Navigation Manual

2020 CIVIC

HONDA

The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

Accessories Precautions

The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.

Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

⚠ WARNING

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving, however most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.

The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

➲ **System Limitations** P. 128

NOTICE

This vehicle's navigation display, if so equipped, includes mercury-containing components. Upon removal, please reuse, recycle, or dispose of as hazardous waste.

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

Store home address P.18
Register *1* home address.

Store contacts P.19
Store locations to use as the destination.

Enter destination P.54
Select your destination using several methods.

Select route P.75
Set route preferences and select one of the available routes.

Track route P.77
Follow your route in real-time with voice guidance.

Traffic Information* P.86
View and avoid congestion and traffic incidents.
*: Available only in certain areas.

Avoid certain areas P.39
Set streets and areas to detour around.

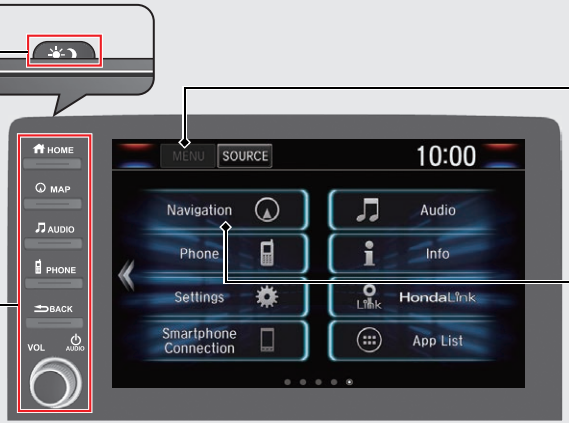
Add waypoints P.93
Add “pit stops” along your route.

HOME Screen

The system displays various functions from the HOME screen. Press the button at any time to return to the main HOME screen.

(Display Mode)
Switch between Day and Night modes manually.

MENU
Display the map menu.



(Home)
Display the HOME screen.
(Map)
Display the map screen.
(Back)
Go back to the previous screen.
VOL (Volume)
Increase or decrease the audio volume.

Navigation
Display the navigation feature that was used the last time.
At start-up, the navigation top screen is displayed.

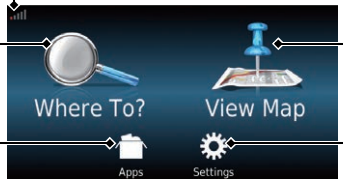
Navigation Top Screen

Display the map screen and operate the navigation features. From the HOME screen, press the button and then press the button. The navigation top screen is displayed.

GPS signal strength P.120
Display the satellites' status.

Where To? P.54
Select search methods to enter a destination for route guidance.

Apps P.108
Display the useful functions incorporated into the navigation system.



View Map P.6
Display the map screen.

Settings P.15
Change the settings for the navigation functions.

Touchscreen Operation

You can operate the system using your finger on the touchscreen.
The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

Tap

Touch the screen lightly with your finger to select an option on the screen.

Swipe

Lightly sweep your finger side to side or up and down to scroll a list or map.

You can change the touchscreen sensitivity setting.

Refer to the Owners Manual.

Slide

Move your finger slowly across the screen to scroll the map.

Pinch In/Out

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.

How to Enter Information

You can enter information (e.g., city names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands

When you see in this manual, voice commands are available for that feature.

The system recognizes only certain commands.Available navigation voice commands P.136

- Press the button, and say the letter, number, or symbol (e.g., say "*1*").
- If a voice command is not recognized, a list is displayed with possible options.

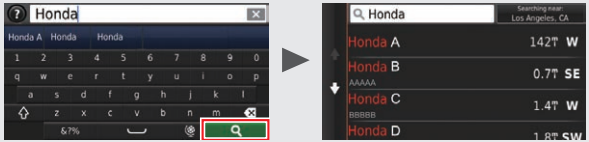
On list screens:

- Say the number of the list item (e.g., say "*Three*" to select item 3).
- Say "*Main menu*" to return to the voice command menu screen.
- Say "*Back*" to return to the previous screen.
- Say "*Page Up*" to scroll up one page.
- Say "*Page Down*" to scroll down one page.
- Say "*Exit*" to end the voice command function.

Using the Touchscreen

Select a character or icon on the screen to select it.

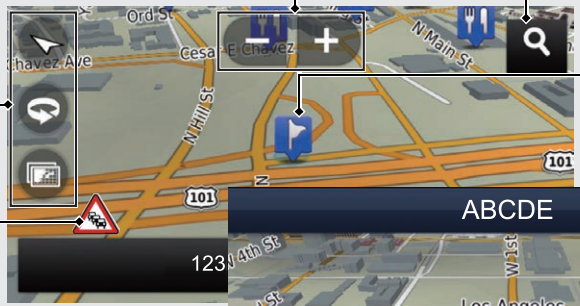
- Select to remove the last entered character.
- Select to remove all entered characters.
- Select to display upper/lower case characters.
- Select to enter a space character.
- Select &?% to display other types of characters.
- Select to change the keypad language.



On input search screens, the suggested search terms are displayed. Select to display a list of possible entries.

Map Screen Legend

The color of the map is different depending on the selected Map Theme.



Map scale P.81

Searching specific category P.73

Landmark icons

Map operation icons P.81

Traffic incident icons

Map buttons P.33

Traffic flow indicator

- Traffic is flowing normally.
- Traffic is slightly congested.
- Traffic is heavily congested or stopped.
- Traffic has not updated.

During Route Guidance

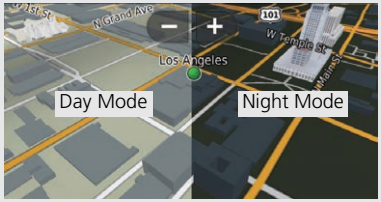
During route guidance, route information is displayed on the map screen.
You can see the detailed information on the turn information screen.

Map Screen

Guidance Screen

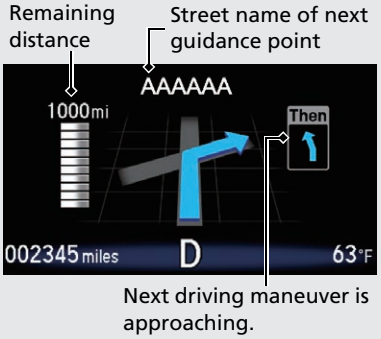
Day or Night Mode

Press the button to manually switch between Day and Night modes.



Turn-by-Turn Directions

The next guidance point appears on the Driver Information Interface (DII).



Navigation—Home Addresses and Going Home

The "Home" feature automatically routes you to your home address from any location simply by selecting **Go Home**.

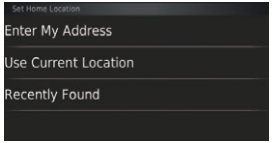
You can store one home address. P18

The order of the steps may change depending on the map data loaded on your system.

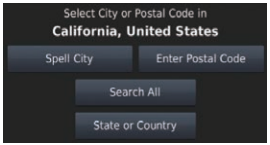
Storing Your Home Address

1. Press the button.
2. Select .
3. Select MENU and then select **Set Home Location**.

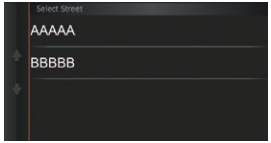
4. Select **Enter My Address**.



5. Select **Search All**.



6. Enter a house number and then select **Done**.
7. Enter a street and then select **Done**.
8. Select a street from the list.



If the select city screen is displayed, select a city.

9. Select an address from the list.
10. Select **Select**.

Going Home

1. Press the button.
2. Select .
3. Select **Go Home**.

Alternatively, you can say "*Navigation*" and then "*Go Home*" from any screen.

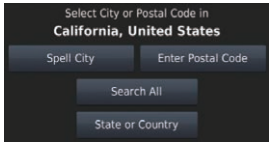
Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map to your destination.
The order of the steps may change depending on the map data loaded on your system.

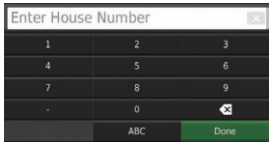
1. Press the button.
2. Select .

3. Select **Address**.

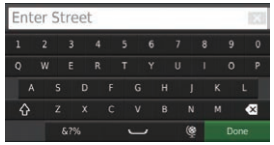
4. Select **Search All**.



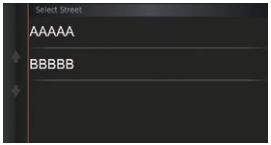
5. Enter the house number and select **Done** if necessary.



6. Enter the name of your destination street and select **Done**.



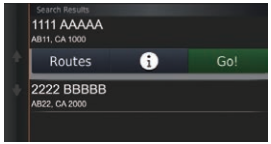
7. Select your destination street from the list.



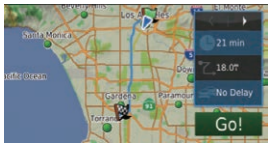
If the select city screen is displayed, select a city.

8. Select an address from the list.

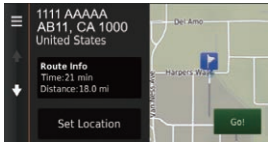
9. Select **Go!**.
Route guidance to the destination begins.



- **Routes**: Choose one of multiple routes.



- : Display your destination map and save a place.



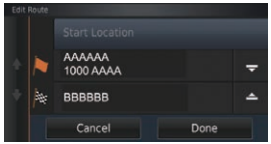
Navigation—Changing Route or Destination

You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint (“Pit Stop”)

You can add waypoints along your route.
P.93

1. Press the button.
2. Select .
3. Select a search method.
4. Select the location to add to the destination list and select **Go!**.
5. Select **Add to Active Route**.
6. If necessary, edit the order of the destinations and select **Done**.



Changing Your Destination

There are several methods you can use to specify a new destination during route guidance.

- Searching nearby hospitals, police stations, or gas stations P.95
  Select the vehicle icon and select an option.
- Selecting an icon on the map P.94
  Select a place/landmark icon or a new area on the map twice.
- Entering a new destination P.97
  Select **Where To?** and then enter a new destination.

Canceling Your Route

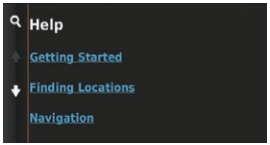
1. Select .

Alternatively, you can say “*Navigation*” and then “*Stop route*” from any screen.

Help

This navigation system comes with help information, which tells you how to use this navigation. P.117

1. Press the button and then press the button.
2. Press the button.
3. Select **Apps**.
4. Select **Help**.
5. Select a help topic.



Select to search help topics by keyword.

- You can also display a help topic to select on each menu screen.

Voice Control Operation

Voice Portal Screen

❶ Press and release the button.
The system prompts you to say a voice command. Press and release the button again to bypass this prompt.

- The system beeps when ready for a command. Press the button or the button to cancel.

❷ Say "*Navigation.*"
The Voice Command screen is displayed.
After that, follow the voice prompt and say a voice command.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen.
- Disable **Voice Prompts** to bypass the voice prompt.
  See the Owner's Manual.
- Carefully read the usage note for the voice control.
  Voice Control System P.17
- The system recognizes only certain commands.
  Available navigation commands P.136

Voice Command Screen

❶ After saying "*Navigation*" from the Voice Portal screen, the below screen appears.

❷ Listen for the voice prompt, then say a voice command.

- You do not need to press the button again in the Voice Command screen.
- Available voice commands are highlighted on the screen.

Troubleshooting

For more Information P.121

Q Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?

A This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Q Why does the "Arrival time" display sometimes increase even though I am getting closer to my destination?

A The "Arrival time" is based on the speed limit on each road. Depending on the traffic conditions, the "Arrival time" may be calculated to be earlier or later.

