*if equipped
Press and hold the brake pedal, then press the ENGINE START/STOP button. **Note:** If you press the button and the shift lever is not in Park, the vehicle goes into Accessory mode.

### Engine Start/Stop Button

#### Accessory or On Mode
Operate audio or other electrical features without turning the engine on.

Press the ENGINE START/STOP button once (without pressing the brake pedal). Press it again for ON mode.

### Smart Entry with Push Button Start

#### Unlocking the Doors

**Grab** either one of the front door handles.

#### Locking the Doors

**Press** the door lock button on either front door handle.

#### Opening the Trunk

**Press** the trunk release button under the trunk handle.

#### Starting the Engine

Press and hold the brake pedal, then press the ENGINE START/STOP button.

#### Turning the Vehicle Off

Shift to Park, then press the ENGINE START/STOP button.
**AUTO DOOR LOCKS**

**Door Locks**

**Default Lock Setting**
The doors are preset to lock when your vehicle reaches about 10 mph.

**Default Unlock Setting**
All doors are set to unlock when the driver’s door is opened.

---

**Changing the Door Lock Settings**

Below is an example of how to change the auto door unlock setting. Make sure the vehicle is in ON mode. See your Owner’s Manual for other setting options.

1. **Press SETTINGS.**
2. **Select Vehicle Settings.**
3. **Move** the interface dial to the right to Door/Window Setup.
4. **Select** Auto Door Unlock.
5. **Select** from the options.
6. **Press** BACK to exit the menu.

**Note:** The driver’s and front passenger’s door can be opened by pulling the inner front door handle, regardless of the setting. Changing the setting to “All Doors” is useful for rear passengers.
INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and orange indicators are most critical. Blue and green indicators are used for general information. See your Owner’s Manual for more information.

Malfunction Indicators

If an indicator remains on, there may be a problem; see your dealer.

- Starter system
- Charging system
- ABS (anti-lock brake system)
- Malfunction lamp (check engine light)
- Low brake fluid
- TPMS (tire pressure monitoring system)
- Low oil pressure
- VSA® (vehicle stability assist)
- SRS (supplemental restraint system)
- Smart Entry System
- EPS (electric power steering)
- Automatic light control
- FCW (forward collision warning system)
- Brake system
- LDW (lane departure warning system)

On/Off Indicators

- Door/Trunk open: Close door(s) / trunk
- Low fuel: Refill
- FCW (blinks): Brake
- Immobilizer (blinks): Use correct key
- Low tire pressure: Add air
- Maintenance Minder™: Make dealer appointment
- LDW (blinks): Stay in your lane

Condition Indicators

Action is needed by driver

- Parking brake on: Release
- Seat belt reminder: Fasten seat belt(s)
- PASSENGER AIRBAG OFF (next to display screen)
- Fog lights on
- VSA OFF
- Headlights on
- CRUISE MAIN on
- Turn signals/hazards on
- CRUISE CONTROL on
- High beams on
- ECON Mode on
INFORMATION DISPLAY

Consists of several displays that provide you with useful information.

Accessing the Information Display

When you start the engine, the information display shows your last active selection from the previous drive cycle.

To toggle between the different displays, press and release the select/reset knob repeatedly.

Information Displays

- Instant fuel economy, Odometer, Trip meter A, Outside temperature
- Oil life
- Instant fuel economy, Range, Trip meter A, Outside temperature
- Instant fuel economy, Average fuel economy B, Trip meter B, Outside temperature
- Instant fuel economy, Average fuel economy A, Trip meter A, Outside temperature
COLOR INFORMATION DISPLAY

Choose what to display in the center screen.

Changing the Display

Press the Display button to change the main displays.

Display Options

Audio
Shows current audio information.

Phone
Shows phone screen.

Navigation
Shows map or navigation information.

Info
Shows information screen and options.

USING THE TOUCHSCREEN

Interactive touchscreen display includes audio and Bluetooth® HandsFreeLink® functionality.

Audio Options

Source: Select audio sources.

Preset: Select preset stations or channels.

Skip/Seek: Change stations, channels, tracks, etc.

More: Select menu options and sound settings.

Bluetooth® HandsFreeLink® Options

When you enter the Dial screen from the Phone Menu, you can use the touchscreen to enter the number.

When you enter the Phonebook screen from the Phone Menu, you can use the touchscreen to search for names.

*Manual operation is inoperative while the vehicle is moving.

Sound/Screen Options

Select More from the main screen.

