TECHNOLOGY REFERENCE GUIDE

The Technology Reference Guide is designed to help you get acquainted with your new Honda and provide basic instructions on some of the technology items. This guide covers the Odyssey EX-L and EX-L with Rear Entertainment System trim levels.

This guide is not intended as a substitute for the Owner's Manual. For complete information on vehicle controls and operation, please refer to the respective sections in the Owner's Manual.

AUTO DOOR LOCKS

Default Lock/Unlock Setting

Default Lock Setting

All doors and the tailgate are preset to lock when your vehicle reaches about 10 mph.

Default Unlock Setting

Only the driver's door is preset to unlock when you shift into Park (P).

Program how and when the vehicle doors automatically lock and unlock.

Programming the Auto Door Unlock Setting

To program all doors and the tailgate to unlock when you shift to Park:

1. **Close** the driver's door. **Shift** into Park.

2. **Turn** the ignition switch to ON (II).

3. **Press and hold** the unlock side of the master lock switch for about 10 seconds. In that time, you will hear three clicks.

4. Within 5 seconds, **turn** the ignition switch to LOCK (0).

Programmable Auto Door Lock/Unlock Settings

Below are the options you can choose. See *Auto Door Locking/Unlocking* in your owner's manual for instructions on programming these settings.

AUTO DOOR LOCK		AUTO DOOR UNLOCK	
Auto Lock	 When you reach 10 mph	 When you shift out of Park	 When you turn the ignition OFF
Turn off Auto Lock	 Operate manually	 When you shift into Park	 When you turn the ignition OFF
		 When you shift into Park	 When you turn the ignition OFF
		 Operate manually	 When you turn the ignition OFF

INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information.

Malfunction Indicators

If an indicator remains on, there may be a problem; see your dealer

 Charging system	 DRL (daytime running lights)
 BRAKE Low brake fluid, brake system	 ABS (anti-lock brake system)
 Low oil pressure	 Malfunction lamp (check engine light)
 SRS (supplemental restraint system)	 VSA (vehicle stability assist)
 TAIL GATE Power tailgate	 TPMS (tire pressure monitoring system)
 SLIDE DOOR Power sliding door	 STARTER SYSTEM Starter system

Maintenance Minder™:
Make dealer appointment

Low tire pressure:
Add air

Trip meter A/B,
Average fuel
economy

TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle's tire pressures.

How It Works

Each tire valve stem contains a TPMS sensor.

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.

TPMS

If the TPMS indicator appears, there may be a problem with the system. See your dealer.

What to Do

1. **Visually inspect** the tires for damage.
2. **Use** a tire air pressure gauge to check which tire(s) have low pressure.

3. **Inflate** the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.

REARVIEW CAMERA

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the center display.
- Yellow parking guide lines also appear to help you judge distance.
- The rearview display turns off when you shift out of Reverse.