Q Why does my clock frequently change the time forward and backward by one hour?

A The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

Q How do I turn on the navigation system voice guidance?

A
1. Press the button and then press the button. Select **Settings** > **Navigation** and enable **Voice Prompts**.
2. Press the button. Select **Settings** > **System** > **Sound/Beep** tab. Turn up **Guidance Volume**, if volume level is low. For more details, see the Owner's Manual.

Q How do I specify a destination when an entered city or street could not be found?

A Try selecting the destination directly from the map.

How to Use This Manual

This section explains different methods on how you can easily find information in this manual.

Searching the Table of Contents

P.1

Two types of Tables of Contents help you find your desired information.

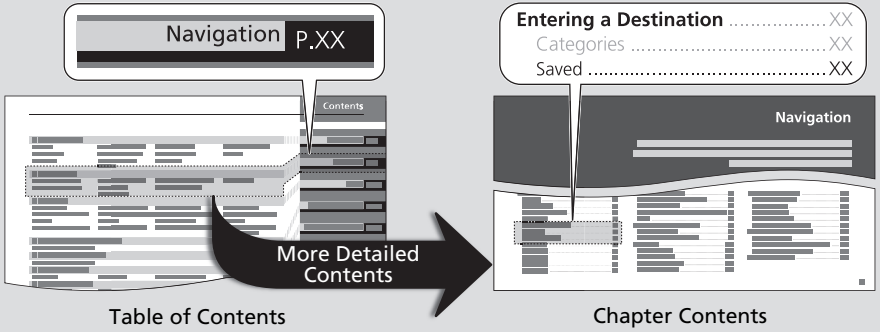


Table of Contents

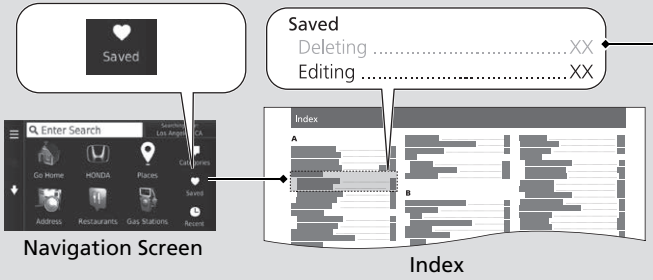
First, find the general chapter related to what you are looking for (e.g., entering a destination from the Saved Places). Then, go to that chapter to view a more specific table of contents.

Chapter Contents

This more detailed table of contents shows you exactly what information is listed by section and title.

Searching the Index P.139

Menu items displayed on the navigation screen (e.g., **Saved**) can be found individually in the Index.

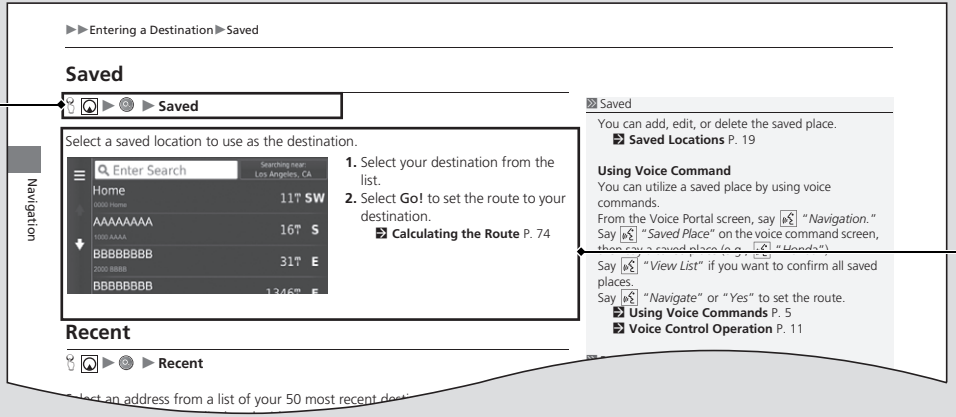


Navigation Screen

Index

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.

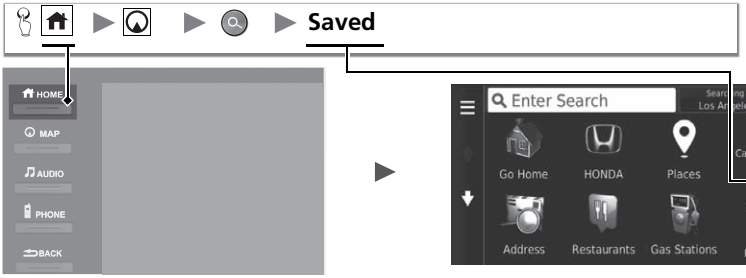
Go to the Next Page



After following the menu tree, step-by-step instructions explain how to achieve the desired result.

Menu Tree

The menu tree helps guide you through the system's menu options. To get to your desired function, follow the menu tree in order of the steps shown.



Select the item on the system control panel.

Select the menu option.

Select **Saved**.

* Sample pages and images in this section may differ from the actual ones.

System Setup

This section describes the start-up procedure and the navigation and setup functions.

Start-up 16

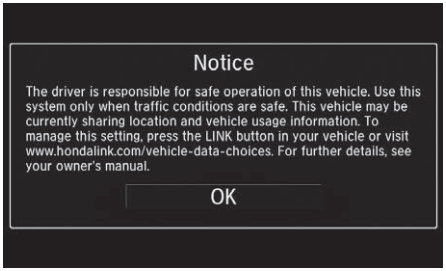
The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.



1. Select **OK**.
- ▶ The HOME screen is displayed.
- ▶ If you do not select **OK**, the system will automatically select OK after a certain period of time.
- ▶ The system will automatically start up the feature that was used the last time.

2. Press the button.
- ▶ The map screen is displayed.
- ▶ When you want to display the navigation top screen, you press the button.

■ Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped.
Voice commands are still operable while the vehicle is in motion.

Start-up

Avoid focusing on the screen and drive safely.

When you use the navigation system, the system may close other apps.

When you select **Navigation**, the system displays the navigation feature that was used the last time. At start-up, the navigation top screen is displayed.

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions.
The voice control system uses the [voice] and [back] buttons on the steering wheel and a microphone near the map lights on the ceiling.
For details of the [voice] button, [back] button and microphone position, see the Owner's Manual.

Voice Recognition

To achieve optimum voice recognition when using the navigation voice control system:

- Make sure the correct screen is displayed for the voice command that you are using. The system recognizes only certain commands.
  Available navigation commands:
  Navigation Commands P. 136
- Close the windows and moonroof*.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

Voice Control System

When you press the [voice] button, the system prompts you to say a voice command. Press and release the [voice] button again to bypass this prompt and give a command.

Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the passenger's side.

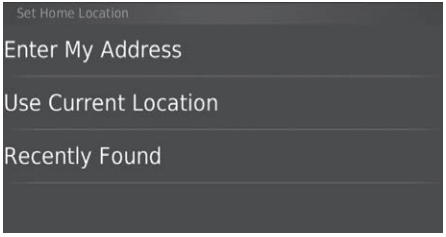
* Not available on all models

Setting Home Location

MENU

Use the personal information menu to set your home location.

1. Select **Set Home Location**.



2. Select an option.
- ▶ Select **Use Current Location** to set home location.
- ▶ If selecting **Enter My Address** or **Recently Found**, proceed to steps 3 and 4.

3. Select the home location.

4. Select **Select**.

The following options are available:
- **Enter My Address**: Sets the home location by entering the address.
  Storing Your Home Address P. 8
- **Use Current Location**: Sets your current location as your home location.
- **Recently Found**: Sets the home location from a recently found location.

Personal Information

You can also display the same screen by selecting ☰ on the **Where To?** screen.

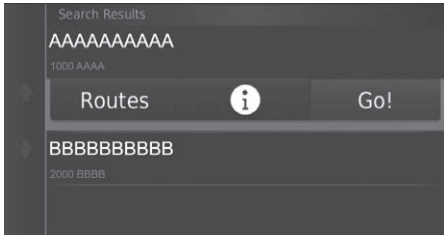
If you want to delete a shortcut(s), select **Remove Shortcut(s)**.
Deleting Shortcuts P. 59

The home location can be overwritten.

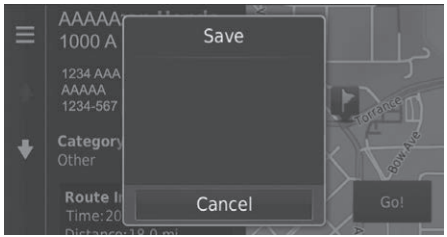
Saved Locations

You can save locations so you can quickly find them and create routes to them.

■Saving a Saved Location



1. Select a search method.
▶ Find a location that you want to save.
➡ **Entering a Destination** P. 54
2. Select .

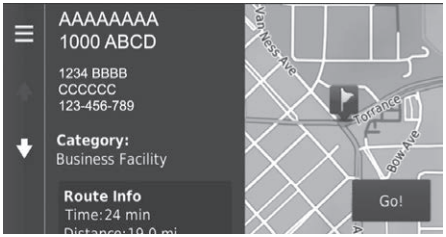


3. Select MENU or select .
4. Select **Save**.
▶ If necessary, enter a name and select **Done**.
5. Select **OK**.

Continued

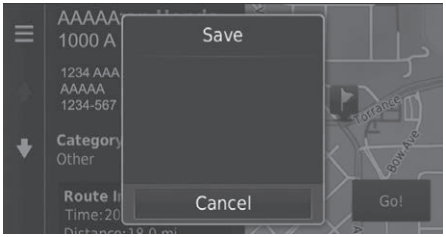
■ Saving a Saved Location Manually

▶ ▶ View Map



1. Select a destination from the map.
➔ **Map Input** P. 73

2. Select the destination name at the bottom of the map.



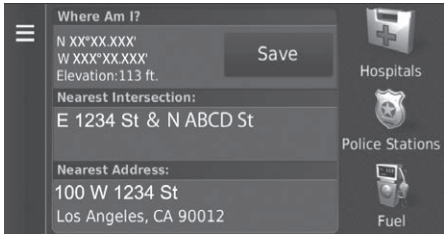
3. Select MENU or select ☰.

4. Select **Save**.
▶ On some places other than POI, you can edit the place name.

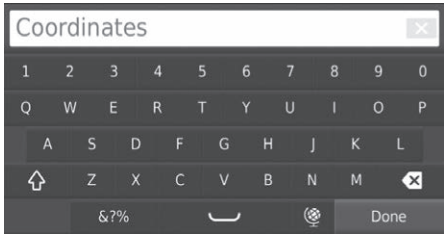
5. Select **OK**.

Saving Your Current Location

▶ ▶ View Map



1. Select the vehicle icon.
2. Select **Save**.



3. Enter a name of the location.
4. Select **Done**.
5. Select **OK**.

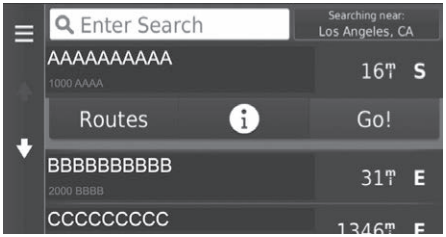
Saving Your Current Location

Vehicle position may not be displayed when:
- The vehicle is traveling off-road.
- The vehicle position data cannot be updated.