Select Sound Settings to adjust the audio system.

Select Screen Settings to adjust various screen features.
**TIRE PRESSURE MONITORING SYSTEM (TPMS)**

Monitors the vehicle's tire pressures.

**How It Works**

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.

**What to Do**

1. **Visually inspect** the tires for damage.
2. **Use** a tire air pressure gauge to check which tire(s) have low pressure.
3. **Inflate** the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.

**TPMS Calibration**

Any time you inflate, change, or rotate one or more of your tires, you need to recalibrate the system.

1. **Press** SETTINGS.
2. **Select** Vehicle Settings.
3. **Select** TPMS Calibration.
4. **Select** Calibrate.
5. The low tire pressure indicator blinks and calibration begins.

**ECO ASSIST™**

When turned on, performance of the vehicle’s engine, transmission, cruise control, and air conditioning system are adjusted to maximize fuel efficiency.

**ECON Button**

1. **Press ECON** to turn the system on.
2. The **ECON** mode indicator comes on.
3. **Press ECON** again to turn the system off.

**Ambient Meter**

Indicates instant fuel efficiency using color-coded bars.
**DRIVING POSITION MEMORY SYSTEM (DPMS)**

Store driver’s seat positions into memory for each corresponding keyless remote (1 or 2), which are recalled when you unlock the driver’s door with the remote and enter the vehicle.

**How It Works**

1. **Turn on** the vehicle. Make sure the shift lever is in Park (P).
2. **Adjust** your preferred seat settings.
3. **Press** SET. You will hear a beep.
4. **Press** the memory button corresponding to the remote (1 or 2) you are using. You will hear two beeps.

**Note:** Stored positions can also be recalled by pressing memory buttons (1 or 2) on the door.

---

**ONE-TOUCH TURN SIGNAL**

Use this quick and convenient method to signal a lane change.

**How It Works**

- Lightly push the turn signal lever up or down for a three-blink sequence.
- For a continuous signal, push the lever up or down until it locks into place.

---

**AUTO HEADLIGHTS WITH WIPER INTEGRATION**

For your safety and convenience, your vehicle’s headlights automatically turn on when you activate the windshield wipers.

**How It Works**

- Make sure your headlights are in the AUTO position.
- Turn on your windshield wipers. The headlights also turn on.
- When you turn off the windshield wipers, the headlights turn off shortly after.
MULTI-VIEW REAR CAMERA

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the navigation display, along with helpful parking guidelines.
- The display turns off when you shift out of Reverse.

Switching Views

There are three rearview modes: wide, normal, and top down. Press the interface dial to toggle between views.

Wide (default)  Normal  Top down

Camera Settings

Turn the guidelines on or off.

Use the interface dial to make and enter selections.

1. **Press SETTINGS.**

2. **Select** Camera Settings.

   Fixed Guidelines: Guidelines appear when you shift into Reverse. **Select** On or Off.

   Dynamic Guidelines: Guidelines move as you turn the steering wheel. **Select** On or Off.

3. **Select** Rear Camera.

4. **Select** one of the options.

5. **Press** BACK to exit the menu.
LANEWATCH™

Helps you check your right blind spots when you make a right lane change.

How It Works

When the right turn signal is activated, a camera located in the passenger side door mirror shows the right rear area outside your vehicle on the display.

LaneWatch Display

Press the LaneWatch button on the turn signal switch to view a constant real-time display. Press it again to turn the display off. The display still appears when the right turn signal is activated.

See your Owner’s Manual for information on adjusting LaneWatch settings.

LANE DEPARTURE WARNING (LDW)

Alerts you if your vehicle begins to move out of a detected lane without the turn signal activated.

How It Works

A camera mounted in the center of the upper windshield determines if your vehicle begins to move away from the center of a detected lane.

Display

If you cross a lane line without using your turn signal, the LDW indicator flashes and a beep sounds.

LDW may not activate under certain conditions. See your Owner's Manual for more information.

Turning LDW On or Off

Press and hold the LDW button to turn the system on or off.
FORWARD COLLISION WARNING (FCW)

Alerts you to the possibility of a front-end collision.

How It Works

If the camera mounted in the center of the upper windshield detects a vehicle in front of you when your vehicle speed is 10 mph or higher—and it determines there is a likelihood of a frontal collision—the system provides you with visual and audible warnings.

If you do not brake in time or take preventive action:
- the heads-up light near the windshield flashes twice
- the FCW indicator flashes continuously
- a beep sounds continuously

FCW may not activate under certain conditions. See your Owner’s Manual for more information.

