failure of a warranted part, your claim for repair to bring your car into compliance with applicable standards may be denied. If the

part in question is not related to the reason your car fails to meet the standards, your claim will not be denied.

These Warranties Do Not Cover:

- Failures or malfunctions of the emissions control systems caused by abuse, alteration, accident, misuse, or the use of leaded gasoline.
- Replacement of maintenance items such as, but not limited to, spark plugs, filters, hoses, belts, coolant or lubricants beyond their first required maintenance point.
- Consequential damages such as loss of time or use of the car.

Emissions-related Design and Defects Warranty

Design and Defects Warranty Coverage

Acura warrants that your automobile:

1. Is designed, built and equipped to conform at the time of sale with all applicable emissions standards.
and
2. Is free from defects in materials and workmanship that would cause it to fail to conform with applicable emissions requirements during the specified time and mileage period.

A partial list of the parts covered by this warranty is on pages 24 - 26. Several parts in the emissions control systems are covered for 8 years or 80,000 miles, whichever

comes first. Those parts are identified by ♦ on pages 24 - 26.

Time and Mileage Period

This warranty begins on the date the car is delivered to the first purchaser other than an authorized Acura dealer, or the date it is first used as a demonstrator, lease, or company car, whichever comes first, and continues for 4 years or 50,000 miles, whichever comes first.

To Get Emissions Warranty Service

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis.

An authorized Acura dealer is required, within 30 days of the time you take your car to the dealer for emissions warranty service, to either honor your claim for adjustment, repair, or replacement, or notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Acura dealer will perform the required repairs free of charge. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances beyond the control of Acura or the dealer.

If an authorized Acura automobile dealer is not able to repair your car within 30 days from the time

Emissions Performance Warranty

you take it to the dealer, you may have your car repaired at any repair facility you choose. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances beyond the control of Acura or the dealer.

If you choose a repair facility that is not an authorized Acura dealer, Acura will reimburse you for the repair. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Acura automobile dealer.

This warranty begins on the date the car is delivered to the first purchaser other than an authorized Acura dealer, or the date it is first used as a demonstrator, lease or company car, whichever comes first.

Performance Warranty Coverage

Acura warrants that if your car fails an EPA-approved emissions short test, to bring your car into compliance with applicable emissions standards Acura will, at no cost to you:

- During the first 4 years or 50,000 miles, whichever comes first, make all adjustments, diagnosis, repairs and replacements necessary, including those parts listed on pages [24](#) - [26](#).

To Get Emissions Performance Warranty Service

If your car fails an EPA-approved short test, it should be taken to an authorized Acura automobile dealer. Take along proof of purchase date and a copy of the test report.

NOTE: The emissions test should be performed with the car at normal operating temperature. Before getting a test, drive the car for several miles at 25 MPH or above and test the car as soon as possible after driving.

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis.

An authorized Acura dealer is required, within 30 days of the time you take your car to the dealer for emissions warranty service, to either honor your claim for adjustment, repair, or replacement, or notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Acura dealer will perform the required repairs free of charge. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances beyond the control of Acura or the dealer.

If an authorized Acura automobile dealer is unable to repair your car within 30 days from the time you take your car to the dealer, you may have your car repaired at any repair facility you choose. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances beyond the control of Acura or the dealer.

If you choose a repair facility that is not an authorized Acura dealer, Acura will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Acura automobile dealer.

California Emissions Warranties

Your Warranty Rights and Obligations

The California Air Resources Board and Acura are pleased to explain the emission control systems warranty on your 1996 vehicle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. Acura must warrant the emission control system on your vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include parts such as the carburetor or fuel injection system, the ignition system, catalytic converter, and engine computer. Also included may be

hoses, belts, connectors and other emissions-related assemblies.

Where a warrantable condition exists, Acura will repair your vehicle at no cost to you including diagnosis, parts and labor.

Manufacturer's Warranty Coverage

For 4 years or 50,000 miles
(whichever first occurs):

- If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by Acura to ensure that your vehicle passes the inspection. This is your emissions control systems **PERFORMANCE WARRANTY.**

- If any emissions-related part on your vehicle is defective, the part will be repaired or replaced by Acura. This is your short-term emissions control systems **DEFECTS WARRANTY.**

For 7 years or 70,000 miles
(whichever first occurs):

If an emissions-related part listed in this warranty booklet specially noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by Acura. This is your long-term emissions control systems **DEFECTS WARRANTY.**

Owner's Warranty Responsibilities

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your owner's manual. Acura recommends that you retain all receipts covering maintenance on your car, but Acura cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to an Acura dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that Acura may deny you warranty coverage if

your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact the Acura Customer Relations Office (see inside front cover) or the California Air Resources Board at 9528 Telstar Ave., El Monte, CA 91731.

