TECHNOLOGY REFERENCE GUIDE

The Technology Reference Guide is designed to help you get acquainted with your new Honda and provide basic instructions on some of its technology and convenience features.

This guide is not intended to be a substitute for the Owner's Manual. For more detailed information on vehicle controls and operation, please refer to the respective sections in the Owner's Manual or Navigation Manual.

As with the Owner's Manual, this guide covers all trims of the CR-Z. Therefore, you may find descriptions of equipment and features that are not on your particular vehicle.

AUTO DOOR LOCKS

Program how and when the vehicle doors automatically lock and unlock.

Default Lock/Unlock Setting

Default Lock Setting

All doors and hatch are preset to lock when your vehicle reaches about 10 mph.

Default Unlock Setting

Only the driver's door and hatch are preset to unlock when you shift into Park (P)*.

*In manual transmission vehicles, when you turn the ignition to LOCK (0).

Programmable Auto Door Lock/Unlock Settings

Below are the different programmable options you can choose. See your Owner's Manual for additional instructions on programming these settings.

AUTO DOOR LOCK

Auto Lock

Auto Unlock (only driver's

door and

hatch)

Operate manually

Modifying the Auto Door Unlock Setting

Press either Info (▲/▼) button to toggle to the "Customize Settings" display on the MID, then press SEL/RESET to activate the menu.

I. Select CHG SETTING.

2. Select DOOR SETUP.

3. Select AUTO DOOR UNLOCK.

4. **Select** SHIFT TO P (or IGN OFF for manual transmission).

Select ALL DOORS.

6. Select EXIT to save the setting and exit the menu.

FIIFI FILL DOOR

Easy-to-open fuel door keeps your fuel cap covered.

Opening and Closing the Fuel Fill Door

To open, push and release the fuel door in the area shown until you hear a click and it pops open.

To close, **push** the fuel door flush with the body.

^{*} Does not apply to manual transmission vehicles.

INSTRUMENT PANEL INDICATORS

Briefly appear with each engine start. Red and amber indicators are most critical. Blue and green indicators are used for general information. See your Owner's Manual for more information.

Malfunction Indicators If an indicator remains on, there may be a problem; see a dealer

ABS (anti-lock brake system)

Low engine temperature (stays on)

Condition Indicators Action is needed by driver

Parking brake on: Release

Seat belt reminder: Fasten seat belt(s)

Low fuel:

Immobilizer (blinks): Use other vehicle key

MULTI-INFORMATION DISPLAY (MID)

Accessing the Multi-Information Display To toggle between the MID When you start the engine, the displays: MID shows the main display. • Press either Info button (\triangle/∇) for the main displays. • Press SEL/RESET for the 73°F sub-displays. SEL/RESET 002300 miles **Button** Info **Buttons**

Consists of several displays that provide you with useful information.

TIRE PRESSURE MONITORING SYSTEM (TPMS)

Monitors the vehicle's tire pressures.

How It Works

When the tire pressure drops significantly below recommended levels, the low tire pressure indicator comes on and CHECK TIRE PRESSURE appears on the MID.

If there is a problem with the system, CHECK TPMS SYSTEM appears on the MID. See a dealer.

What to Do

- I. Visually inspect the tires for damage.
- 2. Use a tire air pressure gauge to check which tire(s) have low pressure.

3. Inflate the tire(s), if necessary, to the recommended pressures listed on the label on the driver's doorjamb.

PADDLE SHIFTING*

While in the D position, 7-Speed Manual Shift Mode allows you to manually shift your vehicle's speeds up or down. Useful for engine braking or when driving in hilly terrain or cornering.

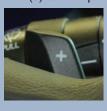

Paddle Modes

Pull (-) to shift down.

Pull (+) to shift up.

NORMAL or ECON Mode

- **Pull** (+) or (-) to temporarily switch from automatic to manual shift mode.
- The speed number is displayed on the shift indicator display.
- When the vehicle's speed is constant, the mode returns to automatic.

SPORT Mode

- Pull (+) or (-) to switch to manual shift mode.
- The M indicator and speed number are displayed on the shift indicator display.
- Pull (+) or (-) to change transmission speeds.
- Pull and hold (+) to cancel this mode.