Customizing FCW

Use the interface dial to make and enter selections.

1. Press SETTINGS.
2. Select Vehicle Settings.
3. Move the interface dial to the right to Driver Assist Style.
4. Select Forward Collision Warning Distance.
5. Select one of the options.
   - Long: early warning timing
   - Normal: standard warning timing
   - Short: late warning timing
   - Off: Turn the system off
6. Press BACK to exit the menu.
To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, audio, and climate control. For a full list of commands, say "Information" and "Voice Command Help."

**How It Works**
Control four different systems with the steering wheel buttons and the ceiling microphone.
To reduce the likelihood of driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

**Pick-Up button:** Answer an incoming call or go to a phone-specific voice portal screen.

**Hang-Up/Back button:** End a call, decline an incoming call, or cancel an operation.

**Talk button:** Give phone, navigation, audio, or climate control commands.

**Voice Command Portal**
When you press the Talk button from any of the main screens (NAV, PHONE, INFO, AUDIO), the voice portal screen appears and the system gives you examples of voice commands that can be used. For more examples, see page 24.

**Voice Command Tips**
- To hear a list of available commands at any time, press and release the Talk button, then say “Help.”
- When using the Talk button, wait for a beep, then give a command.
- When the Talk button is pressed, all available voice commands are highlighted in yellow.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.
Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the Talk button before you give a command.

General Commands
(Accepted on most screens to change displays)
- Display map
- Display menu
- Display phone
- Information
- Display audio screen
- What time is it?

Find Place Commands
(Accepted on Map screen)
- Find nearest:
  - ATM
  - gas station
  - Mexican restaurant
  - post office
  - Honda dealer
  - airport
  - hospital
  - bank

Navigation Commands
(Accepted on Map screen)
- How long/far to the destination?
- Display destination map
- Display entire route

Display Commands
(Accepted on Map screen)
- Display (or hide):
  - ATM
  - gas station
  - restaurant
  - post office
  - Display north up/heading up
  - Zoom in/out
  - Go home
  - Display current location

Audio Commands
(Accepted on most screens)
- Radio on
- Radio # FM/AM
- Radio preset 1/2/3/4/5/6
- XM channel #
- XM preset 1/2/3/4/5/6
- DISC play
- DISC play track #
- DISC skip forward/back
- iPod/USB/HDD play

Phone Commands
(Accepted on most screens)
- Call “phone number”
- Call “voice tag”

Climate Control Commands
(Accepted on most screens)
- Air conditioner on/off
- Rear defrost on/off
- Climate control recirculate/fresh air
- Fan speed up/down
- Temperature # degrees
  (# = 57–87)
- Temperature max hot/cold

Help Commands
(Accepted on most screens)
- Voice help (list of all available commands by category)
NAVIGATION

Entering a Destination Using Voice Commands

Set a destination using a street address. For other destination options, see your Navigation Manual.

Press and release the Talk button before you give a command.

1. **Say** “Address.”

2. **Say** “Street,” then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).

3. A list of street names appears. **Say** the number next to the street you want.

4. **Say** the entire street address number. For example, “1-2-3-4.” If necessary, **say** “OK” to proceed.

5. If the street address is in more than one city, a list of city names appears. **Say** the number next to the city you want to select.

6. **Say** “Set as destination” to set the route.

**NOTE:** It is recommended that you enter your destination before driving or when the vehicle is stopped.

Using the “Find Nearest” Command

Find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. From the map screen, **say** “Find nearest ATM.”

2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.

3. **Say** the number next to the destination you want to select.

4. **Say** “Set as destination” to set the route.

Using the “Address” Command

Set a destination using a street address. For other destination options, see your Navigation Manual.

Press and release the Talk button before you give a command.

1. **Say** “Address.”

2. **Say** “Street,” then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).

3. A list of street names appears. **Say** the number next to the street you want.

4. **Say** the entire street address number. For example, “1-2-3-4.” If necessary, say “OK” to proceed.

5. If the street address is in more than one city, a list of city names appears. **Say** the number next to the city you want to select.

6. **Say** “Set as destination” to set the route.

**NOTE:** It is recommended that you enter your destination before driving or when the vehicle is stopped.

Map Screen Legend

- Calculated route
- Time to go
- Distance to go
- Current vehicle location
- Next guidance point
**FM Traffic**

Provides continuously updated info, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you give a command.

**Displaying Traffic Information**

Say "Display traffic" to view traffic flow and icons.

