TECHNOLOGY REFERENCE GUIDE

This Technology Reference Guide is designed to help you get acquainted with your 2015 Honda Fit LX and provide basic instructions on some of its technology and convenience features.

This guide is not intended as a substitute for the Owner's Manual. For complete information on vehicle controls and operation, please refer to the respective sections in the Owner's Manual.

Images shown in this guide are examples and should be used for demonstration purposes only.

Malfunction Indicators
If an indicator remains on, there may be a problem; see your dealer

- Charging system
- Low brake fluid, Brake system
- Low oil pressure
- Supplemental Restraint System (SRS)
- Brake System
- Anti-Lock Brake System (ABS)
- Electric Power Steering (EPS)
- Malfunction indicator lamp (check engine light)
- Vehicle Stability Assist® (VSA)
- Tire Pressure Monitoring System (TPMS) (blinks and stays on)
- Low temperature

Condition Indicators
Action is needed by driver

- Parking brake on: Release
- Seat belt reminder: Fasten seat belt(s)

On/Off Indicators

- Door/Tailgate open: Close door(s) / tailgate
- High temperature: Drive slowly or pull over
- Low fuel: Refill
- Maintenance minder: Make dealer appointment
- Low tire pressure: Add air
- Immobilizer (blinks): Use other vehicle key and see dealer
- VSA OFF
- Exterior lights on
- CRUISE MAIN on
- Turn signals/hazards on
- CRUISE CONTROL on
- High beams on
- ECON Mode on

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information. See your Owner’s Manual for more information.
INFORMATION DISPLAY

Consists of several displays that provide you with useful information.

Reading the Display

These items are shown on each display.

- Instant fuel economy
- Clock
- Fuel gauge
- Outside temperature

Changing the Display

You can change the information in the middle display.

- Odometer, Trip meter A
- Range, Trip meter A
- Average fuel economy A, Trip meter A
- Average fuel economy B, Trip meter B
- Engine oil life
- Clock
- Clock adjustment

Press the select/reset knob to change displays.

ECO ASSIST™

When turned on, performance of the vehicle’s engine, transmission, cruise control, and air conditioning system are adjusted to maximize fuel efficiency.

ECON Mode

1. Press ECON to turn the system on or off.

2. The ECON mode indicator appears when the system is on.

Ambient Meter

Indicates real-time fuel efficiency using color-coded bars.

- High fuel efficiency
- Moderate fuel efficiency
- Low fuel efficiency
TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle's tire pressures.

**How It Works**

![Image of tire pressure instrument]

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.

**What to Do**

1. Visually inspect the tires for damage.
2. Use a tire air pressure gauge to check which tire(s) have low pressure.
3. Inflate the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.
4. Start TPMS calibration.

**Changing Settings**

Program all doors to unlock when you shift to Park. See your Owner's Manual for other programmable settings.

1. Close the driver's door. Shift into Park (P) or apply the parking brake.
2. Turn the ignition switch to ON (II).
3. Press and hold the unlock side of the master door lock switch for about 10 seconds. In that time, you will hear three clicks.
4. Within 20 seconds, turn the ignition switch to LOCK (O).

Note: The driver's and front passenger's door can be opened by pulling the inner front door handle, regardless of the setting.

AUTO DOOR LOCKS

Program how and when the vehicle doors automatically lock and unlock.

**Door Locks**

Default Lock Setting
All doors are preset to lock when your vehicle reaches about 10 mph.

Default Unlock Setting
All doors are set to unlock when the driver's door is opened.

**Changing Settings**

Program how and when the vehicle doors automatically lock and unlock.

1. Close the driver's door. Shift into Park (P) or apply the parking brake.
2. Turn the ignition switch to ON (II).
3. Press and hold the unlock side of the master door lock switch for about 10 seconds. In that time, you will hear three clicks.
4. Within 20 seconds, turn the ignition switch to LOCK (O).

Note: The driver's and front passenger's door can be opened by pulling the inner front door handle, regardless of the setting.
REARVIEW CAMERA

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

• When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the display, along with yellow parking guidelines.
• The display turns off when you shift out of Reverse.

Changing Settings

Turn the guidelines on or off. Use the selector knob to make and enter selections.
1. Press MENU/CLOCK.
2. Select Settings.
3. Select Rear Camera.
4. Select Camera Guidelines.
5. Select On or Off.
6. Press to exit the menu.

ONE-TOUCH TURN SIGNAL

Use this quick and convenient method to signal a lane change.

How It Works

• Lightly push the turn signal lever up or down for a three-blink sequence.
• For a continuous signal, push the lever up or down until it locks into place.

AUTO HEADLIGHTS WITH WIPER INTEGRATION

For your convenience, your vehicle’s headlights automatically turn on when the windshield wipers operate.

How It Works

Make sure your headlights are in the AUTO position.

Turn on your windshield wipers. The headlights also turn on. When you turn off the windshield wipers, the headlights turn off shortly after.
**BLUETOOTH® HANDSFREELINK® (HFL)**

Place and receive phone calls through your vehicle's audio system. Visit handsfreelink.honda.com to check phone compatibility.

To reduce the potential for driver distraction, certain functions may be inoperable or grayed out while the vehicle is moving. Stop or pull over to perform the function.