L (Low) Mode

- Pull and hold (+) and (-) at the same time until L is displayed on the shift indicator display.
- Use this mode to get higher torque when climbing steep hills.
- Pull and hold again to cancel this mode.

*in automatic transmission vehicles

3-MODE DRIVE SYSTEM

Select one of three different modes of driving styles.

Driving Modes

When a mode is selected, a message briefly appears on the MID and the mode indicator turns on.

Sport Mode

- Enhanced steering, handling, and performance response.
- · Reduced fuel economy.
- Ambient meter turns red.

P SPORT R D

Normal Mode

- Achieves the best balance of driving performance and fuel economy.
- This is the default mode at engine start.
- Ambient meter changes from blue to green.

Fonn Mode

- Fuel economy is prioritized over engine response and climate control.
- Ambient meter changes from blue to green.

PLUS SPORT SYSTEM

Helps the vehicle briefly accelerate by increasing power and electric motor assist when you depress the gas pedal. Works in any driving mode.

How It Works

When the vehicle speed is over 20 mph and the IMA battery charge level shows at least four segments, the Plus Sport System indicator appears. The system is now ready for activation.

Activating the System

I. When the Plus Sport System indicator is on, **press** the S+ button.

2. S+ begins to blink. **Depress** the gas pedal to activate the system.

S+ blinks, READY disappears, and the ambient meter turns red when the system is in operation.

4. To cancel the system during operation, **release** the gas pedal or **press** the S+ button again.

ECO ASSIST™

Provides real-time feedback on your driving style so you can learn how to maximize fuel efficiency. It consists of the Ecological Drive Display (on the MID), Ambient Meter, ECON Mode button, and ECON indicator.

Activating the ECON Mode

I. Press the ECON mode button.

2. The **ECON** mode indicator comes on.

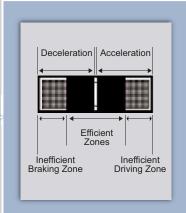

4. **Press** either INFO (▲/▼) button and toggle to the Ecological Drive Display.

Note: When turned on, performance of the vehicle's engine, transmission, cruise control, and air conditioning system are adjusted to achieve maximum fuel efficiency.

Driver Feedback

	Real-time Fuel E	fficiency Coach	
Driving Style	Eco Drive Bar (on the MID)	Ambient Meter Background Color Changes	Fuel Efficiency
Smooth, steady acceleration maximizes fuel efficiency		CEO .	High
Smooth, steady deceleration maximizes fuel efficiency		٥	
Moderate acceleration		FO	
Moderate deceleration			
Rapid acceleration lowers fuel efficiency		FD	
Rapid deceleration lowers fuel efficiency			Low

- Keep the Eco Drive bar near the center.
 Keep the Ambient Meter at GREEN.
- Develop a driving style that maximizes fuel efficiency.

NORMAL/ECON mode shown

ECO Assist Scoring

Monitors the fuel efficiency of your driving style in real time and converts results into leaves, which are displayed in a series of five "plant" icons on the MID.

Once you start your vehicle, make sure the MID shows the Ecological Drive Display on the display to view your Eco Assist score in real time.

As you drive, you earn leaves if you drive in a fuel-efficient manner, or lose them if you drive inefficiently.

When you turn the ignition off, your drive cycle and lifetime score are displayed on the MID.

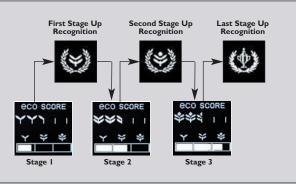

Eco Score

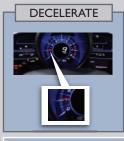

Each time you reach a new stage, a Stage Up Recognition icon briefly appears on the MID. When you reach the highest ranking, a trophy icon briefly appears.

Auto Idle Stop

Shuts the engine off at a stop to maximize fuel efficiency. Idle stop occurrence and duration varies depending on the selected drive mode, ambient conditions, and IMA battery condition. See your Owner's Manual for more information.

How It Works

AUTOMATIC TRANSMISSION

While driving, the engine is on.