<table>
<thead>
<tr>
<th>Heavy traffic</th>
<th>Incident Icons:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Incident</td>
</tr>
<tr>
<td></td>
<td>Road closed</td>
</tr>
<tr>
<td>Moderate traffic</td>
<td>Congestion</td>
</tr>
<tr>
<td></td>
<td>Weather</td>
</tr>
<tr>
<td></td>
<td>Construction</td>
</tr>
</tbody>
</table>

**Note:** Traffic flow and incident icons are only displayed on map scales of 5 miles (8 km) or less.

**Traffic Rerouting**

The system can automatically provide detours around traffic or incidents when a destination is set and Traffic Rerouting is turned on in Navi Settings (see page 43).

1. Say "Display traffic on my route" to view a list of incidents on your route.
2. Say the number of the incident you want to avoid.
3. Say "Avoid" and the incident list returns.
4. Say "Recalculate route" to set the new route.

**Using HFL**

Make and receive phone calls through your vehicle’s audio system. Visit handsfreelink.honda.com to check if your phone is Bluetooth-compatible.

To reduce the likelihood of driver distraction, certain functions may be inoperable or grayed out while the vehicle is moving. Stop or pull over to perform the function.

**Pick-Up button:** Answer an incoming call or go to a phone-specific voice portal screen.

**Hang-Up/Back button:** End a call, decline an incoming call, or cancel an operation.

**Talk button:** Make a call using a stored voice tag, phonebook name, or phone number.

**Phone button:** Go to the phone screen.

**Back button:** Cancel an operation or return to the previous screen.

**Settings button:** Go to Phone Settings to pair a phone and set up text/mail options.

**Interface Dial:** Rotate to scroll through selections and press to make a selection.
Pairing Your Phone
Pair your phone to begin using hands-free phone and related audio functions. The vehicle must be stopped to pair the phone.

Use the interface dial to make and enter selections.

1. **Press** SETTINGS.
2. **Select** Phone Settings.
3. **Select** Bluetooth Device List (if no phone has been paired) or Connect Phone (if another phone has been paired).
4. **Select** Add Bluetooth Device.
5. Make sure your phone is in discovery mode.
6. HFL searches for your phone. **Select** your phone when it appears on the list.
7. HFL gives you a six-digit code. **Compare** it to the code that appears on your phone. If it is the same, **connect** to HFL from your phone.
8. The system asks if you want to enable Phone Synchronization. **Select** On.

If your phone does not appear:
**Select** Phone Not Found and **search** for HandsFreeLink from your phone.

Dialing a Number
Enter a 10-digit phone number to call.

**Using the Menu**

Use the interface dial to make and enter selections.

1. **Press** PHONE.
2. **Press** MENU.
3. **Select** Dial.
4. From the navigation screen or the touchscreen, **enter** the phone number. **Select** the green Dial icon to call.

**Using Voice Commands**

Press and release the TALK button to say a command.

1. **Say** “Dial by number.”
2. **Say** the phone number.
3. The system begins to dial.

*This feature is inoperative when the vehicle is moving.*
**Using Speed Dial**

Store 20 speed dial entries for quick calling.

**Using the Menu**

Use the interface dial to make and enter selections.

1. **Press PHONE.**
2. From the Speed Dial tab, **scroll** the list of speed dial entries.
3. **Select** the entry to call.

**Using Voice Commands**

When a speed dial entry is stored with a voice tag, you can make a call using voice commands at any time. See your Owner’s Manual for more information.

Press and release the TALK button to say a command.

**Say “Call” and the stored voice tag name.** The system begins to dial.

You can also say the name and type of any phone number stored in your phonebook. For example, **say “Call by name” followed by “John Smith mobile.”**

**Note:** Phone synchronization must be on for the “Call by name” feature to work.

---

**Using the Phonebook**

When your phone is paired, its entire phonebook is automatically imported to the system. This feature is inoperable when the vehicle is moving.

Use the interface dial to make and enter selections.

1. **Press PHONE.**
2. **Press MENU.**
3. **Select** Phonebook.
4. **Scroll** through the list to find the name and number you want to call, and **select** it to call.

**Receiving a Call**

When you receive an incoming call, you hear a notification and see the following pop-up message:

- **Press** the Pick-Up button to accept the call.
- **Press** the Hang-Up button to end or decline the call.
SMS TEXT MESSAGING AND E-MAIL

Receive and send text messages and e-mails from your paired and linked phone using Bluetooth® HandsFreeLink®. Visit handsfreelink.honda.com to see if this feature is compatible on your phone. Standard message rates apply. This feature is limited while the vehicle is moving.

