## AUTO DOOR LOCKS

### Default Lock/Unlock Setting

#### Default Lock Setting

All doors and the tailgate are preset to lock when your vehicle reaches about 10 mph.

#### Default Unlock Setting

Only the driver's door is preset to unlock when you shift into Park (P).

### Programmable Auto Door Lock/Unlock Settings

Below are the options you can choose. See *Auto Door Locking/Unlocking* in your owner's manual for instructions on programming these settings.

AUTO DOOR LOCK		AUTO DOOR UNLOCK	
Auto Lock	 When you reach 10 mph	 When you shift out of Park	 When you turn the ignition OFF
Turn off Auto Lock	 Operate manually	 When you shift into Park	 When you turn the ignition OFF
		 When you shift into Park	 When you turn the ignition OFF
		 Operate manually	 When you turn the ignition OFF

Program how and when the vehicle doors and the tailgate automatically lock and unlock.

### Programming the Auto Door Unlock Setting

**Press** either Info (▲/▼) button on the steering wheel to toggle to the "CUSTOMIZE SETTINGS" display on the MID, then **press** the SEL/RESET button to activate the menu.

1. Select "CHANGE SETTINGS"

2. Select "DOOR SETUP"

3. Select "AUTO DOOR UNLOCK."

4. Select "ALL DOORS WITH SHIFT TO P."

5. The display returns to the "AUTO DOOR UNLOCK" menu.

## INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information.

### Malfunction Indicators

If an indicator remains on, there may be a problem; see your dealer

 Charging system	 ABS (anti-lock brake system)
 BRAKE Low brake fluid, brake system	 Malfunction lamp (check engine light)
 Low oil pressure	 VSA (vehicle stability assist)
 SRS (supplemental restraint system)	 BSI (blind spot information system)*

### Condition Indicators

Action is needed by driver

 BRAKE Parking brake on: Release	 Seat belt reminder: Fasten seat belt(s)
 Door/Tailgate open: Close door(s)/tailgate	 Low fuel: Refill
 Low tire pressure: Add air	 System message indicator: See MID

### On/Off Indicators

 PASSENGER AIRBAG OFF (located on center panel)	 Fuel economy on
 SIDE AIRBAG OFF	 Immobilizer Flashes: improperly coded key; use correct key
 VSA OFF	 Headlights on
 Blind Spot Indicator* on	 Turn signals/hazards on
 CRUISE MAIN on	 High beams on
 CRUISE CONTROL on	
 Fog lights on	

\*Touring Elite only

## MULTI-INFORMATION DISPLAY (MID)

Displays various information and messages to help you maintain your vehicle.

### Accessing the Multi-Information Display

When you start the engine, the MID shows your last active selection from the previous drive cycle.

002300 miles  
---°F

To toggle between the different displays:

- **Press** either Info button for the upper display.
- **Press** the SEL/RESET button for the lower display, to switch from Trip A to Trip B on the upper display, or to access lower displays.

### MID Upper Displays

## TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle's tire pressures.

### How It Works

Each tire valve stem contains a TPMS sensor.

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on and a message appears on the MID.

### What to Do

1. **Visually inspect** the tires for damage.
2. **Use** a tire air pressure gauge to check which tire(s) have low pressure.

3. **Inflate** the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.

## DRIVING POSITION MEMORY SYSTEM (DPMS)

Store a driver's seat and mirror position into memory for each keyless remote.

### Programming DPMS

1. **Turn** the ignition switch to ON (II). **Shift** into Park (P).

3. **Press and release** the SET button until you hear a beep.

2. **Adjust** the seat and outside mirrors to your preferred settings.

4. **Press and release** the memory button corresponding to the remote (1 or 2) you are using until you hear two beeps.

**Note:** A stored memory position is linked to the corresponding keyless remote (1 or 2). Each item begins to adjust when you unlock the driver's door with the remote and enter the vehicle.

## MULTI-VIEW REAR CAMERA

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

### How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the navigation display.
- Yellow parking guide lines also appear to help you judge distance.
- The rearview display turns off when you shift out of Reverse.

### Adjusting the View

#### Turning the Guide Lines On or Off

**Press and hold** CANCEL for about 3 seconds.

#### Switching Views

There are 3 rearview modes: wide, normal, and top down.

- **Press** ENTER to toggle between views.
- **Turn** the Interface Dial to adjust the screen brightness.

## REVERSE TILT DOOR MIRRORS

When you shift into Reverse (R), you can tilt either outside door mirror down slightly to improve your view as you parallel park. Shifting out of Reverse returns the tilted mirror to its original position.