At a stop with the brake pedal pressed, the engine turns off.

When you take your foot off the brake pedal, the engine turns back on.

Note: Auto Idle Stop only functions if you come to a stop while driving with the transmission in D or N position.

MANUAL TRANSMISSION

While driving, the engine is on.

At a stop with the brake pedal pressed and the transmission in neutral, the engine turns off. When you take your foot off the brake pedal and fully depress the clutch, the engine turns back on.

IMA Gauge

Shows when the IMA motor is assisting the engine or charging the battery.

Note: IMA assist may not operate in extreme temperatures, or if the battery is low on charge.

REARVIEW CAMERA (models without navigation)

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the rearview mirror, along with helpful parking guide lines.
- The display turns off when you shift out of Reverse.
- Press and hold the power button for 3 seconds to turn the guide lines off.
 Repeat to turn back on.

MULTI-VIEW REAR CAMERA (models with navigation)

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the navigation display.
- The rearview display turns off when you shift out of Reverse.

Parking Guide Lines

- Yellow parking guide lines also appear to help you judge distance. They can be turned on or off.
- Press and hold CANCEL until the guide lines turn on or off. They remain off until you turn them on again.

Switching Views

There are three rearview modes: wide (default view), normal, and top down.

- **Select** the corresponding icon to change views.
- Press ZOOM (▲) or (▼) to adjust the screen brightness.

Normal

Top down

VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, audio, and climate control. For a full list of all system commands, **say** "Display information" and "Voice Info."

Key Functions by Voice Command

Control four different systems with the steering wheel buttons and the ceiling microphone.

To reduce the potential for driver distraction, certain manual and touchscreen functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

Pick-Up button: Answer an incoming call, or go directly to the Phone screen.

Talk button: Give navigation, HFL, — audio, and climate control commands.

Hang-Up button: End a call or decline - a call.

Back button: Cancel a command or return to the previous screen.

Voice Command Tips

- Press and release the Talk button, wait for a beep, then say a command.
- All available voice commands are highlighted in blue when you press the Talk button
- For a list of available commands, press and release the Talk button and say "Helb."
- Speak in a clear, natural voice.
- · Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- · Close the windows.
- The system also uses a touchscreen display. You can select options by touching them on the screen. This is limited while the vehicle is moving.

Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

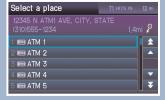

Press and release the Talk button before you say a command.

General Commands (Accepted on most screens to change displays)

- Display map
- Display menu
- Display information
- Display audio
- What time is it?
- Next/previous (to change pages)
- Left/right (to change tabs)
- Up/down (to scroll lists up to three pages)

Find Place Commands (Accepted on Map screen)

- Find nearest:
- ATM
- Honda dealer
- gas station airport
- Mexican - hospital restaurant - bank
- post office

DEST Menu1 DEST Heru2

Place Name

Place Category

Navigation Commands (Accepted on Map screen)

- How long/far to the destination?
- Display destination map
- Display entire route

Display Commands (Accepted on Map screen)

- Display/Hide:
- ATM
- gas station
- restaurant
- post office
- · Display north up/heading up
- Zoom in/out
- Go home
- Display current location

Press and release the Talk button before you say a command.

Audio Commands (Accepted on most screens)

- Radio on
- Radio # FM/AM
- Radio preset 1/2/3/4/5/6
- DISC/USB/iPod playDISC/USB/iPod skip forward/back
- Auxiliary (AUX) play

Phone Commands (Accepted on Phone screen)

- Dial
- Speed Dial I (or 2)
- Redial
- Phonebook
- Phone setup

(Accepted on any screen)

- Dial by number
- Dial by voice tag

Climate Control Commands (Accepted on most screens)

- Air conditioner on/off
- Rear defrost on/off
- Climate control recirculate/ fresh air
- Fan speed up/down
- Temperature # degrees (# = 57-87)
- Temperature max hot/cold

Helo Commands (Accepted on most screens)

- Help (list of available commands for current screen)
- Voice info from INFO screen (list of all available commands by category)

NAVIGATION (if equipped)

Entering a Destination Using Voice Commands

Set a destination using a street address. For other destination options, see your Navigation Manual.

