

Federal and California Emissions Parts List

Parts Covered for 4 years/50,000 Miles by the Emissions Warranties

NOTE: Your vehicle may not be equipped with all the parts listed. Other parts may be covered. Contact an authorized Acura automobile dealer or the Acura Client Services Office (see inside front cover) for further information.

All parts on this list are covered for a minimum of 4 years or 50,000 miles, whichever comes first. Those items identified with **7/70** are warranted for 7 years or 70,000 miles, whichever comes first, under the California Emissions Warranties. Those items identified with **8/80** are warranted for 8 years or 80,000 miles, whichever comes first, under the Federal Emissions Warranties.

Crankcase Control System

- Positive Crankcase Ventilation (PCV) valve.
- Engine oil fill cap.
- Breather chamber.

Evaporative Emissions Control System

- Evaporative emission control canister.
- Evaporative emission purge control diaphragm valve.
- Evaporative emission purge control check & relief valve.
- Fuel fill neck restrictor.
- Fuel tank rollover and float valve.
- Fuel tank. **7/70**
- Fuel fill pipe and cap.
- Fuel tank evaporative emission valve.

- Evaporative emission purge control solenoid valve.
- Evaporative emission two-way valve.
- ORVR vent shut valve.
- Fuel tank pressure sensor.
- Evaporative emission control canister vent shut valve.
- Evaporative emission bypass solenoid valve.
- ORVR vapor recirculation tube.

Exhaust Gas Recirculation (EGR) System

- EGR vacuum control valve.
- EGR control solenoid valve.
- EGR valve.
- EGR valve lift sensor.

Exhaust System

- Three-way catalytic converter. **8/80**
- Exhaust manifold. **7/70**
- Exhaust pipe (engine to catalytic converter).

Ignition System

- Crankshaft and/or cylinder and/or TDC position sensor. **7/70**
- Distributor ignition housing.
- Distributor ignition cap and rotor.
- Ignition coils.
- Ignition control module.
- Ignition wires.
- Spark plug voltage detection module.
- Spark plug voltage sensor.

- Spark plugs (covered up to the first required replacement only; see the maintenance schedule in the Owner's Manual).
- Misfire detection unit. **7/70**

Fuel Injection System

- Engine Control Module. **8/80**
- Fuel injectors. **7/70 (V6 engines only)**
- Fuel injector control module.
- Fuel rail.
- MAP sensor.
- Heated oxygen sensors.
- Oxygen sensors.
- Barometric pressure sensor.
- Intake air temperature sensor.
- Throttle position sensor.

- Engine coolant temperature sensor.
- Knock sensors.
- Powertrain control module. **8/80**
- Fuel pressure regulator.
- Fuel pressure regulator vacuum switching valve.
- Fuel filter.

(Fuel filter replacement and fuel tank flushing are covered when contamination results from a defect in material or workmanship. Fuel injection system cleaning is covered.)

Transmission Control System

- Transmission control module. **8/80**
- Countershaft speed sensor.

- Mainshaft speed sensor.
- Vehicle speed sensor.
- Accelerator position sensor.
7/70
- A/T gear position switch.
- Lock-up clutch control solenoid valve.
- Shift control solenoid valve.
7/70 (NSX only)
- Clutch pressure control solenoid valve.

Intake Air System

- Air cleaner element, housing, and cover (covered up to the first required replacement only; see the maintenance schedule in the Owner's Manual).
- Throttle body assembly. **7/70**
- Throttle valve control motor.
- Intake manifold. **7/70**
- Mass air flow sensor.
- Common chamber.
- Idle air control valve (IACV).
- Air regulator.
- Throttle switch.

VTEC System

- Variable valve timing and valve lift electronic control solenoid valve. **7/70 (NSX only)**
- Variable valve timing and valve lift electronic control pressure switch.

Miscellaneous Parts

Hoses, clamps, brackets, piping, bolts and gaskets associated with these systems.