The California Emissions Control System Defects and Emissions Performance warranties are in addition to the Acura New Car Limited Warranty and Federal Emissions Warranties. These warranties are given only to the owner of a 1996 model year Acura automobile distributed by American Honda through the

Acura Automobile Division, for a vehicle registered and operated in California.

If an authorized Acura automobile dealer cannot repair your car or honor your claim within a reasonable period of time, contact the Acura Customer Relations Office for assistance (see inside front cover). If you are not satisfied with the way in which a claim was resolved by Acura, you may write directly to:

California Air Resources Board
9528 Telstar Avenue
El Monte, CA 91731

Your Responsibilities

To qualify for coverage under the detects and performance warranties, you should operate and maintain your 1996 Acura automobile according to the requirements on page 38 of this Warranty booklet, and the Maintenance Schedule in the Owner's Manual. This schedule is designed to keep your car's emissions control systems functioning properly by maintaining your car in peak operating condition.

Acura will not deny a claim for emissions warranty coverage simply because you did not maintain the vehicle, or do not have maintenance records to show that you did. However, any part that fails because of abuse or lack

of required maintenance will not be covered by this warranty.

Acura recommends that only parts supplied by Acura or equivalent parts be used to repair your car. **Maintenance, replacement, or repair of emissions control devices and systems may be done by any automotive repair establishment or individual.**

Under normal circumstances, Acura will pay for warranty repairs only when they are performed at an authorized Acura repair facility. However, in an emergency situation, the repair of emissions control devices or systems may be done by any automotive repair establishment or individual, or by the owner, using any replacement part.

An emergency situation is considered to exist if an authorized Acura repair facility is not reasonably available, or when a warranted part is not available within 30 days, or when an authorized Acura repair facility is unable to complete a repair within 30 days.

Acura will reimburse you for those emergency repairs, including diagnosis, covered by the Emissions Warranties. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced parts and a copy of the paid receipt to any authorized Acura dealer.

The use of replacement parts not equivalent to the original parts may impair the effectiveness of your car's emissions control systems. If a non-equivalent replacement part is used in the maintenance or repair of your car, *and* if an authorized Acura automobile dealer determines it is defective or causes damage to a warranted part, your claim for repair to bring your car into compliance with applicable standards may be denied. If the part in question is not related to the reason your car fails to meet the standards, your claim will not be denied.

These Warranties Do Not Cover:

- Failures or malfunctions of the emissions control systems caused by abuse, alteration, accident, misuse, or the use of leaded gasoline.
- Replacement of maintenance items such as, but not limited to, spark plugs, filters, hoses, belts, coolant or lubricants beyond their first scheduled maintenance.
- Consequential damages such as loss of time or use of the car.

Emissions Control Systems Defects Warranty

Warranty Coverage

Acura warrants to the owner of any 1996 California model that the automobile:

1. Is designed, built and equipped to conform at the time of sale with all applicable emissions standards.
and
2. Is free from defects in materials and workmanship which would cause it to fail to conform with applicable requirements during the specified time and mileage periods

A warranted part is defined as any part that can affect emissions. A partial list of the parts covered by this warranty is on pages [24](#) - [26](#).

Time and Mileage Period

This warranty begins on the date the car is delivered to the first purchaser other than an authorized Acura dealer, or the date it is first used as a demonstrator, lease, or company car, whichever comes first, and continues for 4 years or 50,000 miles, whichever comes first. Several parts of the emissions control systems are covered for 7 years or 70,000 miles, whichever comes first. Those parts are identified with ● on pages [24](#) - [26](#).

To Get Emissions Warranty Service

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis. Any authorized Acura automobile dealer will perform the adjustment, repair, or replacement within 30 days from the time you take your car to the dealer.

If an authorized Acura automobile dealer is unable to repair your car within 30 days from the time you take your car to the dealer, then this situation will be treated as an emergency and you may have your car repaired at any repair facility you choose.

Emissions Performance Warranty

If you choose a repair facility that is not an authorized Acura dealer, Acura will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Acura automobile dealer.