Continued

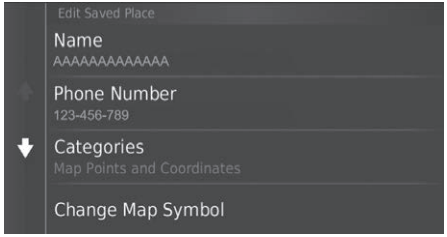
■ Editing a Saved Location

▶ ▶ **Saved**



1. Select a saved location you want to edit.
2. Select .

3. Select MENU or select .
4. Select **Edit**.



5. Select an option.

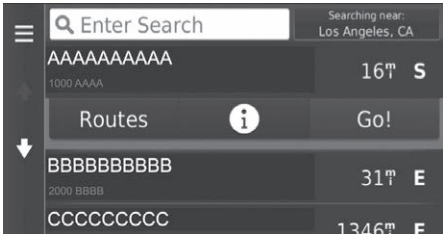
The following options are available:

- **Name**: Enters a new name for the location.
- **Phone Number**: Enters a phone number.
- **Categories**: Creates or changes the category in which this location is saved.
- **Change Map Symbol**: Select a new symbol.

Continued

■ Deleting a Saved Location

▶ ▶ **Saved**



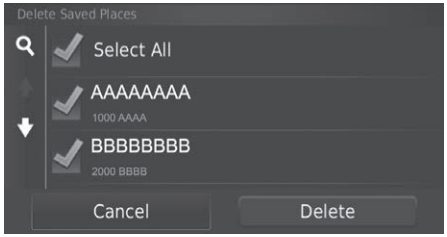
1. Select a saved location you want to delete.
2. Select .

3. Select MENU or select .
4. Select **Delete**.
5. Select **Yes**.

Deleting Saved Locations

▶ ▶ **Saved**

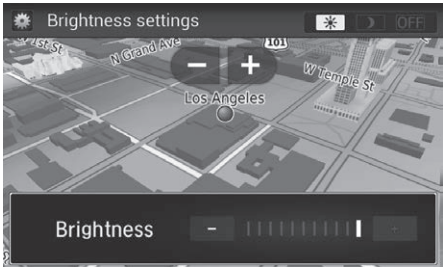
1. Select MENU or select .
2. Select **Delete Saved Places**.



3. Select a saved location you want to delete.
▶ Select **Select All** to delete all saved locations.
4. Select **Delete**.
5. Select **Yes**.

Switching Display Mode Manually

Set the screen brightness separately for Day and Night modes. Press the [☀/☽] button to cycle through the display modes (Day to Night to Off).



Press the [☀/☽] button.

▶ The Brightness bar is displayed for a few seconds.

▶ Select [+] or [−] to adjust the brightness.

Switching Display Mode Manually

You can also adjust the display brightness by sliding or swiping on the Brightness bar.

You can change the touchscreen sensitivity setting.

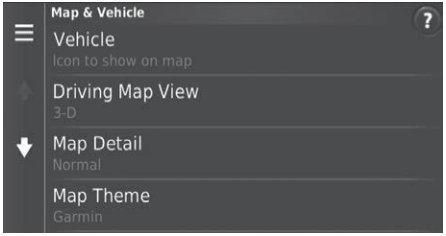
Refer to the Owners Manual.

Illumination control	Operation
[☼◑] button	Selects Day or Night display mode when the user wants to change the brightness of the display temporarily. **Remember:** This button overrides all other display brightness adjustments either set automatically by the sunlight sensor or manually from the System settings screen.
Sunlight sensor* (see your Owner's Manual for location)	If the sunlight sensor detects daylight and the headlights are turned on, the system automatically overrides the Night display and displays the Day display mode. **Remember:** If desired, use the [☼◑] button to override this automatic choice.
Dash illumination adjustment knob (see your Owner's Manual for location)	When the headlights are turned on, and you wish to have the Day display mode, adjust the illumination to the full brightness (beeps). **Remember:** Adjust the dash brightness back to midrange to allow auto switching by sensing the headlights are on or off.
Headlights (Auto*/On/Off)	When turned on, the display changes to Night display mode. The previous three controls listed above can "cancel" this function. **Remember:** Use the [☼◑] button to adjust the brightness of the display.

* Not available on all models

Settings ▶ Map & Vehicle

Change the map settings.



Select an option.

The following options are available:

- **Vehicle**: Changes the icon to represent your position on the map.
  Vehicle P. 29
- **Driving Map View**: Sets the perspective on the map.
  Driving Map View (Map Orientation) P. 30
- **Map Detail**: Sets the level of detail on the map. More detail may cause the map to draw slower.
  Map Detail P. 31
- **Map Theme**: Changes the color of the map data.
  Map Theme P. 32
- **Map Buttons**: Sets which icons are included on the map. Up to three icons can be included on the map.
  Map Buttons P. 33
- **Map Layers**: Sets the data that appears on the map.
  Map Layers P. 34
- **Dashboards**: Sets the map dashboard layout.
  Dashboards P. 34
- **myMaps**: Sets which installed maps the system uses.
  myMaps P. 35

Vehicle

Settings ▶ Map & Vehicle ▶ Vehicle

You can choose your vehicle icon.

1. Select an option.
2. Select **Save**.

Vehicle

The factory default is set to .

Driving Map View (Map Orientation)

Settings ▶ Map & Vehicle ▶ Driving Map View

Select the map orientation.

1. Select an option.
2. Select **Save**.

The following options are available:

- **Track Up**: Displays the map with your direction of travel facing upwards.
- **North Up**: Displays the map with north always pointing up.
- **3-D** (factory default): Displays the map in 3D with your direction of travel facing upwards.

Map Detail

Settings ▶ Map & Vehicle ▶ Map Detail

Sets the level of detail on the map.

1. Select an option.
2. Select **Save**.

The following options are available:

- **More**: Shows more detail on the map.
- **Normal** (factory default): Shows a standard amount of detail on the map.
- **Less**: Shows less detail on the map.

Map Theme

▶ ▶ **Settings** ▶ **Map & Vehicle** ▶ **Map Theme**

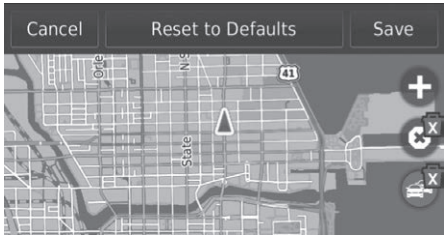
Changes the color of the map data.

1. Select an option.
2. Select **Save**.

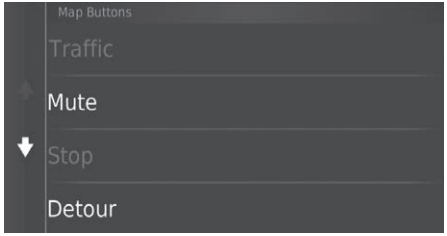
Map Buttons

Settings ▶ Map & Vehicle ▶ Map Buttons

Sets up to three shortcuts that appear in the map tools menu.



1. Select if you want to delete a shortcut and then select **OK**.
2. Select to add a new shortcut.



3. Select an option.
4. Select **Save**.

Map Buttons

Reset to Defaults
Resets the settings to the factory defaults.

Map Layers

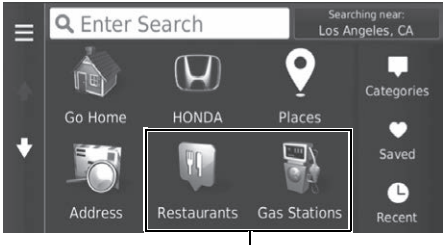
This section describes how to enter a destination for route guidance.



Shortcuts

Select an option.

The following options are available:

- **Enter Search**: Sets a destination by entering a category, name, address, or city name.
  Using the Search Bar P. 56
- **Searching near**: Selects the city to search near.
  Changing the Search Area P. 57
- **Go Home**: Sets your home address as the destination.
  Going Home P. 8
- **HONDA**: Sets a nearby Honda dealer as the destination.
  HONDA P. 60
- **Places**: Launches HondaLink™ to search for places.
  For more details, see the Owner's Manual.
- **Address**: Sets a destination by entering an address.
  Address P. 61
- **Categories**: Sets a destination by selecting a category.
  Categories P. 66

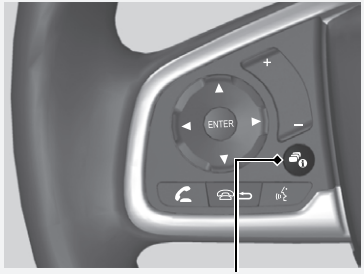
Entering a Destination

The Display Audio system can only provide route guidance from one navigation system at a time. When setting a destination on one system, any active route guidance with the other system is canceled, and the system you are currently using will direct you to your destination.

To use HondaLink™, you must connect your smartphone to the system.
For more details about smartphone connection and how to use HondaLink™, see the Owner's Manual.

If you press the button on the steering wheel and select **Navigation Menu** while on the map screen, the following items are available. Use the steering wheel buttons to select the items.

- Go Home
- Recent Destination
- Calculation Mode
- Saved Places
- Stop
- Add New Address



Button

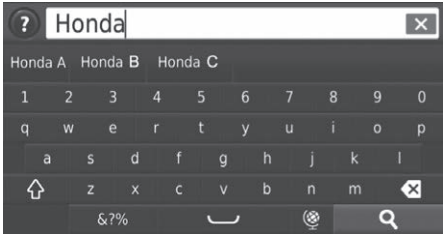
- Saved: Sets a destination by selecting a place stored in the Saved list.
  ➔ **Saved** P. 72
- Recent: Sets a destination by selecting a previous destination.
  ➔ **Recent** P. 72
- Add Shortcut: Adds shortcuts to the Where To? menu.
  ➔ **Adding Shortcuts** P. 58

Continued

■ Using the Search Bar

▶ ▶ Enter Search

You can use the search bar to search for locations by entering a category, name, address, company phone number, or city name.



1. Enter a search term.
   - ▶ The search history is displayed below the search bar.
   - ▶ Suggested search terms appear below the search bar as you type.
2. Select or a suggested search term.
3. Select your destination from the list.
4. Select **Go!** to set the route to your destination.
   - **Calculating the Route** P. 74

Using the Search Bar

Using Voice Command

You can say the names of popular, well-known locations.

From the Voice Portal screen, say "*Navigation.*"

Say "*Find Place,*" then say a place name (e.g., "*Honda*").

Say the line number of screen (e.g., "*1*").

Say "*Navigate*" or "*Yes*" to set the route.

- **Using Voice Commands** P. 5
- **Voice Control Operation** P. 11

- To search for a type of business, enter a category name, such as "movie theaters."
- To search for a business by name, enter all or part of the name.
- To search for an address near you, enter the street number and street name.
- To search for an address in another city, enter the street number, street name, city, and state.
- To search for a city, enter the city and state.

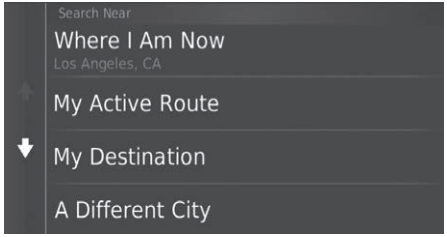
If you want to delete the search history, select **Restore**.

- **Reset Factory Default Settings** P. 51

Changing the Search Area

▶ ▶ **Searching near**

By default, your system finds locations closest to your current location. You can find a location near another city or location.



Select an option.

The following options are available:

- **Where I Am Now**: Searches near your current location.
- **My Active Route**: Searches along your current route.
- **My Destination**: Searches near your current destination.
- **A Different City**: Searches near the city you enter.
- **Recent Destination**: Searches near a recent destination.
- **Saved Place**: Searches near a saved place.