Receiving Messages

Use the interface dial to make and enter selections.

1. A notification appears on the display. Select Read to open the message.
2. The message is displayed, and the system reads it aloud.

Replying to Messages

Use the interface dial to make and enter selections.

1. With the message open, move the interface dial down to select Reply.
2. Select one of the six available reply messages.
3. Select Send to send the message.

Displaying Messages

Use the interface dial to make and enter selections.

1. Press PHONE.
2. Press MENU.
3. Select Text/Email. The 20 most recent messages are displayed.
4. Select Inbox or the desired folder.
5. Select a message to open it and hear it read aloud.

Note: Notifications and operation for SMS Text and E-mail are separate. Choose your desired account in the Phone Settings menu.

Calling the Sender

Use the interface dial to make and enter selections.

1. With the message open, move the interface dial down to select Call.
2. HFL begins dialing the number.

1. A notification appears on the display. Select Read to open the message.
**BLUETOOTH® AUDIO**

Stream audio from your compatible phone through your vehicle’s audio system. Visit handsfreelink.honda.com to check if this feature is available on your phone.

### Playing Bluetooth Audio

1. Make sure your phone is on and paired to Bluetooth® HandsFreeLink® (see page 30).

2. **Press** SOURCE.

3. **Press** the Bluetooth icon.

4. From your phone, **open** the desired audio player or app and begin playing. Sound is redirected to the audio system.

5. **Press** (>>) or (<<) on the screen or (>>) or (<<) on the steering wheel to change tracks.

### Notes:

- Make sure the volume on your phone is properly adjusted.
- You may need to enable additional Bluetooth settings on your phone for playback.
- The play/pause function and remote audio controls may not be supported on all phones.

---

**iPod® OR USB FLASH DRIVE**

Play audio files from your compatible iPod or USB flash drive through your vehicle’s audio system.

### Connecting Devices and Playing Audio Files

1. **Open** the USB port in the front console. **Connect** the dock connector or flash drive.

2. **Press** SOURCE.

3. **Press** the iPod or USB icon.

4. **Press** the album or folder bar to change albums or folders.

5. **Press** (>>) or (<<) on the screen or (>>) or (<<) on the steering wheel to change tracks.

---

*ipod is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPod not included.*
HARD DISC DRIVE (HDD) AUDIO

Record CDs onto your vehicle’s hard disc drive. Songs are automatically recorded once a CD is inserted into the disc slot.

Playing HDD Audio

1. **Press** SOURCE.
2. **Press** the HDD icon.
3. **Press** (➡️) or (⬅️) on the screen or (➡️) or (⬅️) on the steering wheel to change tracks.

Searching for Music

Use the interface dial to make and enter selections.

1. **From the audio screen,** move the interface dial to the left to go to the HDD search screen.
2. **Select** one of the categories.
3. **Select** a track and **press** ENTER to begin playing.
SONG BY VOICE™ (SBV)

Play songs from your iPod and HDD from most navigation/audio screens by using simple voice commands.

Playing Audio Files Using Voice Commands

Using the “Play” Command

Press and release the Talk button before you give a command.

1. Say “Music search.”

2. Say “Play” and a search option. For example, say “Play artist XYZ.”

3. The system plays the first song by the artist and returns to your original screen.

Using the “List” Command

Press and release the Talk button before you give a command.

1. Say “Music search.”

2. Say “List” and a search option. For example, say “List artist XYZ.”

3. A list of tracks by the selected artist displays. Say the number of your selection. For example, say “One.”

4. The system plays the first song by the artist and returns to your original screen.

HondaLink | Aha™

Access music and entertainment programming, location-based services, and social media sites through your vehicle’s audio system. Download the HondaLink app to your phone prior to using this feature at owners.honda.com/apps. Visit handsfreelink.honda.com to check if this feature is available on your phone. Standard data rates apply.

Playing Aha

1. For Bluetooth connection: Make sure your phone is paired to Bluetooth® HandsFreeLink® (see page 30) and the screen is on and unlocked.

   For USB connection: Connect the dock connector to the USB port.

2. Press SOURCE.

3. Press the Aha icon on the second screen and streaming begins.

   Press Stations to select from 16 favorite stations.
   Press MENU to access the complete station list.