### How It Works

- To tilt the driver's door mirror, **move** the mirror selector switch to the left (L) position.
- To tilt the passenger's side door mirror, **move** the mirror selector switch to the right (R) position.
- To turn the feature off, **move** the switch to the middle position.

## COOL BOX

Store beverages in a conveniently located box to keep them cool.

### How It Works

- **Store** up to four 20-ounce bottles or six 12-ounce cans. Keep already cold drinks from becoming warm.
- **Press** the COOL BOX button to turn it on or off. A green indicator light appears when the Cool Box is on. Cold air from the air conditioning system flows into and circulates within the box.

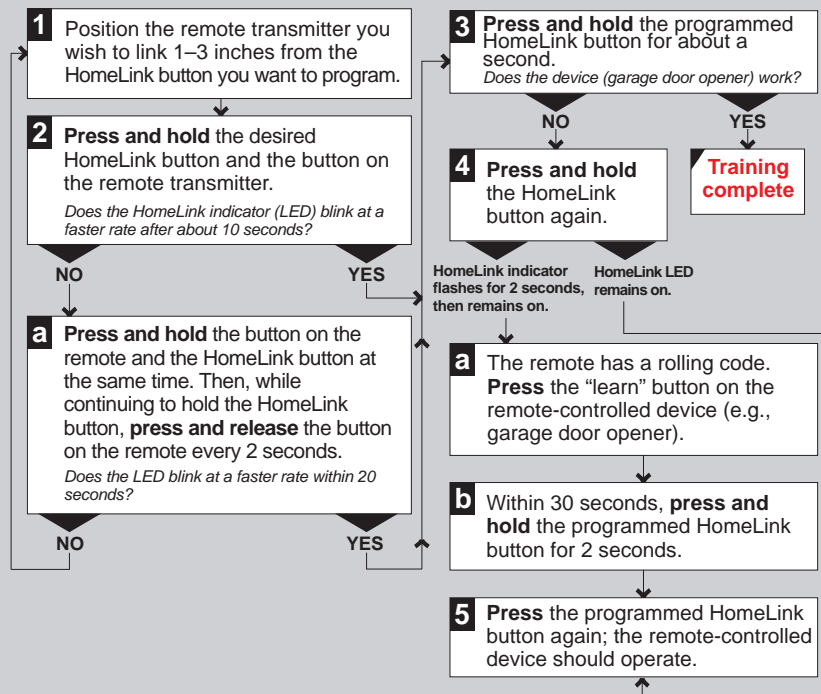

### Usage Tips

- The Cool Box is not a refrigerator or cooler. It does not cool down warm drinks.
- Do not use ice.
- Do not store perishable items inside for an extended amount of time.
- Keep the box closed for best results.
- The box cannot be removed for cleaning.
- Because the air conditioning system is always on when the Cool Box is in use, fuel economy may be slightly reduced.
- If the ignition switch is turned to LOCK (0), the box maintains its temperature for one hour.

## HOMELINK®

The HomeLink Universal Transceiver can be programmed to operate up to three remote-controlled devices around your home, such as garage doors, lighting, or home security systems.

### Training a Button

If you have any problems programming HomeLink, see the owner's manual included with the device you are trying to program, call HomeLink at (800) 355-3515, or visit [www.homelink.com](http://www.homelink.com).

## VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, audio, and climate control. For a full list of commands, say "Information" and "Voice Command Help."

### Key Functions by Voice Command

Control four different systems with the steering wheel buttons and the ceiling microphone.

**Pick-Up button:** Answer an incoming call, or go directly to the Phone screen.

**Talk button:** Give HFL, navigation, audio, or climate control commands.

**Back button:** Cancel a command and return to the previous screen.

**Hang-Up button:** End a call or decline a call.

### Voice Command Tips

- To hear a list of available commands at any time, press and release the Talk button, then say "Help."
- When using the Talk button, wait for a beep, then give a command.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.

### NAVIGATION p. 20

### BLUETOOTH® HANDSFREELINK® p. 23

### AUDIO p. 26

### CLIMATE p. 19

## Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the Talk button before you give a command.

### Locate Points of Interest

**Say** a command like “Display restaurant” to see restaurant icons appear on the map.

**Say** a command like “Display gas stations” to see gas station icons appear on the map.

Press and release the Talk button before you give a command.

### Get Navigation Route Information

After a destination is entered, **say** “How far to destination?” to hear the remaining distance.

**Say** “Display entire route” to see the routing method the system mapped for your destination.

Press and release the Talk button before you give a command.

