The Technology Reference Guide is designed to help you get acquainted with your new Honda and provide basic instructions on some of its technology and convenience features. This guide covers the Civic Coupe EX, EX-L, and Si with Navigation trim levels.

This guide is not intended as a substitute for the Owner’s Manual. For complete information on vehicle controls and operation, please refer to the respective sections in the Owner’s Manual.

Program how and when the vehicle doors automatically lock and unlock.

### Default Lock Setting

The doors are preset to lock when your vehicle reaches about 10 mph.

### Default Unlock Setting

Only the driver's door is preset to unlock when you:
- **Shift** into Park (P) for automatic transmission vehicles.
- **Turn** the ignition switch to LOCK (0) for manual transmission vehicles.

### Programming the Auto Door Unlock Setting

1. **Press** the (+/-) buttons on the steering wheel to scroll through the menu options.
2. **Select** Customize Settings.
3. **Select** Door Setup.
4. **Select** Auto Door Unlock.
5. **Select** All Doors with Shift to P*.
6. **Press** MENU to exit.

### Programmable Auto Door Lock/Unlock Settings

Below are the options you can choose. See Auto Door Locking/Unlocking in your owner's manual for instructions on programming these settings.

*IGN OFF for manual transmission vehicles
INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information.

Malfunction Indicators
If an indicator remains on, there may be a problem; see your dealer

- Charging system
- EPS (electric power steering)
- Low brake fluid, Brake system
- Malfunction indicator lamp (check engine light)
- Low oil pressure
- VSA® (vehicle stability assist)
- SRS (supplemental restraint system)
- TPMS (tire pressure monitoring system)
- Transmission (blinking) (automatic transmission)
- Low temperature
- ABS (anti-lock brake system)

Condition Indicators
Action is needed by driver

- Parking brake on: Release
- Seat belt reminder: Fasten seat belt(s)

On/Off Indicators

- PASSENGER AIRBAG OFF (next to multi-information display)
- SIDE AIRBAG OFF
- VSA OFF
- CRUISE CONTROL on
- CRUISE MAIN on
- ECON on*

- Door/Trunk open: Close door(s) / trunk
- High temperature: Drive slowly or pull over
- Low tire pressure: Add air
- Message indicator: See MID
- Immobilizer Flashes: improperly coded key; use correct key
- Low fuel: Refill
- Fog lights on
- High beams on

* not on Si
ECON BUTTON*

When turned on, the vehicle's engine performance, transmission, and air conditioning system are adjusted for maximum fuel economy.

Turning the ECON Mode On/Off

Helps you further maximize your fuel economy by modifying some vehicle functions.

1. Press ECON.
2. The ECON mode indicator comes on.
3. Check the multi-information display for the system status.
4. Press ECON again to turn the system off.

TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle’s tire pressures.

How It Works

Each tire valve stem contains a TPMS sensor.

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on.

If a message also appears on the multi-information display, there may be a problem with the system. See your dealer.

What to Do

1. Visually inspect the tires for damage.
2. Use a tire air pressure gauge to check which tire(s) have low pressure.
3. Inflate the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.
## MULTI-INFORMATION DISPLAY (MID)

### Accessing the MID

Press the INFO button to change main displays.

### Main Displays

- **Main display**
- **Power monitor** (Si only)
- **Clock** (or wallpaper)
- **Trip computer**
- **Audio display** (or Phone display during call)

A warning or indicator message may appear as necessary. Press the INFO button to clear it.

### Sub-displays

Press the SEL/RESET button to change sub-displays.

### Steering Wheel Controls

- **(+) Button:** Press to scroll upward.
- **(◁◁ Button:** Press to go back to the previous display.
- **(-) Button:** Press to scroll downward.

**Display/Information Button:** Change main displays.

**SOURCE Button:** Press to enter your selection.

**(▶) Button:** Press to go to the next display.

**MENU Button:** Press to go to “Vehicle Menu” for customization and other settings.

### Consists of several displays that provide you with useful information.
To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, and audio. For a full list of commands, say "Information" and "Voice Info."

**Voice Command Tips**

- **Press and release** the Talk button, wait for a beep, then give a command.
- All available voice commands are highlighted in blue when you press the Talk button.
- For a list of available commands, press and release the Talk button and say "Help" at any time.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.
- The system also uses a touch screen display. You can select options or icons by touching them on the screen.

**Key Functions by Voice Command**

Control three different systems with the steering wheel buttons and the ceiling microphone.

To prevent driver distraction, certain manual and touch screen functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

**Pick-Up button:** Answer an incoming call, or go directly to the Phone screen.

**Hang-Up/Back button:** End a call, decline an incoming call, or cancel a selection.

**Talk button:** Give navigation, HFL, or audio commands.
### Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the Talk button before you give a command.