Changing the Search Area

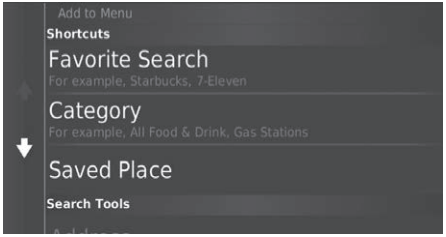
My Active Route and **My Destination** can be set when the route is active.

Continued

■ Adding Shortcuts

▶ ▶ **Add Shortcut**

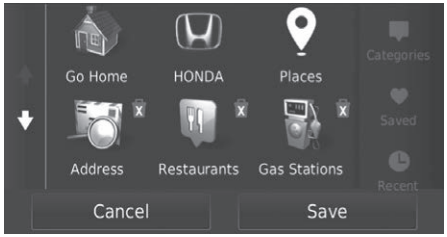
Up to 36 shortcut icons can be stored.



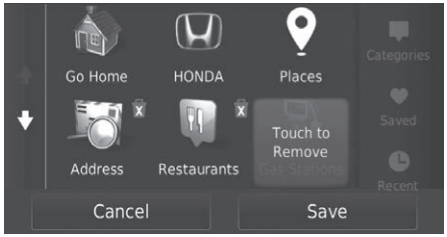
Select an option you want to add as a shortcut.

Deleting Shortcuts

▶ ▶ MENU ▶ **Remove Shortcut(s)**



1. Select a shortcut with ⓧ if you want to delete it.

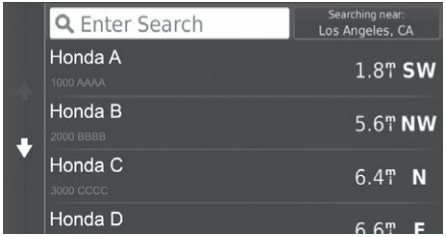


2. Select **Touch to Remove**.
3. Select **Save**.

HONDA

▶ ▶ **HONDA**

Find any Honda authorized dealers to set as a destination.



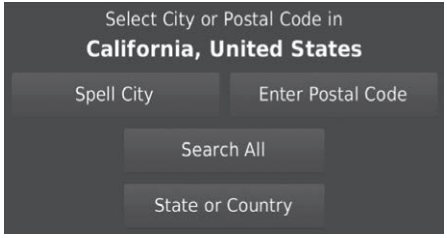
1. Select the desired name from the list.
2. Select **Go!** to set the route to your destination.

Calculating the Route P. 74

Address

▶ ▶ Address

Enter an address to use as the destination. The state or country you are currently in is displayed.



Select an option.

The following options are available:

- **Spell City**: Selects your destination city.
  Selecting the City P. 64
- **Enter Postal Code**: Selects your destination postal code.
  Selecting the Postal Code P. 65
- **Search All**: Sets an address to use as the destination.
  Search All P. 63
- **State or Country**: Selects the state or country.
  Selecting the State/Country P. 62

Address

Using Voice Command

You can say the entire address at once using voice commands.

From the Voice Portal screen, say "*Navigation.*"

Say "*Find Address*" on the voice command screen, then say the entire address. (e.g., "*1-2-3-4 Main Street, Los Angeles, California*").

Say "*Change Country*" if you want to change the country.

The system interprets the address.

Say "*Yes*" or a line number of a screen if the destination list appears (e.g., "*1*").

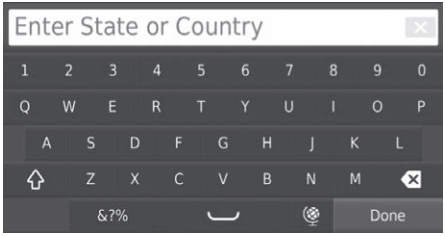
Say "*Navigate*" or "*Yes*" to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11

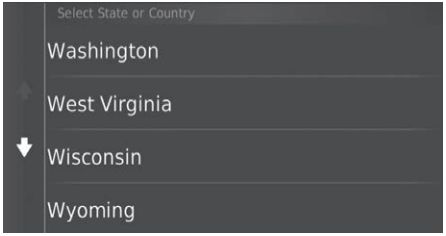
Continued

■ Selecting the State/Country

▶ ▶ **Address** ▶ **State or Country**



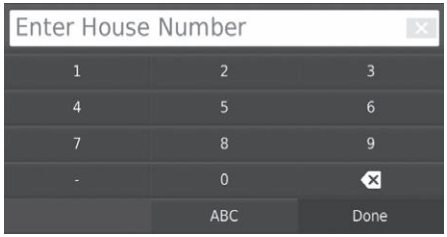
1. Enter a state or country name.



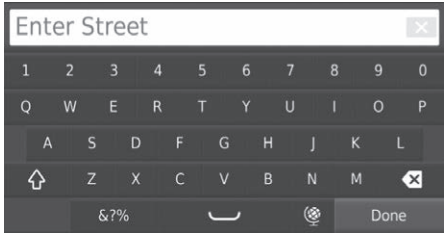
2. Select a state or country from the list.

Search All

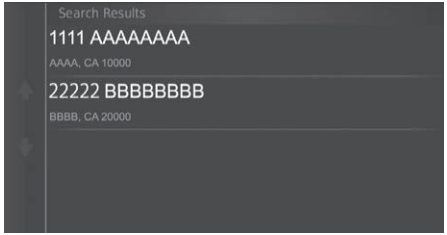
▶ ▶ **Address** ▶ **Search All**



1. Enter the house number. Select **Done**.



2. Enter the street name. Select **Done**.
▶ A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.



3. Select your destination from the list.
▶ If the select city screen is displayed, select a city.

4. Select **Go!** to set the route to your destination.

➡ **Calculating the Route** P. 74

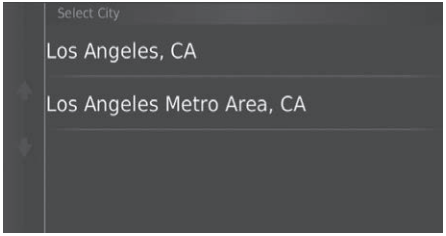
Search All

The order of the steps may change depending on the map data loaded on your system.

Continued

■ Selecting the City

▶ ▶ Address ▶ Spell City



1. Enter the name of a different city. Select **Done**.
▶ A list of matching hits is automatically displayed after you enter several letters, with the closest match at the top of the list.

2. Select your destination city from the list.
▶ Next, you are prompted to enter a house number.
➔ **Search All** P. 63

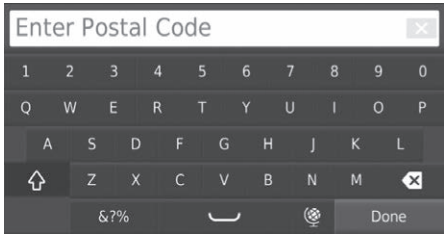
Selecting the City

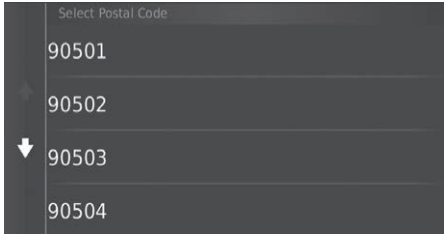
You do not need to enter spaces or symbols (e.g., &, -, %).

The order of the steps may change depending on the map data loaded on your system.

Selecting the Postal Code

▶ ▶ **Address** ▶ **Enter Postal Code**





1. Enter the postal code. Select **Done**.
2. Select your destination postal code from the list.
3. Enter the house number. Select **Done**.
4. Enter the street name. Select **Done**.
5. Select your destination street from the list.

Calculating the Route P. 74

Selecting the Postal Code

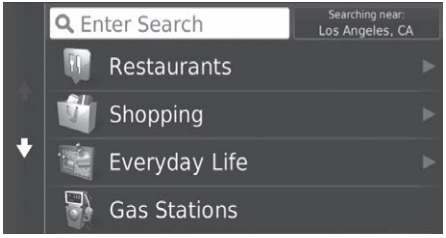
The order of the steps may change depending on the map data loaded on your system.

Categories

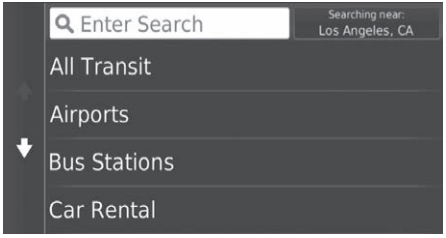
Select the category of a place (e.g., Restaurants, Gas Stations, Shopping) stored in the map database to search for the destination.

■ Finding a Location by Category

▶ ▶ Categories



1. Select a category.



2. Select a subcategory.
▶ If the subcategory screen is not displayed, proceed to step 3.

Categories

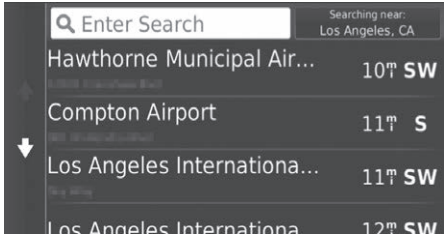
This option is convenient if you do not know the exact name of a place or if you want to narrow down the number of matches returned for places with a common name.

When you set the destination or waypoint, the same categories of icons do not appear.

Using Voice Command

You can find a place by the name using voice commands.
From the Voice Portal screen, say "*Navigation*.
Say "*Find Category*" on the voice command screen, then say a category (e.g., "*Fast Food*").
Say "*View Categories*" if you want to confirm the category list.
Say a subcategory if the subcategory screen is displayed.
Say a line number of a screen (e.g., "*1*").
Say "*Navigate*" or "*Yes*" to set the route.

Using Voice Commands P. 5
Voice Control Operation P. 11



3. Select a place name from the list.
4. Select **Go!** to set the route to your destination.

➡ **Calculating the Route** P. 74

Categories

Quick Search screen

After you have performed a search for a destination, certain categories display a **Quick Search** list that display several destinations you selected.

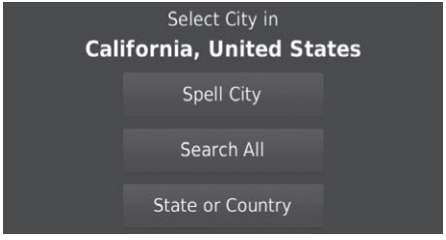
■ Finding a Location by Intersections

▶ ▶ Categories ▶ Intersections

Select the intersection of two streets as the destination.



1. Select **Spell City**.
▶ If selecting **Search All**, proceed to step 4.
▶ Select **State or Country**, if necessary.
➡ **Selecting the State/ Country** P. 62

2. Enter a city name. Select **Done**.
▶ A list of matching hits is automatically displayed after you enter several letters with the closest match at the top of the list.

3. Select a city.

Finding a Location by Intersections

If there is more than one intersection, you are prompted to select the intersection.

Using Voice Command

You can find intersections by the street name using voice commands.

From the Voice Portal screen, say "*Navigation.*"

Say "*Find Intersection*" on the voice command screen and then say a city name.

Say a street name 1, then say a line number of a screen (e.g., "*1*").

Say a street name 2, then say a line number of a screen (e.g., "*1*").

Say "*Navigate*" or "*Yes*" to set the route.

➡ **Using Voice Commands** P. 5
➡ **Voice Control Operation** P. 11

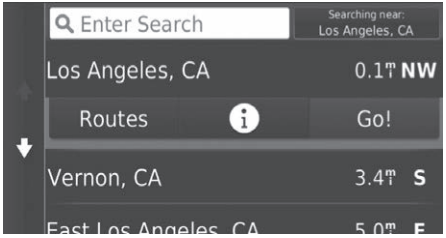
4. Enter the street 1 name. Select **Done**.
▶ A list of matching hits is automatically displayed after you enter several letters with the closest match at the top of the list.
5. Select the street from the list.
▶ Repeat step 4 to enter the street 2 name.
6. Select the intersection.
7. Select **Go!** to set the route to your destination.
➡ **Calculating the Route** P. 74

Continued

Finding a City

▶ ▶ Categories ▶ Cities

Selects your destination city.