Original Equipment Battery Limited Warranty

Time and Mileage Period

This warranty's coverage begins on the same date as the New Vehicle Limited Warranty (see page 11). The original equipment battery is covered by a limited warranty for 4 years with no mileage limit.

Warranty Coverage

During the first 2 years, a defective battery will be replaced at no cost to you. Diagnosis, labor, installation, and the cost of the replacement battery are covered by Acura.

If the battery fails during months 25 to 36, you will receive a 50 percent credit towards the purchase of a new battery from your Acura dealer. If the battery fails during the last 12 months of this warranty, you will receive a 25 percent credit towards the purchase of a new battery.

No cash reimbursement will be given. You are responsible for any service or installation charge.

Tires

The tires that come as original equipment on your new Acura are warranted by their manufacturer (including the compact spare tire). A separate warranty statement for the tires is in the glove box.

Obtaining Warranty Service

Your Acura dealer will be glad to help in determining if a problem in your vehicle is caused by a defective tire. He can also assist you in locating a local representative of the tire's manufacturer so you can get warranty service.

Original Equipment Tire Manufacturers

Yokohama Tire Corp.

601 South Acacia Avenue
Fullerton, California 92831
(800) 722-9888

Seat Belt Limited Warranty

While seat belts cannot completely remove the possibility of injury, they do provide a very significant level of protection when used properly. Acura believes the best way to enhance your safety is to use your seat belt. To encourage their use, the seat belts should always be in good operating condition.

Time Period

This warranty continues for the useful life of the vehicle.

Warranty Coverage

Acura will repair or replace, at its option, any Acura seat belt component that fails to function properly during normal use. This includes all parts and labor charges.

This Warranty Does Not Cover:

- Replacement of a properly-functioning seat belt assembly strictly for cosmetic or comfort reasons.
- Failure caused by abuse, alteration, accidental damage, misuse, or malfunction resulting from a collision.

Rust Perforation Limited Warranty

Only the vehicle's owner can make a claim under this warranty. Coverage cannot be transferred to any other person or institution (such as an insurance company).

Time and Mileage Period

This warranty's coverage begins on the same date as the New Vehicle Limited Warranty (see page 11), and continues for 5 years with no mileage limit. Any body panels repaired or replaced under this warranty are covered only for the time remaining in the original 5 years of coverage.

Warranty Coverage

Acura will repair or replace any original body panel that rusts completely through from the inside out (perforated by corrosion). This includes panels previously repaired or replaced under this warranty. Rust that does not perforate, but is caused by a defect in material or workmanship, is covered under the New Car Limited Warranty. You will not be charged for any parts, material, or labor under this warranty. The decision to repair, rather than replace, any rusted body panel will be made by Acura.

This Warranty Does Not Cover:

- Surface rust on the underbody or any other part of the vehicle except body panels.
- Rusting of body panels that were repaired, replaced, or refinished after retail sale of the vehicle, unless those panels were repaired or replaced under this warranty.
- Body panel rust caused by abuse, misuse, or lack of maintenance.
- Rusting where the paint has been damaged by road hazards such as stones and debris.

Accessory Limited Warranty

- Rust caused by immersion of the body panel in water, mud, or sand; or resulting from exposure to corrosive gas or industrial fallout.
- Paint matching. (Acura reserves the right to decide how much of the repaired or replaced panel, and any adjoining body panels, need to be repainted to match the original finish. Acura will not, under any circumstances, authorize painting the entire vehicle strictly for the purpose of paint matching.)

This warranty applies to any accessory distributed by American Honda and purchased from an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Accessories Installed Prior to Retail Sale: This warranty begins on the same date as the New Vehicle Limited Warranty (see page 11). All accessories are covered for the length of the New Vehicle Limited Warranty: 4 years or 50,000 miles, whichever comes first.

Accessories Installed by the Dealer After Retail Sale: This warranty begins on the date the accessory is installed on the vehicle. All accessories are

covered for the *longer* of the following two periods:

1. The time remaining in the New Vehicle Limited Warranty,
or
2. 1 year or 12,000 miles, whichever comes first.

Accessories Not Installed by an Acura Dealer: This warranty begins on the date the accessory is purchased from an Acura dealer. All accessories are covered for 1 year.