This warranty begins on the date the car is delivered to the first purchaser other than an authorized Acura dealer, or the date it is first used as a demonstrator, lease or company car, whichever comes first.

Warranty Coverage

Acura warrants to the owner of any 1996 model year Acura that if your car fails a Smog Check test (or an EPA-approved short test) Acura will, at no cost to you:

- During the first 4 years or 50,000 miles, whichever comes first, make all adjustments, diagnosis, repairs and replacements necessary to

make your car pass the test, including those parts listed on pages [24](#) - [26](#).

To Get Emissions Warranty Service

If your car fails a Smog Check test (or an EPA-approved short test), it should be taken to an authorized Acura automobile dealer. Take along a copy of the Smog Check test report.

NOTE: The emissions test should be performed with the car at normal operating temperature. Before getting a test, drive the car for several miles at 25 MPH or above and test the car as soon as possible after driving.

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis.

An authorized Acura dealer is required, within 30 days of the time you take your car to the dealer for emissions warranty service, to either honor your claim for adjustment, repair, or replacement, or notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Acura dealer will perform the required repairs free of charge. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances

beyond the control of Acura or the dealer.

If an authorized Acura automobile dealer is not able to repair your car within 30 days from the time you take it to the dealer, you may have your car repaired at any repair facility you choose. The only exceptions allowed are when you, the owner, request or agree to a delay, or the delay is caused by circumstances beyond the control of Acura or the dealer.

If you choose a repair facility that is not an authorized Acura dealer, Acura will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Acura's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Acura automobile dealer.

Federal and California Emissions Parts List

Parts Covered for 4 years/50,000 Miles by the Emissions Warranties

NOTE: Your car may not be equipped with all the parts listed. Other parts may be covered. Contact an authorized Acura automobile dealer or the Acura Customer Relations Office (see inside front cover) for further information.

◆ Denotes 8/80 Federal Emissions Warranty Coverage

● Denotes 7/70 California Emissions Warranty Coverage

Crankcase Control System

- Positive Crankcase Ventilation (PCV) valve.
- Engine oil fill cap.
- Breather chamber.

Evaporative Emissions Control System

- Evaporative emission control canister.
- Evaporative emission purge control diaphragm valve.
- Evaporative emission purge control check & relief valve.
- Fuel fill neck restrictor.
- Fuel tank rollover and float valve.
- Fuel tank. ● (ALL)
- Fuel fill pipe and cap.
- Fuel tank evaporative emission valve.
- Evaporative emission purge control solenoid valve.
- Evaporative emission two-way valve.
- Evaporative emission purge flow switch.

Exhaust Gas Recirculation (EGR) System

- EGR vacuum control valve.
- EGR control solenoid valve.
- EGR valve.
- EGR valve lift sensor.

Exhaust System

- Three-way catalytic converter. ◆● (ALL)
- Warm-up three-way catalytic converter. ◆● (2.5TL)
- Exhaust manifold. ● (2.5TL, SLX)
- Front exhaust manifold. ● (NSX)
- Rear exhaust manifold.
- Exhaust pipe (engine to catalytic converter).

Ignition System

- Cylinder position sensor.
● (NSX)
- Crankshaft position sensor.
● (NSX)
- TDC sensor.
- Distributor ignition housing.
- Distributor ignition cap and rotor.
- Ignition coils.
- Ignition control module.
● (3.2TL, NSX)
- Ignition timing adjuster.
- Ignition wires.
- Spark plug voltage detection module ● (3.2TL, NSX)
- Spark plug voltage sensor.

- Spark plugs (covered up to the first required replacement only; see the maintenance schedule in the Owner's Manual).

Fuel Injection System

- Engine Control Module (ECM).
◆ ● (ALL)
- Fuel injectors.
- Fuel rail.
- MAP sensor.
● (3.2TL, Integra)
- Heated oxygen sensors.
- Oxygen sensors.
- Barometric pressure sensor.
- Intake air temperature sensor.
- Throttle position sensor.

- Engine coolant temperature sensor.
- Knock sensors.
- Powertrain control module.
◆ ● (3.2TL, SLX)
- Transmission control module.
◆ ● (2.5TL, NSX, Integra)
- Countershaft speed sensor.
- Mainshaft speed sensor.
- Vehicle speed sensor.
- Accelerator position sensor.
● (NSX)
- A/T gear position switch.
- Lock-up clutch control solenoid valve.
- Shift control solenoid valve.
- Fuel pressure regulator.