1. Select a city.
▶ Select **Enter Search** and enter a city name if you want to narrow down the number of matches.

2. Select **Go!** to set the route to your destination.
➔ **Calculating the Route** P. 74

Finding a City

Using Voice Command

You can find a city by using voice commands.
From the Voice Portal screen, say "*Navigation.*"
Say "*Find City*" on the voice command screen, then say a city name. (e.g., "*Los Angeles*").
Say a line number of a screen (e.g., "*1*").
Say "*Navigate*" or "*Yes*" to set the route.

➔ **Using Voice Commands** P. 5
➔ **Voice Control Operation** P. 11

Finding a Location Using Coordinates

▶ ▶ Categories ▶ Coordinates

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

1. Select the latitude coordinate.
2. Enter the new coordinate. Select **Done**.
3. Select the longitude coordinate.
4. Enter the new coordinate. Select **Done**.
5. Select **View on Map**.
6. Select **Go!** to set the route to your destination.

Viewing the Destination Map
P. 76

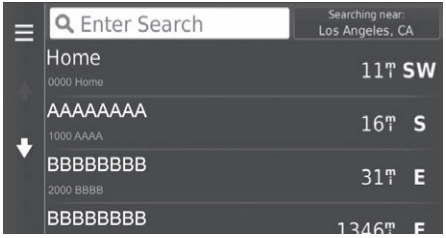
Finding a Location Using Coordinates

If you want to change the coordinate format, select MENU or select ☰ and then select **Format**.

Saved

▶ ▶ **Saved**

Select a saved location to use as the destination.

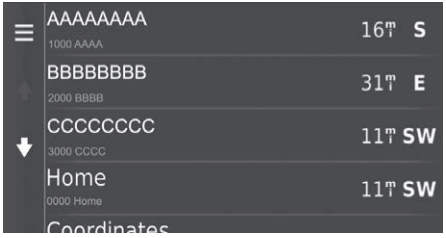


1. Select your destination from the list.
2. Select **Go!** to set the route to your destination.
   ➔ **Calculating the Route** P. 74

Recent

▶ ▶ **Recent**

Select an address from a list of your 50 most recent destinations to use as the destination. The list is displayed with the most recent destination at the top.



1. Select your destination from the list.
2. Select **Go!** to set the route to your destination.
   ➔ **Calculating the Route** P. 74

Saved

You can add, edit, or delete the saved place.
➔ **Saved Locations** P. 19

Using Voice Command
You can utilize a saved place by using voice commands.
From the Voice Portal screen, say "*Navigation.*"
Say "*Saved Place*" on the voice command screen, then say a saved place (e.g., "*Honda*").
Say "*View List*" if you want to confirm all saved places.
Say "*Navigate*" or "*Yes*" to set the route.
➔ **Using Voice Commands** P. 5
➔ **Voice Control Operation** P. 11

Recent

If you want to delete all recent destinations, select MENU or select ☰ and then select **Clear**.

Using Voice Command
You can utilize a recent destination by using voice commands.
From the Voice Portal screen, say "*Navigation.*"
Say "*Recently Found*" on the voice command screen, then say a line number of a screen (e.g., "*1*").
Say "*Navigate*" or "*Yes*" to set the route.
➔ **Using Voice Commands** P. 5
➔ **Voice Control Operation** P. 11

Map Input

▶ ▶ ▶ View Map

Scroll the map to manually select an icon or a location as the destination.

1. Select any point on the map, a street, intersection, or category icon.
   ▶ Return to the current location when you press the ⮌ button.
2. Select **Go!** to set the route to your destination.
   ➔ **Calculating the Route** P. 74

Map Input

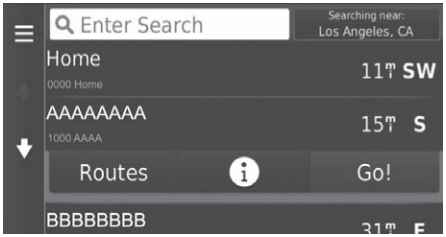
"*View Map*"
➔ **Using Voice Commands** P. 5
➔ **Voice Control Operation** P. 11

You can customize the map as you like using +, −, ▲, ⟲ or ◪.
➔ **Map Operation** P. 81

If you want to display a specific category of places, select 🔍 and then select a category icon.

The place information is displayed when you select 📍 on the map.
➔ **Viewing the Destination Map** P. 76

This section describes how to calculate your route.



Select **Go!**.

▶ The system calculates and displays the route line on the map screen.

The following options are available:

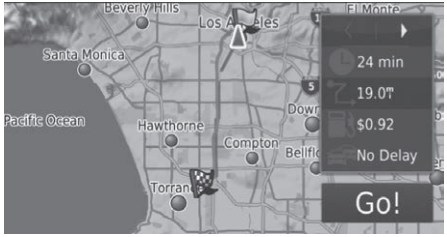
- **Routes**: Displays different routes.
  ➔ **Viewing and Selecting the Routes** P. 75
- : Displays the destination on the map.
  ➔ **Viewing the Destination Map** P. 76

Calculating the Route

If the system has many guidance points on the route to the destination, it may stop calculation.
In this case, the route guidance will start when you select **OK**.

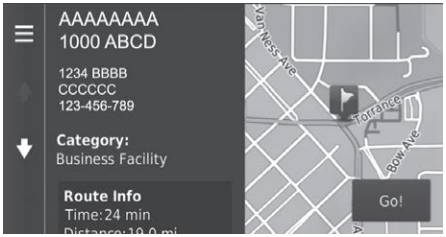
Viewing and Selecting the Routes

View and select different routes to your destination.



1. Select ◄ or ► to change a route.
   ▶ The travel distance, estimated travel time, and traffic information are displayed for each route.
2. Select **Go!**.
   ▶ The system calculates and displays the route line on the map screen.

Viewing the Destination Map



1. Select an option.
2. Select **Go!**.
▶ The system calculates and displays the route line on the map screen.

The following options are available:

- **Route Info**: Displays different routes.
  ➔ **Viewing and Selecting the Routes** P. 75
- **Set Location**: Sets the vehicle position when you are indoors or not receiving satellite signals.
  You can use this feature when GPS Simulator is set to on.
  ➔ **Navigation** P. 36

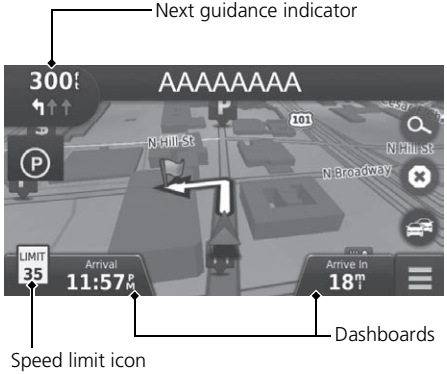
Viewing the Destination Map

When you select MENU or select ☰, you can add to the saved location list.
➔ **Saved Locations** P. 19

Viewing the Route

This section describes how to follow the route guidance to your destination.

Map Screen



After calculating the route to your destination, the route is displayed on the map screen.

➡ **During Route Guidance** P. 7

As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.

The following options are available:

- Select the text bar on the top of the map to display the turn list screen.
  ➡ **Turn List** P. 78
- Select the next guidance indicator to display the turn information screen or intersection view screen.
  ➡ **Turn Information** P. 79
- Select ⊗ to cancel the route guidance and remove your current route.
  ➡ **Canceling Your Route** P. 10
- Select ☰ to display the map menu.
  ➡ **Map Menu** P. 82
- Select Ⓟ to display the parking information screen of nearby parking.

Viewing the Route

When your phone is connected to *Bluetooth*® HandsFreeLink®, the navigation screen will switch to the incoming call screen when receiving a call.

Speed limit icon

The speed limit shown on the map may be different from the actual speed limit.
The speed limit icon is not displayed on all roads.

Select the vehicle icon to view the **Where Am I?** screen.

➡ **Viewing the Current Location Information** P. 84

You can stop your vehicle en route (e.g., to rest, stop for gas, etc.), and then continue on your route.

If you did not complete your route, the navigation restarts when you restart your vehicle.

When LaneWatch* is activated, the navigation screen will switch to the LaneWatch screen.

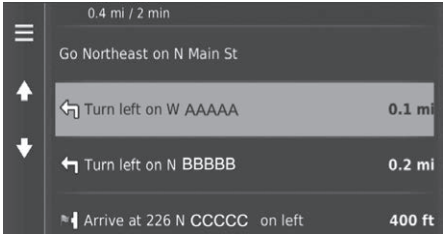
Continued

* Not available on all models

- Select the map dashboards when you want to change the information that is displayed. Select the following options:
  Arrival Time, **Distance**, **Time to Destination**, **Via Arrival**, **Distance to Via**, **Time to Via**, **Direction of Travel**, **Elevation**.

Turn List

The turn list screen displays turn-by-turn instructions and the distance between turns.



Select the text bar on the top of the map.

▶ Select a turn to display the detailed information.

Turn Information P. 79

▶ Select MENU or select ☰ to display the entire route on the map.

Entire Route P. 79

Viewing the Route

The next guidance indicator does not appear in the following cases.

- The vehicle speed is 3 mph (4.8 km/h) or less
- The GPS signal is weak
- The vehicle position on the map and current vehicle position do not match

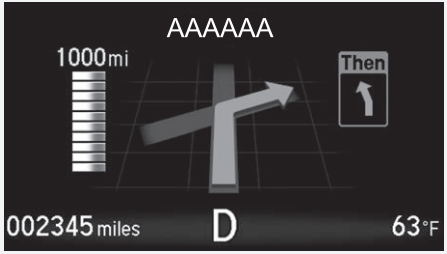
The system displays a roundabout to the next guidance indicator in the following cases.

- Its diameter is 82 ft (25 m) or more
- There is no road inside it
- There is no stop sign

Turn-by-Turn Directions

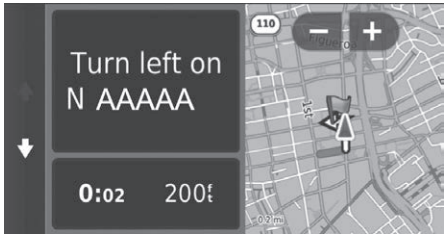
The next guidance point appears on the Driver Information Interface (DII).

The Turn-by-Turn directions may not be displayed if the information cannot be received correctly.



Turn Information

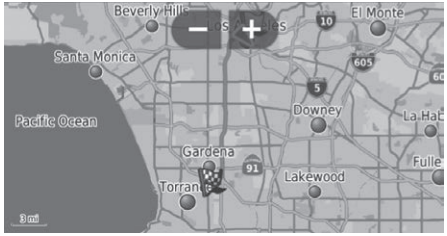
The turn information screen displays the turn on the map and the distance and time remaining before you reach the turn. The lane assist screen may display a view of the upcoming intersection.



Select the next guidance indicator of the map or select any turn on the turn list screen.

Entire Route

The entire route screen displays the entire route, destination name, time to destination, and distance to destination.



1. Select the text bar on the top of the map.
2. Select MENU or select ☰.
3. Select **Map** to display the entire route screen.
   ▶ Press the ⮌ button to return to the previous screen.

Continued

  Searching Near Establishment P. 95

Viewing the Current Location Information

Vehicle position may not be displayed when:

- The vehicle is traveling off-road.
- The vehicle position data cannot be updated.

