Information Display (LX, EX, and EX-L)
Consists of several displays that provide you with useful information.

Accessing the Information Display

Once you start the engine, the display shows your last active selection from the previous drive cycle.

To toggle between the different displays, press the select/reset knob repeatedly.

Information Displays

- Odometer, Trip A
- Outside temperature*, Trip A
- Outside temperature*, Trip B
- Oil life

* if equipped

2010 Odyssey
Once you start the engine, the MID shows the last active lower display. **Press** the Info button to see the last active selection on the upper display.

To **toggle** between the different displays, **press** the Info button for the upper display and **press** the SEL/RESET button for the lower display.
**MID Upper Displays**
Basic trip computer displays are shown here.

- **Instant fuel economy**
  - INST. MPG
  - 0 | 20 | 40

- **Range with remaining fuel**
  - RANGE
  - 200 miles

- **Total travel time**
  - ELAPSED TIME
  - 20h 20m

- **Tire Pressure Monitor**
  - TIRE PRESS. OK
  - SYSTEM FUNC
  - NORMAL

- **Average fuel**
  - AVERAGE FUEL A
  - 25.0 MPG

- **Average speed**
  - AVERAGE SPEED
  - 55 mph

**Auto Door Locking/Unlocking**

**Default Lock Setting**
The doors are preset to lock when your vehicle reaches about 9 mph.

**Default Unlock Setting**
Only the driver's door is preset to unlock when you shift into Park (P).

---

*2010 Odyssey*
2010 Odyssey

Modifying the Auto Door Unlock Setting
Follow these steps to program all doors to unlock when you shift to Park:

**LX, EX, and EX-L**
1. Close the driver’s door. **Shift** into Park.
2. Turn the ignition to the ON (II) position.
3. **Press and hold** the unlock side of the master lock switch for about 10 seconds. In that time, you will hear three clicks.
4. Within 5 seconds, **turn** the ignition to the LOCK (0) position.

---

See *Auto Door Locking/Unlocking* in your owner’s manual for other programmable settings.

**Touring**

**Press and hold** the Info button for 3 seconds to enter customization mode. **Press** the Info button to toggle between the different MID displays, then **press** SEL/RESET to activate the selected menu.

1. Select “CHANGE SETTING.”
2. Select “DOOR-WINDOW SETUP.”
3. Select “AUTO DOOR UNLOCK.”
4. Select “ALL DOORS WITH SHIFT TO P.” Once set, the MID will show the previous menu.
5. To exit and save the setting, select “EXIT.”

---

See *Customized Settings* in your owner’s manual for other programmable settings.
Tire Pressure Monitoring System (TPMS)

Monitors the vehicle's tire pressures.

**How It Works**

- Each tire valve stem contains a TPMS sensor.

- When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.

- **Touring:** The multi-information display also shows you a message indicating which tire(s) have low pressure.

**What to Do**

- Visually inspect the tires and use a tire air pressure gauge to check tire pressures.

- Inflate the tire(s) to the recommended pressures listed on the label on the driver's doorjamb.

2010 Odyssey
Driving Position Memory System (DPMS) (if equipped)

Store up to two driver’s seat and mirror positions into memory. Settings are activated and adjusted when the corresponding remote is used to unlock the doors.

**Programming DPMS**

1. **Turn** the vehicle on. **Shift** into Park (P).
2. **Adjust** your preferred seat and outside mirror settings.
3. **Press and hold** the MEMO button until you hear a beep, then release.
4. **Press and hold** the memory button # corresponding to the remote (1 or 2) you are using until you hear two beeps.
Voice Command

Using the Voice Command System
To reduce driver distraction, use voice commands for hands-free calling, navigation, audio, and climate control functions. A full list of these commands is in the navigation system manual.

Voice Command Tips:
• Press and release the HFL or NAVI Talk button, wait for a beep, then give a command.
• For a list of available HFL commands, press and release the HFL Talk button and say “Hands-free help.”
• For a list of available navigation commands, press and release the NAVI Talk button and say “Voice command help.”
• Speak in a clear, natural voice.
• Reduce all background noise.
• Adjust the dashboard and side vents away from the microphone in the ceiling.
• Close the windows.