### Make Audio Selections

**Say** a command like “Radio 97.1 FM” to select that station.

**Say** a command like “DISC play track 1” to hear that song on a currently inserted CD.

Press and release the Talk button before you give a command.

### Adjust the Vehicle's Climate Setting

**Say** a command like “Air conditioner on” to start the air conditioning system.

**Say** a command like “Fan speed 4” to adjust the fan speed.

## Commonly Used Voice Commands (Continued)

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the Talk button before you give a command.

### General Commands (Accepted on most screens to change displays)

- Display map
- Display menu
- Display phone
- Information
- Display audio screen
- What time is it?

### Find Place Commands (Accepted on Map screen)

- Find nearest:
  - ATM
  - Honda dealer
  - gas station
  - airport
  - Mexican restaurant
  - hospital
  - bank
  - post office

### Navigation Commands (Accepted on Map screen)

- How long/far to destination?
- Display destination
- Display entire route

### Display Commands (Accepted on Map screen)

- Display (or hide):
  - ATM
  - gas station
  - restaurant
  - post office
- Display north up/heading up
- Zoom in/out
- Go home
- Display current location

Press and release the Talk button before you give a command.

### Audio Commands (Accepted on most screens)

- Radio on
- Radio # FM/AM
- Radio preset 1/2/3/4/5/6
- XM channel #
- XM preset 1/2/3/4/5/6
- DISC play
- DISC play track #
- DISC skip forward/back
- iPod/USB/HDD play

### Setup Commands (Accepted on Setup screen)

- Brightness up/down
- Volume up/down/min/max/off
- Interface Dial Feedback off/auto/on

### Climate Control Commands (Accepted on most screens)

- Air conditioner on/off
- Rear defrost on/off
- Climate control recirculate/fresh air
- Fan speed up/down
- Temperature # degrees (# = 57-87)
- Temperature max hot/cold

### Help Commands (Accepted on most screens)

- Help (list of available commands for current screen)
- Voice command help (from INFO screen - list of all available navigation, audio, and climate control commands)

## Entering a Destination

### Using Voice Control

Press and release the Talk button before you give a command.

1. Say "Display menu" and "Address."
2. Say "Street" followed by the street name. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).
3. A list of street names appears. Say the number next to the street you want.
4. Say the entire street address number. For example, "1-2-3-4."
5. If the street address is in more than one city, a list of city names appears. Say the number next to the city you want to select.
6. The system calculates the route and displays the "Calculate route to" screen. Say "OK" to set the route.

### Using the Find Nearest Command

Try these simple steps to find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. Say "Find nearest ATM."
2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.
3. Say the number next to the destination you want to select.
4. The system calculates the route and displays the map screen.

### Map Screen Legend

Direction of destination

Distance to go

Time to go

Calculated route

Current vehicle location

## FM Traffic

Provides continuously updated info, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you give a command.

### Displaying Traffic Information

Say "Display traffic"\* to view highway flow of data.

**Heavy traffic**

**Moderate traffic**

Occasionally, a green line may appear indicating free-flow traffic.

**NOTE:** Traffic flow and incident icons are only displayed on map scales of 5 miles (8 km) or less.

#### Incident Icons:

Incident

Road closed

Congestion

Weather

Construction

\*You can also display this information manually using the Interface Dial from the Map menu.

## BLUETOOTH® HANDSFREELINK® (HFL)

Place and receive phone calls through your vehicle's audio system. Visit [handsfreelink.honda.com](http://handsfreelink.honda.com) to check if your phone is compatible.

### Pairing Your Phone

**Pick-Up button:** Answer an incoming call, or go directly to the Phone screen.

**Talk button:** Give HFL, navigation, audio, or climate control commands.

**Back button:** Cancel a command and return to the previous screen.

**Hang-Up button:** End a call or decline a call.

Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to access the Phone screen, and say "Phone setup."

2. Say "Connection," then say "Add new phone."

3. Say the number of the location (1-6) to add the phone.

4. If the system does not find your phone, select "Phone Not Found." HFL gives you a four-digit code.

5. Search for a HandsFreeLink device from your phone, and connect to HFL.

6. Enter the four-digit code on your phone when prompted. Select OK to complete.

## Making a Call

### Dialing a Number

Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to access the Phone screen.
2. **Say** "Dial."
3. **Say** the entire phone number and "Dial" to begin the call.
4. The call is connected and heard through the speakers.

Note: You can also use the Interface Dial to complete this procedure.

### Using the Imported Phonebook\*

Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to access the Cellular Phone screen.
2. **Say** "Phonebook."
3. Scroll the list to find the name you want to call.
4. **Say** the number of the entry to begin the call.

