

Disc Player Error Messages

If you see an error message in the display while playing a disc, find the cause in the chart to the right. If you cannot clear the error message, take your vehicle to your dealer.

Indication	Cause	Solution
 DISC ERROR	FOCUS Error	Press the EJECT button, and pull out the disc. Check if it is inserted correctly in the disc player. Make sure the disc is not scratched or damaged.
 MECH ERROR	Mechanical Error	Press the EJECT button, and pull out the disc. Check the disc for damage or deformation. If the disc cannot be pulled out, or the error message does not disappear after the disc is ejected, see your dealer.
 HEAT ERROR	High temperature	Will disappear when the temperature returns to normal.

Setting the Clock

(A type)
Canadian model

(B type)
U.S. model without navigation system

Setting the Clock

To set the time, press the CLOCK (AM/FM or AM) button until you hear a beep, then release the button. The displayed time begins to blink.

Change the hour by pressing the H (preset 1) button until the numbers advance to the desired time. Change the minute by pressing the M (preset 2) button until the numbers advance to the desired time.

Press the CLOCK button again to enter the set time.

You can quickly set the time to the nearest hour. If the displayed time is before the half hour, pressing the CLOCK button until you hear a beep, then pressing the R (preset 3) button sets the clock back to the previous hour. If the displayed time is after the half hour, the clock sets forward to the beginning of the next hour.