Press and release the Talk button before you say a command.

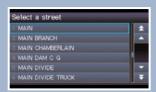

1. Say "Display menu." Say "Address."

 Say "Street," then say the street name on the next screen. Do not include the direction (N, S, E,W) or type (St., Ave., Blvd., etc.).

3. A list of street names appears. **Say** the number next to the street you want to select.

 Say the entire street address number. For example, "1-2-3-4." If necessary, say "OK" to proceed.

5. If the street address is in more than one city, a list of city names appears. **Say** the number next to the city you want to select.

 The system displays the "Calculate route to" screen. Say "Set as destination" to set the route.

Note: If menu options are grayed out, they are only available using voice commands. It is recommended that you enter your destination before driving or when the vehicle is stopped.

Real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination.

Using the "Find Nearest" Command

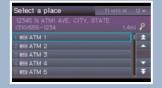

Find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you say a command.

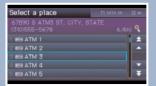

1. From the map screen, say "Find nearest ATM."

 A list of the nearest ATMs in your area is displayed by shortest distance to destination.

3. **Say** the number next to the destination you want to select.

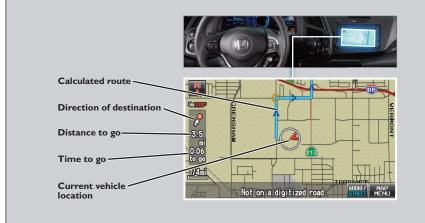

4. The system displays the "Calculate route to" screen.

Say "Set as destination" to set the route.

Map Screen Legend

22)

FM Traffic

Provides continuously updated information, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you say a command.

Displaying Traffic Information

Say "Display traffic" to view highway flow data.

Heavy traffic

Moderate traffic

Note: Traffic flow and incident icons are only displayed on map scales of 5 miles (8 km) or less.

nt

Noad closed

Construction

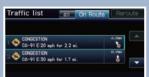

Weather

Traffic Rerouting

When a destination is already set, you can create a detour to avoid traffic incidents or congestion.

 Say "Display traffic list" to view a list of incidents on your route.

2. **Say** the number of the incident you want to avoid. When the incident appears, **say** "Traffic detail."

3. **Say** "Avoid," and the incident list returns.

4. **Say** "Reroute" to set the new route.

BLUETOOTH HANDSFREELINK (models without navigation)

Make and receive phone calls through your vehicle's audio system. Visit handsfreelink.honda.com to check if your phone is Bluetooth-compatible.

How to Use HFL

HFL Talk button: Give HFL commands or answer incoming calls.

HFL Back button: End a call, go back to the previous command, or cancel an operation.

Pairing Your Phone

You can pair your phone only when your vehicle is stopped.

Press and release the HFL Talk button before you say a command.

- I. **Enable** discovery mode on your compatible phone.
- 2. If no phone has been paired before, the system gives you instructions.

If you are pairing an additional phone, say "Phone setup," then say "Pair."

3. HFL gives you a four-digit code that appears on the MID.

PAIR 0000 Search for HandsFreeLink from your phone, and enter the code when prompted. Connect to HFL.

5. HFL asks you to name the phone. For example, **say** "*Mary's phone*." The phone is now added.

24) (25)

Press and release the HFL Talk button before you say a command.

1. **Say** "Call" or "Dial" and the desired phone number.

2. **Say** "Call" or "Dial" to continue.

3. The call is connected and heard through the vehicle's speakers.

HFL Phonebook

Store up to 50 names and their phone numbers, which can be used as speed dials.

Press and release the HFL Talk button before you say a command.

1. Say "Phonebook."

2. Say "Store."

3. **Say** the name of the contact, and then the phone number.

4. To call a contact once an entry is stored, **say** "Call Mike."

Receiving a Call

A notification is heard and the incoming phone number appears on the MID.

Press the HFL Talk button to accept the call.

Press the HFL Back button to end or decline the call.

BLUETOOTH ANDSFREELINK (models with navigation)

Make and receive phone calls through your vehicle's audio system. Visit handsfreelink.honda.com to check if your phone is compatible.