Note: You can also use the Interface Dial to complete this procedure.

\*Visit [handsfreelink.honda.com](http://handsfreelink.honda.com) to check if this feature is available on your phone.

## Using Speed Dial and Voice Tags

Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to access the Phone screen.

If an entry has a stored voice tag, say "Dial by voice tag," followed by the voice tag name and "Dial" from any screen.

2. **Say** the number next to one of the first four entries. For example, "One." For the complete list of speed dial entries, say "More speed dial."
3. The call is connected and heard through the speakers.

Note: See your owner's manual for instructions on storing speed dial entries and voice tags.

Note: You can also use the Interface Dial to complete this procedure.

## Receiving a Call

1. When you receive an incoming call, you hear a notification and see one of the following pop-up messages.

On the Phone screen

On the navigation map screen

On the audio screen

2. **Press** the Pick-Up button to accept the call.

3. **Press** the Hang-Up button to end or decline the call.

## IPOD® OR USB FLASH MEMORY

Play audio files from your compatible iPod or USB flash drive through your vehicle's audio system.

### Connecting Devices and Playing Audio Files

1. **Open** the glove box, and **pull out** the USB adapter cable.

3. **Press** USB/AUX to begin playing.

2. **Connect** the USB connector to your iPod dock connector or flash drive.

4. To change tracks, **rotate** the interface dial or **press** the SKIP (⏮) or (⏭) buttons.

iPod is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPod not included.

## BLUETOOTH® AUDIO

Play audio files from your compatible phone through your vehicle's audio system. Visit [handsfreelink.honda.com](http://handsfreelink.honda.com) to check if this feature is available on your phone.

### Playing Bluetooth Audio Files

1. Make sure your phone is on and paired to HandsFreeLink (see [page 23](#)).
2. **Press** USB/AUX repeatedly until "Bluetooth Audio" appears.

3. **Press** "play" on your phone; sound is redirected to the audio system. Make sure the volume on your phone is adjusted.

### Skipping Bluetooth Audio Files

There are two ways to skip through audio files\*:

- **Press** (⏮) or (⏭) on the audio control panel.

- **Press** (+) or (-) on the steering wheel.

\*not supported on all phones

## HARD DISC DRIVE (HDD) AUDIO

Record CDs onto your vehicle's hard disc drive. Songs are automatically recorded once a CD is inserted into the disc slot.

### Playing HDD Audio Files

#### 1. Press AUDIO.

#### 2. Press HDD.

3. The first song of the last recorded album plays. To change tracks, **rotate** the interface dial or **press** the SKIP (⏮) or (⏭) buttons.

### Searching for Music

1. **Push** the interface dial up to select MUSIC SEARCH.

2. **Select** one of the categories.

3. **Select** a track and press ENTER to begin play.

## SONG BY VOICE™ (SBV) (IPOD®/HDD)

Play songs from your iPod and HDD from most navigation/audio screens by using simple voice commands.

### Playing Audio Files Using Voice Commands

Press and release the Talk button before you give a command.

#### Using the "Play" Command

Say "iPod search" or "HDD search."

Say "Play" and one of the options on the Search Mode screen. For example, say "Play Artist XYZ."

if exact match found

if exact match not found

The system provides voice feedback and lists possible matches.

Say the number of the corresponding selection you wish to play. For example, say "Four."

The system plays the selection and returns to the Search Mode screen.

## Playing Audio Files Using Voice Commands (continued)

Press and release the Talk button before you give a command.

### Using the "List" Command

Say "iPod search" or "HDD search."

Say "List" and one of the options on the Search Mode screen. For example, say "List Artist XYZ."

if exact match found

if exact match not found

A list of tracks from the selected artist displays.

The system provides voice feedback and lists possible matches.

Say the number of the artist. For example, say "Four."

Say the number of your selection. For example, say "One."

The system plays the selection and returns to the Search Mode screen.

## REAR ENTERTAINMENT SYSTEM (RES)

With the rear entertainment system and headphones, rear passengers can enjoy a different entertainment source than the front seat occupants.

### RES Front Panel Controls

### Rear Entertainment System

**Pull down** the bottom edge of the screen to open it.

**Extend** the screen until it locks into place.

**Pivot** the earpieces to turn on or off. Wireless headphones only work in the rear seats.

Wired headphones may also be used.

## Operating the RES from the Front

1. **Press** the REAR POWER button. Rear passengers will hear audio through the headphones.
3. **Press** the REAR SOURCE button again to return to the front audio controls.

2. **Press** the REAR SOURCE button. **Select** an entertainment source for the rear passengers.