Using Directions to Me

▶ MENU ▶ **Where Am I?**

Get a list of directions to your current location.

1. Select MENU or select ☰.
2. Select **Directions to Me**.
3. Select an option.
4. Select **Select**.
   ▶ The turn list screen displays turn-by-turn instructions and the distance between turns.
   ➔ **Turn List** P. 78

Traffic Information

When you set the traffic feature, the system examines traffic conditions and optimizes the route for the shortest time. If a severe traffic delay occurs while you are navigating, the system searches for a faster route. If it finds one, the system will prompt you and you can choose to accept the new route.

The traffic icon changes color to indicate the severity of traffic conditions on your route or on the road you are currently traveling. The system may route you through a traffic delay if a better alternative route does not exist. The delay time is added into your estimated time of arrival automatically.

1. Select on the map screen.

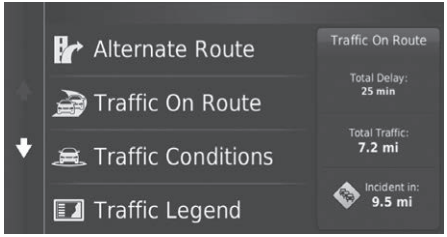
Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.

You can change the traffic information settings.
➡ **Traffic** P. 44

The traffic icon changes color to indicate the severity of traffic conditions.

- **Green:** Flowing freely.
- **Yellow:** Moderate traffic condition.
- **Red:** Very slow or stop-and-go traffic.
- **Gray:** No traffic data.



2. Select an option.

The following options are available:

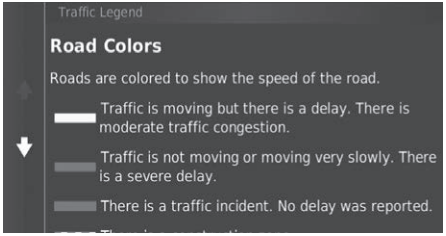
View the traffic flow and delays on nearby roads.

▶ Select if you want to display a list of traffic delays.

■ Viewing Traffic Legends

▶ ▶ Traffic Legend

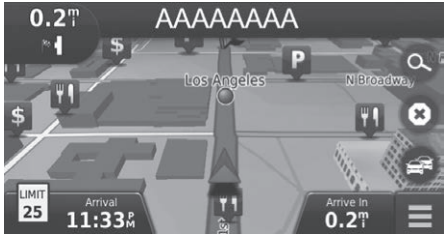
See an overview of the icons and colors used on the traffic map.



The system displays the traffic legend.

Stopping the Route

Stop the route guidance and remove the destination and all waypoints.



Select ⊗.

Stopping the Route

"*Stop route*"

Using Voice Commands P. 5

Voice Control Operation P. 11

You can also stop your route from the map menu.

Map Menu P. 82

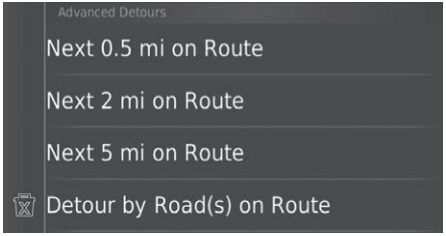
Taking a Detour

▶ MENU ▶ **Detour** (when en route)

Calculate a new route to avoid something ahead of you. The system creates a new route if possible and attempts to get you back on your original route as quickly as possible.

■ Taking a Detour Around Specified Areas

You can take a detour for a specified distance along your route or detour around specific roads. This is useful if you encounter construction zones, closed roads, or poor road conditions.



Select an option.

The following options are available:

- **Next 0.5 mi on Route**: Calculates a new route by avoiding the next 0.5 mile on your route.
- **Next 2 mi on Route**: Calculates a new route by avoiding the next 2 miles on your route.
- **Next 5 mi on Route**: Calculates a new route by avoiding the next 5 miles on your route.
- **Detour by Road(s) on Route**: Calculates a new route by avoiding the specific roads on your route. Select roads from the turn list.

Taking a Detour

"*Detour*"
Using Voice Commands P. 5
Voice Control Operation P. 11

If your current route is the only reasonable option, the system might not calculate a detour.

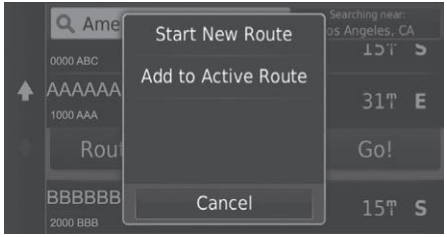
Taking a Detour Around Specified Areas

You can use this feature when **Advanced Detours** is set to On.
Navigation P. 36

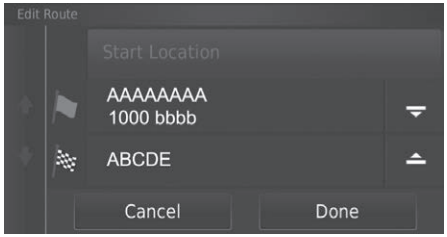
Select to delete all detours.

Adding Waypoints

Add waypoints (pit stops) along the route to your destination.



1. While en route, select a search method to add a new destination or waypoint.
   Entering a Destination P. 54
2. Select a place. Select **Go!**.
3. Select **Add to Active Route**.
   ▶ Select **Start New Route** to set the location as your new destination.
   Entering a New Destination P. 97



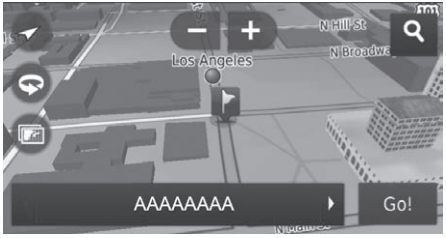
4. Select and hold , , or and then move the destination to the desired position.
5. Select **Done**.
   ▶ The route is automatically recalculated and displayed on the map screen.

Adding Waypoints

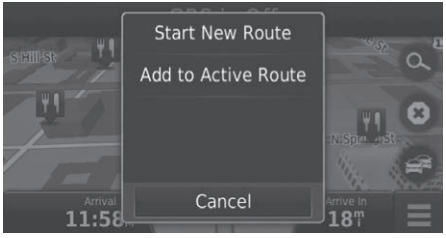
When you add a waypoint, the system may take some time to update the arrival time.

Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.



1. Select any point on the map, or a street, intersection, or category icon.
2. Select **Go!**.



3. Select an option.

The following options are available:

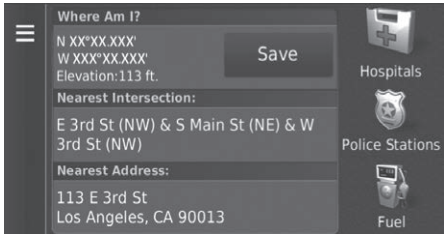
- **Start New Route**: Sets the location as your new destination.
- **Add to Active Route**: Sets the location as the first waypoint in the Edit Route screen.

Adding Waypoints P. 93

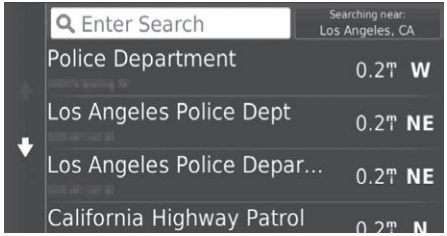
Searching Near Establishment

▶ MENU ▶ **Where Am I?**

Search for a hospital, police station, or gas station around your current location.



1. Select a category type.
▶ You can also confirm your current location, address, and nearest intersection.



2. Select a place.
3. Select **Go!**.

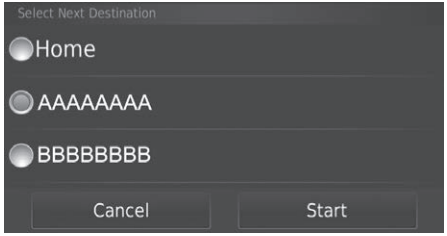
➔ **Editing the Saved Route** P. 100

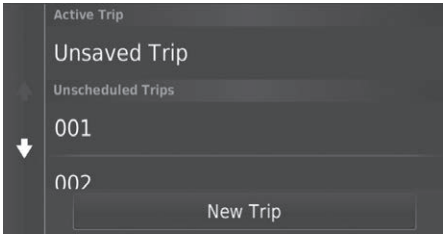


8. Select the next destination from the list.
9. Select **Start**.
▶ The route is automatically recalculated and displayed on the map screen.

Continued

■ Using the Saved Route

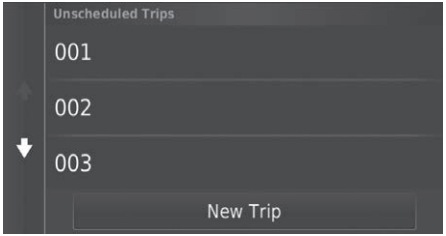
▶ ▶ Apps ▶ Trip Planner



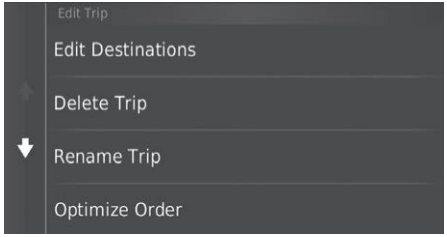
1. Select a saved route.
2. Select **Go!**.
3. Select the next destination from the list.
4. Select **Start**.
▶ The route is automatically recalculated and displayed on the map screen.

■ Editing the Saved Route

▶ ▶ Apps ▶ Trip Planner



1. Select a saved route you want to edit.
2. Select ☰.



3. Select an option.

The following options are available:

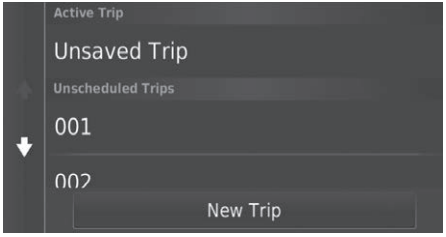
- Edit Destinations: Edits the destination list of the saved trip.
  Editing Your Route P. 104
- Delete Trip: Deletes a saved trip.
- Rename Trip: Enters a new name for the saved trip.
- Optimize Order: Automatically orders the waypoints in the destination list.
  Reorder Your Destination List Automatically P. 105
- Route Preference: Changes the route preferences (calculating method).
  Recalculate Using Another Route Preference P. 106

Editing the Destination List

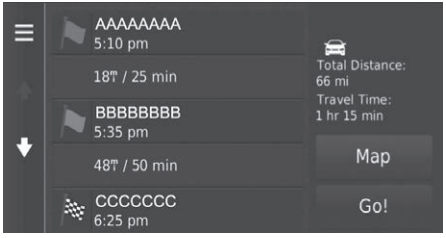
You can use the trip planner to edit and save a route with multiple destinations.

■ Editing Places on Your Route

▶ ▶ Apps ▶ Trip Planner



1. Select the trip you want to edit.

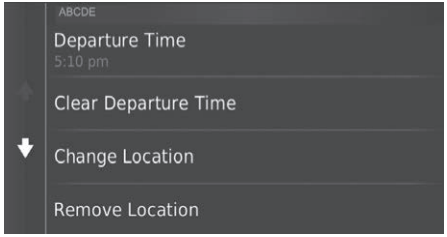


2. Select a place from the destination list.

Editing the Destination List

Select **Map** to display the destination and waypoints on the map screen.