**Locate Points of Interest**

**Say** a command like *“Display restaurant”* to see restaurant icons appear on the map.

**Say** a command like *“Display gas station”* to see gas station icons appear on the map.

Press and release the Talk button before you give a command.

**Get Navigation Route Information**

After a destination is entered, say *“How far to destination?”* to hear the remaining distance.

**Say** “Display entire route” to see the routing method the system mapped for your destination.

Press and release the Talk button before you give a command.

**Make Audio Selections**

**Say** a command like *“Radio 97.1 FM”* to select that station.

**Say** a command like *“Disc play track 1”* to hear that song on a currently inserted CD.

**Say** a command like *“USB play”* to begin playing audio files from a connected flash memory device.

**Say** a command like *“Bluetooth audio play”* to begin playing audio from a paired phone (see page 20).
Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

**Press and release the Talk button before you give a command.**

### General Commands
(Accepted on most screens to change displays)
- Display map
- Display menu
- Display information
- Display audio
- What time is it?
- Next/previous (to change tabs)
- Left/right (to change tabs)
- Up/down (to scroll lists up to three pages)

### Find Place Commands
(Accepted on Map screen)
- Find nearest:
  - ATM
  - gas station
  - Mexican restaurant
  - hospital
  - bank
  - post office

### Navigation Commands
(Accepted on Map screen)
- How long/far to destination?
- Display destination
- Display entire route

### Display Commands
(Accepted on Map screen)
- Display/Hide:
  - ATM
  - gas station
  - restaurant
  - post office
  - Display north up/heading up
  - Zoom in/out
  - Go home
  - Display current location

### Audio Commands
(Accepted on most screens)
- Audio on
- Radio # FM/AM
- Radio preset 1/2/3/4/5/6
- DISC/USB/iPod play
- DISC/USB/iPod skip forward/back
- Auxiliary (AUX) play

### Phone Commands
(Accepted on Phone screen)
- Dial
- Speed Dial 1 (or 2)
- Redial
- Phonebook
- Phone setup
  (Accepted on any screen)
- Dial by number
- Dial by voice tag

### Setup Commands
(Accepted on Setup screen)
- Brightness up/down
- Volume up/down/min/max/off
- Guidance prompts
  min/max/normal

### Help Commands
(Accepted on most screens)
- Help (list of available commands for current screen)
- Voice command help - from INFO screen (list of all available navigation and audio commands)
NAVIGATION

Entering a Destination

Using Voice Control

Press and release the Talk button before you give a command.

1. Say “Display menu” and “Address.”

2. Say “Street,” then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).

3. A list of street names appears. Say the number next to the street you want to select.

4. Say the entire street address number, followed by “OK,” if necessary. For example, “1-2-3-4 OK.”

5. If the street address is in more than one city, a list of city names appears. Say the number next to the city you want to select.

6. The system calculates the route and displays the “Calculate route to” screen. Say “Set as destination” to set the route.

NOTE: If menu options are grayed out, they are only available using voice commands. It is recommended that you enter your destination before driving or when the vehicle is stopped.

Using the Find Nearest Command

Try these simple steps to find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. Say “Find nearest ATM.”

2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.

3. Say the number next to the destination you want to select.

4. The system calculates the route and displays the “Calculate route to” screen. Say “Set as destination” to set the route.

Map Screen

Legend

- Calculated route
- Direction of destination
- Distance to go
- Time to go
- Current vehicle location
**Turn-by-Turn Directions**

Shows a more detailed view of the next maneuvers during route guidance on the multi-information display. See your Owner’s Manual for instructions on how to turn this feature on or off.

**FM Traffic**

Provides continuously updated information, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you give a command.

**Displaying Traffic Information**

Say “Display traffic”* to view highway flow data.

* You can also display this information manually using the Map menu.

**Traffic Icons:**

- Heavy traffic
- Moderate traffic
- Incident
- Road closed
- Construction
- Weather

**Traffic Rerouting**

The system can automatically provide detours around traffic incidents.

1. **Say** “Display traffic incidents” to view a list of incidents in your area.
2. **Say** “On route” to view specific incidents on your route.
3. **Say** the number of the incident you wish to avoid, and say “Avoid.”
4. The system notifies you that your route has been changed.

*You can also display this information manually using the Map menu.*
**How to Use HFL**

**Pick-Up button:** Answer an incoming call, or go directly to the Phone screen.

**Hang-Up/Back button:** End a call, decline an incoming call, or cancel a selection.

**Talk button:** Give HFL commands.

---

**Pairing Your Phone**

You can only pair your Bluetooth-compatible phone when the vehicle is stopped. Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to access the Phone screen. A prompt appears. **Say** “Yes.”