To reduce the potential for driver distraction, certain manual and touch screen functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

How to Use HFL

Pick-Up button: Answer an incoming call, or go directly to the Phone screen.

Talk button: Give HFL commands. -

Hang-Up button: End a call or decline a call.

Back button: Cancel a command or return to the previous screen.

Pairing Your Phone

Use this pairing method when no phone has ever been paired to the system. You can pair your compatible phone only when the vehicle is stopped.

Press and release the Talk button before you say a command.

 Press the Pick-Up button to go to the Phone screen. A prompt appears. Say "Yes."

2. Make sure your phone is in discovery mode, and say "OK."

3. HFL searches for your phone. **Say** the number next to the phone when it appears on the list.

If your phone does not appear:

Say "Find Another Phone" and search for a HandsFreeLink device from your phone.
Connect to HFL.

 HFL gives you a four-digit code.
 Enter it on your phone when prompted. The phone is now paired.

Pairing Your Phone (continued)

Use this pairing method when a phone has already been paired to the system, or when you want to pair an additional phone.

Press and release the Talk button before you say a command.

1. **Press** the Pick-Up button to go to the Phone screen.

If a prompt appears asking to connect to a phone, say "No."

2. Say "Phone setup."

3. Say "Add a new phone."

4. Say "Search."

5. Make sure your phone is in discovery mode, and say "OK."

6. HFL searches for your phone. **Say** the number next to the phone when it appears on the list.

If your phone does not appear: Say "Find Another Phone" and search for HandsFreeLink from your phone. Connect to HFL.

 HFL gives you a four-digit code. Enter it on your phone when prompted. The phone is now paired.

Dialing a Number

Enter a 10-digit phone number to call.

Press and release the Talk button before you say a command.

1. **Press** the Pick-Up button to go to the Phone screen.

2. Say "Dial."

3. **Say** the entire phone number, then **say** "Dial" to call.

4. The call is connected and heard through the vehicle speakers.

Receiving a Call

A notification is heard and the following screen appears:

Press the Pick-Up button to accept the call.

Press the Hang-Up button to end or decline the call.

Using the Phonebook

When your phone is paired, its entire phonebook is automatically imported to the system.

Press and release the Talk button before you say a command.

1. **Press** the Pick-Up button to go to the Phone screen.

2. Say "Phonebook."

3. **Scroll** through the list to find the name and number you want to call. **Say** "Dial," or **press** the Pick-Up button to call.

4. The call is connected and heard through the vehicle speakers.

Using Speed Dial

Store up to 15 numbers for quick calling. See your Navigation Manual for instructions on storing voice tags.

Press and release the Talk button before you say a command.

1. **Press** the Pick-Up button to go to the Phone screen.

Say "Speed Dial 1" (or "Speed Dial 2") and the number next to the entry. For example, "One." Say "Call," or press the Pick-Up button to call.

If an entry has a stored voice tag, say "Dial by voice tag," followed by the voice tag name and "Dial" from any screen.

3. The call is connected and heard through the vehicle speakers.

Hang-Up

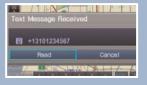

SMS TEXT MESSAGING (models with navigation)

Receive and send text messages from your paired and linked compatible phone. Visit handsfreelink.honda.com to see if this feature is compatible on your phone. Standard message rates apply. This feature is limited while the vehicle is moving.

Receiving Text Messages

Press and release the Talk button before you say a command.

I. A notification appears on the navigation screen when you receive a text message.

Say "Read" to open the message. The message is displayed, and the system reads it aloud.

Displaying Messages

Press and release the Talk button before you say a command.

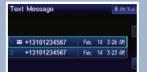

I. **Press** the Pick-Up button to go to the Phone screen.

Say "Text Message." The 20 most recent text messages from your phone are displayed.

Say the number next to the message you want. The message is displayed, and the system reads it aloud.

Replying to Text Messages

Press and release the Talk button before you say a command.

I. With the message open, say "Reply."

2. **Say** the corresponding number of one of the six available reply messages.

3. **Say** "Send" to send the message.

4. A notification appears after the message is sent.

Calling the Sender

Press and release the Talk button before you say a command.