Warranty Coverage

Acura will repair or replace any Acura accessory that is defective in material or workmanship under normal use. Acura will decide if an accessory will be repaired

rather than replaced. If the accessory was installed by an Acura dealer, all parts and labor costs are covered. If the accessory was installed by someone else, the cost of all parts to repair or replace it are covered by Acura, but you must pay the labor costs.

Audio System Component Exchange Program

If the audio system in your Acura develops a problem during this warranty period, **telephone the Service Department at your Acura dealer**. The service person will ask you several questions about your vehicle and the problem. If he decides from this conversation that the problem is in one of the system's major components (radio, CD player),

he will immediately order a replacement component. This will take less than a week. You will then be notified to bring your vehicle to the dealership so the audio system can be repaired. Telephoning your dealer about an audio system problem allows him to service you more efficiently and can save you an extra trip.

Acura may use factory-remanufactured audio components rather than new components for some warranty repairs. Those components, like new components, are covered for the remainder of the Accessory Limited Warranty.

This Warranty Does Not Cover:

- Air conditioner refrigerant charge after the first year, unless required as part of a warranty repair.
- Any accessory installed on an Acura other than the year or model it was designed to fit.
- Any accessory that is improperly installed.
- Any claim presented without proof of accessory purchase and/or installation date and vehicle mileage at time of installation.
- The cost of labor to repair or replace any accessory that was not originally installed by an Acura dealer.

Replacement Parts Limited Warranty

This warranty applies only to automobile replacement parts distributed by American Honda through the Acura Automobile Division, and sold through an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Parts installed by an Acura dealer are covered for 1 year or 12,000 miles, whichever comes first. Warranted parts purchased from an Acura dealer but installed by someone else are covered for 1 year from the date of purchase.

Warranty Coverage

Acura will repair or replace any part covered by this warranty that is defective in material or workmanship under normal use. If the part was originally installed by an Acura dealer, the repair or replacement will be done with no charge for parts or labor. If the part was originally installed by someone else, the cost of the replacement or repair is covered by Acura, but you must pay all installation costs.

This Warranty Does Not Cover:

- Claims which do not include documented proof of purchase date, installation date, and vehicle mileage at the time of installation.
- Parts considered to be normal maintenance items, unless they are defective in material or workmanship. Some examples are: spark plugs, filters, and brake pads.
- Parts replaced under the New Car Limited Warranty or parts covered by other warranties in this manual.

Replacement Battery Limited Warranty

This warranty applies only to replacement batteries purchased from an Acura automobile dealer in the United States, Puerto Rico, or the U.S. Virgin Islands.

Time and Mileage Period

Replacement batteries are covered by a 4 year limited warranty.

Warranty Coverage

During the first year of service, a defective replacement battery will be replaced at no cost for the new battery, labor, or installation.

After the first year, you will receive a credit toward the purchase of a new battery. This credit is calculated by dividing the current suggested retail price by 48; then multiplying by the number of months left in this warranty coverage. No cash reimbursement will be made. You are responsible for the labor or installation charges.

Replacement Muffler Lifetime Limited Warranty

Time and Mileage Period

The Acura automobile replacement muffler is warranted against defects in material and workmanship for as long as that muffler's purchaser owns the vehicle on which it is installed.

If the warranted muffler fails due to a defect, Acura will exchange it. You must have proof of purchase for the failed muffler. If the muffler was originally installed by an Acura dealer, the cost of labor for removal and replacement is also covered by this warranty.

This Warranty Does Not Cover:

- Labor cost for removal and replacement if the defective muffler was not originally installed by an Acura dealer.
- Other parts of the exhaust system, including pipes, gaskets, hangers, clamps, or other mounting hardware.
- The original equipment muffler, or any muffler installed while the New Car Limited Warranty is in effect.
- The cost of parts or labor for any additional repairs associated with replacing the warranted muffler.