2010 Odyssey
Bluetooth® HandsFreeLink® (if equipped)

Pairing Your Phone

Press and release the HFL Talk button before you give a command.

1. Enable “Discovery” or “Search” mode on your Bluetooth-compatible phone.

   Has a phone been paired to the system before?

   NO
   - The system gives you information about pairing a phone for the first time.

   YES
   - Say “Pair.”

2. Say “Phone setup.”

3. Say “Pair.”

4. HFL gives you a four-digit pairing code.

   HFL searches for your phone, and you must search for a Bluetooth device on your phone as well. When HFL finds your phone, your phone prompts you to connect to HFL.

   NO
   - Was connection successful?

   YES

5. Enter the code from step 4 on your phone when your phone prompts you.

   Was pairing successful?

   NO
   - Repeat steps 2-5.

   YES
   - HFL asks you to name the phone. For example, say “Mary’s phone.”

   Your phone is now paired to HFL. The system exits out of the HFL menu.

For more information or troubleshooting, call HFL consumer support at (888) 528-7876, visit handsfreelink.honda.com, or see your owner’s manual for details.
Making a Call

1. **Press** the HFL Talk button.
2. **Say** “Call” or “Dial” and the desired phone number.
3. **Press** the HFL Talk button, and say “Call” or “Dial” to continue.
4. The call is connected and heard through the vehicle’s speakers.

Receiving a Call

1. A notification is heard, and “HANDS FREE LINK” appears on the audio display.
2. **Press** the HFL Talk button to accept the call.
3. **Press** the HFL Back button to end or decline the call.

2010 Odyssey
Navigation (if equipped)

**Entering a Destination Using Voice Commands**

Press and release the NAVI Talk button before you give a command.

1. **Say** “Display menu.”

2. **Say** “Address.”

3. **Say** “City” (or “Change state” if necessary).

4. **Say** the name of the city you want, or say “Current city” to select the city currently shown.

5. A list of city names appears. **Say** the number listed next to the city you want to select.

6. **Say** the street name. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).

7. A list of street names appears. **Say** the number listed next to the street you want to select.

8. **Say** the entire street address number. For example, “1-2-5-0.”

9. The system calculates the route and displays the “Calculate route to” screen. **Say** “OK” to set the route.

**Note:** Entering destinations can also be done manually from the Menu screen.
Entering a Destination Using the "Find Nearest" Command

Try these simple steps to find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the NAVI Talk button before you give a command.

1. Say "Find nearest ATM."

2. A list of the nearest ATMs are displayed by shortest distance to destination.

3. Say the number you want to select.

4. The system calculates the route and displays the “Calculate route to” screen. Say “OK” to set the route.

2010 Odyssey
**Commonly Used Voice Commands**

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

**Press and release the NAVI Talk button before you give a command.**

**Look for Restaurants in Your Location**

Say a command like **“Display restaurant”** to see restaurant icons appear on the map.

**Make Audio Selections**

Say a command like **“Radio 97.1 FM”** or **“CD play track 5”** to select that station or song.

**Adjust the Vehicle’s Climate Setting**

Say a command like **“Air conditioner on”** and **“Fan speed 4”** to adjust the setting to your liking.

**Get Estimated Distance to Destination**

After a destination is entered, say **“How far to destination?”** to hear the remaining distance.
Commonly Used Voice Commands (continued)

Press and release the NAVI Talk button before you give a command.

**General Commands**
(Accepted on most screens to change displays)
- Display map
- Display menu
- Setup
- Information
- Display audio screen
- What time is it?