Turning the Guide Lines On or Off

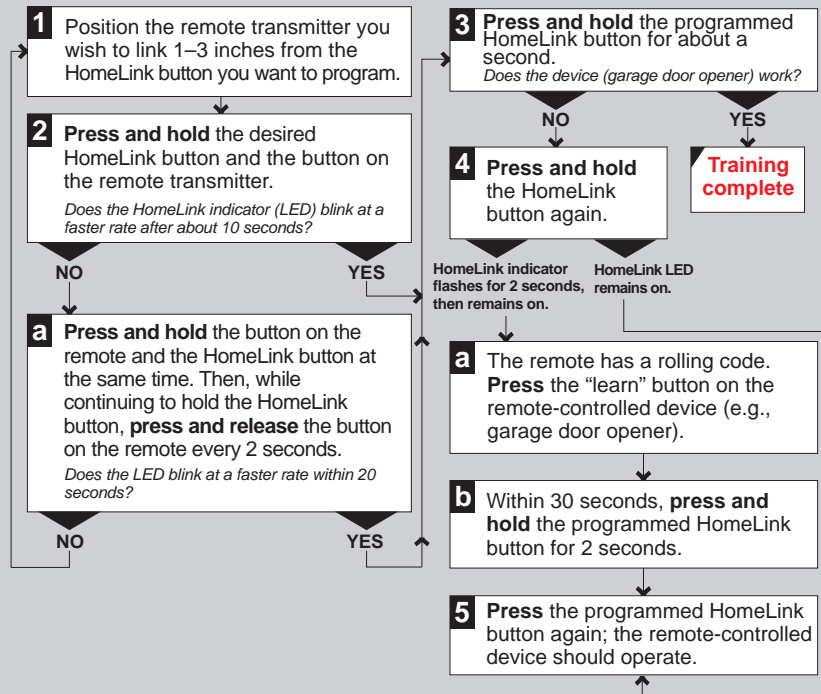

Press and hold the RETURN button for about 3 seconds.

HOMELINK®

The HomeLink Universal Transceiver can be programmed to operate up to three remote-controlled devices around your home, such as garage doors, lighting, or home security systems.

Training a Button

If you have any problems programming HomeLink, see the owner's manual included with the device you are trying to program, call HomeLink at (800) 355-3515, or visit www.homelink.com.

BLUETOOTH® HANDSFREELINK® (HFL)

Place and receive phone calls through your vehicle's audio system. Visit handsfreelink.honda.com to check if your phone is compatible.

Pairing Your Phone

Pick-Up button: Go directly to the Phone screen, or answer an incoming call.

Talk button: Use to call speed dial entries with stored voice tags.

Back button: Cancel a selection.

Hang-Up button: End a call.

1. **Press** the Pick-Up button to access the Phone screen.

2. The system asks you to pair a phone. **Select** "Yes" and "Continue." Make sure your phone is in discovery mode.

3. **Select** the number of the location (1-6) to add the phone.

4. If the system does not find your phone, **select** "Phone Not Found." HFL gives you a four-digit code.

5. **Search** for a HandsFreeLink device from your phone, and connect to HFL.

6. **Enter** the four-digit code on your phone when prompted. **Select** OK to complete.

Making a Call

1. **Press** the Pick-Up button to go to the Phone screen.

2. **Select** Dial.

3. **Enter** the phone number using the selector knob, and **select** the green Dial icon to call.

4. The call is connected and heard through the vehicle speakers.

Receiving a Call

1. A notification is heard and the incoming phone number appears on the center display screen.

2. **Press** the Pick-Up button to accept the call.

3. **Press** the Hang-Up button to end or decline the call.

Phonebook

When your phone is paired, its entire phonebook is automatically imported to the system.

1. **Press** the Pick-Up button to go to the Phone screen.
3. **Scroll** the list to find the name you want to call, and **press** ENTER to begin the call.

2. **Select** Phonebook.

4. The call is connected and heard through the vehicle speakers.

Speed Dial

Speed dial entries and accompanying voice tags* can be stored for quick and voice-activated dialing

1. **Press** the Pick-Up button to go to the Phone screen.
3. **Scroll** through the list to find the name you want to call, and **press** ENTER to begin the call.

2. **Select** Speed Dial.

4. The call is connected and heard through the vehicle speakers.

*When a voice tag is stored for a speed dial entry, you can make a call using voice commands. See your Owner's Manual for instructions.

IPOD® OR USB FLASH MEMORY

Play audio files from your compatible iPod or USB flash drive through your vehicle's audio system.

Connecting Devices and Playing Audio Files

1. **Open** the glove box, and **pull out** the USB adapter cable.
3. **Press** USB/AUX to begin playing.

2. **Connect** the USB connector to your iPod dock connector or flash drive.
4. To change tracks, **rotate** the selector knob or **press** the SKIP (⏮) or (⏭) button.

iPod is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPod not included.

BLUETOOTH® AUDIO

Play audio files from your compatible phone through your vehicle's audio system. Visit handsfreelink.honda.com to check if this feature is available on your phone.

Playing Bluetooth Audio Files

1. Make sure your phone is on and paired to HandsFreeLink (See [HandsFreeLink](#)).
2. Press USB/AUX repeatedly until "Bluetooth Audio" appears on the screen.
3. Press "play" on your phone; sound is redirected to the audio system. Make sure the volume on your phone is adjusted.