**How to Use HFL**

- **Pick-Up button**: Answer an incoming call, or go to the phone screen.
- **Hang-Up/Back button**: End a call, decline an incoming call, or cancel a selection.
- **Talk button**: Make a call using a stored voice tag.

Use these buttons to navigate through the HFL menus.

- **button**: Go directly to the Phone screen.
- **Selector knob**: Rotate to scroll through selections and press to make a selection.
- **button**: Press to cancel an operation or return to the previous screen.

**Pairing Your Phone**

Use this pairing method when no phone has ever been paired to the system. You can pair your compatible phone only when the vehicle is stopped.

**Use the selector knob to make and enter selections.**

1. Press \(\text{ }\) to go to the Phone screen. A prompt appears. Select Yes.
2. Make sure your phone is in discovery mode. Select OK.
3. HFL searches for your phone. Select it when it appears on the list.
   **If your phone does not appear:** Select Phone Not Found, and search for HandsFreeLink from your phone. Connect to HFL.
4. HFL gives you a four-digit code. Enter it on your phone when prompted. The phone is now paired.

Use this pairing method when a phone has already been paired to the system, or when you want to pair an additional phone.

**Use the selector knob to make and enter selections.**

1. Press \(\text{ }\) to go to the Phone screen. If a prompt appears asking to connect to a phone, select No.
2. Select Phone Setup.
4. Select Add New Device.
5. Select an empty location for the phone.
6. Make sure your phone is in discovery mode. Select OK.
7. HFL searches for your phone. Select it when it appears on the list.
   **If your phone does not appear:** Select Phone Not Found, and search for HandsFreeLink from your phone. Connect to HFL.
8. HFL gives you a four-digit code. Enter it on your phone when prompted. The phone is now paired.
Dialing a Number

Enter a 10-digit phone number to call. This feature is inoperable when the vehicle is moving.

1. Press \( \) to go to the Phone screen.
2. Select Dial.
3. Enter the phone number.
4. Select the green Dial icon to begin the call.

Using Speed Dial

Use the selector knob to make and enter selections.

Store up to 15 numbers for quick calling.

1. Press \( \) to go to the Phone screen.
2. Select Edit Speed Dial.
3. Scroll through the list to find the entry you want.
4. Select the entry to begin the call.

When a speed dial entry is stored with a voice tag, you can make a call using voice commands at any time. Press the \( \) Talk button and follow the prompts. See your Owner’s Manual for more information.

Using the Phonebook

Use the selector knob to make and enter selections.

When your phone is paired, its entire phonebook is automatically imported to the system. This feature is inoperable when the vehicle is moving.

1. Press \( \) to go to the Phone screen.
2. Select Phonebook.
3. Scroll through the list to find the name and number you want.
4. Select the entry to begin the call.

Receiving a Call

Use the selector knob to make and enter selections.

A notification is heard and the following screen appears:

Press the \( \) Pick-Up button to answer the call.
Press the \( \) Hang-Up/Back button to end or decline the call.
iPod® OR USB FLASH DRIVE

Play audio files from your compatible iPod or USB flash drive through your vehicle’s audio system. See your Owner’s Manual for a list of compatible devices.

Connecting Devices and Playing Audio

1. Connect an iPod cable or USB flash drive to the USB port in the front console.
2. Press CD/AUX until iPod or USB mode appears.
3. Press ( Vinci 2) ( Vinci 2) to change tracks.

Note: Connect your device only when your vehicle is stopped.

Searching for Music

Use the selector knob to make and enter selections.

1. Press the selector knob to enter the iPod menu or USB folder list.
2. Select a search option or folder.
3. Select an item to begin playing.

BLUETOOTH® AUDIO

Play stored or streaming audio from your phone through your vehicle’s audio system. Visit handsfreelink.honda.com to check phone compatibility.

Playing Bluetooth Audio

1. Make sure your phone is on and paired to Bluetooth® HandsFreeLink® (see page 11).
2. Press CD/AUX until Bluetooth Audio mode appears.
3. From your phone, open the desired audio player or app and begin playing. Sound is redirected to the audio system. Make sure the volume on your phone is properly adjusted.

Notes:
• You may need to enable additional settings on your phone for playback.
• Remote audio controls and the play/pause function may not be supported on all phones.
• Operate your phone only when your vehicle is stopped.
HONDA OWNERS

Visit owners.honda.com and register to explore features and technologies specific to your vehicle, obtain and update maintenance and service records, manage your financial services account, and access other useful information. For added convenience, Honda Owners can also be accessed on a mobile device.

SAFETY REMINDER

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger’s seat as the force of a deploying airbag can seriously injure an infant.

See your Owner’s Manual for more information.

FUEL INFORMATION

Use of unleaded gasoline of 87 octane or higher is recommended.

• Honda recommends TOP TIER Detergent Gasoline where available.
• Do NOT use gasoline containing more than 15% ethanol.
• Do NOT use gasoline containing methanol.
• Do NOT use gasoline containing MMT.

See your Owner’s Manual for more information.

Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle’s performance, fuel economy, and the emission control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under your new vehicle warranty.

TOP TIER Detergent Gasoline (recommended) never contains MMT and has detergent additives to keep your engine clean. For further information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit owners.honda.com.