Reorder Your Destination List Automatically P. 105



3. Select an option.

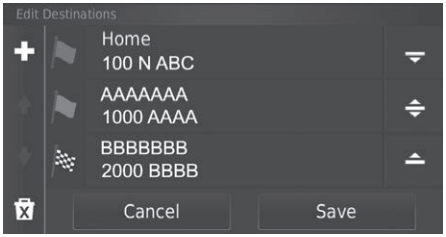
The following options are available:

- **Departure Time** (current location only): Sets the departure time.
- **Clear Departure Time** (current location only): Clears the departure time.
- **Arrival Time** (destination and waypoints): Sets the arrival time.
- **Clear Arrival Time** (destination and waypoints): Clears the arrival time.
- **Duration** (waypoints only): Sets the duration time.
- **Change Location**: Changes the destination or waypoint.
- **Remove Location**: Removes the destination or waypoint.
- **Rename Location**: Enters a new name for the location.

Continued

■ Editing Your Route

▶ ▶ **Apps** ▶ **Trip Planner**



1. Select the trip you want to edit.
2. Select .
3. Select **Edit Destinations**.
4. Select and hold , , or and then move the destination to the desired position.
▶ Select to add a new location.
▶ Select to delete destinations from the destination list.
5. Select **Save**.
▶ The route is automatically recalculated.

Saving Your Route

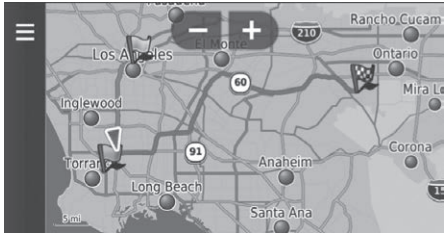
▶ ▶ **Apps** ▶ **Trip Planner** (when en route)

1. Select **Unsaved Trip**.
2. Select ☰.
3. Select **Save Trip**.
4. Enter a route name.
5. Select **Done**.

Reorder Your Destination List Automatically

▶ ▶ **Apps** ▶ **Trip Planner**

Automatically order the waypoints in the destination list.



1. Select the trip you want to edit.
2. Select ☰.
3. Select **Optimize Order**.
4. Select **Map** to display the destination and waypoints on the map screen.

Continued

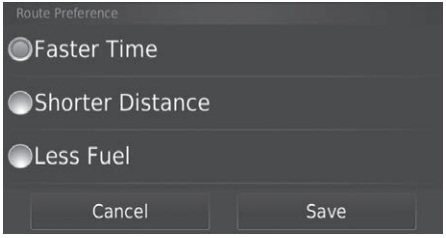
■ Recalculate Using Another Route Preference

▶ ▶ Apps ▶ Trip Planner

The route preference is just for this time. If you want to change the route preference for routing, change the navigation settings.

Calculation Mode P. 37

Recalculates the route using another route preference.



1. Select the trip you want to edit.
2. Select ☰.
3. Select **Route Preference**.
4. Select an option.
5. Select **Save**.
   ▶ The route is automatically recalculated.

Other Features

This section describes the useful functions incorporated into the navigation system.

  Unit Converter P. 119

▶ ▶ ▶ Apps ▶ ecoRoute™

The ecoRoute™ feature calculates the fuel economy and the fuel price of navigating to a destination and offers tools for improving fuel efficiency.
The data provided by the ecoRoute™ feature is an estimate only.
To receive more accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy.

Select an option.

The following options are available:

- At The Pump: Calibrates the fuel economy to receive more accurate fuel reports.
  Calibrating the Fuel Economy P. 113
- ecoChallenge: Helps you maximize the vehicle fuel economy by scoring your driving habits.
  Viewing the ecoChallenge Scores P. 114
- Fuel Economy: Displays fuel economy information.
  Viewing Fuel Economy Information P. 115
- Vehicle Profile: Checks or resets your vehicle information.
  Viewing the Vehicle Profile P. 112
- Mileage Report: Displays mileage reports for your vehicle.
  Viewing a Mileage Report P. 116

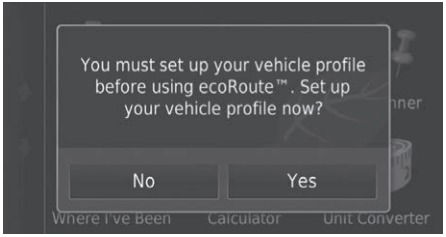
ecoRoute™

The first time you use the ecoRoute™ features, you must enter vehicle information.
Setting Up the Vehicle Profile P. 110

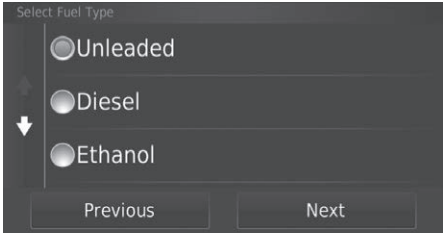
Setting Up the Vehicle Profile

▶ ▶ **Apps** ▶ **ecoRoute™**

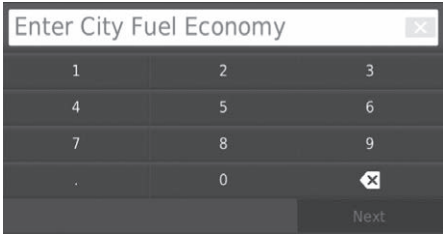
The first time you use the ecoRoute™ features, you must enter vehicle information.



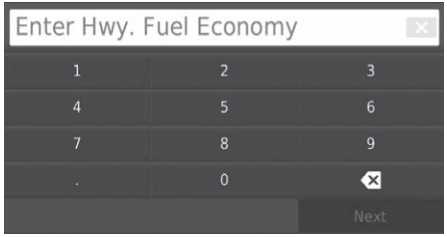
1. Select **Yes**.



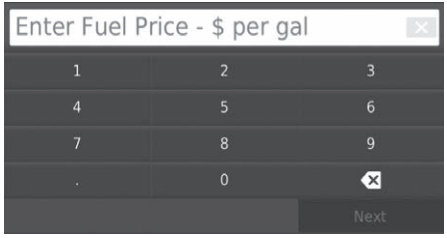
2. Select a fuel type.
3. Select **Next**.



4. Enter your estimated city fuel economy.
5. Select **Next**.



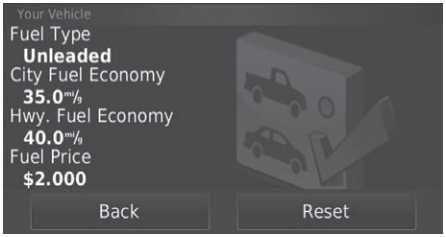
6. Enter your estimated highway fuel economy.
7. Select **Next**.



8. Enter the fuel price.
9. Select **Next**.
▶ The confirmation message will appear.
10. Select **OK**.

Viewing the Vehicle Profile

▶ ▶ **Apps** ▶ **ecoRoute™**



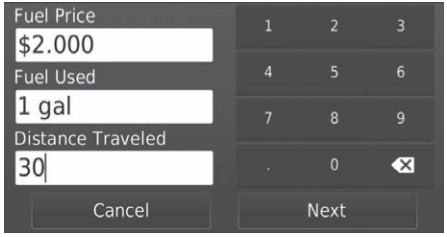
Select **Vehicle Profile**.

▶ If you want to reset the **Vehicle Profile**, select **Reset**.

Calibrating the Fuel Economy

▶ ▶ Apps ▶ ecoRoute™ ▶ At The Pump

You can calibrate the fuel economy to receive more accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

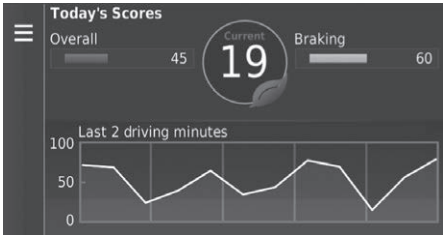


1. Enter the current fuel price.
2. Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
3. Enter the distance you have traveled since the last time the fuel tank was filled.
4. Select **Next**.
   ▶ The system calculates the average vehicle fuel economy.
5. Select **Save**.

Viewing the ecoChallenge Scores

▶ ▶ Apps ▶ ecoRoute™ ▶ ecoChallenge

The ecoChallenge feature helps you maximize fuel economy by scoring your driving habits. When your ecoChallenge scores are high, it means you have saved more fuel. The ecoChallenge collects data and calculates a score whenever the vehicle is moving.



The following information is displayed:

- **Current**: Displays the score for your current driving activity.
- **Overall**: Displays an average of the speed, acceleration, and braking score.
- **Speed**: Displays your score for driving your vehicle at the optimal speed for conserving fuel (45–60 mph (72–96 km/h) for most vehicles).
- **Acceleration**: Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.
- **Braking**: Displays your score for smooth and gradual braking. You lose points for hard braking.

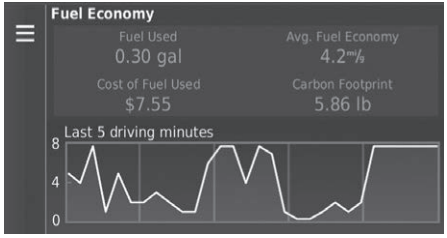
Viewing the ecoChallenge Scores

If you want to reset the ecoChallenge scores, select and then select **Reset**.

Viewing Fuel Economy Information

▶ ▶ Apps ▶ ecoRoute™ ▶ Fuel Economy

You can view your fuel consumption, your total fuel cost, and your average fuel economy.



Select a section of the graph to zoom in.

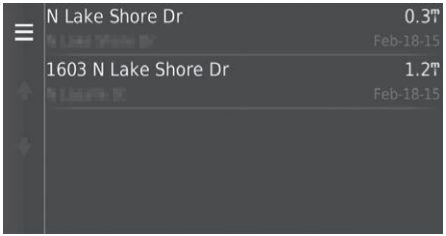
Viewing Fuel Economy Information

If you want to reset the **Fuel Economy** information, select ☰ and then select **Reset**.

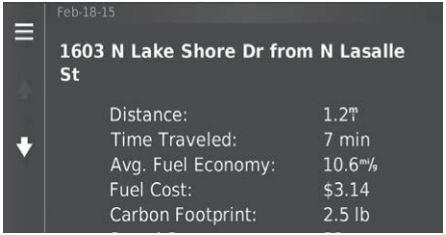
Viewing a Mileage Report

▶ ▶ Apps ▶ ecoRoute™ ▶ Mileage Report

You can view the mileage reports on the system.



Select a report.



▶ Display the Mileage Report.

Viewing a Mileage Report

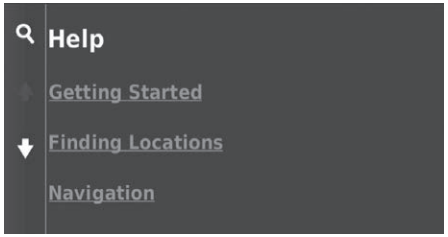
Mileage Reports

Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination.

A mileage report is created for every route that you drive. If you stop a route on the system, a mileage report is created for the distance you traveled.

Help

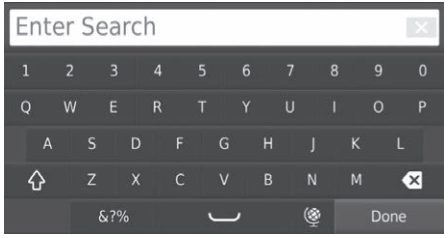
Apps ▶ Help



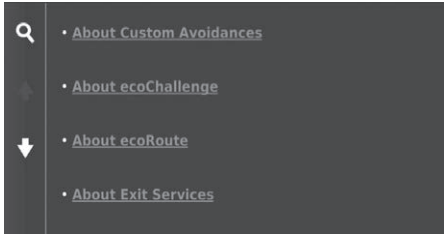
Select a help topic you want to display.