4. From the screen, select items such as Like/Dislike and Play/Pause.

Notes:
- You can select Bluetooth or USB priority connection in the Audio Settings menu (see page 43). This establishes what kind of connection will happen every time you turn your vehicle on.
- iPhone can connect via Bluetooth or USB; Android can connect via Bluetooth only.
- If you cannot operate Aha through the audio system, it may be streaming through Bluetooth® Audio. Make sure the Aha source on your audio system is selected.
**PANDORA®**

Play and operate Pandora streaming radio from your compatible phone through your vehicle’s audio system. Visit handsfreelink.honda.com to check if this feature is available on your phone. Standard data rates apply.

### Playing Pandora

1. **For Bluetooth connection:** Make sure your phone is paired to Bluetooth® HandsFreeLink® (see page 30) and the screen is on and unlocked. 
   **For USB connection:** Connect the dock connector to the USB port.

2. **Select** SOURCE.

3. **Select** the Pandora icon and streaming begins.

4. From the screen, **select** items such as Like/Dislike and Play/Pause.

**Notes:**
- You can select Bluetooth or USB in Connected Device Priority in the Audio Settings menu (see opposite page). This establishes what kind of connection will happen every time you turn your vehicle on.
- iPhone can connect via Bluetooth or USB; Android can connect via Bluetooth only.
- If you cannot operate Pandora through the audio system, it may be streaming through Bluetooth® Audio. Make sure the Pandora source on your audio system is selected.

*iPhone is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPhone not included.*

---

**SETTINGS FOR YOUR VEHICLE**

Change different settings for many features in your vehicle. See your Owner’s Manual for detailed information on settings and options.

### Adjusting Vehicle Settings

Press SETTINGS to select the settings menu. Use the interface dial to make and enter selections.

Choose from the available options:

- **Navi Settings**
  Change various settings for navigation system routing.

- **Camera Settings**
  Change camera modes.

- **Vehicle Settings**
  TPMS calibration, meter setup, door setup, and more.

- **System Settings**
  Adjust the display, system language, and more.

- **Phone Settings**
  Pair a phone, change call and text/e-mail options, and more.

- **Info Settings**
  Import wallpaper and select clock type.

- **Audio Settings**
  Change sound options and various settings for audio modes.
**FUEL RECOMMENDATION**

- Only use unleaded gasoline of 87 octane or higher.
- Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle’s performance, fuel economy, and the emission control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under warranty.
- “TOP TIER Detergent Gasoline” meets a new gasoline standard jointly established by leading automotive manufacturers to meet the needs of today’s advanced engines. In most cases, qualifying gasoline retailers will identify their gasoline as having met “TOP TIER Detergent Gasoline” standards at the retail location. This fuel is guaranteed to contain the proper level of detergent additives and be free of metallic additives. This helps avoid build-up of deposits in your engine and emission control system. Because the level of detergency and harmful metallic additives (such as MMT) in gasoline vary in the market, Honda endorses the use of “TOP TIER Detergent Gasoline” where available to help maintain the performance and reliability of your vehicle. For more information, visit www.toptiergas.com.
- For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at owners.honda.com.

**SAFETY REMINDER**

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger’s seat as the force of a deploying airbag can seriously injure an infant.

**HOME LINK**

The HomeLink Universal Transceiver can be programmed to operate up to three remote-controlled devices around your home, such as garage doors, lighting, or home security systems.

**TRAINING A BUTTON**

1. Position the remote transmitter you wish to link 1–3 inches from the HomeLink button you want to program.

2. Press and hold the desired HomeLink button and the button on the remote transmitter. Does the HomeLink indicator (LED) blink at a faster rate after about 10 seconds?
   - NO
   - YES

3. Press and hold the programmed HomeLink button for about a second. Does the device (garage door opener) work?
   - NO
   - YES

4. Press and hold the HomeLink button again. Training complete.
   - HomeLink indicator remains on.
   - HomeLink indicator flashes for 2 seconds, then remains on.

5. Within 30 seconds, press and hold the programmed HomeLink button for 2 seconds.

If you have any problems programming HomeLink, see the owner’s manual included with the device you are trying to program, call HomeLink at (800) 355-3515, or visit www.homelink.com.

**OWNER LINK**

Owner Link allows you to explore features and technologies specific to your vehicle, schedule service appointments, obtain and update maintenance and service records, and access other useful information. Register at owners.honda.com to ensure that you continue to enjoy the experience of owning a Honda. For added convenience, Owner Link can also be accessed on a mobile device.