**Navigation Commands**
(Accepted on Map screen after a destination is entered)
- How long/far to the destination?
- Display destination
- Display entire route

**Find Place Commands**
(Accepted on Map screen)
- Find nearest:
  - ATM
  - gas station
  - Mexican restaurant
  - post office
- bank
- Honda dealer
- airport
- hospital

**Display Commands**
(Accepted on Map screen)
- Display (or hide):
  - ATM
  - gas station
  - restaurant
  - post office
- Display north up/heading up
- Zoom in/out
- Go home
- Display current location
Commonly Used Voice Commands (continued)

Press and release the NAVI Talk button before you give a command.

**Audio Commands**  
(Accepted on most screens)

- Radio on
- Radio # FM/AM
- Radio preset 1/2/3/4/5/6
- XM channel #
- XM preset 1/2/3/4/5/6
- CD play
- CD play track/disc #
- CD skip forward/back
- Auxiliary (AUX) play

**Climate Control Commands**  
(Accepted on most screens)

- Air conditioner on/off
- Rear defrost on/off
- Climate control recirculate/fresh air
- Fan speed up/down
- Temperature # degrees (# = 57–87)
- Temperature max hot/cold

**Setup Commands**  
(Accepted on the Setup screen)

- Brightness up/down
- Volume up/down/ min/max/off
- Interface dial feedback on/off
- Guidance prompts min/max/normal

**Help Commands**  
(Accepted on most screens)

- Help (list of available commands for current screen)
- Voice command help (from the INFO screen - list of all available navigation, audio, and climate control commands)
Rear Entertainment System (RES) (if equipped)
Rear passengers can enjoy a different media source than the front seat occupants.

**Operating the RES from the Front Seat**

1. **Press** REAR PWR. Rear passengers hear audio through the wireless headphones.

2. **Push** the REAR CTRL OFF knob to disable rear audio controls.

3. **Turn** the REAR CTRL knob clockwise to temporarily hear what is playing in the rear.

4. **Select** a media source for the rear passengers. **Turn** the REAR CTRL knob counterclockwise to return to the front audio controls.

**Note:**
- If listening to the same media source, both the driver and the rear passenger have the ability to control functions for that source.
- On models with navigation, you cannot listen to XM Radio and a CD at the same time.
Operating the RES from the Rear Seat

1. From the front panel, make sure REAR PWR is on and rear control is not disabled.

2. Press AM/FM, XM, CD, or DVD/AUX.

3. Use the (▲) (▼) (◄) (►) buttons to navigate the menu on the display. Press ENT to make a selection.

4. The rear control panel can be detached and used as a remote control. Press RELEASE to remove it from the ceiling.
Rearview Camera (EX-L and Touring)
The display shows a view behind the vehicle.

To Turn the Camera On
1. Shift into Reverse (R).

2. The rear view is shown in the display area.

To Turn the Display Off
All models: Shift out of Reverse.

EX-L without navigation: Press the monitor on/off button while in Reverse with your foot on the brake. Press again to turn back on.

Models with navigation
Parking Sensor System (Touring)
Warns you of the proximity between your vehicle and nearby surrounding objects when parking or in Reverse.

To Turn the System On and Off
Press the parking sensor button. A light appears when the system is on.

How It Works
When the system senses an object, an indicator appears in the MID and a beep sounds. As you get closer to an object, the beep rate increases.
About This Technology Reference Guide

This Technology Reference Guide has been prepared to help you get quickly acquainted with your new Honda, and to provide reference instructions on driving controls and convenience items.

However, this guide is not intended as a substitute for the Owner’s Manual. For complete information on operating the vehicle safely, please refer to the Owner’s Manual.

As with the Owner’s Manual, this guide covers all models of the Honda Odyssey. Therefore, you may find descriptions of equipment and features that are not on your particular model.

Safety Reminder

Your vehicle is equipped with airbags. Airbags do not replace your seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger’s seat as the force of a deploying airbag can seriously injure an infant.

Fuel Recommendation

- Use only unleaded gasoline of 87 octane or higher.
- Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle’s performance, fuel economy, and the emissions control system. Always use MMT-free gasoline if alternatives exist. Failures caused by use of gasoline containing MMT may not be covered under warranty.
- For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at www.hondacars.com.