- Idle air control valve (IACV).
- Fuel filter (covered up to the first replacement only; see the maintenance schedule in the Owner's Manual).

(Fuel filter replacement and flushing of the fuel tank to remove contamination resulting from a defect in material or workmanship only are covered by the warranty. Fuel injection system cleaning is covered.)

Intake Air System

- Air cleaner element, housing, and cover (covered up to the first required replacement only; see the maintenance schedule in the Owner's Manual).
- Throttle body assembly.
● (3.2TL, NSX, Integra)
- Throttle valve control motor.
- Intake manifold. ● (ALL)
- Mass air flow sensor.
● (2.5TL, SLX)
- Common chamber. ● (SLX)

Pulse Secondary Air Injection System

- Pulse secondary air injection control solenoid valve.
- Pulse secondary air injection valve.

VTEC System

- Variable valve timing and valve lift electronic control solenoid valve.
- Variable valve timing and valve lift electronic control pressure switch.

Miscellaneous Parts

Hoses, clamps, brackets, piping, bolts and gaskets associated with these systems.

Original Equipment Battery Limited Warranty

Time and Mileage Period

This warranty's coverage begins on the same date as the New Car Limited Warranty (see page 11). The original equipment battery is covered by a limited warranty for 4 years with no mileage limit.

Warranty Coverage

During the first 2 years, a defective battery will be replaced at no cost to you. Diagnosis, labor, installation, and the cost of the replacement battery are covered by Acura.

If the battery fails during months 25 to 36, you will receive a 50 percent credit towards the purchase of a new battery from your Acura dealer. If the battery fails during the last 12 months of this warranty, you will receive a 25 percent credit towards the purchase of a new battery.

No cash reimbursement will be given. You are responsible for any service or installation charge.

Tires

The tires that come as original equipment on your new Acura are warranted by their manufacturer (including the compact spare tire). A separate warranty statement for the tires is in the glove box.

Obtaining Warranty Service

Your Acura dealer will be glad to help in determining if a problem in your car is caused by a defective tire. He can also assist you in locating a local representative of the tire's manufacturer so you can get warranty service.

Seat Belt Limited Warranty

While seat belts cannot completely remove the possibility of injury, they do provide a very significant level of protection when used properly. Acura believes the best way to enhance your safety is to use your seat belt. To encourage their use, the seat belts should always be in good operating condition.

Time Period

This warranty continues for the useful life of the car.

Warranty Coverage

Acura will repair or replace, at its option, any Acura seat belt component that fails to function properly during normal use. This includes all parts and labor charges.

This Warranty Does Not Cover:

- Replacement of a properly-functioning seat belt assembly strictly for cosmetic or comfort reasons.
- Failure caused by abuse, alteration, accidental damage, misuse, or malfunction resulting from a collision.

Rust Perforation Limited Warranty

Only the car's owner can make a claim under this warranty. Coverage cannot be transferred to any other person or institution (such as an insurance company).

Time and Mileage Period

This warranty's coverage begins on the same date as the New Car Limited Warranty (see page 11), and continues for 5 years with no mileage limit. Any body panels repaired or replaced under this warranty are covered only for the time remaining in the original 5 years of coverage.

Warranty Coverage

- Acura will repair or replace any original body panel that rusts completely through from the inside out (perforated by corrosion). This includes panels previously repaired or replaced under this warranty. Rust that does not perforate, but is caused by a defect in material or workmanship, is covered under the New Car Limited Warranty. You will not be charged for any parts, material, or labor under this warranty. The decision to repair, rather than replace, any rusted body panel will be made by Acura.

This Warranty Does Not Cover:

- Surface rust on the underbody or any other part of the car except body panels.
- Rusting of body panels that were repaired, replaced, or refinished after retail sale of the car, unless those panels were repaired or replaced under this warranty.
- Body panel rust caused by abuse, misuse, or lack of maintenance.
- Rusting where the paint has been damaged by road hazards such as stones and debris.

- Rust caused by immersion of the body panel in water, mud, or sand; or resulting from exposure to corrosive gas or industrial fallout.
- Paint matching. (Acura reserves the right to decide how much of the repaired or replaced panel, and any adjoining body panels, need to be repainted to match the original finish. Acura will not, under any circumstances, authorize painting the entire car strictly for the purpose of paint matching.)

Accessory Limited Warranty

This warranty applies to any accessory distributed by American Honda and purchased from an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Accessories Installed Prior to Retail Sale: This warranty begins on the same date as the New Car Limited Warranty (see page 11). All accessories are covered for the length of the New Car Limited Warranty: 4 years or 50,0(X) miles, whichever comes first.

Accessories Installed by the Dealer After Retail Sale: This warranty begins on the date the accessory is installed on the car. All accessories are covered for the

longer of the following two periods:

1. The time remaining in the New Car Limited Warranty, or
2. 1 year or 12,000 miles, whichever comes first.

Accessories Not Installed by an Acura Dealer: This warranty begins on the date the accessory is purchased from an Acura dealer. All accessories are covered for 1 year.

Warranty Coverage

Acura will repair or replace any Acura accessory that is defective in material or workmanship under normal use. Acura will decide if an accessory will be repaired rather than replaced. If the

accessory was installed by an Acura dealer, all parts and labor costs are covered. If the accessory was installed by someone else, the cost of all parts to repair or replace it are covered by Acura, but you must pay the labor costs.

Audio System Component Exchange Program

If the audio system in your Acura develops a problem during this warranty period, **telephone the Service Department at your Acura dealer**. The service person will ask you several questions about your car and the problem. If he decides from this conversation that the problem is in one of the system's major components (radio, CD player), he will immediately order a replacement

component. This will take less than a week. You will then be notified to bring your car to the dealership so the audio system can be repaired. Telephoning your dealer about an audio system problem allows him to service you more efficiently and can save you an extra trip.

Acura may use factory-remanufactured audio components rather than new components for some warranty repairs. Those components, like new components, are covered for the remainder of the Accessory Limited Warranty.

This Warranty Does Not Cover:

- Air conditioner refrigerant charge after the first year, unless required as part of a warranty repair.
- Any accessory installed on an Acura other than the year or model it was designed to fit.
- Any accessory that is improperly installed.
- Any claim presented without proof of accessory purchase and/or installation date and car mileage at time of installation.
- The cost of labor to repair or replace any accessory that was not originally installed by an Acura dealer.

Replacement Parts Limited Warranty

This warranty applies only to automobile replacement parts distributed by American Honda through the Acura Automobile Division, and sold through an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Parts installed by an Acura dealer are covered for 1 year or 12,000 miles, whichever comes first. Warranted parts purchased from an Acura dealer but installed by someone else are covered for 1 year from the date of purchase.

Warranty Coverage

Acura will repair or replace any part covered by this warranty that is defective in material or workmanship under normal use. If the part was originally installed by an Acura dealer, the repair or replacement will be done with no charge for parts or labor. If the part was originally installed by someone else, the cost of the replacement or repair is covered by Acura, but you must pay all installation costs.

This Warranty Does Not Cover:

- Claims which do not include documented proof of purchase date, installation date, and vehicle mileage at the time of installation.
- Parts considered to be normal maintenance items, unless they are defective in material or workmanship. Some examples are: spark plugs, filters, and brake pads.
- Parts replaced under the New Car Limited Warranty or parts covered by other warranties in this manual.

Replacement Battery Limited Warranty

This warranty applies only to replacement batteries purchased from an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Replacement batteries are covered by a 4 year limited warranty.

Warranty Coverage

During the first year of service, a defective replacement battery will be replaced at no cost for the new battery, labor, or installation.

After the first year, you will receive a credit toward the purchase of a new battery. This credit is calculated by dividing the current suggested retail price by 48; then multiplying by the number of months left in this warranty coverage. No cash reimbursement will be made. You are responsible for the labor or installation charges.

Replacement Muffler Lifetime Limited Warranty

Time and Mileage Period

The Acura automobile replacement muffler is warranted against defects in material and workmanship for as long as that muffler's purchaser owns the car on which it is installed.

If the warranted muffler fails due to a defect, Acura will exchange it. You must have proof of purchase for the failed muffler. If the muffler was originally installed by an Acura dealer, the cost of labor for removal and replacement is also covered by this warranty.

This Warranty Does Not Cover:

- Labor cost for removal and replacement if the defective muffler was not originally installed by an Acura dealer.
- Other parts of the exhaust system, including pipes, gaskets, hangers, clamps, or other mounting hardware.
- The original equipment muffler, or any muffler installed while the New Car Limited Warranty is in effect.
- The cost of parts or labor for any additional repairs associated with replacing the warranted muffler.