Searching Help Topics

Apps ▶ Help ▶



1. Enter a keyword. Select **Done**.



2. Select a help topic you want to display.

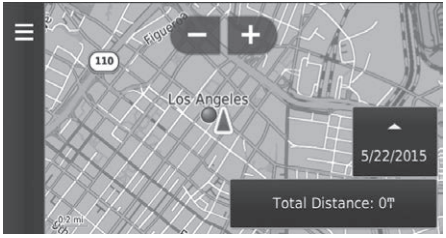
Help

You can also display the help topic to select ? on each menu screen.

Where I've Been

▶ ▶ Apps ▶ Where I've Been

Before you can use this feature, you must enable the travel history feature. You can view your previous routes and places you have stopped on the map.



Calculator

▶ ▶ Apps ▶ Calculator

Enter a numeric value to calculate.

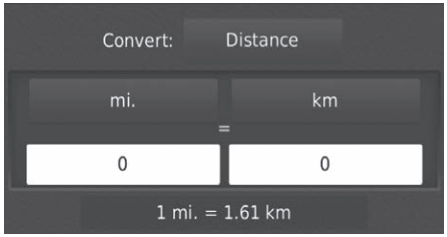
Where I've Been

If you want to delete the recorded information, select and then select **Clear Travel History**.

If you select , you can select the day to display the travel history.

Unit Converter

▶ ▶ **Apps** ▶ **Unit Converter**



1. If necessary, select a measurement category (e.g., **Distance**).
▶ Select a measurement category from the list. Select **Save**.

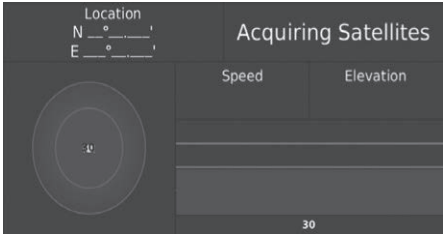
2. If necessary, select a unit of measurement (e.g., **km**).
▶ Select a unit of measurement from the list. Select **Save**.

3. Enter a numeric value to convert (e.g., 1000). Select **Done**.

GPS Information

▶

The GPS info screen displays the satellites' status.



Select and hold .

▶ A solid bar indicates that the GPS satellite is ready for use.

Miscellaneous Questions 126

Map, Voice, Entering Destinations

Problem	Solution
The Startup Confirmation screen is displayed every time I start the car.	This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. The Startup Confirmation screen goes off after a certain period of time, even if you do not select **OK**.
The navigation system reboots by itself (returns to the opening screen).	A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.
How do I specify a destination when an entered city or street could not be found?	Try selecting the destination directly from the map. ➡ **Map Input** P. 73
How do I delete saved places?	**1.** Press the button > > **Saved** > > **Delete Saved Places**. **2.** Select saved places you want to delete. **3.** Select **Delete**. **4.** Select **Yes**.
I cannot hear the navigation system voice.	**1.** Press the button and then press the button. Select **Settings** > **Navigation** and enable **Voice Prompts**. **2.** Press the button. Select **Settings** > **System** > **Sound/Beep** tab. Turn up **Guidance Volume**, if volume level is low. For more details, see the Owner's Manual.

Traffic

Problem	Solution
Traffic information is missing or is not displaying properly. What is wrong?	Verify the following: • Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available. • Check that the traffic icons are turned on. ➔ **Traffic Information** P. 86 • It is possible that there is a temporary technical problem with your metropolitan area traffic provider. You can call Honda Automobile Customer Service to see if there is an outage. ➔ **Honda Automobile Customer Service Contact Information** P. 130 • If the situation persists, see your Honda authorized dealer for assistance. • Traffic information is available only in certain areas.

Guidance, Routing

Problem	Solution
The navigation system does not route me the same way I would go or the same way as other mapping systems.	The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route. ➡ **Recalculate Using Another Route Preference** P. 106
The street I'm on is not shown on the map screen.	The mapping database is constantly undergoing revision.
The vehicle position icon is not following the road.	• Check that the GPS antenna (located in the dashboard) is not blocked. For best reception, remove items from the dashboard, such as radar detectors, cellular phones, or loose articles. • Metallic tinting or other aftermarket devices can interfere with GPS reception. Please consult your dealer. ➡ **GPS** P. 128
How do I stop the map from rotating as I drive along?	**1.** Press the button and then press the button. **2.** Select **Settings** > **Map & Vehicle** > **Driving Map View**. **3.** Check that **Driving Map View** is set to **Track Up** or **3-D**. **4.** Select **North Up** and then select **Save**.
The "Arrival time" display sometimes increases even though I am getting closer to my destination.	The "Arrival time" is based on the speed limit on each road. Depending on the traffic conditions, the "Arrival time" may be calculated to be earlier or later.
My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed.	This is normal. The elevation can vary ±100 ft (30 m) due to GPS calculation errors. ➡ **GPS** P. 128
My elevation is missing on the "current position" screen.	The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level.

Update, Coverage, Map Errors

Problem	Solution
My city is not part of a fully verified detailed coverage area.	The mapping database is constantly undergoing revision.
Does the navigation system work outside North America?	The system contains maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries. ➡ **Map Coverage** P. 131

Display, Accessories

Problem	Solution
The display appears dim when starting the car in really cold weather.	This is normal. The display will become brighter after a few minutes.

Miscellaneous Questions

Problem	Solution
My clock frequently changes forward and backward by one hour.	The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.
How do I change the interface language?	Press the [home] button and then select **Settings** > **System** > **Others** tab > **Language**. Select the desired language for system language. For more information, see the Owner's Manual.

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Metallic window tint on the front or side windows
- Cellular phones, PDAs, or other electronic devices docked in a cradle or lying loose on the dashboard
- Remote starters or "hidden" vehicle tracking systems mounted near the navigation unit
- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.

The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

➡ **Obtaining a Navigation Update** P. 130

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.

Resolving Problems

If you run into a specific issue that you cannot resolve, consult the following help resources:

- For navigation system issues:
  ➡ **Troubleshooting** P. 122
  Or, please contact your dealer.
- For traffic-related issues:
  ➡ **Traffic** P. 123
- For reporting issues with the database or places/landmarks:
  - Visit *https://my.garmin.com/mapErrors/report.faces*
  - Or call Garmin OEM support directly at (855) 607-2536.

Obtaining a Navigation Update

Honda is continuously updating the navigation system and new software is usually made available on an annual basis. For information on navigation updates for your vehicle, please visit:

- U.S.: *hondanavi.navigation.com*
- Canada: *www.honda.ca*

You can also contact your Honda authorized dealer for further information regarding the update program available for your vehicle.

Honda Automobile Customer Service Contact Information

Honda Navi

American Honda Motor Co., Inc.

Honda Automobile Customer Service
Mail Stop 100-5E-8A
1919 Torrance Blvd.
Torrance, CA 90501-2746
Tel: (800) 999-1009
Fax: (310) 783-3023

Honda Canada Inc.

Honda Customer Relations
180 Honda Blvd.
Markham, ON
L6C 0H9
Tel: (888)-9-HONDA-9
Hours: 8:00 am to 7:30 pm Mon to Fri (EST)

Visiting Your Dealer

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it's cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient, the service advisor may be unfamiliar with your specific issue.

Map Coverage

The system provides maps for the United States of America, Canada, Mexico, Puerto Rico, US Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across contiguous United States and some cities in Canada.

User Agreement

END USER TERMS

The content provided ("Data") is licensed, not sold. By opening this package, or installing, copying, or otherwise using the Data, you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, you are not permitted to install, copy, use, resell or transfer the Data. If you wish to reject the terms of this agreement, and have not installed, copied, or used the Data, you must contact your retailer or HERE North America, LLC (as defined below) within thirty (30) days of purchase for a refund of your purchase price. To contact HERE, please visit *www.here.com*.

The Data is provided for your personal, internal use only and may not be resold. It is protected by copyright, and is subject to the following terms (this "End User License Agreement") and conditions which are agreed to by you, on the one hand, and HERE and its licensors (including their licensors and suppliers) on the other hand. For purposes of these terms, "HERE" shall mean (a) HERE North America, LLC with respect to Data for the Americas and/or the Asia Pacific region and (b) HERE Europe B.V. for Data for Europe, the Middle East and/or Africa.

The Data includes certain information and related content provided under license to HERE from third parties and is subject to the applicable supplier terms and copyright notices set forth at the following URL: *http://corporate.navteq.com/supplier_terms.html*.

TERMS AND CONDITIONS

License Limitations on Use: You agree that your license to use this Data is limited to and conditioned on use for solely personal, noncommercial purposes, and not for service bureau, timesharing or other similar purposes. Except as otherwise set forth herein, you agree not to otherwise reproduce, copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws.

License Limitations on Transfer: Your limited license does not allow transfer or resale of the Data, except on the condition that you may transfer the Data and all accompanying materials on a permanent basis if: (a) you retain no copies of the Data; (b) the recipient agrees to the terms of this End User License Agreement; and (c) you transfer the Data in the exact same form as you purchased it by physically transferring the original media (e.g., the CD-ROM or DVD you purchased), all original packaging, all Manuals and other documentation. Specifically, Multidisc sets may only be transferred or sold as a complete set as provided to you and not as a subset thereof.

Additional License Limitations: Except where you have been specifically licensed to do so by HERE in a separate written agreement, and without limiting the preceding paragraph, your license is conditioned on use of the Data as prescribed in this agreement, and you may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles capable of vehicle navigation, positioning, dispatch,

real time route guidance, fleet management or similar applications; or (b) with, or in communication with, including without limitation, cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

Warning: This Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic Data, any of which may lead to incorrect results.

No Warranty: This Data is provided to you "as is", and you agree to use it at your own risk. HERE and its licensors (and their licensors and suppliers) make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error free.

Disclaimer of Warranty: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability: HERE AND ITS LICENSORS (INCLUDING THEIR LICENSORS AND SUPPLIERS) SHALL NOT BE LIABLE TO YOU IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THIS DATA; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THIS DATA, ANY DEFECT IN THIS DATA, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF HERE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

Export Control: You agree not to export from anywhere any part of the Data or any direct product thereof except in compliance with, and with all licenses and approvals required under, applicable export laws, rules and regulations, including but not limited to the laws, rules and regulations administered by the Office of Foreign Assets Control of the U.S. Department of Commerce and the Bureau of Industry and Security of the U.S. Department of Commerce. To the extent that any such export laws, rules or regulations prohibit HERE from complying with any of its obligations hereunder to deliver or distribute Data, such failure shall be excused and shall not constitute a breach of this Agreement.

Continued

Entire Agreement: These terms and conditions constitute the entire agreement between HERE (and its licensors, including their licensors and suppliers) and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Severability: You and HERE agree that if any portion of this agreement is found illegal or unenforceable, that portion shall be severed and the remainder of the Agreement shall be given full force and effect.

Governing Law: The above terms and conditions shall be governed by the laws of the State of Illinois (for Data for the Americas and/or the Asia Pacific region) or The Netherlands (for Data for Europe, the Middle East and Africa), without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. For any and all disputes, claims and actions arising from or in connection with the Data ("Claims"), you agree to submit to the personal jurisdiction of (a) the State of Illinois for Claims related to Data for the Americas and/or the Asia Pacific region provided to you hereunder, and (b) The Netherlands for Data for Europe, the Middle East and/or Africa provided to you hereunder.

Government End Users: If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, this Data is a "commercial item" as that term is defined at 48 C.F.R. ("FAR") 2.101, is licensed in accordance with this End User License Agreement, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following "Notice of Use", and be treated in accordance with such Notice:
