

*To delete the imported phonebook*

You can delete the stored phonebook from the HFL. Link your phone to the HFL and select “Delete Imported Phonebook” from the “Select an option” screen. The display will change as shown above.

Select a phonebook from the displayed list. If the phonebook you select has a PIN icon, you will need the 4-digit PIN number to access the phonebook. The following screen will appear.

Enter the PIN number to access the phonebook. You cannot access a PIN protected phonebook if you do not use the correct PIN number.

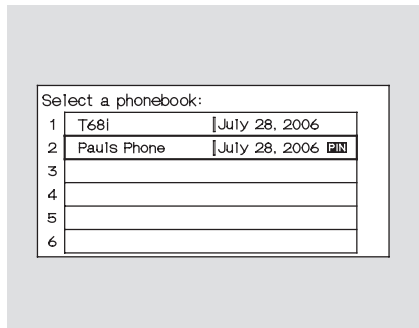

After you enter the correct PIN number, or if the phonebook you select is not PIN protected, the following screen appears.

Say or select “Yes”, and the message “The imported phonebook has been deleted.” will appear. Select “OK” to complete the deletion.

### **HFL Limitation**

You cannot use the HFL while using AcuraLink.

*On vehicles with navigation system*  
AcuraLink enhances your ownership experience by providing a direct communication link between your vehicle and the Acura Server. Working through the XM radio satellite, AcuraLink works in conjunction with the navigation system, HandsFreeLink (HFL), and audio system in your vehicle. It displays and receives several kinds of messages, including:

- Operating tips and information on your vehicle's features.
- Important recall and safety information.
- Maintenance information to keep your vehicle in top condition.
- Diagnostic information to provide information about any problems with your vehicle.

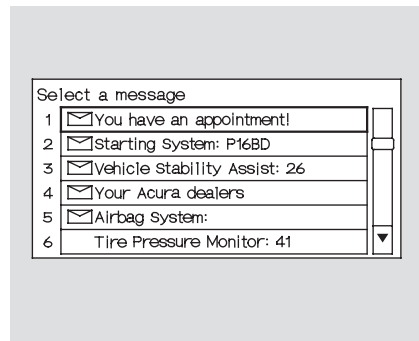

The touch panel controls most of the AcuraLink functions.

## Reading Messages

If you have new messages, an envelope icon appears in the top right corner of the navigation screen.

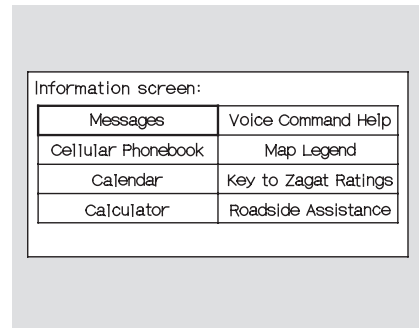

To open a message:  
Press the INFO button, then select New Message from the navigation system map menu.

A list of all messages will be shown. New Messages will be at the top. Select the message you want to read by touching it on the screen.

To view previously read messages:

Press the INFO button. The information screen will be shown.