2. Make sure your phone is in discovery mode, and **say** “OK.”

3. **HFL** searches for your phone. **Select** it when it appears on the list. **Go** to step 4.

4. **HFL** gives you a four-digit code. **Enter** it on your phone when prompted. **Select** OK to complete.

**NOTE:** To pair another phone to HFL (or if the prompts do not appear), you must use the Phone Setup menu. See your Owner’s Manual for pairing instructions.

---

**Dialing a Number**

Enter a 10-digit phone number to call.

Press and release the Talk button before you give a command.

1. **Press** the Pick-Up button to go to the Phone screen.

2. **Say** “Dial.”

3. **Say** the entire phone number, then say “Dial” to call.

4. The call is connected and heard through the vehicle speakers.

---

**Receiving a Call**

1. A notification is heard and the incoming phone number appears on the navigation screen.

2. **Press** the Pick-Up button to accept the call.

3. **Press** the Hang-Up button to end or decline the call.
Using the Phonebook

When your phone is paired, its entire phonebook is automatically imported to the system.

Press and release the Talk button before you give a command.

1. Press the Pick-Up button to go to the Phone screen.
2. Say “Phonebook.”
3. Scroll through the list to find the name and number you want to call. Say “Dial,” or press the Pick-Up button to call.
4. The call is connected and heard through the vehicle speakers.

Using Speed Dial

Up to 15 numbers can be stored with voice tags (see your Owner’s Manual for instructions).

Press and release the Talk button before you give a command.

1. Press the Pick-Up button to go to the Phone screen.
2. Say “Speed Dial 1” (or “Speed Dial 2”).
3. Say “Dial!” and the number next to the entry. Or, say “Dial” and the stored voice tag name.
4. The call is connected and heard through the vehicle speakers.

iPod® OR USB FLASH DRIVE

Play audio files from your compatible iPod or USB flash drive through your vehicle’s audio system.

Connecting Devices and Playing Audio Files

1. Pull out the USB adapter cable from the center console.
2. Connect the USB connector to your iPod dock connector or flash drive.
3. Press SOURCE or CD/XM until iPod or USB mode appears. Audio begins to play.
4. Press the ( slut or ( slut buttons to change tracks, or use the ( slut or ( slut buttons on the steering wheel.

iPod is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPod not included.
**BLUETOOTH® AUDIO**

Play stored or streaming audio from your compatible phone through your vehicle’s audio system. Visit handsfreelink.honda.com to check if this feature is available on your phone.

**Playing Bluetooth Audio Files**

1. Make sure your phone is on and paired to HandsFreeLink (see page 20).
2. Press SOURCE or CD/XM until Bluetooth Audio mode appears.
3. Press “play” on your phone; sound is redirected to the audio system.
4. Press the ( Phật ) or ( ฺิ้ ) buttons to change tracks, or use the ( ฺิ่ ) or ( ฺิั ) buttons on the steering wheel.

**Notes:**
- Make sure the volume on your phone is properly adjusted.
- You may need to enable additional Bluetooth settings on your phone for playback.

*not supported on all phones

**OWNER LINK**

Owner Link allows you to explore features and technologies specific to your vehicle, schedule service appointments, obtain and update maintenance and service records, manage your financial services account, and access other useful information. Register at www.owners.honda.com to ensure that you continue to enjoy the experience of owning a Honda.
SAFETY REMINDER

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passengers wear seat belts, and that young children are properly secured in a child seat or booster in the rear seat. Never place an infant seat in the front passenger’s seat as the force of a deploying airbag can seriously injure an infant.

FUEL RECOMMENDATION

• Only use unleaded gasoline of 87 octane or higher. For Civic Si models, unleaded gasoline of 91 octane or higher is required.

• Some gasoline in North America contains MMT, a manganese-based fuel additive. Prolonged and consistent use of gasoline containing MMT can deteriorate your vehicle’s performance, fuel economy, and the emissions control system. Always use MMT-free gasoline if available. Failures caused by use of gasoline containing MMT may not be covered under warranty.

• “TOP TIER Detergent Gasoline” meets a new gasoline standard jointly established by leading automotive manufacturers to meet the needs of today’s advanced engines. In most cases, qualifying gasoline retailers will identify their gasoline as having met “TOP TIER Detergent Gasoline” standards at the retail location. This fuel is guaranteed to contain the proper level of detergent additives and be free of metallic additives. This helps avoid build-up of deposits in your engine and emission control system. Because the level of detergency and harmful metallic additives (such as MMT) in gasoline vary in the market, Honda endorses the use of “TOP TIER Detergent Gasoline” where available to help maintain the performance and reliability of your vehicle. For more information, visit www.toptiergas.com.

• For further important information on fuel and lubricants for your car and information on gasoline that does not contain MMT, contact your dealer or visit Owner Link at www.owners.honda.com.