## Operating the RES from the Rear

1. **Press** the REAR POWER button on the front audio panel. **Open** the overhead screen.
3. **Press** the (▲) (▼) (◀) (▶) buttons to navigate the menu options. **Press** the ENTER button to select an option.

2. **Press** the DVD/AUX, CD/CDL, XM, or FM/AM button.

4. The rear control panel can be detached and used as a remote control. **Press** the release button to remove it.

## ULTRAWIDE REAR ENTERTAINMENT SYSTEM (RES) (ELITE only)

With the rear entertainment system and headphones, rear passengers can enjoy a different entertainment source than the front seat occupants.

## RES Front Panel Controls

## Rear Entertainment System

**Press** OPEN to release the overhead screen.

**Extend** the screen until it locks into place.

**Pivot** the earpieces to turn on or off. Wireless headphones only work in the rear seats.

Wired headphones may also be used.

## Operating the RES from the Front

1. **Press** the REAR POWER button. Rear passengers will hear audio through the headphones.
3. **Press** the REAR SOURCE button again to return to the front audio controls.

2. **Press** the REAR SOURCE button. **Select** an entertainment source for the rear passengers.

## Operating the RES from the Rear

1. **Press** the REAR POWER button from the front audio panel. **Press** the OPEN button and open the screen.
3. **Press** the (▲) (▼) (◀) (▶) buttons to navigate the menu options. **Press** the ENTER button to select an option.

2. **Press** the SOURCE button to select an entertainment source.

4. The rear control panel can be detached and used as a remote control. **Press** the release button to remove it.

## Operating the Dual Screen Mode

Play two different entertainment sources side by side on the ultrawide rear screen.

One screen can play an entertainment source from the front audio system (FM, HDD, DVD, etc.). The other screen can play an entertainment source from rear AUX or HDMI input (external DVD player, video game console, etc.).

1. **Press** the DUAL button.
2. **Follow** the on-screen prompts to select which side the media source plays on.

## Changing the Sound Source

While in dual screen mode, you can switch the sound source of the wireless headphones between the left and right screens.

**Slide** the tab to "L" for the left side or "R" for the right side.

## PARKING SENSOR SYSTEM

Warns you of the proximity between your vehicle and nearby surrounding objects when parking or backing up.

### How It Works

When the system senses an object, an indicator appears on the MID and center display screen and a beep sounds. As you get closer to the object, the beep rate increases.

Corner sensors

Within approx. 2 ft.

Rear center sensors

Within approx. 3.5 ft.

### Turning the System On and Off

**Press** the parking sensor button. A light appears when the system is on.

## BLIND SPOT INFORMATION SYSTEM (BSI) (ELITE only)

Assists you in determining if there are vehicles in your blind spots.

### How It Works

A radar sensor on each corner of the rear bumper alerts you to a vehicle detected in your blind spot.

When a vehicle is detected in your blind spot, the blind spot indicator turns on and stays lit until the area is clear.

When your turn signal is on and a vehicle is detected, the blind spot indicator blinks until the area is clear or the turn signal is off.

### Turning the System On and Off

**Press and hold** the BSI OFF button on the dashboard to turn BSI off or on.

A message briefly appears on the MID screen showing the system status.

## OWNER LINK

Owner Link allows you to explore features and technologies specific to your vehicle, schedule service appointments, obtain and update maintenance and service records, manage your financial services account, and access other useful information. Register at [www.owners.honda.com](http://www.owners.honda.com) to ensure that you continue to enjoy the experience of owning a Honda.

## SAFETY REMINDER

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger's seat as the force of a deploying airbag can seriously injure an infant.

## FUEL RECOMMENDATION

- Only use unleaded gasoline of 87 octane or higher.
- Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle's performance, fuel economy, and the emission control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under warranty.
- "TOP TIER Detergent Gasoline" meets a new gasoline standard jointly established by leading automotive manufacturers to meet the needs of today's advanced engines. In most cases, qualifying gasoline retailers will identify their gasoline as having met "TOP TIER Detergent Gasoline" standards at the retail location. This fuel is guaranteed to contain the proper level of detergent additives and be free of metallic additives. This helps avoid build-up of deposits in your engine and emission control system. Because the level of detergency and harmful metallic additives (such as MMT) in gasoline vary in the market, Honda endorses the use of "TOP TIER Detergent Gasoline" where available to help maintain the performance and reliability of your vehicle. For more information, visit [www.toptiergas.com](http://www.toptiergas.com).
- For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at [www.owners.honda.com](http://www.owners.honda.com).