1. With the message open, say "Call."

2. HFL begins dialing the number.

iPod® OR USB FLASH DRIVE

Play audio files from your compatible iPod or USB flash drive through your vehicle's audio system.

Connecting Devices and Playing Audio

1. **Pull out** the USB adapter cable from the front console.

Connect the USB adapter cable to your iPod dock connector or flash drive.

Press AUX or CD/AUX until iPod or USB mode appears. Audio begins to play.

3. **Press** (⋈) (⋈) or (+) (-) to change tracks.

Note: Connect your device only when your vehicle is stopped.

Model with navigation shown iPod is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries. iPod not included.

BLUETOOTH® AUDIO (models with navigation)

Play stored or streaming audio files from your compatible phone through your vehicle's audio system. Visit *handsfreelink.honda.com* to check if this feature is available on your phone.

Playing Bluetooth Audio

- Make sure your phone is on and paired to Bluetooth® HandsFreeLink® (see page 28).
- 2. **Press** CD/AUX until *Bluetooth* Audio mode appears.

Make sure the volume on your phone is properly adjusted.

4. **Press** (₩) (₩) or (+) (-) to change tracks.

Notes:

- You may need to enable additional Bluetooth settings on your phone for playback.
- Remote audio controls and the play/pause function may not be supported on all phones.
- Operate your phone only when your vehicle is stopped.

PANDORA® (models with navigation)

Play and operate Pandora streaming radio from your iPhone® through your vehicle's audio system. Standard data rates apply.

Playing Bluetooth Audio

I. Pull out the USB adapter cable from the front console. Connect your phone using a USB dock connector.

2. Open Pandora from your phone. Press CD/AUX until Pandora mode appears and streaming begins.

3. From the audio screen, select items such as Station List, Like/Dislike, and Pause/Resume.*

4. **Press** ()) or (+) to change tracks.

- If Pandora is not selected from your phone, iPod music is played.
- Press the Home button on your iPhone to switch from Pandora to iPod. To play Pandora again, you must reopen the app from your phone.
- If you cannot operate Pandora through the audio system, it may be streaming through Bluetooth® Audio. Make sure Pandora mode on your audio system is selected. If Pandora still does not operate, you may have to reconnect the cable.
- Connect your phone only when your vehicle is stopped.

*Menu functions not available on all phones iPhone is a registered trademark of Apple Computer, Inc., registered in the U.S. and other countries.

DWNER LINK

Owner Link allows you to explore features and technologies specific to your vehicle, obtain and update maintenance and service records, and access other useful information. Register at owners.honda.com to ensure that you continue to enjoy the experience of owning a Honda. For added convenience, Owner Link can also be accessed on a mobile device.

Your vehicle is equipped with airbags. Airbags do not replace seat belts; they add to the protection offered by seat belts. Airbags can help protect you in some types of collisions, but they do not provide protection in all collisions.

Always make sure you and your passenger wear seat belts.

Never carry an infant in a rear-facing child seat in this vehicle; a deploying airbag could seriously injure or kill them.

Further, the National Highway Traffic Safety Administration (NHTSA) and Transport Canada both recommend that all children age 12 and under be properly restrained in a back seat. Since this vehicle does not have a back seat, we strongly recommend that you do not carry a child aged 12 or under in this vehicle.

Honda further recommends that you do not carry any child who is not large enough or mature enough to ride in the front passenger seat for the following reasons:

- An inflating front or side airbag can injure or kill a child sitting in the front passenger seat.
- A child in the passenger seat is more likely to interfere with the driver's ability to safely control the vehicle.

FUEL RECOMMENDATION

- Only use unleaded gasoline of 87 octane or higher.
- Some gasoline in North America contains manganese-based fuel additives. Prolonged and consistent use of gasoline containing such additives can deteriorate your vehicle's performance, fuel economy, and the emissions control system. Always use gasoline without such additives if available. Failures caused by use of gasoline containing such additives may not be covered under warranty.
- For further important information on fuel and lubricants for your vehicle and information on gasoline that works best for your vehicle, contact your dealer or visit Owner Link at *owners.honda.com*.