Skipping Bluetooth Audio Files

There are two ways to skip through audio files*:

- Press (⏮) or (⏭) on the audio control panel.
- Press (+) or (-) on the steering wheel.

*not supported on all phones

CD LIBRARY

Store up to 18 audio CDs in the system memory.

Recording an Audio CD

1. Insert an audio CD.

2. The system asks if you want to record the CD to memory. Select Yes or No.

3. Select the location to store the CD.

4. The CD records. If available, album information is displayed.

Using the CD Library

1. Press the CD/CDL button. The last album recorded begins playing.
2. To view the CD library, press the selector knob.

To change tracks, press the SKIP (⏭) or (⏮) button, or rotate the selector knob.

To change albums, press the CATEGORY (+) or (-) button.

3. A list of recorded CDs appears. Select the album and track you want to hear.

REAR ENTERTAINMENT SYSTEM (RES)

With the rear entertainment system and headphones, rear passengers can enjoy a different entertainment source than the front seat occupants.

RES Front Panel Controls

Rear Entertainment System

Pull down the bottom edge of the screen to open it.

Extend the screen until it locks into place.

Pivot the earpieces to turn on or off. Wireless headphones only work in the rear seats.

Wired headphones may also be used.

Operating the RES from the Front

1. **Press** the REAR POWER button. Rear passengers will hear audio through the headphones.
2. **Press** the REAR SOURCE button. **Select** an entertainment source for the rear passengers.
3. **Press** the REAR SOURCE button again to return to the front audio controls.

2. **Press** the REAR SOURCE button. **Select** an entertainment source for the rear passengers.

Operating the RES from the Rear

1. **Press** the REAR POWER button on the front audio panel. **Open** the overhead screen.
3. **Press** the (▲) (▼) (◀) (▶) buttons to navigate the menu options. **Press** the ENTER button to select an option.

2. **Press** the DVD/AUX, CD/CDL, XM, or FM/AM button.

4. The rear control panel can be detached and used as a remote control. **Press** the release button to remove it.

COOL BOX

Store beverages in a conveniently located box to keep them cool.

How It Works

- **Store** up to four 20-ounce bottles or six 12-ounce cans. Keep already cold drinks from becoming warm.
- **Press** the COOL BOX button to turn it on or off. A green indicator light appears when the Cool Box is on. Cold air from the air conditioning system flows into and circulates within the box.

Usage Tips

- The Cool Box is not a refrigerator or cooler. It does not cool down warm drinks.
- Do not use ice.
- Do not store perishable items inside for an extended amount of time.
- Keep the box closed for best results.
- The box cannot be removed for cleaning.
- Because the air conditioning system is always on when the Cool Box is in use, fuel economy may be slightly reduced.
- If the ignition switch is turned to LOCK (0), the box maintains its temperature for one hour.

OWNER LINK

Owner Link allows you to explore features and technologies specific to your vehicle, schedule service appointments, obtain and update maintenance and service records, manage your financial services account, and access other useful information. Register at www.owners.honda.com to ensure that you continue to enjoy the experience of owning a Honda.

SAFETY REMINDER

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger's seat as the force of a deploying airbag can seriously injure an infant.

FUEL RECOMMENDATION

- Only use unleaded gasoline of 87 octane or higher.
- Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle's performance, fuel economy, and the emission control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under warranty.
- "TOP TIER Detergent Gasoline" meets a new gasoline standard jointly established by leading automotive manufacturers to meet the needs of today's advanced engines. In most cases, qualifying gasoline retailers will identify their gasoline as having met "TOP TIER Detergent Gasoline" standards at the retail location. This fuel is guaranteed to contain the proper level of detergent additives and be free of metallic additives. This helps avoid build-up of deposits in your engine and emission control system. Because the level of detergency and harmful metallic additives (such as MMT) in gasoline vary in the market, Honda endorses the use of "TOP TIER Detergent Gasoline" where available to help maintain the performance and reliability of your vehicle. For more information, visit www.toptiergas.com.
- For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at www.owners.honda.com.
