Program how and when the vehicle doors automatically lock and unlock.

### Default Lock Setting

The doors are preset to lock when your vehicle reaches about 10 mph.

### Default Unlock Setting

Only the driver’s door is preset to unlock when you:
- **Shift** into Park (P) for automatic transmission vehicles.
- **Turn** the ignition switch to LOCK (0) for manual transmission vehicles.

### Programming the Auto Door Unlock Setting

**Press** the (+/-) buttons on the steering wheel to scroll through the menu options. **Press** SOURCE to select an option. See page 9 for more information on the multi-information display and its controls.

1. **Press** MENU.
2. **Select** Customize Settings.
3. **Select** Door Setup.
4. **Select** Auto Door Unlock.
5. **Select** All Doors with Shift to P*.
6. **Press** MENU to exit.

### Programmable Auto Door Lock/Unlock Settings

Below are the options you can choose. See Auto Door Locking/Unlocking in your owner’s manual for instructions on programming these settings.

*IGN OFF for manual transmission vehicles
INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information.

Malfunction Indicators
If an indicator remains on, there may be a problem; see your dealer

- Charging system
- EPS (electric power steering)
- Low brake fluid, Brake system
- Malfunction indicator lamp (check engine light)
- Low oil pressure
- VSA® (vehicle stability assist)
- SRS (supplemental restraint system)
- TPMS (tire pressure monitoring system)
- Transmission (blinking) (automatic transmission)
- Low temperature
- ABS (anti-lock brake system)

On/Off Indicators

- Door/Trunk open:
  Close door(s) / trunk
- High temperature:
  Drive slowly or pull over
- Low tire pressure:
  Add air
- Message indicator:
  See MID
- Low fuel:
  Refill

Condition Indicators
Action is needed by driver

- BRAKE
  Parking brake on:
  Release
- Seat belt reminder:
  Fasten seat belt(s)

- PASSENGER AIRBAG OFF (next to multi-information display)
- SIDE AIRBAG OFF
- VSA OFF
- CRUISE CONTROL on
- CRUISE MAIN on
- ECON on

- Immobilizer
  Flashes: improperly coded key; use correct key
  1st detent: parking lights on
  2nd detent: headlights on
  Turn signals/hazards on
- High beams on
Turning the ECON Mode On/Off

Helps you further maximize your fuel economy by modifying some vehicle functions.

1. Press **ECON**.

2. The **ECON** mode indicator comes on.

3. Check the multi-information display for the system status.

4. Press **ECON** again to turn the system off.

AMBIENT METER

Indicates instant fuel efficiency using color-coded bars.

**Ambient Meter Color-Coded Bars**

- **High fuel efficiency**
- **Moderate fuel efficiency**
- **Low fuel efficiency**

TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle’s tire pressures.

**How It Works**

- Each tire valve stem contains a TPMS sensor.
- When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.
- If a message also appears on the multi-information display, there may be a problem with the system. See your dealer.

**What to Do**

1. **Visually inspect** the tires for damage.
2. **Use** a tire air pressure gauge to check which tire(s) have low pressure.
3. **Inflate** the tire(s), if necessary, to the recommended pressures listed on the label on the driver’s doorjamb.
MULTI-INFORMATION DISPLAY (MID)

Accessing the MID

Press the INFO button to change main displays.

Sub-displays

Press the SEL/RESET button to change sub-displays.

Steering Wheel Controls

(+): Press to scroll upward.
(-): Press to scroll downward.
(△): Press to go back to the previous display.
(▶): Press to go to the next display.
SOURCE: Press to enter your selection.
Display/Information Button: Change main displays.
MENU: Press to go to “Vehicle Menu” for customization and other settings.

Trip B
Clock
iPod® OR USB FLASH DRIVE

Play audio files from your compatible iPod or USB flash drive through your vehicle’s audio system.

Connecting Devices and Playing Audio Files

1. **Pull out** the USB adapter cable from the center console.
2. **Connect** the USB connector to your iPod dock connector or flash drive.
3. **Press** SOURCE or AUX until iPod or USB mode appears. Audio begins to play.
4. **Press** the (↑) or (↓) buttons to change tracks, or use the (◁) or (▷) buttons on the steering wheel.

---

Owner Link allows you to explore features and technologies specific to your vehicle, schedule service appointments, obtain and update maintenance and service records, manage your financial services account, and access other useful information. Register at www.owners.honda.com to ensure that you continue to enjoy the experience of owning a Honda.
SAFETY REMINDER

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger’s seat as the force of a deploying airbag can seriously injure an infant.

FUEL RECOMMENDATION

• Only use unleaded gasoline of 87 octane or higher.
• Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle’s performance, fuel economy, and the emissions control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under warranty.
• “TOP TIER Detergent Gasoline” meets a new gasoline standard jointly established by leading automotive manufacturers to meet the needs of today’s advanced engines. In most cases, qualifying gasoline retailers will identify their gasoline as having met “TOP TIER Detergent Gasoline” standards at the retail location. This fuel is guaranteed to contain the proper level of detergent additives and be free of metallic additives. This helps avoid build-up of deposits in your engine and emission control system. Because the level of detergency and harmful metallic additives (such as MMT) in gasoline vary in the market, Honda endorses the use of “TOP TIER Detergent Gasoline” where available to help maintain the performance and reliability of your vehicle. For more information, visit www.toptiergas.com.
• For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at www.owners.honda.com.
